STUDENT SENATE HIGHLIGHTS

-by Stephanie Look

Chief Week had begun just hours before the Senate meeting; the air was filled with excitement and apprehension as President Kevin Pelletier stepped up to the podium to direct the meeting at record speed. After hurrying through the formalities and committee reports, Kevin went through the schedule of events for Chief Week, taking a few minutes to elaborate on each event and stressing the importance of getting involved.

The Senate is getting geared up for elections for Student Government positions. Voting for President will take place on April 16th in the Wigwam between 9am and 2pm. Lynn Picard and Doug Mehne have formally announced their candidacy for President and Vice President respectively.

Nominations were taken for the "David S. Robinson Award" and the Outstanding Service to the Student Senate Award". The David S. Robinson Award goes to an outstanding senator or officer of Student Government. And the Outstanding Service to the Senate Award goes to any individual not directly related to Student Government who has made viable contributions to Student Government.

The following people were nominated for these awards:

David S. Robinson:
Carol Inman
Kevin Pelletier
Scott Spooner
Peter Williamson

Outstanding Service to the Senate:
Dr. Jay Fennell
Terri Hutchinson
John Diamond

Kevin announced that the banquet has been scheduled for Monday, April 23. The winners for these awards will be annnounced at the banquet.

"Fred and Wilma" Reign

"Fred and Wilma" Chief for a Day

-by Steve Ferris and Eileen Kelly

Steve Ferris and Eileen Kelly, "Fred and Wilma", would like to thank everyone who supported our efforts in becoming "Cheif For A Day"! We realize that obtaining such a goal would not have been possible without the assistance of our many friends. We don't have space enough to list everyone individually; but you know who you are and we wish to thank you. Special thanks go to the Order of Diana, Mu Sigma Chi, Delta Sigma Delta, 4th Level Carlisle, Julie Green, Tony St.John, Patsy O'Brien, Deb Morrone, Barry Gass, Kelly Brennen, Thumper and Bobby G., Mike Chikosky, Joyce Goodine, Juanita Patterson, our Door-to-Door Crew, and especially our managers Diane Lourie and Mary Williamson.

When we reigned as Chief on Monday the 9th, we welcomed many students and faculty members into the office for coffee and donuts. And we were received graciously by President Merrill. We had the prices on ice cream at half-price in the Wigwam for the day of our reign. Our future plans include a Lobster Cookout on May 3rd and a Final Exam Pizza Break on May 7th from 9:30-10:30, both events to be held in the DDC.

Once again, we want to express how much we enjoyed being candidates during Chief Week '84 and our sincere thanks for the honor of being able to serve Husson College as its "Chief" for a day.

HAPPY EASTER from THE SPECTATOR

(ONLY THREE MORE WEEKS!)

Husson Hosts Student/ Parent Receptions

Husson College in Bangor will host a series of student/parent receptions in vaious locations in Maine this spring. Gregory Vermette, Associate Director of Admission, says the receptions will give prospective students and their parents an opportunity to meet with administrators, faculty, students and the Admissions staff.

"These receptions are designed to give students and parents a chance to become acquainted with Husson College and to discuss educational and student life opportunities at Husson with members of the Husson community," said Vermette.

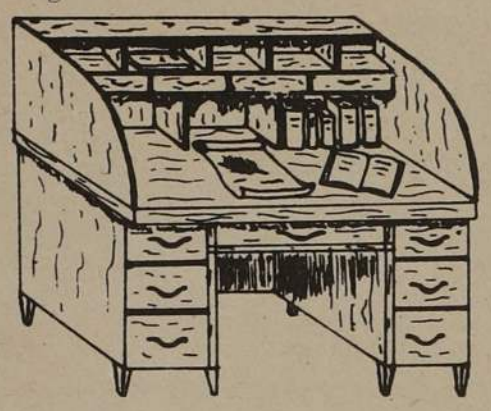

The receptions will include a slide presentation on Husson and informational sessions on financial aid, career planning, academic programs and student activities at Husson. Refreshments will be served.

The receptions are planned for Wednesday, April 25, from 6 to 9pm at Husson College in Bangor; Tuesday, May 1, from 7 to 9pm at Verrillo's Restaurant in Portland; Wednesday, May 9, from 7 to 9pm at the Holiday Inn on Western Avenue in Augusta; and Thursday, May 31, from 7 to 9pm at Keddy's Motor Inn in Presque Isle.

More information on the Husson College student/parent receptions may be obtained by contacting the Admissions Office at 947-1121, extension 218.

Procrastinator

So you waited until the end of the semester to decide to study. Well, it's even harder to study now, because you've got Spring Fever! Don't throw in the towel...see your Peer Tutor, now! Don't wait until the day before the final.

FROM THE EDITOR

Yes, we've made some staff changes. Brian Eaton and Mike Gagnon are no longer with the Spectator, Louise Jonaitis is now our Assistant Editor, and we've added a new Photo Editor, Dan Szmigulski.

Many thanks go to Richie Moeller, Heidi Wick and Dan Szmigulski for capturing the photos that make this issue so special. It took a lot of planned time, fast thinking, imagination, and hours of rushed developing and processing to bring you this "Chief Week" collection.

The Spectator would also like to thank the Chief Week Committee for making this year's celebration so much fun. I was very pleased to hear that the proceeds going to muscular dystrophy were over $1400. Good Work!

Because our budget is limited, we will not issue a paper on the 23rd of April. Instead, we would like to put our efforts toward a larger and final issue on the 30th of April.

As you know, we will not have a yearbook, this year. Because of this, the Spectator staff would like to publish a Special Edition to include pictures of all the graduating seniors (in our last issue).

Best of luck to the candidates in today's election...may the best person win!

To the Editor

-by Ken Bustard

I am part of a supposedly "small portion of people at Husson College" who"refuse to recognize that Greek Organizations are an important part of college education." I am "desolate," "close-minded," and believe only what I want. Can I ever think highly of myself?

It strikes me as a bit of wonderment that such an "unbiased and clear look" at the Greek Organizations and their various roles did not include some insight as to why a certain fraction of the Husson community has a less than supportive attitude toward the Greek community. I have a less than fully supportive attitude and would like to explain why.

First of all, why is there such a defensive, almost hostile attitude shown by the Greek community? Even this letter, I expect, will be met with a certain degree of hostility. If the Greek community is so open-minded, why so defensive toward outside criticism? No organization is infallible, and definitely not the Greek organizations. Did it ever occur to members of Greek organizations that some of the independent students, faculty, and a portion of the college administration (referred to in the "unbiased" and "clear" last issue as "poor souls") may have some very viable and legitimate concerns?

Also, it seems negligent on the Spectator's part, that no consideration was given to the reasoning of the Colby Administration concerning their decision to ban Greek organizations from campus. Can anyone be so short-sighted as to insinuate that Colby's actions were completely without justification? Their actions were indeed radical, and perhaps heroic, regardless of whether one agrees with them. Realizing the inevitable ramifications, the Colby Administration must have had overwhelming causes for going ahead with their decision. Wouldn't it be interesting to know what necessitated such drastic action?

Correction Corner

Delta Sigma Delta girls, we spelled a few of your names wrong on page 5 of Issue V. Allow us to make the corrections: Lynn Gerry, Nancy Ricciardelli, and Tracy Lank

Our apologies, the Ellsorth American thought Dr. Philip Grant should accept his award at the International Club Night instead of with the rest of the faculty and staff at the Recognition Ceremony. Sorry about the photo switch in Issue VI, page 4.

Delta Sigma Delta placed first in the intramural outdoor soccer tournament not floor hockey. First place in the floor hockey tournament was 6th Level Carlisle.

a SOUND Deal!

Continued from page 1

Some of the nursing students would like to organize and be recognized by Student Government, as their schedules do not allow them to participate in the existing arrangement. Kevin asked for volunteers to help them get started and show them how we operate. David Kelley and Jeff Joy volunteered. Other interested senators should contact Kevin Pelletier in the Student Government Office.

Continued from page 2

The biggest gripe that I, personally, have against the Greek community is their double standard. That's right, Greeks, in my eyes, and I believe in the eyes of more than a "small portion" of the Husson community, you have a double standard. This has already been shown through your accusation that those who are non-supportive of the Greek Community are "close-minded" and "believe only what they want." Can the Greek Community honestly say that they are not close-minded to the concerns of those who they refer to as "Anti-Greeks?" Are you, Greek community, willing to believe anything that is not supportive of your organizations, or do you believe only what you want?

I agree that "men have joined together to enjoy comradship, pleasure and profit since history began." But if fraternities were really founded in this spirit, why were they often banned from campuses, and forced to "adopt secrecy and recognition devices as a means of protection?" Am I to assume that comradship, pleasure and profit were being denounced by the rest of society and fraternities were martyred as a result?

There are, without question, some extremely high quality individuals within the Greek community, and I wish in no way to question the integrity of these individuals. If the Greek organizations lived up to the standards they profess, rather than haphazardly throwing about unfulfilled creeds and diluted qualities such as "comradship,""love," and "everlasting friendship," they would comprise organizations that more of the Husson community could support.

True, many of the activities on the Husson Campus are associated with Greek organizations: the MEX Ball, MEX's Beer Bash party, Kappa Lambda's Mistletoe Madness, etc. Again, I'm led to believe that these activities would not exist were it not for fraternities. Would blood drives and other community projects come to a sudden halt without fraternity labeling? I seriously doubt it.

There are a lot of individuals attending Husson College for reasons other than experiencing the active social life of fraternities or sororities. They remain "independent" not necessarily because of an unfavorable attitude toward fraternities or sororities, but because they have other, and to them, more important obligations. That's right, Greeks, some students have a different set of priorities than yourselves. They are not "losing out" or leading a "sheltered life" by not belonging to a Greek organization, but are finding fulfillment through other means. Can you accept this?

I suspect that the Husson Administration is awakening to the fact that Greek organizations, despite their many positive contributions, do not represent the core of the Husson community.

Yes, Greeks, you could potentially play an important role in the social needs of future Husson students. But in order to preserve your places in the Husson community, perhaps you should let down the defensive exteriors. It is not "Greeks" and "Anti-Greeks." People have diverse interests, and EVERYONE, regardless of his or her chosen interests, has a right to not be dominated by the other.

Governor To Speak At Husson

Maine Governor Joseph E. Brennan will return to Husson College on Thursday, April 19, 1984, for the Fourth Annual Governor's Business Breakfast. This will be Brennan's fifth appearance as a guest speaker at the well-known Husson breakfast.

The April breakfast, scheduled for 8 a.m. in the Dickerman Dining Commons will be the last of the spring 1984 series.

The breakfast is open to the public. Reservations are strongly recommended. For more information, contact the Husson College Development office at 947-1121, extension 267.

New TKE Officers

-by David Kelley

Tau Kappa Epsilon held elections on April 8 for officers who will lead the fraternity to further success next year. These officers were well selected and they are eager to assist the fraternity and the student population of Husson College.

The elected officials are:

Scott Miller: President
Paul Haroldsen: Vice President
David Kelley: Secretary
Scott Reed: Treasurer
Pierre Morneault: Chaplin
Tim Veilleux: Historian
Doug Mehne: Educator
Timothy Ruttle: Sargeant at Arms

We wish to extend our congratulations to these gentlemen and wish them the very best of luck.

NEED HELP
WITH YOUR
STUDENT LOAN?

If you've attended college on a Guaranteed Student Loan or a National Direct Student Loan made after October 1, 1975, consider spending a couple of years in the Army.

If you train for certain specialties, the government will release you from 1/3 of your indebtedness (or $1,500, whichever is greater) for each year of active duty.

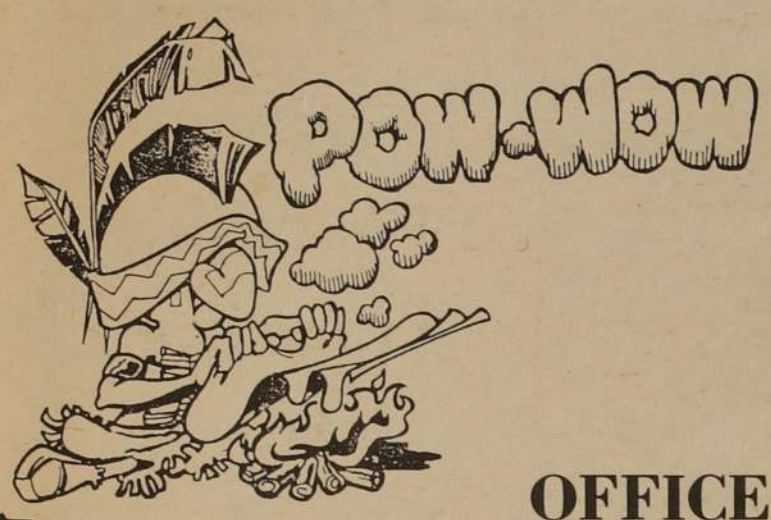

Obviously, a three-year enlistment cancels 100% of your debt. But if you sign up for the Army's exclusive two-year enlistment option, we'll still cancel 2/3 of your debt.

Plus, you may be eligible for generous educational incentives.

To find out how to serve your country and get out of debt, call the number below.

ARMY. BE ALL YOU CAN BE.
