Class of 2000

Dedication

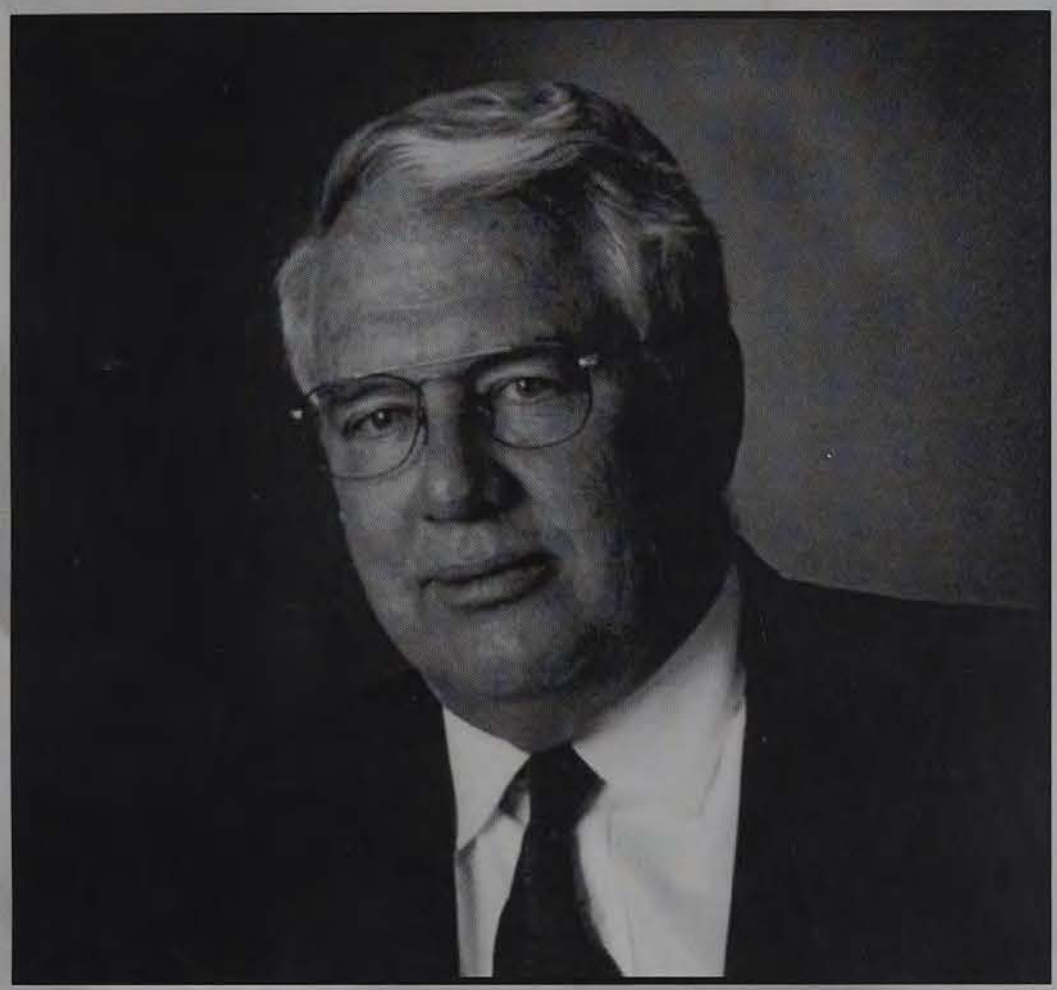

Carlene Thompson

Office for Student Affairs

The 2000 Chieftain is dedicated to Carlene Thompson, administrative assistant in the Office for Student Affairs. The student body appreciates Carlene's willingness to do the extras that have enriched our collegiate experience. From providing answers to our questions, to directing us to the right person, or to getting our late requests for funding activities processed in a timely manner, we have learned that Carlene goes the extra mile and helps make everything that goes on in student life much easier.

President's Message

President William H. Beardsley

Dear Graduation Class of 2000:

Your class is the first graduating class of a new century and new millennium. You represent schoools of business, health, science and humanities. You have earned associate, baccalaureate, and masters degrees. You include graduates from our satellite programs in Bangor, South Portland, Caribou, and Lewiston and also from our corporate graduate programs at Central Maine Power. There are new degrees granted for the first time in such areas as physical therapy and criminal justice. In sum, you represent a college that is growing and evolving in a changin world.

You are now an integral partof Husson tradition and just as you have entrusted your college education to us, the faculty and staff, we now entrust how we are known in this world to you. The quality of your professional work and personal life will be a reflection of your collegiate experience at Husson College.

May you do your best in life, take joy in your accomplishments, rise above your tribulations, live a good life and remain faithful to your alma mater.

Best Wishes Always,

President William H. Beardsley

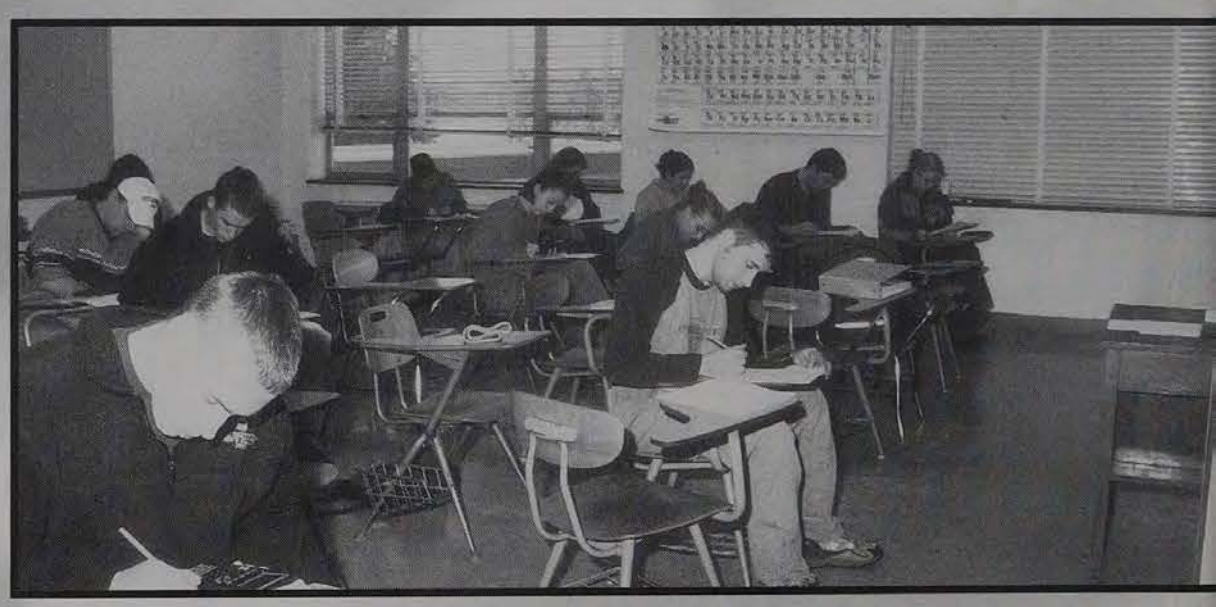

Faculty & Staff

"I have learned that success is to measured not so much by the position that one has reached in life, as by the obstacles which he has had to overcome while trying to succeed."

Student Life

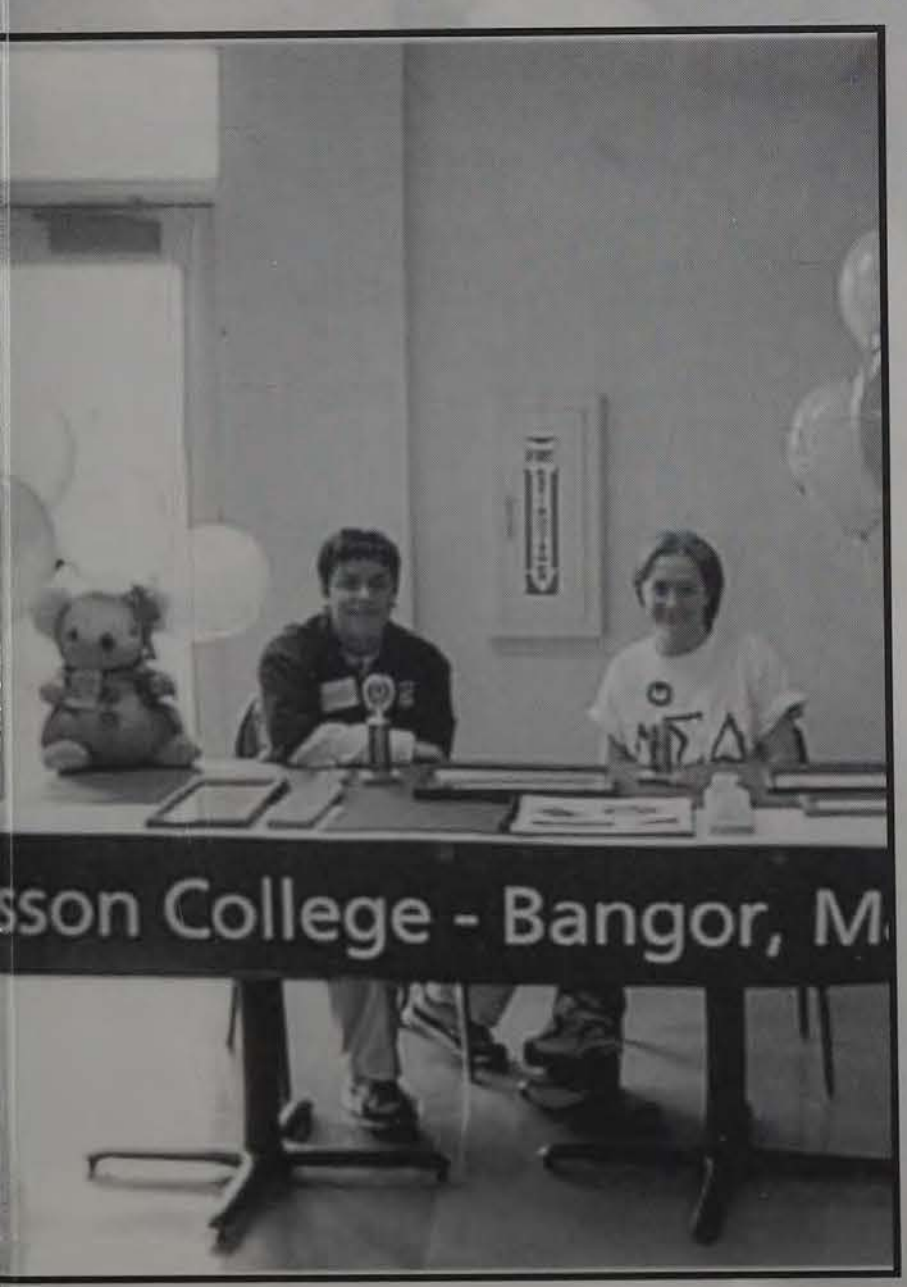

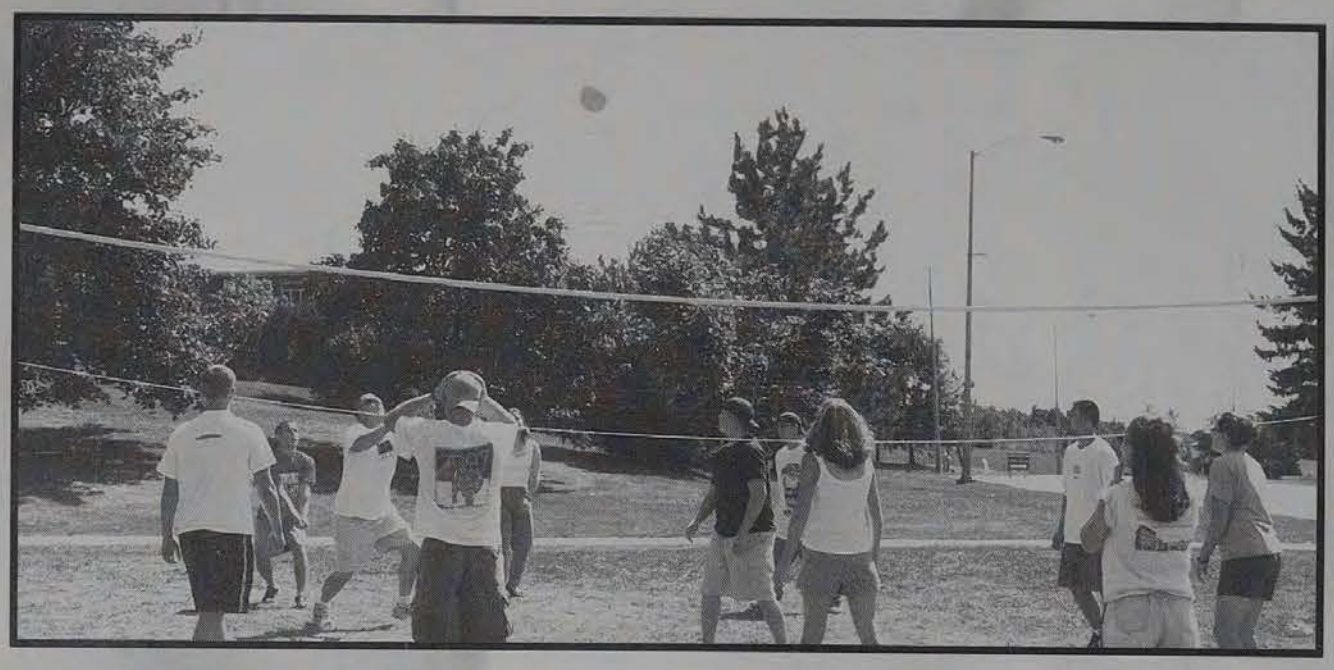

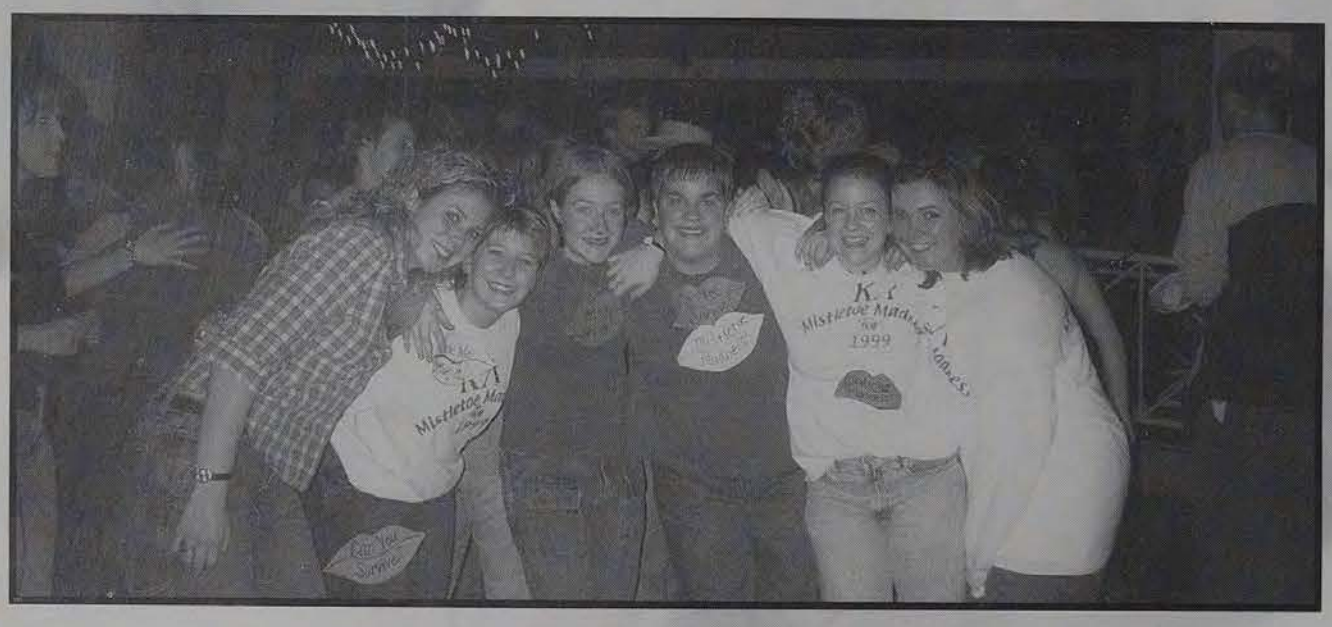

Life holds no promises as to what will come your way. You must search for your own ideals and work toward reaching them.
Life makes no guarantees as to what you'll have. It just gives you time to make choices and to take chances And to discover whatever secrets that might come your way.
If you are willing to take the opportunities you are given and utilize the abilities you have You will constantly fill your life with special moments and unforgettable times.

Now and Then...

To laugh often and much; to win the respect of intelligent people and the affection of children; to earn the appreciation of honest critics and endure the betrayal of false friends; to appreciate beauty; to find the best in others; to leave the world a bit better, whether by a healthy child, a garden patch or a redeemed social condition; to know even one life has breathed easier because you have lived. This is to have succeeded. -R.W. Emerson

"The Road Not Taken"

Two roads diverged in a yellow road
And sorry I could not travel both
And be one traveler, long as I stood
And looked down one as far as I could
To where it bent in the undergrowth,

Then took the other just as fair
And having perhaps the better claim;
because it was grassy and wanted wear,
Though as for that, the passing there
Had worn them really about the same.

And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet, knowing how way leads onto way
I doubted if I should ever come back.

I shall be telling this with a sigh,
somewhere ages and ages hence:
Two roads diverged in a wood, and I-
I took the one less traveled by,
And that has made all the difference.
--Robert Frost
