Husson Women 1996 Maine Athletic Conference Champions

Husson Tramples over Farmington 78-49 to capture title

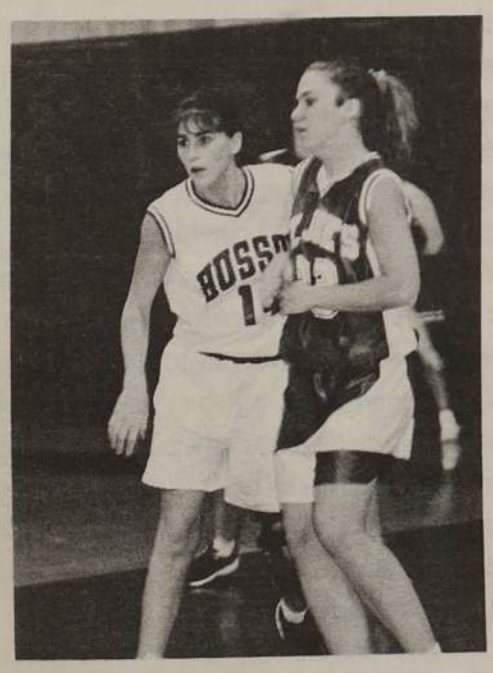

By Steph Freeman

Emotions were flowing Monday night at the Bangor Auditorium as the Husson College Braves faced the University of Maine Farmington Beavers for the Maine Athletic Conference Championship.

The game boiled down to which team wanted to go to Indiana more. (Angola, Indiana is the site of this years NAIA Division II Women's National Tournament.) Although both teams knew there was no glory in second place, the Husson Braves dominated the game and demanded a victory by overpowering the women Beavers.

Husson and UMF both got off to a slow start in the first half going scoreless for the first 3:30. Junior Forward Beth Miller scored the first basket for the Braves off a jumper from the top of the key. Husson played a pressure defense to force the Beavers to shoot from outside. This worked extremely well considering the Beavers hit only 3 for 17 from behind the three point line. UMF played a tough man to man defense but Miller scored six straight points which pushed Husson's lead to 26-17 with 1:18 remaining in the first half. The Braves ended the half up by 8.

Husson came out the secand half on fire hitting their first eight shot attempts. Senior Center Tara Leavitt started a 12-2 run in which the Braves scored six fast break points. Leavitt, only scored 2 points in the first half, but went 9-11 from the floor. Leavitt finished with a game high 22 points. Leavitt just came off an ankle injury, but has played a huge role since returning to the starting line up.

Becky Moholland guards a St. Joes forward.

Amanda Pomerleau plays tough defense against UMF guard Amber Howard

UMF never got within ten points for the remainder of the game. Husson guards Sue Ann Allen, Angeline Grant, and Amanda Pomerleau worked on getting the ball inside the key to forwards Tara Leavitt, Beth Miller, and Emily Walker. Everyone on the Husson team played very well and ten players scored. In addition Allen and Miller both contributed to the Braves victory with 14 points a peice. The Braves will travel to Angola, Indiana for the NAIA Div. II Women's National Tournament held March 6-12. The years squad will be led in to the tournament by several players who have tournament experience, as this will be the third time in four years that the women's team have made it to the National Tournament.

The Braves have a very well rounded team having several players that led the conference in individual statistics. Emily Walker, leading scorer for the Braves during the regular season, finished fourth in the conference averaging 14.3 points per game.

Senior Tara Leavitt led the team and was fourth in the conference in rebounding averaging 10.6 rebounds per game. Junior Amanda Pomerleau was first for the Braves, while second in the conference in three point field goal percentage shooting averaging .412 from behind the arch. Junior Sue Ann Allen is eighth in the conference in assists averaging 3.7 assists per game.

Husson Men Lose Heartbreaker to UMPI

By Steph Freeman

On February 25 at the Bangor Auditorium, the Husson Men's Basketball Team faced University of Maine Presque Isle in the Semi-finals for the MAC. The Braves came out on the floor ready to play but they weren't ready for Sophomore Guard Willie Rivera from UMPI to hit 7 three-pointers. Husson fell to a sixteen point deficit in the middle of the first half while they went 4:44 without scoring. With 10:57 left in the first half UMPI had a 23-9 lead over the Husson men.

Senior Guard Bryan Jefferson played hard and connected for 9 straight points in the second half but still could not spark the Braves' offense. With 9:02 remaining in the game Freshman Chris Funk led on a fast break and dunked the ball over an UMPI forward. This brought the Braves to within 13. UMPI's next two times down the court Rivera hit two three pointers. The two main factors in the Braves loss were turnovers and lack of rebounding.

Husson had 19 first half turnovers and The Owls scored 21 points off of Husson's errors. When asked what he thought of the Braves loss Coach Caruso had no comment. Only five players scored for the Braves-Jefferson had 29 points, McCaffrey had 18, Sinclair contributed 14, Funk netted 11, while Alley added 3.

The Husson Men say goodbye to Seniors Bryan Jefferson, Fran McAneany, and Rick Sinclair. They will be greatly missed on the court next year for the Husson Braves.

The Braves will have several strong players returning to next years squad. Including Bryan Alley, Tony Tobin, Larry Locke, Chris Cameron, Jeremy Durost, Mike McCaffrey, and Chris Funk.

Look for the Braves to be very competitive again next year.

Letter to the Editor

To Husson American Students,

As an English teacher in the ICLS program here at Husson, I've been hearing lately from several of my students that they would like much more interaction with Americans. They want a chance to hear and speak more "live," conversational English, not only structured classroom instruction.

Some of the students are particularly interested in the possibility of having American roommates, to greatly increase the opportunities for learning about American English and American culture. Husson officials are currently working toward enabling more cross-cultural roommates, and such an arrangement could also represent a great opportunity for American students. Personally, I love learning about other cultural viewpoints and experiences through my students, and the excitement of understanding each other despite the challenges of language and cultural differences. The insights gained from more intercultural understanding could really help American business students compete in the expanding global economy. And I've heard that some past cross-cultural roommates have formed lasting friendships and continue to visit each other in their respective countries (see Karen's letter, also in this edition).

So think about introducing yourself the next time you see our international students around the campus, and seriously consider the mutual benefits of a cross-cultural roommate. Thanks, and have a great Spring Break!

Sincerely,
Robert Nichols
ICLS Instructor

The Chaplain's Column

by Rev. Robert T. Carlson

Spring Break is just around the corner! As a thought to take with you I would like to suggest that it be a time of respite and reflection (R&R). Often those initials are referred to as rest and recuperation. Certainly those are important. However, I would suggest that respite covers those dimensions and "reflection" is an added and essential dimension.

We need to take time out to reflect on our lives, activities and goals. Reflection is not just a nice thing to do. Reflection is that activity that allows us to "take stock" of our lives. It allows us an opportunity to step back. It gives us time to see the forest from the trees.

Whatever else you do during this "break" I would encourage you to have a time of respite and reflection. It will make all the difference in the world as you prepare to return to Husson.

It's not who you go to bed with that matters, it's who you wake up with that counts.

Career Development Office: A Very Useful Resource

Although all of you have heard of the Career Development Office you probably don't know exactly what it does and how it can help you. Read on to find out what a great asset you have in the Career Development Office.

The Career Development Office is run by the Director, Bud Vassey and Administrative Assistant, Leanne Bourgeois. Also there are eight work study students. The work study students perform various and different tasks. The Career Development Office attempts to fill functions in the Student Affairs area. They try to employ alumni and undergraduate students in the area with which they have earned their degree.

The Career Development Office performs three major functions. These functions include, coordinating on campus interviews, acting as a personnel office for on campus student employment and assisting in the co-op/internship program.

The first function which is probably the most known about is the on campus interviews which are put together by the Career Development Office. They invite employers to come on campus to conduct interviews of seniors. Also included in the function is the advisory process. They will work with the student in trying to find out what it is exactly that the student wants to do when they graduate. They have obtained a new software package called Choices '96 which connects the type of jobs out there with the majors that we have here at Husson.

The Career Development Office also helps out with on campus employment. They are in charge of passing out all the forms that a student will need in order to be able to work on campus. These forms include the contract that the student needs to show their eligibility for work as well as tax forms and other eligibility forms. If you do not qualify for work study you may be put on a waiting list for Job Bank. The Career Development Office is in charge of Job Bank. They maintain all the information belonging to Job Bank recipients and are in charge of the Job Bank payroll.

The third function of the Career Development Office is the co-op/internship function. They work together with the Academic Affairs department to help find internships or co-ops for students who are in the Accounting, MIS, and Business Administration programs. The Career Development Office handles the paperwork involved as well as dealing with the employers. The Student Affairs and Academic Affairs departments work together to make sure that the jobs that are available include tasks that are collegiate in scope. This means it relates to your major and it's worth 3 Husson College credits.

As a student at Husson you must also be aware that you need to register with the Career Development Office around the beginning of your Junior year. They will then give you a Senior Pak which consists of blank letters of recommendation, a sheet which gives the policies and procedures of on campus interviews, a sheet for your transcript release, and an application that will work as an index in the office. After doing this you should then complete your resume. The register is useful for you even after graduation. They will keep your name on file for six months prior to your graduation. If you are out of work and inform the office they will keep your file active as long as you keep them updated if you get a job or if you need it reactivated. The register lists what specifics you are looking for in a job including salary, geographic limitations, etc. The Career Development Office will use this register to match you up with the job that best suits your qualifications.

Now that you know how useful the Career Development Office is, don't hesitate to stop by and utilize their help.

Student Life

Your Connection to the Stars.....

by Jaime Maynard

Aquarius (January 20-February 18)
Things are happening fast for you and your mate. Slow down and take it easy, things will work themselves out. Don't give up, the answer is right underneath your nose. Your lucky numbers are 1 and 7. Your lucky day is Wednesday. Thomas Paine shares your sign.

Pisces (February 19-March 20)
Your daydreaming and mind wondering leads you to a new idea for money saving. Don't tell anyone else about this, for great fortune is coming your way. Watch out, people may try to steal your ideas from you. Your lucky numbers are 5 and 9. Your lucky day is Thursday. Wyatt Earp shares your sign.

Aries (March 21-April 19)
You're fun loving and hopeful for a new relationship. The sun has finally come up over the horizon and things look bright and clear. Keep your chin up, no matter what happens you'll always have your family and friends to help you through it. Your lucky numbers are 6 and 8. Your lucky day is Friday. Doris Day shares your sign.

Taurus (April 20- May 20)
Your planets are not in tune this month. Things will feel like they're spinning out of control, but soon everything will fall into place and your life will return to normal. Your lucky numbers are 1 and 3. Your lucky day is Monday. Florence Nightengale shares your sign.

Gemini (May 21-June 20)
A great experience will open your eyes. You feel that nothing can stop you now. Reach for the stars but don't lose sight of the important people and things in your life. These people will help you along the way. Your lucky numbers are 4 and 8. Your lucky day is Sunday. John F. Kennedy shares your sign.

Cancer (June 21-July 20)
Don't stop to smell the roses this month. Take everything for what it's worth. Your trust in people will change things and keep you on cloud nine. Business opportunities will be the best bet. Your lucky numbers are 1 and 3. Your lucky day is Tuesday. Sylvester Stallone shares your sign.

Leo (July 21-August 21)
You're physically tired and don't feel like moving. Relax and let other people cater to your needs. Don't forget that you might have to repay the favor someday. Your lucky numbers are 5 and 7. Your lucky day is Saturday. Orville Wright shares your sign.

Virgo (August 22-September 22)
Trying to solve everyone's problems had made you some enemies. Stay behind the shadows and let things cool off. Don't try to solve the world's problems in just one day, you'll wear yourself out. A special surprise will happen to you on March 8th. Your lucky numbers are 6 and 10. Your lucky day is Monday. Johann Wolfgang von Goethe shares your sign.

Libra (September23-October 22)
Even though this month was the worst ever, those experiences will help you in all aspects of life. A new job will come your way. If you take the job a little angel will help you on your way to the top. Your lucky numbers are 1 and 3. Your lucky day is Wednesday. Mickey Mantle shares your sign.

Scorpio (October 23-November 21)
Don't sit inside all the time. Get out there and have some fun. Spring is just around the corner and you want to get ready. Let friends show you how to have fun. Your lucky numbers are 3 and 7. Your lucky day is Friday. Johnny Carson shares your sign.

Sagittarius (November 22-December 21)
Your stress level will be high at the end of the month. Take a vacation and forget all the things you need to do. When you come back you'll be free of stress and worries. Your lucky numbers are 8 and 9. Your lucky day is Thursday. Kirk Douglas shares your sign.

Capricorn (December 22-January 19)
Try to make peace with everyone that you've had a run in with. After you do you will feel at peace with yourself and you will be able to get things done. Make other people do the same and they'll feel better too. Your lucky numbers are 3 and 4. Your lucky day is Tuesday. Jack London shares your sign.

The Legend behind Pisces, the Fish

Venus and her son Cupid were walking along the Euphrates River when Typhan came out of the river to kill Venus and her son. Venus was too scared to move so she called for her father, Jupiter who turned them into fish and they swam away. That is the story behind the Pisces sign.

Cross-cultural Roommates:

An Experience of a Lifetime

The greatest opportunity I have experienced in life was living with a foreign student from the ICLS program at Husson. Coming to Bangor, Maine to go to school was a big change in my life. I had lived all my life in Boston where it was common to see a wide variety of cultures. I had a hard time adjusting to campus life and roommates. Finally my sophomore year I had a single, things were looking good, privacy at last. About two days of having a single the RA on the floor informed me it was going to cost me in order to keep a single. As long as nobody needed a room I did not have to pay but, at any moment I could have been told I have a new roommate because I certainly was not willing to pay the price of a single. Four days later, after I arranged the room the way I wanted it, I was told a student from ICLS was going to be my new roommate. My mouth hung open, and the thoughts started racing. I thought at least they could have found someone who spoke english. I was very anxious and reluctant. I found out who this girl was and introduced myself. She had an accent but, had no problems speaking the little english we spoke. That same night she moved in. The first week living with her was probably the hardest week I have probably ever had at Husson. The english she knew was broken and it was very hard to communicate to each other. She was the cleanest person when it comes to making her bed and doing her laundry. Finally one day I said to her, "what do you want from me? Why would you want to room with an American when there are a number of people from your culture here?" Her response to me was, "I want to learn your culture, language, and how to be successful in your country." At that moment I thought about how much I have to offer to this person. My attitude changed, my mind and heart opened and I slowly began to accept this person into my life. She went home to my house in Massachusetts during the short breaks and during the long breaks she would travel to her country. When she travelled to her country and was gone for a long period of time I missed her a lot, this is when I realized we have developed a great friendship. During the summer of '94 I had the experience to travel with her to her country and learn her culture as well as the language. I spent one month in South America and had the best time of my life. The following year we moved off campus and got an apartment together. Not only was she learning more and more about the American way of life but, I was learning about the Hispanic way of life. She taught me how to be a great friend and be myself. She now studies in Boston and is going for her Baccalaureate degree in Business Administration with a concentration in management. She says, "thanks to you and your open mind I have learned to be successful in America." She is not only my best friend but a friend forever. Living with an ICLS student could be the best opportunity in your life if you just give it a chance.

Karen Hebert

Greek Life

Kappa Lambda

Planning Kappa Formal

The Sisters of Kappa Lambda would first like to say congratulations to our 1996 pledge class: Heather Lessard, Leigh-Anna Stanely, and Cheryl Reynolds. Congratulations girls! You did great and we love ya lots. We would also like to send congratulations to all the other pledges of 1996.

The sisters have been busy recently with pledging, but we have also been busy preparing for Convention which is being held here in April. It's been a lot of work, but it is definitely worth it.

We would also like to remind everyone about our Spring Formal. It is on Friday, March 22, from 8-12. The cost is $10 per person or $15 per couple. Transportation and refreshments will be provided. See any brother or sister to purchase tickets, and remember everyone is invited!

Lastly we would like to say to everyone, have a safe and fun Spring Break!

The Sisters of
Kappa Lambda

Mu Sigma Chi

Undergoing Floor Improvements

The Brothers of Mu Sigma Chi would like to wish everyone a safe and happy spring break. The brothers would like to send congratulations to all the new brothers and sisters of all the Greek Organizations on campus. We have been doing floor improvements on our floor. We would like to see everyone come up and take a look at what we have done. Everyone is welcome to come up and visit, we are always willing to talk if anyone has a problem. The brothers would like to especially say congratulations to the new sisters of Delta Sigma Delta.

The Brothers of
Mu Sigma Chi

Epsilon Tau Epsilon

Annual TOGA Coming Soon

The Sisters of Epsilon Tau Epsilon would like to thank everyone who purchased a carnation for Valentine's Day. This fundraiser was a great success for us and we are glad to have helped make your loved ones happy!

Don't forget that our annual TOGA is coming soon! Watch for signs about when to purchase tickets. If you have any questions, please contact a sister.

The ETE Sisters would like to send a special congratulations to the new sisters of Delta Sigma Delta, welcome to Pi Rho Zeta! We'd also like to say congratulations to the new sisters and brothers of all the other Greek organizations.

Finally, we hope everyone has a fun, safe, and relaxing Spring Break! We'd like to remind everyone to come up and visit the floor at anytime, our doors are always open and we love the company!

Love, The Sisters of
Epsilon Tau Epsilon

Kappa Delta Phi

Planning Upcoming Community Service Events, First Annual Kappa Formal, & Spring Break in Cancun, Mexico

The Brothers of Kappa Delta Phi would like to congratulate the new brothers and sisters of all the Greek organizations. We would like to give special recognition to the pledge class of 1996 for Kappa Lambda and Kappa Delta Phi:

Kappa Lambda
Heather Lessard
Leigh-Anna Stanely
Cheryl Reynolds
Kappa Delta Phi
Tim Fader
Len Lamoreau

The brothers have been very busy as of late working with area non-profit organizations. Currently, we are helping the DownEast Big Brothers Big Sisters Association with their Annual Bowl for Kids Sake. In the upcoming month we will also be working with the American Cancer Society as well as the YWCA.

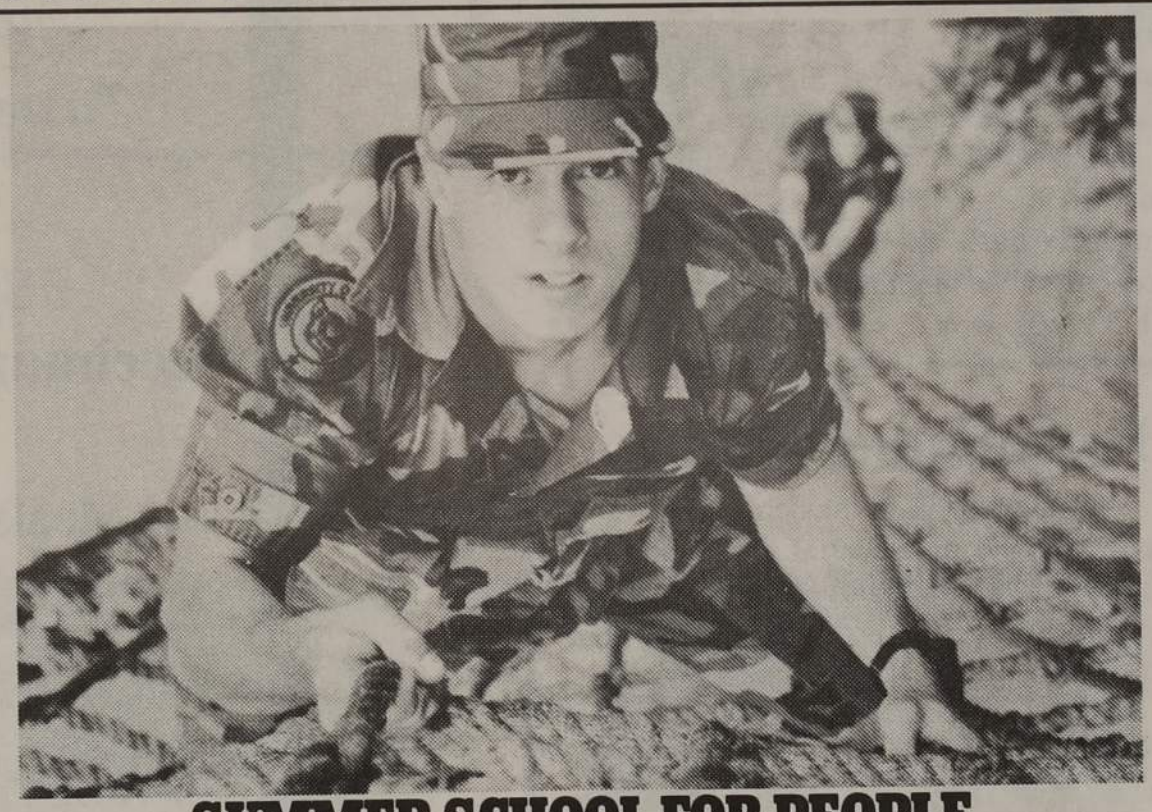

We also have our first annual Kappa Formal on March 22, 1996. The formal will begin at 8 p.m. and last until midnight. The cost is $10 per person or $15 per couple. Transportation to and from the event will be provided, and refreshments will be served.

The weekend of April 12-14 we will be hosting Kappa Delta Phi's Annual Convention. At the convention there will be active brothers and sisters from across New England. The convention is a good chance for the entire fraternity and sorority to get together for meetings and social events.

Convention also gives way to the presentation of Chapter awards as well as individual awards. At last years convention Lambda Chapter was honored as an outstanding chapter, commended for our efforts in community service, as well as our chapter president was honored as an outstanding leader. We hope to fair as well this year.

Finally Spring Break is going to be an exciting time for the brotherhood as we have several brothers traveling to Cancun, Mexico. Their trip will last one week, and they plan to catch some rays as well as take in some of the Mexican culture and refreshments. Roger, Andy, Eric, Matt, Pete, Mike, Glen, and Fred, we're sure you'll have a good time!

RESERVE OFFICERS' TRAINING CORPS

SUMMER SCHOOL FOR PEOPLE ON THEIR WAY TO THE TOP.

If you didn't sign up for ROTC as a freshman or sophomore, you can still catch up to your classmates by attending Army ROTC Camp Challenge, a paid six-week summer course in leadership training.

Husson Sports

Husson Braves upset rival St. Joe's Monks

by: Steph Freeman

Every basketball coach in college or even NBA coach is on the endless search for a player who has a lot of heart, who works his hardest on and off the court, and who will never give up no matter what the scoreboard says. Senior Tri-captain Bryan Jefferson is this exact player. All throughout this years season we have seen Jefferson dive for loose balls, dribble past defenders, and score on what seem impossible shots.

On Valentine's Day Jefferson faced a huge challenge. His team was down 13 points at halftime against longtime rivals St. Joseph's College. In the first half, Senior Rick Sinclair's efforts are what kept the Braves in the game. Coming out of the locker room in the second half Jefferson rose to the challenge and scored 17 points. The Braves hit their first 13 of 18 field goal attempts in the second half to take a 60-56 lead. The Monks came back and led 64-63 with only 4:30 remaining. The lead changed back and forth until a St. Joe's player hit a three-pointer to give St. Joe's a 71-69 lead with 1:30 to go.

The Braves and Monks traded baskets again and with 10 seconds left Jefferson drove to the hoop and got fouled. He made both of his free throws to put the Braves up by 2.

St. Joe's failed to score as the team and all the Husson fans celebrated the Braves win. Along with Jefferson, Senior Rick Sinclair played a huge role for the Braves scoring a game high 25 points. Together, Jefferson and Sinclair combined for 48 of the Braves' 73 points. Freshman Chris Funk also added 12 points to the Braves win. When asked how he felt winning the game against St. Joe's, Funk replied, "It was a great feeling because of the intense rivalry between our schools. We should of beat them twice before but it was great to win on our home court."

Allen leads Braves to Championship

Junior Guard Sue Ann Allen scored a game high 23 points on Sunday, February 25, to lead the Braves to an 83-59 victory over St. Joseph's College in the Maine Athletic Conference Semi-final at the Bangor Auditorium. Allen played extremely well hitting 11 of 17 field goal attempts, grabbing three rebounds, four assists, and three steals. The Braves came out on the floor in the begining of the game ready to take on the Monks. Both the teams battled back and forth for the lead but with under ten minutes left in the half Allen hit a three pointer and the next time down the court Junior Amanda Pomerleau hit another three. Before the end of the first half Pomerleau hit two more three pointers to give Husson a 40-28 halftime lead. From this point on the Braves never looked back. Towards the end of the game St. Joe's started to make a run but by this time it was too late. Every player from the Husson team played a significant amount of time in the semi-final game. Freshman Carrie Cram had 12 points for the night and she also had nine rebounds for the Braves. Pomerleau also contributed 9 to the Braves win.

Leavitt downs St. Joe's in Regular Season Action

Senior Tara Leavitt made her presence known against the St. Joe's Monks on February 14. After nursing a sprained ankle for more than a month, Leavitt only expected to play a limited number of minutes. Leavitt started out the game 0-4 from the floor but then hit her next 7 of 8. She also netted four free throws. The 6 foot Braves Forward had 10 points in 6 of the second half and led the Braves to a 73-55 victory over the Monks.

The Braves were down by one going into the locker room at the half. Husson knew that someone had to step up. Leavitt and Junior Sue Ann Allen both stepped up for the women. The Braves went on an 18-4 run in five minutes and were leading 66-48 with 2:50 remaining in the game. Junior Amanda Pomerleau had four three-pointers by the end of the game and a total of 14 points. Junior point guard, Sue Ann Allen also added 14 points for the Braves. The Husson women are now 10-1 in the Maine Athletic Conference and are in first place for the tournament. number of minutes. Leavitt started out the game

Presidential Guides

Applications for students who would like to become presidential guides may be picked up in the Admissions Office. There are several openings in the organization to be filled -- many of our guides are graduating in May.

Some of the duties of the Presidential Guides are to give tours to visitors and prospective students; answer questions related to college life, academics, etc.; express your positive experience while you have been at Husson College; and attend Admissions functions for recruiting students.

There are several advantages to being a Presidential Guide. It looks good on your resume and it gives you experience in meeting and working with the public. We have a fall and spring function where we go out for dinner.

If you are interested in becoming a guide, stop by the Admissions Office and pick up an application and to meet the Admissions Staff.

Husson Opinions

Fred Murphy
"I don't think it should be legal unless they are raped, or there is a problem with the baby."

Carrie Snelling
"I am very Pro-choice, but I must feel that abortion is neccessary in cases of rape and for health reasons BUT should not be used as birth control for the younger generations."

Kristi Burnell
"I am Pro-choice and I feel that abortion should be legal but I don't feel it should be used as a form of birth control."

Hans Dalhaus
"I am Pro-choice. It should be the women's choice but should not be used as a form of birth control."

POLL QUESTION:

What are your thoughts and opinions on abortion? Should it be legal or illegal?

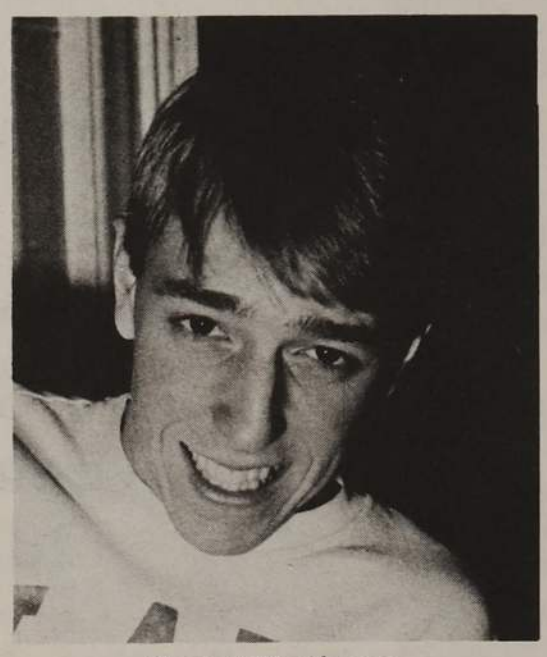

by Kristy Lincoln

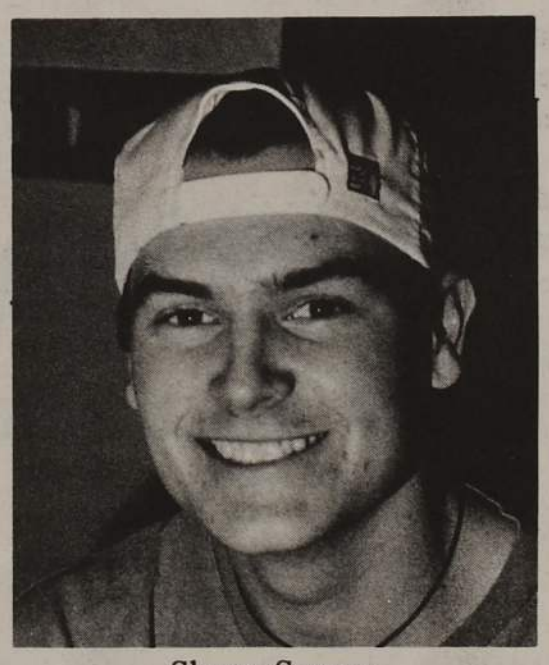

Kat Redman
"I am Pro-choice, because I feel what happens to a women's body should be her own choice."

Melanie Broulotte
"I am Pro-choice. I think women should have the choice over their own body and if it were illegal they would do it anyway."

Garrett Harthrone
"It should be illegal. I think if people use it as a way to cover up for their irresponsibilities it is wrong."

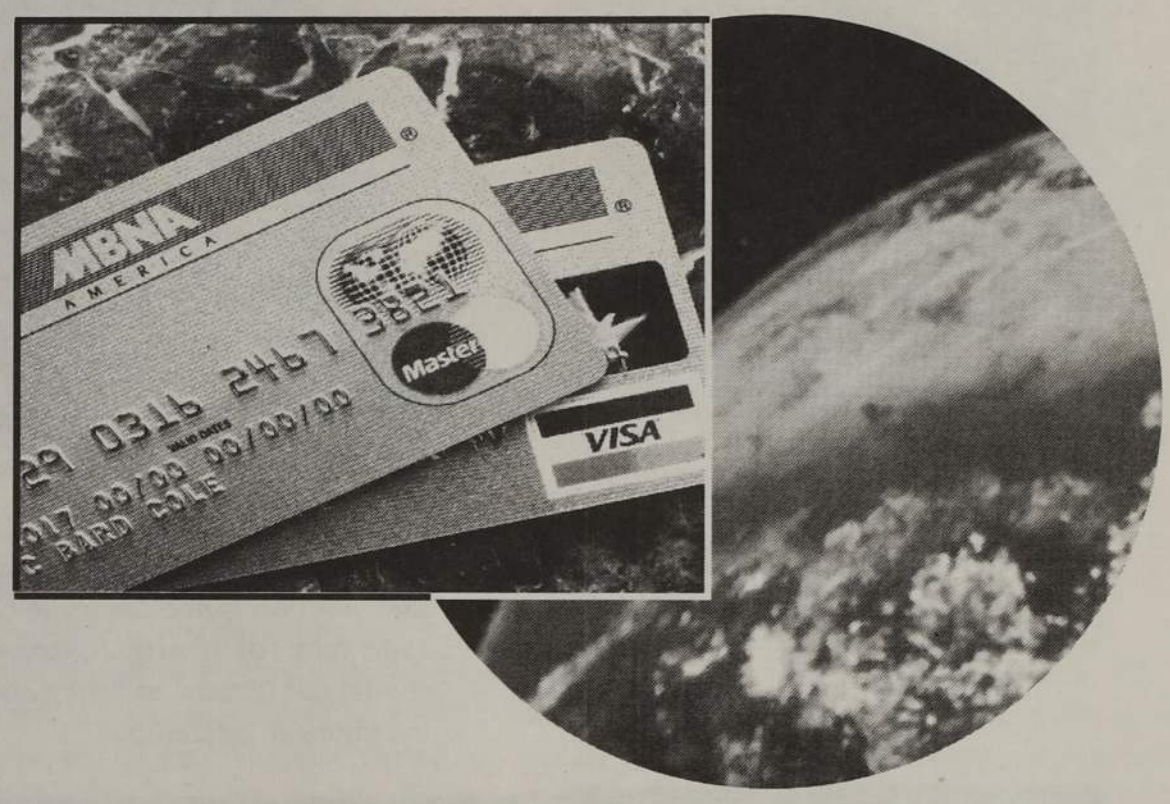

Shawn Savage
"I am Pro-choice because I think it is a topic that should be thought about very carefully."
