HUSSON LEDGER

OCTOBER, 1959 HUSSON COLLEGE, BANGOR, MAINE VOLUME 35, NO. 1

WELCOME, CLASS OF 1963!

President's Column

The school year is now well under way, the freshmen no longer get lost, the group activities have begun, the first prelims have appeared in most classes, and cold weather threatens. This is the pulse of college life with its work, its play, its promise.

Our freshman class numbers 200, and by a strange coincidence, numbers exactly 100 women and 100 men. It never happened before. The total enrollment is up nine per cent and for that we are happy. We want our educational services and programs to reach increasing numbers and thus build and continue to build an enviable reputation for our contribution to the business areas of our society.

It is a good time to make resolutions that have for their object a maximum profit from the total college experience, not only academic, but social and spiritual, too. Our college careers should make better men and women of us all as total citizens skilled in economic competence, appreciative of our world and our place in it, and blessed with a sense of community interest and participation. No man is an island, and few are hermits by nature. A good education, a sound education, provides for better living no matter which way we travel. I feel that Husson students are keenly aware of the values that accrue from each day's work in the classroom, and each participation in a group activity. Live each day to the limit.

College days are "getting ready" days. You are getting ready for the interview which will open the door to a career in business or education for you. Dedicate your time and effort to that moment. And, of course, you are getting ready for the career that will challenge your preparation and your abilities once the door is opened. In business a man must produce or leave the scene. Business cannot afford to carry driftwood. Remember that. Each day counts toward your elected goal so treasure each one well. Don't miss a class unless you are on your back. That's good advice, chillun! I urge every one of you to join some group. If you have talent in athletics, drama, music, good. There are opportunities for you to use and develop them, meet nice people, and have a good time in the bargain. If you have no talents, or at least no experience in some areas of activity, there are groups such as the Men's and Women's Athletic Associations which sponsor the sports programs, committee work, student council, school paper and yearbook, bowling, hiking—many opportunities for working with others. Just lend a hand. Your heart and muscle are needed in many places, so look around and find the spot that suits you. Come see me if you can't find an opportunity to belong.

I wish you much joy in college, joy in your work and play. I want you to "live" your college life not just pass through. I also express

FROSH RECEIVE BEANIES

Left: Sophomores, Dean Neal, President, Class of 1962; John Field, Patricia Buck, Rita Morel. *Right:* Freshmen, Gail Tardie, Bonnie Harris, Peter Michaud, Ray Woodworth.

WELCOME

The Ledger staff extends a sincere welcome to the Class of 1963. The Administration of the college is very much pleased with the behavior and application of this class. Your "Beanies" have added to the glamour of Husson College and have done a great deal of advertising for the school. The Sophomore class and all connected with Husson College are very pleased with your treatment of this initial program and the success of it is partially due to your good sportsmanship.

It is hoped that you will find time to join an activity or so to help build the school spirit of Husson College. We welcome you to the friendly school upon the hill and hope that you will enjoy your association with it.

CLASS MEETING

Wednesday evening, September 16 at 7:30 p.m., 200 freshmen met in the gym at Husson for their first class meeting of the year and to receive the rules and regulations for freshman students at Husson College.

Freshman hats were given to all freshmen to be worn until October 22 at which time a Beanie Hop and Freshman vs. Sophomore Night was held.

The Sophomore class committee consists of: John Washburn, Hampden; Dolores Renaud, Waterville; Rita Morel, Biddeford; Helen Colby, Spruce Head; John Field, Bar Harbor; Carl Dunn, Olamon; George Maxsimac, Bangor; Arlen Neal, Howland and Patricia Buck, Washburn.

The latter part of the evening was devoted to dancing with music by Dale Whitney's Maine Bears. Refreshments were served to all who attended.

RECEPTION

Thursday evening, September 17, 1959, the Annual President's Reception was held in the Husson College Gymnasium welcoming the freshman class. Miss Clara Swan, Executive Director, introduced each freshman to President Husson. Others in the receiving line were: Miss Mildred Bradford, Mrs. Louise Miller, Mr. William Donahue, Jr., Mr. Millard Foss, Miss Thelma Watson, Miss Priscilla Clark, Mr. Delmont Merrill, Miss Patricia Robbins, Mr. John Tyler, Mr. James Wright, Mr. Chesley Husson, Jr., Miss Janet Kinney, Mr. Edmund Lebrun, Mrs. Muriel Sanford, Mr. Edward Carroll, Mrs. Margaret Lindberg, Mr. Howard Foley, Mrs. Earl Merriman, and Rev. E. Charles Dartnell.

The upperclassmen assisting Miss Robbins, Social Director, were Marie Black, Patricia Buck, Helen Colby, Robert Goodwin, James McKay, Rita Morel, Peter Rogers, Michael Theriault, Robert Theriault, and Cynthia Walton. The hall was decorated with small bouquets of fall flowers and the music was by Hugh Jameson on the organ. Refreshments were served.

Health, Education and Welfare

U. S. Commissioner of Education Lawrence G. Derthick today announced appointments of four Field Representatives for the higher education programs under the National Defense Education Act.

The Representative for the New England States is Dr Emo A. Johnson, who until recently was the Executive Secretary of Burma-America Institute in Rangoon, Burma, where he promoted and administered programs for educational, cultural, and social exchange between Burma and the United States. He was for a number of years Professor of Education at Northern Illinois University, Associate Professor of Science at Eastern New Mexico University, and Chairman of the Department of Education at Mexico City College. Prior to this he was Headmaster of the American-Mexican School in Zacapu, Mexico. He has also served as a physicist on the faculties of Trinity College and the University of Connecticut, and in earlier years as a teacher of sciences in several secondary schools in Connecticut.

Dr. Johnson received his B. S. degree from Dartmouth College in 1928, his M. S. degree from Trinity College, and his Ph.D. degree from Yale University. He has also carried on studies at Harvard Medical School and the Yale School of Medicine.

Other representatives appointed are Dr. Howard M. Bryant for the Mid-Atlantic States Region, Dr. Edward S. Noyes for the New York Region, and Dr. George W. Rosenlof for the Kansas Region. The regional representatives work directly with colleges and universities on matters concerning the higher education programs of the NDEA, including Student Loans, Graduate Fellowships, Counseling and Guidance Training Institutes, and Modern Foreign Language Development.

INTERESTED?

Each year the Navy Department selects a small group of women for junior executive positions as commissioned officers. At present, there are many and varied opportunities for the liberal arts major. Therapists and dieticians are also needed by the Navy's Medical Service Corps.

Currently, assignments for liberal arts majors are being made in personnel, education, public relations, intelligence, and business administration. No clerical skills are required and assignments are made for two years on duty with the Navy.

The training period is of 8 weeks duration at Newport, R. I. The candidates are then commissioned as Navy Ensigns and complete officer indoctrination before accepting their first positions.

The salary scale plus social security, medical and dental benefits, vacations and postgraduate opportunities, make this a new and attractive employment field for the young woman.

Applications are open to college graduates and to seniors for appointment upon their graduation. College juniors may enter the program for the summer after their junior year. Complete details will be sent by contacting the Navy at 560 Atlantic Ave., Boston, Mass.

BUSINESS EDUCATION ASSN. HEAD REPORTS ON GLOBAL TRIP

"In the Far East particularly, and throughout the world generally, it seems to me that great gaps exist in the areas of managerial and office skills," reported Dr. S. M. Vinocour, Executive Director of The National Association and Council of Business Schools, today at a press conference. He has just returned from a 25,000-mile, round-the-globe survey of the status of business education in more than a dozen countries. While in Korea he was an honor guest of the Korean Government, and the ministry of Education served as his host in Formosa.

Vinocour pointed out that in many countries, office practices were still quite primitive by American standards and that the shortage of adequately trained office personnel is even more severe than it is here in the United States. This is primarily due to the fact that there are very few business training institutes in most parts of the world. In Japan, for example, there are only 12 private business schools teaching shorthand. Also, part of the problem results from the fact that very few foreign students are appraised of opportunities for further studies within this (business college) field of education. Some of the Ministries of Education professed that they had not known of the scope of the American Business School field.

In most countries, a close working partnership has been established between NACBS and the foreign school officials as a result of Vinocour's conferences abroad. Hanyang University in Seoul, one of the leading universities in Korea, has officially requested help from this Association, and has appointed Dr. Vinocour its official adviser, in setting up a complete Sales Training Program—which will serve as the model for other schools in that country and throughout the Far East.

In Paris, while meeting with UNESCO officials, he took steps to seek UNESCO affiliation for NACBS. UNESCO officials reported to him that the business education field was virgin territory, and that while they were beginning to receive many requests for assistance for member countries, until this time they had had no resources upon which to draw.

While NACBS has now some members beyond the U. S. in the Western Hemisphere, it will embark upon a program to expand internationally.

Dean Miller Welcomes Women of '63

President Husson and His Family

The Parents, "Chief" and Mrs. Husson

The Ledger, quarterly publication of Husson College, tries to present our President to the Freshmen each year.

This year, the staff wishes to present to you, our student body, alumni and friends, President Husson and his immediate family.

Of course, most of you know and have met Mrs. Husson at the office window. Mrs. Husson, Dorothy Bell of Mars Hill of "The County," attended Bangor Maine School of Commerce when the Chief was first principal of the school. Mr. Husson became enamoured of Miss Bell, proposed and was accepted. The above picture shows the couple, as young at heart today as they were thirty-two years ago.

Chesley Husson, Jr.

Paul Husson

President Husson came to Bangor, a young man of 26 years of age. He served as principal of the school until he purchased controlling interest in the early 30's. Members of his faculty convinced him that the school should carry the name of the one who was most influential in its ascension to the top. The school jumped from an upstairs rent to its own home with much pride and pleasure—in 1940. Hence, Husson College was the new name on the new building in 1947.

With the degree status awarded Husson College in 1953, the College has grown by leaps and bounds. Dickerman and Hart Halls have added classroom space, a new library and a bookstore. The next step—out Broadway!

The Chief is a great fisherman and hunter. His wit makes him a great storyteller. He is an outstanding speaker and has many calls from his former students at graduation time.

Chief's great ambition is to have a campus with a gym and dormitories for all students who live out of commuting distance.

President and Mrs. Husson are the parents of three sons; namely, Chesley, Jr., Roy, and Paul. They are the grandparents of three boys.

Number one son is Chesley Hayward Husson, Jr. He is a graduate of Maine Central Institute and Colby College. Mr. Husson, Jr., to most of you, is an instructor in the English Department at Husson. He has recently been appointed Director of the Husson College Dow Air Force program, which is conducted on Base. Mr. Husson is in his fourth year of college teaching. He taught in Orange, Massachusetts, and also worked in the insurance field in Worcester, Massachusetts. Mr. Husson, Jr. is married to the former Rita McFarland of Lincoln. Mrs. Husson, Jr. is a trained nurse, having received her R.N. from the Eastern Maine General Hospital. They have been married ten years and live at Westbrook Terrace in Hampden.

Born of this union were two sons, James and Stephen. The boys are eight and six and attend the elementary schools of Hampden. Slugger Husson, Jimmie, played Little League Baseball this past summer. Their pride and joy is "Tommy," their thoroughbred collie.

The Hussons' second son is Roy, a member of the United States Air Force at the present time. Roy attended the Bangor public schools and was graduated from Bangor High School. He enlisted in the Air Force and is due to be discharged in January, 1960. Roy played basketball and was outstanding in track while in high school.

Roy is married to the former Betsy Kline of Bangor. Betsy attended Silver Springs, Maryland, High School, Bangor High School and was graduaed from Bangor. She then came to Husson. She was graduated in June, 1958.

The picture shows Betsy and Roy after they were married in Washington, D. C. in June, 1958. Roy and Betsy are proud parents of a brand new son, Derek. They make their home in Pineville, Louisiana.

Last but by no means least is son Paul. Paul is a fisherman, hunter, statistician, and baseball fan. He won a fly-casting competition while a high school student. Paul attended Fifth Street Jr. High School and then attended Hebron Academy, from which he was graduated. He is working at the present time and planning to enter Middlebury College in Vermont in the fall.

Mrs. Chesley Husson, Jr.

Paul has a twin at Husson. If you have seen and known Thaxter Trafton, you've seen Paul.

Paul has an innate curiosity and can talk with all of his family's guests and on most any subject.

HUSSON FAMILY (Continued)

The "Chief" came from a large family in Lynn, Massachusetts. His mother still makes her home there. Brother George makes his home in Belmont, Massachusetts and teaches at Waltham High School.

Chief is a graduate of Salem State Teachers College and received his Master of Science degree from the University of Maine. He is on the road continually promoting good will for the college that bears his name.

Mr. Husson, you are to be congratulated on your achievement and progress and for your outstanding contribution to the field of education. Your student family is proud of you!

GRANDSON DEREK, SON OF MR. AND MRS. ROY HUSSON

GRANDSONS, STEPHEN AND JAMES, SONS OF MR. AND MRS. HUSSON, JR.

Summer Session

The Husson College Summer session was the largest ever with a total of 85 people registered from Maine, New Hampshire, Vermont, Massachusetts and Florida.

Miss Watson conducted her Teen-age Typing class with 20 people taking advantage of this course. Mr. Curran conducted the regular five-week course in Insurance and 20 teachers were registered in the course. Mr. Tyler had a registration of 22 in the course, Consumer Economics, which ran for the five-week period.

Visiting faculty members were Miss Mary Connelly, Professor at Boston University. Her workshop was on the Methods of Teaching Typewriting. The full quota was reached early in registration. There were 35 people in the course. Miss Miriam Cressey, a newcomer to Husson College and a teacher at New Rochelle High School, New Rochelle, New York, conducted her famous course, "Social and Business Adjustment," to a full registration of 30 teachers. Miss Watson also conducted our Mimeographing workshop and many people were turned away from this course, therefore, it will be offered this coming summer.

Husson College administration was real pleased with the turnout of teachers from these four states. The administration feels that the quality of the teaching during this summer session was outstanding.

Eight degrees were awarded at the close of the summer session on August 7 to the following:

Mrs. Hazel Bates, New Port Richey, Fla.
Mrs. Doris Decker, Millinocket
Mrs. Ruby Dobbins, Jonesport
Cecil Garcelon, Jr., Houlton
Mrs. Thersa Given, Solon
Mrs. Esther Kilborn, Bridgeton
Mrs. Hazel Ruland, Guilford
Mrs. Olive Skillings, Steep Falls

Over 100 years of teaching service is representative of this group.

Teachers who attended the summer session were: Mrs. Hazel Bates, Mrs. Ella Bell, Mrs. Phyllis Bemis, Mrs. Florence Bridges, Mrs. Janice Burton, Raymond Boxton, Mrs. Letitia Clay, Ronald Cushman, Mrs. Bernadette Daigle, Mrs. Doris Decker, Mrs. Harriet Eaton, Mrs. Phyllis Farrow, Mrs. Lillian Fuller, Cecil Garcelon, Mrs. Thersa Given, Edward Halpin, Daniel Hastings, Jr., Ruth Higgins, Mrs. Gladys Holmes, Elmer Howes, Mrs. Priscilla Ingraham, Mrs. Rose Kelley, Mrs. Esther Kilborn, Leona LePage, Mrs. Dorothy Lord, Mrs. Dorothy Morrison, Mrs. Harriet Parker, Mrs. Lois Phillips, Mrs. Elizabeth Ronleau, Mrs. Hazel Ruland, Mrs. Pauline Russell, Mrs. Rowena Russell, Mrs. Pauline Saba, Mrs. Elinor Sanford, Mrs. Alice Schriber, Sister Marie Alphonse, Sister Mary Brendon, Mrs. Olive Skillings, Mrs. Martha Smith, Robert Smith, Eldora Strickland, Robert Townsend, James Ugone, Mrs. Thelma Vining, Mrs. Eva Webster, Mrs. Phyllis Wiley, Wayne Packard, Mrs. Marjorie Downie, Mrs. Helen Burke, Mrs. Blanche McDougall, Lawrence Dumont, Carolyn Clark.

IF THEY ONLY KNEW

A cranky old man invested in one of those new hearing aids that are almost invisible. A few days later he returned to the store to express his delight.

"I'll bet your family likes it, too," said the salesman.

"Oh, they don't know I've got it," said the old man. "And am I having a ball! In the past two days I've changed my will twice."

V. A.

Veterans who get behind in payments on their GI home loans should check carefully any offers strangers may make to supply the delinquent payments if the veteran will "sign here."

Myles P. Cronkite, Officer-in-Charge, VA Office, Bangor, warned veterans to check immediately with their mortgage holders to determine whether or not the offer is legitimate.

From time to time throughout the state, he said, we at VA see evidence of the insidious flim-flam practice called "milking" revived. An offer to pay delinquent installments is made if the veteran will sign an "acknowledgement."

Later the veteran learns he has signed a deed and must "buy" his property back at a higher price.

In another version, entire neighborhoods are canvassed to learn which veterans are having trouble meeting their GI loan payments. Then a "salesman" will offer each veteran a nominal amount for his equity, plus the privilege of buying another home in a lower cost development.

His signature is secured on a deed giving the right of possession in 60 days.

Later he is advised that no lower cost homes are available and he now faces eviction from the home he has sold.

These practices, though the intent is unethical, are conducted in such a manner as to make them legal, Cronkite pointed out.

* * *

The Veterans Administration can pay for ambulance service or other transportation of patients to its hospitals only when prior authorization has been given, Dr. I. Zeltzerman, Director of Professional Services, V. A. Center, Togus, said today.

In medical emergencies, the private physician who telephones a VA hospital to request emergency admission of a veteran may secure the travel authorization from the hospital by telephone at the same time.

The physician requesting the emergency admission should tell the hospital whether it is for an illness or injury that has been rated service-connected, and if it is not, whether the veteran can afford to pay for travel to the hospital.

Veterans admitted to VA hospitals for treatment of service-connected conditions are entitled to necessary travel to and from the hospital at Government expense, provided prior travel authorization is obtained from the hospital.

Veterans admitted to VA hospitals for treatment of nonservice-connected conditions are entitled to this travel at Government expense only if they affirm under oath that they cannot afford to pay the cost of the travel and if prior travel authorization from the hospital has been obtained.

SALESMAN'S HOLIDAY

A salesman tired of his work and decided to join the police force. After a few months, he met one of his former associates.

"How do you like the new job?" the salesman friend asked.

"Terrific," he replied enthusiastically. "The customer is always wrong."

FACULTY ADDITIONS

MRS. LINDBERG

Mrs. Margaret Lindberg is the new addition to the Husson teaching staff for 1959-1960. She has joined the English department and will eventually become head of this department.

Mrs. Lindberg is a graduate with a B. A. degree from Mount Holyoke. She was awarded her M. S. degree from the University of Wisconsin. Needless to say, her major field is English.

Mrs. Lindberg has completed all the class work required for her Ph. D. degree. She is currently working on her discertation for the University of Wisconsin. Her chosen topic is "The Poetry of William Collins". Mrs. Lindberg hopes to complete this work in the near future and upon acceptance of her work she will be graduated and warded her Ph. D. degree.

Mrs. Lindberg is married to John Lindberg, instructor in the English Department at the University of Maine. They are the parents of twin sons, Paul and Gordon (one wears red, the other wears blue shoes, sweaters, mittens, etc.). They are identical twins three years of age.

Mrs. Lindberg is teaching Freshman English, English Literature and Report Writing. She travels back and forth from Orono by bus and once in a while drives her family chariot to the college. She just received her driver's license this summer for the first time!

The administration, the faculty and the students welcome you to Husson College.

HOWARD MATTHEWS FOLEY

Mr. Foley was born and brought up in Bangor area. He graduated from Higgins Classical Institute, Charleston, Maine and attended the University of Maine, graduating with a B.S. degree in Education. He also attended the University of Virginia and graduated with an L.L.B. degree in law.

Mr. Foley is an attorney at law here in Bangor and has his office in the Coe Building. He teaches American history at Husson College.

RIGHT LEG, WRONG DIAGNOSIS

A little old lady was complaining to her doctor about the pain in her leg.

"It's caused by old age," diagnosed the doctor.

"Nonsense," she snapped. "My other leg is the same age and it doesn't hurt."

HUSSON WINS FIRST BASEBALL TROPHY

Joe Paul, Most runs batted in Award; Don Vachon, Captain of 1959 Champs, Del Merrill, Coach of NCC Champs.

Baseball

The 1959 season of the Varsity Baseball Team was very successful with a season's record of 9 wins and 3 losses. The Husson College Team was the winner of the Northeast College Conference League with five wins and one loss in conference games. Donald Vachon captained the team and Donald Paul won the Gattrel Award for the most runs batted in. The leading hitters were Donald Paul, batting .571; Jack Scott, .423; Bob Wiles, .405; Dean Neal, .385; and Donald Vachon, .314.

Donald Paul had the most hits with 20. Bob Wiles and Dean Neal both had 15. Jack Scott, Donald Vachon, and Donald Paul all had five extra base hits. Donald Paul with 16, Dean Neal with 13, and Bob Wiles with 11, had the most runs batted in. The season's record is as follows:

*Husson	7	Ricker	13
*Husson	9	Washington State	0
*Husson	9	Washington State	0
Husson	5	Maritime Academy	7
*Husson	16	Aroostook State	11
Husson	6	Farmington State	9
Husson	5	M. C. I.	3
Husson	14	Farmington State	13
Husson	12	Maritime Academy	10
Husson	13	Maine Frosh	12
*Husson	8	Ricker	6
*Husson	4	Aroostook State	3

Come spring and the Husson Indians will return to the diamond to defend their league title. Nearly all members of the champions will again answer the call in the early part of spring. With some new incoming talent, plus the old, it should be an interesting season.

Girls' Basketball

On October 12, sixteen girls attended the first basketball practice of the season under the direction of Coach Kinney.

Forwards attending practices are: Rhonda Morehead, Brooks; Jackie Artus, Milo; Sharon Bell, Gardiner; Mary Leighton, Bucksport; Gail Joseph, Waterville; Constance Knight, East Union; Sheila Fernald, Millinocket, and Dorcas Jones, Warren.

In the guard section are: Patricia Curtis, Newport; Betty Earley, Dover-Foxcroft; Beverly Burrill, Belfast; Marguerite Cyr, Mount Desert; Joan Arnold, Frye; Diane Hodgkins, Temple; Mary Ann Hachey, Waterville; and Carol Fowler, Brooksville.

This year's squad is composed of all Freshman girls with the exception of Carol Fowler, Joan Arnold, Marguerite Cyr, Diane Hodgkins, and Beverly Burrill.

The managers are: general manager, Patricia Hunter, Waterville; timer, Patricia Buck, Washburn; and scorer, Helen Colby, Spruce Head.

The schedule for the season is:

Nov. 19	Morse Memorial H. S., 6 p.m.	(H)

Feb. 6	Farmington H. S., 1:30 p.m.	(H)

INDIANS TRY OUT

The Husson Indians will be trying for their fifth straight league title this season under the supervision of their able coach, Mr. Del Merrill.

Returning lettermen who will carry the college colors are: Jack Scott, outstanding in all departments; Jim McKay, a tall, rangy pivotman who is developing rapidly; Jerry Kane, playmaker and set shot artist; Don Vachon, excellent on defense and breaking up plays; Al Trask, possessor of a fabulous jump shot; Red Haskell, rangy center and rough on the boards; Junior White, can move on a fast break.

About 40 candidates reported for practice on October 19. From this group, the Husson fans can expect a real fight for a varsity berth, and those who are fortunate enough to be chosen have much to live up to in Husson tradition.

Many hours were spent in preparing a challenging schedule for the 1959-60 season. The following schedule has been drawn up.

Subject: Miss Cynthia Walton

Dear Miss Bradford:

I would like to write you in regard to one of your students, Miss Cynthia Walton, who was employed in my office as my private secretary for June through August 1959, during which time Miss Walton assumed and most efficiently executed all duties which occur in a patent attorney's office.

I can honestly state that under the existing circumstances, Miss Walton was the best secretary I have ever had and she may have employment in my office at any time and I actually did offer her a permanent position at the end of the summer vacation.

I found Miss Walton to be conscientious, neat, accurate, and prompt in exercising her duties; enthusiastic in gaining knowledge of office procedures; courteous in dealing with her colleagues and my clients; neat and attractive in her appearance and considerate in regard to the interests of others and an over-all benefit to the office. She was in all ways and was always a fine secretary.

If at any time in the future, any prospective employer of Miss Walton requests any information in regard to her abilities, please feel free to refer them to me and I will be more than pleased to answer any and all inquiries.

Very truly yours,
Robert N. Roley

ROVING REPORTER

George Dyer, January Senior

In this publication of the Ledger, the roving reporter calls on a member of the January graduating class, George Dyer.

George is majoring in Business Administration with a minor in education. He is president of Mu Sigma Chi Fraternity, vice-president of the Senior Class, and a member of the Student Education Association.

A native of Caribou, he now lives in Orrington with his wife, Margaret, and their two children. Mr. Dyer will be the second in his family to graduate from Husson. His sister, Mrs. Cora Havlir of Dallas, Texas, majored in the three-year Business Education program at Husson, and was also a study-hall teacher while attending.

At present, George is trying to locate with the Saga Food Service of Oberlin College, Oberlin, Ohio, as food service manager. He tells us that this position shows some promise, too.

Best of luck, George!

HUSSON ALUMNI NEWS

Teachers' Alumni

During Teachers' Convention, October 8 and 9, a portion of the Husson graduates who are in the teaching field met with Janet Kinney, last year's president. The following officers were elected: Harland Dunham of Ellsworth, President; Rinette Levesque Pelletier, Madawaska, Vice President; Mrs. Bernadette Daigle, Bangor, Secretary-Treasurer.

HARLAND DUNHAM

Mr. Dunham is teaching at Ellsworth High School and has been there serveral years. This year he is teaching Bookkeeping I and II, General Business, Business Math and Personal Typing. His extra-curricular activities include yearbook advisor, Secretary for the Education Council, Chairman of the Salary Committee for the local teachers' club, the Secretary-Treasurer for the Hancock County Teachers' Association.

He is married to the former Helen Brown of Orrington and they have two children, Roanne who is in the fourth grade and Alan who is in the sub-primary.

Mrs. Rinette Pelletier was graduated in the class of 1956. She teaches at Madawaska High School and married this past summer. Her classes include Shorthand, Typing and Office Practice.

Mrs. Bernadette Daigle was graduated from Husson in the class of 1958. She is on the faculty at John Bapst High School and teaches both French and Business Education subjects. Her spare time is taken up with two daughters and a son. All the children are of school age. Her two daughters attend Mount Merci Academy in Waterville, Maine and her young son is in the sub-primary here in Bangor.

Over 85 Husson teachers, alumni and friends attended the luncheon here at the college.

President Husson, Chesley Husson, Jr., Miss Swan, Miss Bradford, Mrs. Miller, and Miss Kinney will be at Lewiston to greet the western section of their alumni group on October 29. The alumni hopes that they will be together next year at convention time.

It was talked of a home coming during the basketball season here at the college at which time the General Alumni Association will be organized.

The following girls served at the Alumni luncheon: Nancy Blake, Marie Black, Alyce Brommels, Beverly Burrill, Diane Hodgkins, and Cynthia Walton.

Miss Robbins and Mrs. Miller were responsible for the good luncheon.

MISS CLIFFORD NAMED GUIDANCE DIRECTOR AT HIGH SCHOOL

Miss Florence Clifford, commercial teacher at Wakefield High School, and faculty class adviser for the past three years for the Class of 1959, has been appointed a fulltime guidance director at the senior high school.

Miss Clifford has participated in the "class adviser" program at the school since its institution at the time the present senior class were tenth graders. A Boston University Alumnus with a B.S. degree in Education, Miss Clifford has, in addition to her guidance work over the past three years, taken graduate courses in this area. She has been with the local school system since 1947. In her new capacity, Miss Clifford will work with Guidance Director Maurice J. Dwyer, Jr. The School Committee approved the appointment at its regular Tuesday evening meeting. (Husson, Class of 1941).

To the class of 1959
Dear Senior Class members:

Thank you all for your thoughtfulness in remembering my family and myself on the loss of my father.

In times of sorrow it is comforting to know that your friends are thinking of you.

Sincere Appreciation,
Millard E. Foss

Dear Miss Swan,

I have arrived in California with high hopes. We made it across country with a 1950 Plymouth without any trouble. We made it in nine days.

Dawn and I are going for an interview with North American Aviation. They do have an opening for a secretary but do not have an opening for me. Why they are going to interview me is a mystery.

Reading the Los Angeles Times, I noticed a lot of opportunities for accounting careers, but very few for business administration students.

Would you send my transcript of grades to:

Mr. Donald Moors
3403 Lees Avenue
Long Beach 8, California

Will be writing as soon as I get settled. Thank you.

Dear Mrs. Lowe,

After three and one-half months of training in the United States Army I feel that I have accumulated enough information to make a letter complete.

The post card I sent you from Ft. Dix in June was the first phase of my journeys thus far. I was inducted in the Army on the 18th day of our Lord, June, 1959. By plane I left Bangor to Ft. Dix where I received one week of reception and orientation. Because of the overflow of 6-month trainees we were sent to Ft. Benning, Georgia for basic training. Enjoying sleep and comfort as much as I do, I found myself in a situation of complete discomfort. As you can imagine, it was very hot and uncomfortable those two months in that area. At times the temperature would reach 115°. We all found ourselves complaining a good deal of the time but before we knew it, it was all over. We were then combat ready soldiers. (Supposedly!)

From there we were given a 13-day leave for rest and recuperation. From home I left for Ft. Dix for training in M.O.S. 710 which is the Army code for clerk typist. As of this point I have completed 4½ weeks of training out of a scheduled 8 weeks. I am taking the same training and am in the same company as was John Rioux. We have not been given our official orders for our next assignment as yet. During my stay here I have been considered for a position on the instruction staff for this school. If I get the job I will be instructing typewriting. The chances of my getting this job isn't very probable because of the fact that rank is a prerequisite for instructors unless they are short of higher ranking personnel. At the present this is not the case, although two or three are scheduled to get discharged in the near future. There is a much greater possibility that I will be going to Washington, D. C. I was called over to base Headquarters last week for an interview. The Captain asked me if I would like to go to Washington to work. I told him yes, and he said, "We'll let you know if you are chosen." Evidently I am one of a few or many for this job or jobs at this station. This is all the information he gave me. As far as I know, I will be working at the Pentagon if I am chosen. This I would like very much. If neither of these possibilities materialize there is a good chance our class will be shipped overseas. Where? Who knows?

As we discussed before I came in the Army has held true, if everything is done with a positive attitude present, the job is much easier. At times one finds this hard to do under existing conditions, but its always the best approach.

As can be expected, one meets every type of person imaginable. You can trust only your friend, but watch yourself then. This isn't exactly the case here in clerk typist training because of the fact that about 75% of the men are college graduates. It is quite evident that the environment is somewhat different and that intelligent people tend to be a little more honest and reasonable about the whole thing. In basic the case was exactly the opposite. Enough about myelf!

When September rolled around I found myself kinda wishing I was going back to school. You know, after four years of the school you get a little attached, even though you were complaining a good deal of the time. If it wasn't instructors, tests, cost or assignments it was something else. But all the fun and good times outweighed these gripes, by three-fold. It certainly was a good four years and these years I shall never forget.

Please let me know how everyone is. I am looking forward a great deal to my first visit. Please say hello to Carl for me plus all the gang in the store. My first duty on K.P. you can guess. Washing or shall I say scrubbing pots and pans. My hands were completely conditioned to soap and water so I made out fine. I displayed great efficiency and speed as a result of my prior experience and excellent supervision. By the way, who has the job of dish washer now? Please don't compare their work with mine. Is the same hot dog machine in operation?

Could you ask Mr. Husson to send me the Ledger at my home address and let me know what the cost is.

Would appreciate a little information on the Council and Kappa Delta Phi if you have been versed at all along these lines. What are the prospects for this year's basketball team like? Have been playing quite a bit of ball weekends since I have been here.

Am planning on taking a couple of correspondence or night school courses after my schooling is over if I am stationed in an area where this would be possible. It will be very easy to get a little stagnant if I don't keep myself versed in business procedure, etc.

Guess this is just about it for now, Mrs. Lowe. Will be very anxious to hear from you again.

Sincerely,
Dana Dow (Class of '59)

HUSSON GRADUATE PASSES COVETED CPA EXAM

Robert T. Lawrence, Jr., of Hampden, Ma[illegible] sat for the Certified Public Accounting Examination in May here in Maine and passed. He has achieved the coveted goal of all public accountants.

Lawrence is a graduate of Bangor High School, class of 1949. He was a Corporal in the U. S. Army during the Korean Campaign. Upon the close of his service career, he entered Husson College. He received his B.S. in Accounting in June 1958. He was a fine student and had an enviable record at the College. Lawrence is the first man to earn his CPA, who enrolled under the degree program.

Lawrence is currently employed by Haskins and Sells, National CPA firm, and is located in Providence, R. I. Visiting at home recently, he said, "It is a relief not to go home and study every night." This has been his recreation for the past five years.

Lawrence was married on June 21 to Miss Bettie Ann Armstrong of Staunton, Virginia. They took a trip to Maine on their honeymoon. They visited his mother, Mrs. Theo Lawrence of Hampden. His father was the late Robert T. Lawrence of Brewer.

Dear Brad and Swan,

As you can see, we are now living in the South. We got here August 25th.

Dick started work with General Electric July 7th and we were at Utica, New York prior to coming here. Dick had to learn all about the equipment he works with and this is really his new job now. The actual application to his job, that is.

I'm not working and don't plan to for the time being. I may put my name in for substituting though. I'm busy right now cleaning up the house. We have four large rooms, hall and bath. I've managed to get two rooms all cleaned so far. All the rooms, with the exception of the kitchen and bath have hardwood floors.

We will probably be here six to nine months and then I'm hoping we'll be going to a college town. I would like to get started on my master's before very long.

Dick works at Travis Field with the Georgia Air National Guard. So far he likes just fine.

I'm going to miss everyone I worked with last year. It certainly was wonderful experien[illegible] and I loved every minute of it. I'm going [illegible] miss all the kids, too. My favorite class [illegible] teach was bookkeeping.

I received a letter from Janice Burton just before we moved down here. She's looking forward to school. She was a great deal of help to me last year as well as everyone else.

We have a small kitten. We named her Tammy and she ran away Monday morning shortly after we moved here. We called and called but it was no use. I went looking for her Tuesday afternoon and found a woman holding a hose on her. She kept yelling that the cat was mad. I told her she'd be mad too if I turned a hose on her. Bratty aren't I?

If you will let me know how much a subscription to the Ledger is, I'll send you the money. I want to keep in touch with everything.

ALUMNI (Continued)

When does school start? I hope you'll have a successful year with the sororities. I wish I was back at dear old Husson again. It's a fine school. At least I think so, because I found just what I wanted there. I hope when our Class has a reunion years from now, I'll be close enough to attend.

What do you hear from Darthea and Janice? I've lost both their addresses so if you should have them would you please send them to me?

We hoped to get down to camp before leaving, but moving up home and getting ready to go to New York just took too much time.

Give our regards to Mr. Husson and Mrs. Miller and, of course, all the rest. Do write us sometime.

Most sincerely,
Farolyn Wilson Hanscom ('58)

Dear Chief:

The time has once again come when the clamor of student's feet echo around the halls, the time when mass confusion confronts the Freshman, and the arrogant air of the upper classmen seems to push to the front trying to impress the newcomers.

I am now enrolled at Rutgers University, Graduate Division of the School of Business Administration, for the second year, in the hopes that eventually I will obtain my master's degree. My major in this degree will be Management. It may interest you to know that I received straight A's last year in my course of study. I only took one subject (8 hours a week) and that was in Economic Statistics. I feel very proud of this achievement.

Communitywise, I have been elected Associate Director of Publications with the Raritan Valley Chapter of the National Association of Accountants. This was the former National Association of Accountants for which I believe that Mr. Donahue was a member. Also, I have acquired considerable local fame in the field of color movie photography, specializing in movies of weddings. In addition, I have been called upon to splice and edit many home movies. The third, is my golf. Although I have not won any medals, I have advanced to the stage where I can now hit the ball on the first stroke. One of these years, I may be able to get it in the cup!

As for my vocation, I am still with the same company, still with the same job. The job is still interesting and intriguing and seems that it never is the same from month to month. Eventually, and soon I hope, that I will advance to a more responsible job. (I shouldn't say that because this particular job has tremendous responsibilities attached to it.)

What is the progress of the Alumni Association, and of what help may I be? I am just as fervently interested this year as I was last. I still maintain that a good Alumni Association can be of tremendous value to you and your work and I am willing to help in anyway I can to install it (short of a million dollars.)

I received your Spring issue of the Ledger and both my wife and I read every word, especially the Alumni section. For old foggies like myself, that was an exceptional issue, Chief, and I hope that it continues. I am not sure, but I think I still have a couple more issues left on my subscription. If not, would you please advise me on my status, for I do not want to miss a single issue.

We will be in Maine during the Thanksgiving recess, and we both look forward to seeing Mrs. Husson and yourself at that time. I am sure that you will forgive the few typing errors that occurred from time to time in this letter, and I am also sure that Miss Watson would fail me.

I look forward to hearing from you in the near future.

A friend always,
David Huff

Dear Clara,

Will you ever forgive my "tardiness" in saying a grateful thank you for all your help. Everything is coming along fine, and I am fortunate for such a fine schedule.

	Mon	*Tue.*
Per. 1	Bkkg.	Bkkg.
Per. 2	Type. I	Type. I
Per. 3	Type. II	Type. II
Per. 4	Study	Per. Type

Type. II	Type. II	Type. II
Study	Per. Type.	Free
Free	Free	Free
Short. I	Short. I	Short. I
O. Prac.	O. Prac.	O. Prac.

Only wish I had Shorthand a bit earlier but it's better than having Bkkg. at that hour! Get out by 3:00 usually stay until 3:45 anyway. Have been keeping a few in shorthand to help them with brief forms mainly, but I have some very good material in all classes (students).

We have a school cashier and treasurer; however, the cashier banks money, makes out checks and receipts and records all original transactions. The treasurer posts using check stubs and bank statements, keeping running balances in all school activities and accounts. Marilyn (cashier) is very capable and a good worker.

One of my senior bookkeepers, (now in college course) is quite interested in Accounting and Husson. He is very smart (not an extremely serious minded student but smart enough to be able to cope with it) has a good head for bkkg; very popular with students. I have not seen any students who could be considered mean as one sees in many schools. They appear to be very honest regarding testing etc. really a good group with which to work.

Mr. Caswell Wood is the new principal here this year. He and his wife are good friends with my sister Janet (and Ralph). Didn't even know at the time of signing that he was considering coming to B.H.H.S. He was at Island Falls for 7 years or maybe more and did an extremely good job—also had good discipline. Mr. Thurlow has gone to Mass. There are 4 or 5 new teachers in fact this year. Mr. Wood was (or rather is) active in S.P.A.

My rent for school months only is just around the corner from school on street perpendicular to Cottage St. (street that school is on). I have a good sized bedroom, living room and kitchenette and bath with also a little glassed in porch. I have a lovely refrigerator and electric stove (with huge wide oven) and metal (white) sinks.

I did get $3,800 without basketball. However, I find I have Comm. Club or course, supervising of school cashier and treasurer, and each week count and itemize money received for hot lunch. (I get my dinner free for doing that!)

I'm anxious to see you and Brad and "all" at convention, but I'll see you first at Alumni meeting I guess.

We had polio shots today (booster) so didn't have 1½ classes.

"See you next week?"

Love,
Diane Wyman Lutes, 1955

Dear Mrs. Lowe:

My goodness, I'm getting just as slow about answering my mail as some other people I know —ahumm. Seriously, I had intended to write much sooner, but, there hasn't been much worth writing about as my job is pretty much a routine thing.

Perhaps you got wind of a letter I sent to the Chief. That was rather funny. All I intended to write him about was to ask him why Pat had not received her ranks yet and to please send them. However, my French in me got carried away and I *wound* up telling him about my job and D. C. in general.

Well, Mrs. Lowe, have you been thinking of any new names to call my daughter (when she arrives). You better get with it, as come January we'll have to call it something.

Needless to say, you must be glad that Husson is giving birth to another year of new faces and some not so new. I can't begin to tell you how strange it seems not to be going back.

If you people haven't received word yet, Gary is going to be teaching in East Hampton, Conn. this year. He and Marlene have a real nice place there and seem to be enjoying it very much. I guess he had it pretty rough this summer finding work, as there is not much to do in Freeport.

It looks like Maine has seen the last of the Rioux's for a while. Mom and Dad are planning on selling the house and moving south. They want to get another taste of the Connecticut weather. We lived there for a while after I finished High School. Then, most of the family and several relatives, not mentioning other people and friends they have, moved in the vicinity of Hartford and are there now. However, I still have my eye on Maine as "the place I would most like to be *at*."

Lately we have had a considerable change in the weather. We are having a taste of Maine weather and it is very comfortable to say the least. I can only hope that we have had the last of the humid type.

Presently I'm on what is called C. Q. (charge of quarters) in the barracks. I'm in charge of the Army Element until I'm relieved at 7:00 tomorrow morning by another C. Q. This being a weekend, calls for a tour of duty of 24 hours, which gets to be pretty monotonous after the first 12 or so hours. However, it also has equally as many good points, as I get a chance to answer any letters I might have that are too overdue.

Pat and I would like to make the big trip north around Thanksgiving time; but, since the car is now classified as an antique rather than a jewel (in fact it's almost a collector's item dating back to 1948) we hesitate to venture too far with it.

Now that the weather is bearable, we plan to do some sightseeing around our Nation's Capital.

One of our bands played at the celebration of the Russian Premier's arrival. It was one of our best bands and they made quite an impression. Since the premier's arrival, TV has been lousy as nothing but a series of telecasts have been in store for the viewers in the D. C. area. We even had to sacrifice "77 Sunset Strip," which is saying a lot, for one of the "specials."

Well, Mrs. Lowe, since I seem to be rambling on a lot about nothing in particular and since you no doubt have your own TV problems, I'll say so long once more and see who else I can bother. Buy—now and Save.

Love and Kisses,

Johnny

July 22, 1959

Dear Mr. and Mrs. Lowe,

Better late than never, and that is me for sure. My intentions have been good, but there actually haven't been too many spare hours.

I arrived here in time for the year end work so this ol' boy had a lot of reports to prepare. I work in the Budget and Accounting office at Base Headquarters. For a further breakdown, I am the Commissary Accountant. Other "jobs" in the Property Section or Stock Section as it is called, are Medical-Dental; and Base Supply and Clothing Sales. My work is very interesting and I am so pleased to think that I am able to put my accounting background to practical use.

As for the living conditions, I could not ask for any better. I am in the old type barra but it is all remodeled on the inside. Eac floor is fixed with rooms on each side of a center hallway. I have a room with two boys from Texas. As soon as we moved in, bought some varnish and did our floors. T we really fixed the room up—purchased new beige drapes for the two windows; three matching beige rugs for the floor plus a multicolor runner, I guess you would call it; and an aqua table cloth. Also two matching pictures for the wall, and another picture for the wall between the windows. One wall is done in paneling, and the other three are painted a cream color on the top half, and sort of a rose color on the bottom half. There are two chairs to go with our table, plus a floor lamp, and then we bought a wrought iron and blond oak, two shelf table from a Sgt. who was transferred from here.

It sure makes it so much more pleasant to stay in a room when it is fixed up a little, and with three of us, it doesn't cost much.

I was able to go up in the Black Hills a week ago last Sunday and it is really beautiful there. There is a real nice cafeteria and gift shop, if one cares to go and look around there. Just wish I had been hungry, because they had buffalo meat on the menu, but perhaps I can try it some time soon.

After leaving the above place we went to a lake and had a swim. There are three or four lakes quite handy here so one does not have far to go to any one of them.

We plan to attend The Passion Play, which is staged in an outdoor amphitheatre, sometime within the next two weeks. This is supposed to be a very well presented performance, and I know that it was in the Life magazine just before I left to come up here.

My folks and some friends of ours are plannig a trip out here the last of October, so we are all anxious for that time to arrive. I will be going home for about two weeks at Christmas. That is the one time that I really like to be home, when at all possible, so it is very pleasing to know that I will be able to be there.

Enough for me and the surroundings here, now to get to you folks. I suppose, you, Mrs. Lowe, have been busy during summer school I saw in the paper about the classes. (I ceive the Bangor Daily, or Mom and Dad su scribed to it for me.) Have there been new plans for starting of the new college ye

How is everything at Dow, Mr. Lowe? I suppose you have had a lot of vegetables out of your garden, now. Gee, for some of those wonderful strawberries!

My eyes are beginning to get a little hazy so I guess it is time I brought this to a close.

Would enjoy hearing from you whenever you have a few extra minutes, and please give my best regards to everyone at "Husson." I must get busy and write to the Donahues, so if you see them, tell them I will write soon.

Good night for now and I hope you can read this terrible writing.

As ever,

Winston

Student Council

The Husson College Student Council started the year off with several of last year's members returning. Those returning were: Diane Hodgkins, Elaine Roundy, Beverly Govone, Michael Theriault, Lanny Reynolds, Robert Sherman, Don Gardner, Paul Foster Charlotte Turner, James McKay, Janice Day, Robert Theriault, Robert Chandler, Terrance Duffy, Richard Southard, Dean Neal, Sandra Shaw, Rita Morel, Charlene Kelley, Michael Mossler, Richard Martin and Peter Briggs.

One of the major projects of the Student Council this year was to start a drive encouraging all the students in school to have a TB test sponsored by the City of Bangor. To this date there has been an excellent response to this drive as more than half of the students have signed up for this test.

Another project for this year was to take in new members to fill the membership quota of the Council. Students from the Sophomore class have been admitted. They are James Manship, Julian White, Paul Dolson, Patricia Buck, Ronald Willette, George Maxsimic and Keith Grant. Members from the Freshman and Junior classes will be admitted at a later date.

New officers have been elected for this year. Our new President is Dean Neal of Howland. Dean is a Sophomore in the Department of Business Administration. He is also President of the Sophomore Class. John Connor is the Council's new Vice President. John is from Dover-Foxcroft and is a Junior. Janice Day was re-elected Secretary. She is from New Sharon and is a Senior in the Business Education Department. Historian for the year 1959-1960 is Sandra Shaw of Old Town. Sandra is a Sophomore in the Business Education Department. Treasurer this year is James McKay of Bar Harbor. He is enrolled in the Business Administration Department and is a Sophomore this year. Paul Foster has been chosen to serve as Store Manager this year. Paul is a Senior in the Business Administration Department. With this group leading the Council and Mr. Tyler as our adviser we are looking forward to an excellent year.

GLEE CLUB

The Glee Club was organized Wednesday, October 21, under the direction of Mr. William Cupp. We are hoping that many freshman girls and *boys* will take an interest in this organization. We would like to have as many new members as possible.

Anyone who likes to sing and would like to have the opportunity to do so under the supervision of an accomplished musician such as Mr. Cupp, will be welcomed heartily.

DRAMA CLUB

Do you like to show off? Do you enjoy working with a group? Do you like to take part in plays, skits, or speeches? Are you interested in gaining poise, self-confidence, and steady knees when standing in front of an audience?

If you can answer yes to one or more of the above questions and are interested in joining an extra-curricula activity, join the Drama Club.

The Drama Club, led by Mr. Norton, is in the process of being reorganized. They have not yet elected new officers as they are waiting for new members. You may still have a chance to have the honor of holding an office.

You need the club, and the club needs you! Join immediately!

KAPPA DELTA PHI

The home of Mr. Wright was the scene of the first meeting of the Kappa Delta Phi Fraternity on October 1. After the many handshakes and cordial greetings following a "long" summer vacation, a social evening was enjoyed.

The members voted to send a get-well card to Mrs. Clarence Thompson, wife of a Kappa Delta Phi brother. She was stricken with non-paralytic polio during the potato harvesting season. A complete recovery is expected for her.

The "Frat" held a spaghetti supper at the Orrington Grange Hall on October 1 for the new candidates of Kappa Delta Phi. A hearty "thank you" should go to the cooks, Bob Sherman, Lanny Reynolds, Gary Seavey, and salad maker, Richard Moody.

The Fraternity, under the leadership of President Ronnie Geagan and Adviser Mr. Wright, is looking forward to another successful and enjoyable year.

S. E. A.

The SEA started off its year by holding a tea at Mrs. Miller's home during Freshman Week. This was attended by Education Majors and Minors, who brought their Freshman "Little Sisters or Brothers." This was the first successful event of the year for SEA.

During the first weekend in October three officers, President Charles Bears, Vice-President Elaine Roundy, and Secretary Rosalie Green, accompanied by Mrs. Miller went to Swampscott to the New England Educational Convention. While at the convention the Husson students joined with other students from all over New England in discussion groups. They also heard Dr. Rogers, Wisconsin University, and Dr. Benne, Boston University, speak. It was a very delightful and enlightening trip for everyone.

The SEA held their first meeting on October 6. Many new members attended. It is hoped that SEA will grow and become a much larger organization than it has been. SEA is now selling candy as one of their money-making projects.

The SEA will be putting out the yearbook this year. The editorial staff has not been chosen at this time.

Some of the SEA members are planning to attend the State Convention, which is being held in Lewiston on October 29.

SEA has many plans for this year and are looking forward to a very successful year.

Mu Sigma Chi

The officers of Mu Sigma Chi Fraternity for the 1959-1960 school year are:

President .....George Dyer
Vice President .....Louis Albert
Secretary .....Robert Chandler
Treasurer .....Frank Ackley
Asst. Secretary .....James Picard
Sergeant-at-Arms .....Roland Gray
Marshal .....Charles Feck
Chaplain .....Robert Crane
Public Relations Officer.....Richard Ray
Parliamentarian and Sudent Council Representative .....Richard Pelletier

To close the 1959 school year successfully, a lobster feed was held at EASTCO on May 22 with Bob Good and his committee of Andre White, Tom Welch, and Alan Smith preparing an excellent feed.

The Hamlin Award, an annual presentation to the outstanding male senior by the Fraternity, was presented to Linwood Norton of Caribou, a graduate of the Accounting Department.

The membership was sorry to lose Mr. Albert Spain, our faculty adviser. The Fraternity voted and presented him with an honorary membership. His successor is Mr. Chesley Husson, Jr., who was afforded a welcome by the members.

To start the new school year successfully, a hamburger outing was held at EASTCO on September 29 with the chairman, Louis Albert, and his committee of Earl Libby and Reginald Cote doing an excellent job on the "burgers and fixings."

A social get-together with 60 prospective candidates for the 1959 initiations is planned for Tuesday, October 27.

The Fraternity is presently discussing "going National" and it seems that most of the members are in favor. An Investigating Committee with Bob Good, Bob Hart, and Bob Chandler is busy checking the pros and cons. Other discussions include the purchasing or leasing of a Frat House.

The remainder of the year is planned for several outings, the colorful Christmas Ball, and last, but not least, the fabulous Fraternity Frolics with the Sweetheart of Mu Sigma Chi contest.

ETE members will begin wearing their Sorority jackets the first Monday in November. The Sophomore members are now being measured for their jackets and will be sporting them very soon.

With The Faculty

Husson College is proud of its faculty and wishes to make note of accomplishments, educational conferences, special jobs, etc. We like to keep friends and students interested in the folks whom they meet daily in the classroom.

Mr. Wright is a working man this semester. He is carrying a full load at Husson. His Sales class was so large, he had to divide it! He is teaching two USAFI courses at Dow and attending an evening class at the University. He is working on his Post-Master's Degree at Maine. He started his thirty hours this summer.

JAMES L. WRIGHT

Miss Watson was awarded her Master's degree at Maine August 14, 1959. She conducted her teen-age typing class at Husson. She also presented a workshop on Mimeographing the last week in June. Miss Watson recently visited New Rochelle High School during Teachers Convention. (She wanted to sit down on Times Square in New York City and watch the people passing by!)

THELMA M. WATSON

Mr. Tyler was on the Husson Faculty this summer. He attended Maine, carrying a normal load of six hours. He has been very busy with the Sophomore Class, which is in charge of the "Beanie Parade". Friday, October 19, found Mr. Tyler addressing all the Bangor High School students on the subject of "What Is Expected of the College Freshman."

JOHN TYLER

Mrs. Muriel Sanford, Orono, is head librarian. Mr. and Mrs. Sanford are expecting a baby in early spring.

Added to our staff this year is Mrs. Earl Merriman. Mrs. Merriman comes in part of each day and is learning the routine.

Miss Patricia Bailey is student assistant to Mrs. Sanford and Mrs. Merriman.

The Husson students are finding that there is much valuable reference material; all the leading magazines, both popular and educational are available. Visit the reading room sometime.

MURIEL A. SANFORD

Mr. Merrill spent part of his summer visiting prospective Husson students. The month of August found him knee deep in blueberries. He has just finished painting the Bradford-Swan residence on Ohio Street. He is worrying about Basketball and his stiff schedule. The Varsity will travel to Massachusetts and Vermont for out-of-state competition this year.

DELMONT N. MERRILL

Mr. Lebrun has been living at the cottage at Webb Pond this summer and commuting to Hampden. The Lebruns have a new home and held open house for the faculty and administration on Sunday, October 25. (His ulcers have stood up under this pressure very well.) He also has been filling in at the Maine Security Commission.

EDMOND J. LEBRUN

Miss Kinney received her Master's degree from Boston University June 6, 1959. This summer she joined the teaching staff at Dow Air Base and is still teaching there. Girls' Basketball practice has started and Miss Kinney's spare moments are taken up—there are none!

JANET L. KINNEY

Mr. Husson, Jr. attended Maine this summer, beginning work on his Master's degree. He is teaching at Dow. Recently President Husson appointed his number one son to the position of Director of the Dow Air Base program.

CHESLEY H. HUSSON, JR.

Mr. and Mrs. Edward Carroll are the proud parents of a son, born in September. Mr. Carroll has been doing work on his Master's program in the Bangor Library. He is conducting a class in Ac 10 at Dow Air Base. He has taken over J. V. Basketball and the Men's Athletic Association.

EDWARD J. CARROLL

MILDRED M. BRADFORD

Miss Bradford spent her summer cooking for and entertaining all the numerous guests she entertained at Green Lake. She is now busy with her many shorthand classes. She has called out the Cheerleaders and they will be busy till the first game. Miss Bradford had trouble getting a taxi in Times Square at midnight!
