Joy R. Twomey

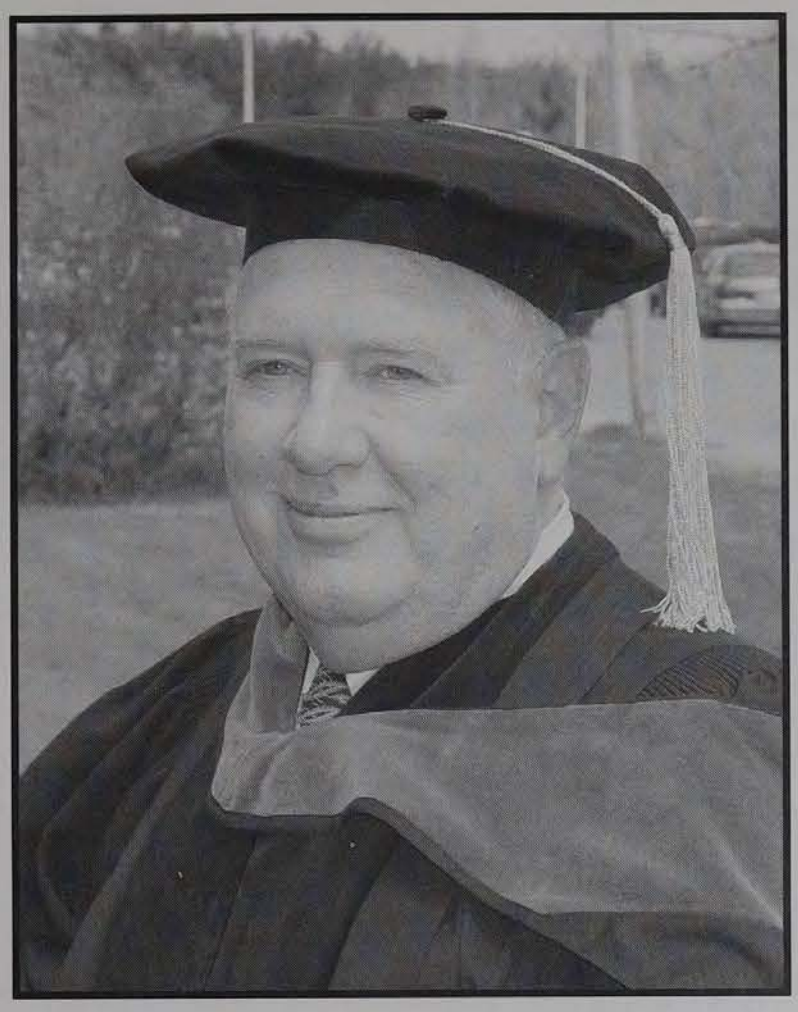

Dedication

The 2003 Senior Class and The Chieftain Yearbook are pleased to announce the dedication of this year's book to Joy Twomey, a former long-time Accounting Professor here at Husson. Joy has left our community, but still visits from time to time for graduations, events and festivities, further demonstrating her loyalty and passion lasting over the past decade. She graduated from Dickinson College in Carlisle, PA, and then traveled north to Boston, MA to pursue a Masters Degree in Accounting at Northeastern University. She completed her M.S. Degree in Accounting in 1986 — graduating 4th in her class. During her time at Husson, she developed special bonds with students, faculty and staff that will last a lifetime.

Student Tabitha Bard, states, "I never had a professor who was excited about having more office hours. She was always willing to help at any time; and we loved her stories about her son Josh."

Good luck, Joy! We will miss you and your family.

The President's Message to the Graduates

Dear 2003 Graduates:

Congratulations on your graduation and best wishes for the years ahead.

As time goes by you will find that many of your closest friends will emerge from this college experience. The lifelong professional skills that you have gained will help you make a living and a difference while the liberal arts courses, college life, and activities should add quality to your lives.

Your degree also sets you apart and makes you one of a small minority of citizens of the world who hold a college degree. With this knowledge and unique status you also have the ability and responsibility to make a difference.

I also welcome you to the family of 12,000 Husson alumni who live across the world. May Husson remain a meaningful part of your life.

Sincerely,

William H. Beardsley

After this event of a partially lifelike incident, I know for sure that it will make anyone think again before getting behind the wheel of a car if they have been drinking or even in a car with someone else who has been drinking. It's your life and the lives of those around you at risk when you drink and drive.

Friend To Remember

The smile on your face
Is what keeps me alive
I know that you cherish
Me to be by your side

The way that you listen
When I am stuck in a rut
Helps me understand
The friend that I've got.

So no matter the distance
From near or so far
I'll always remember
Just who you are.

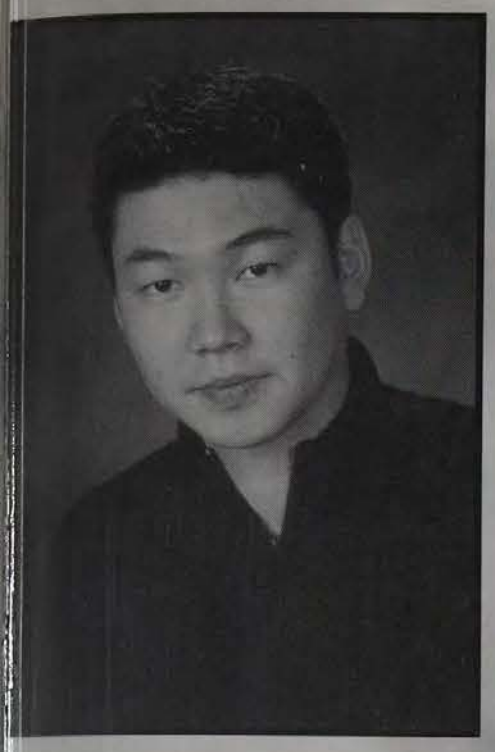

You are the one that I cherish
The one I won't forget
From the memories we've shared
To the people we've met.

But things aren't yet finished
We haven't done that much
So to continue what we've got
We must stay in touch.

It's clean. It's safe. It's reliable.

It's ***natural*** gas.

Clean. When you choose natural gas to energize your home or business, you breathe cleaner air because natural gas burns cleaner, releasing fewer pollutants into the environment.

Safe. When you choose natural gas, you know it's safe. There's no risk of electric shock, or worry about hazardous carbon monoxide levels. And, unlike propane, natural gas is lighter than air, so it dissipates quickly and harmlessly into the atmosphere.

Reliable. When you use natural gas, you won't run out—and you won't have to worry about tanks, storms or delivery trucks. And, since it's piped from North American reservoirs you don't have to be as dependent on foreign oil for your energy.

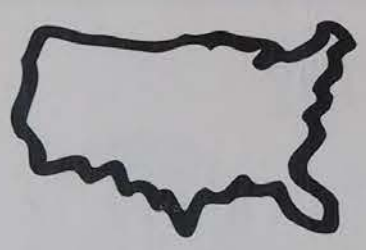

What could be better?

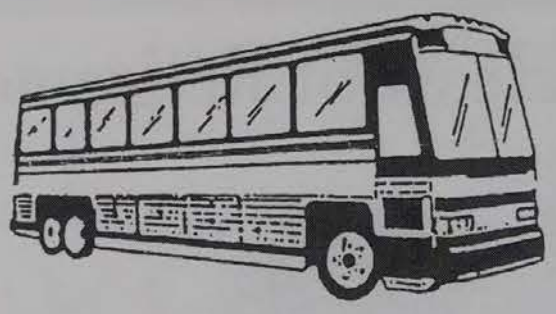

Become part of the pipeline.
