TRAFFIC COMMISSION MEETS

FEES REDUCED

by Art Rubin

The Husson College Traffic Commission met these past few weeks to devise and revise the traffic systems and regulations here on campus. Since auto registration and parking regulations affect everyone at Husson, it was felt a commission made of students, faculty, administrators and general employees be employed as to comply with the overall needs of the Husson community. This year's commission members are as follows: Arthur Rubin, Steven Jacques, Mrs. Webster, Mr. Lebrun, Mr. More, Mr. Eisenhardt and Mrs. Towsend.

The first order on the agenda was the parking registration fee. It was felt that the five dollar registration fee was unjust; thus it was reduced to one dollar. This amount is payable by all people who use a motor vehicle on or to and from campus. Those people who have already registered their autos will have their account credited. Those who are not returning next semester and have a paid balance with the college will be paid four dollars by the college as will employees of the college who have paid the five dollar fee. Those of us who have not paid the registration fee, can do so Nov. 4, 5, and 6 in the student services office.

Next on the agenda is parking around the circle. It was felt by the commission that the best way to insure two way traffic around the circle and to relieve congestion in front of Peabody Hall was to limit parking around the circle to the inside of the circle starting from the end of the Faculty Parking Lot going counter clockwise past the Gym to the Bus stop by the exit (this is shown on the map by the marked area). There will also be NO parking on Kugen Drive (the road behind the dorms).

Regulation of the parking lots is next. Resident student parking is in the lots in back of the three dorms. This lot is to be used by all resident students and their guests.

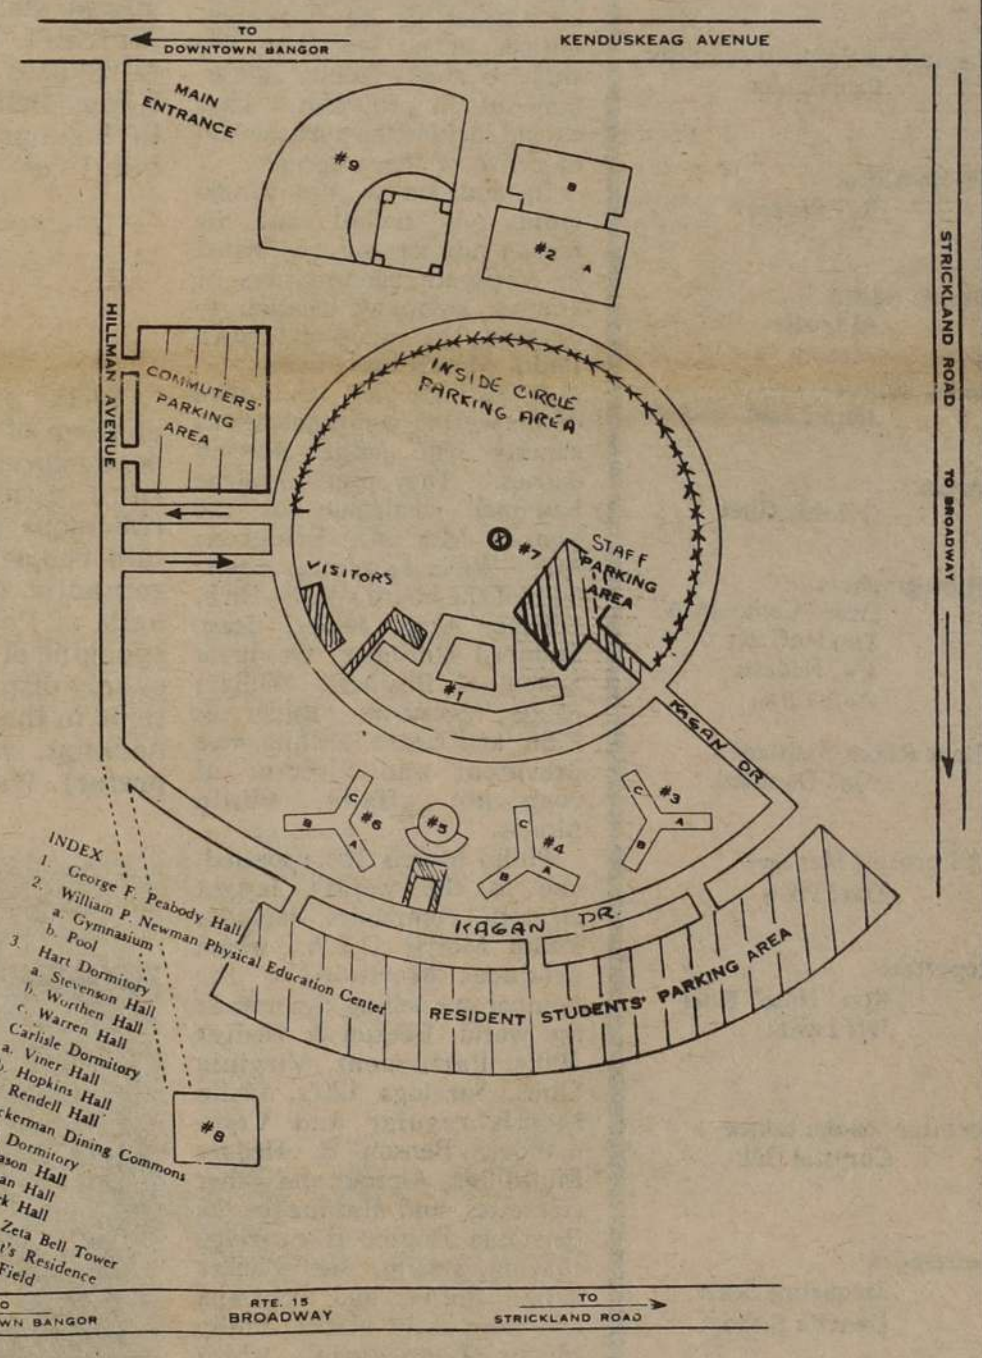

Commuter parking is in the lot off Hillman Ave. and is to be used by commuters.

The Faculty Staff parking lot is reserved Monday thru Friday from 7:30 a.m. to 5:00 p.m. for the use of Faculty and Staff. Special permission would be given by the vehicle office to individuals who might need to park in this lot due to health reasons.

The visitor parking area is for visitors from the hours of 8 a.m. to 5 p.m. Monday thru Friday.

The Central Receiving parking area has 6 spaces reserved for the Maine Terminal Dept. and 6 spaces utilized by designated administrative staff.

Letters to the Editor or Loser of the Week is a column open to all readers to express their opinion on topics of college interest. Views on items expressed will be uncensored but must meet standards on: libel, clarity and foul language continued in each column.

The Spectator is a student financed and operated weekly newspaper. It is distributed every Friday of each week. The deadline for all copy is Sunday 7:00 PM of the week of publication.

PHILIP MORRIS TO GIVE $1,000 IN GRANTS

NEW YORK, N.Y. -- Philip Morris Incorporated has announced its seventh annual Marketing/Communications Competition for College students, with the winners to receive a $1,000 grant from the company. Entries may treat any aspect of the broad area of marketing/communications related to Philip Morris Incorporated, its operating companies or any of its non-tobacco products.

The purpose of the program is to provide students with a practical and realistic project, bringing them into direct contact with the business community. Student chapters of professional societies, regular classes or ad hoc committees of no less than five students and a faculty advisor may submit proposals. They should include the purpose and objective of the program.

In addition to the $1,000 grant, two students and the faculty advisor will be invited to corporate headquarters or another company location to discuss the proposal with Philip Morris executives.

A distinguished committee of marketing/communications experts will judge selected entries. They are: Eugene Kummel, chairman of the board, McCann Erickson; Mary Wells Lawrence, chairman of the board, Wells, Rich, Greene; Arjay Miller, dean, Stanford University Graduate School of Business; William Ruder, president, Ruder & Finn; and James Bowling, vice president and director of corporate affairs, Philip Morris.

Philip Morris Incorporated, one of the world's largest cigarette companies, includes Philip Morris U.S.A., which produces Marlboro -- the number one selling cigarette in the world, Benson & Hedges 100's, Parliament, Virginia Slims, Saratoga 120's, Philip Morris regular and Commander, Benson & Hedges Multifilter, Alpine, and other cigarettes, and also makes the Personna Double II cartridge shaving system, the Flicker ladies' shaver, and Personna and Gem razor blades; Philip Morris International, which manufactures and markets the company's products through affiliates and licensees abroad and exports cigarettes and beer around the world; Miller Brewing Company, brewers of Miller High Life and Lite brands; Philip Morris Industrial, which makes chemicals, paper, and packaging materials; and Mission Viejo Company, a new community development and home building concern.

For additional information, please contact the Communications Department, Philip Morris Incorporated, 100 Park Avenue, New York, New York 10017.

LETTERS TO THE EDITOR:

"PLEDGE & PLAY?"

Editors note: The opinions of the letters submitted are not necessarily those posed by the Spectator. We are open to receive any comment concerning materials published in each issue.

I don't really know how to begin this letter, nor do I think the newspaper will print it anyway.

I was just thinking that it's too bad for a student who comes to Husson in his freshman year who is good at and wishes to play soccer can't. Why? Because he refuses to listen when Kappa Delta Phi whispers in his ear, "Pledge and play" or "Don't pledge and don't play".

If you think this is a lot of bull, look at the team. This deprives a student and a talented athlete of his own free will. I'd like to congratulate Bill Munley for keeping his independence, but I wonder if the "TEAM" would make it difficult on him if he was to choose to pledge a different fraternity besides Kappa. As for my nomination for "Loser of the Year" and I do mean "year", I think it should be Tim Vanidestine, a former, or soon to be former brother of Phi Theta Pi.

In a way I feel sorry for and in another way, proud of the freshman soccer players who decided not to pledge Kappa. Too bad they will never see a soccer ball. It would seem the coaches would try to put an end to this bullshit, but they too are Kappa brothers. Maybe, in recruiting soccer players, it should be stated that you must pledge and belong to a fraternity in which all soccer players must belong.

I came here last year to learn, have a good time, and play soccer. I decided not to pledge Kappa and they know what they can do with their soccer ball.

BEEN THERE!

X-RATED

This past week a number of students have been expressing their feelings concerning the ridiculous actions of certain people showing their romantic desires in the halls of Peabody. We are speaking of the people who openly display their affections in the halls (or their necking, whichever you prefer). We feel that it is disrespectful and immature, and it makes us feel as if we are walking down the halls of a junior high school instead of those in Husson College!

We feel that these actions are very embarrassing to those of us who become the "spectators." It puts some of us in very awkward positions when we turn the corner or go to enter a classroom and are suddenly faced with "passionate love scenes". Such showing of affections should be limited to the privacy of one's own room — not displayed in Peabody!

So, Romeo and Juliet, please confine it to your own room!

Signed,
"Embarrassed Spectators"

Editorial

TOO DRY?

Tired of waking up with trench mouth, or sick of your once fully bloomed and sprouting "plants" wither away because your room is too dry? Through the cooperation of the Dining Commons and maintenance department humidifiers are now available to all students. These humidifiers consist of a painted number ten can. This may seem like the most ridiculous thing you've ever heard of, but this can works surprisingly well when kept filled with water and placed over the radiator in your room. Cans may be obtained from each maintenance man in your dorm.

"Loser of the Week"

This week's article is dedicated to yet, another "Loser".

I want to express my "thanks" to whoever snapped off my car antenna sometime during the week of Oct. 20. All I want to know is this: if it was an accident, just let me know. I am not going to ask you to pay for it, I wouldn't even be upset!! But if it was an act of vandalism for no apparent reason then you upset me and I will make every effort to find out who you are.

Bill Bermer

New Constitution Now Available

Fellow Students:

Copies of the New Husson College Student Government Constitution are now available in the Student Government Office. This Constitution was passed last spring and we have been quite busy this fall implementing it. This is the reason we have been a bit slow in bringing you activities this fall. We are in the process of setting up a complete system of Government because in recent past there was not an adequate one. Please pick up this important document and take time to read it, because it pertains to you — the student.

If you have any questions, ideas, or complaints please bring them to the Student Government Office or to the Student Senate meetings. As the official representative body of students here at Husson, it is our duty to serve the students' interests and we are trying our best to serve you well.

We look forward to hearing your remarks.

The Husson College
Student Government

FRESHMEN HOLD FIRST CLASS MEETING

The first freshmen class meeting was held in the Kominsky Auditorium, Wednesday, October 22, at 6:30 p.m. All officers were present, Mike Muksian, president; Tony Decondo, vice-president; Peggy Pelletier, secretary; and Debbie Day, treasurer.

The turnout was not too bad considering there was a fraternity soccer game and a few Rushes. Forty-one freshmen were present.

Ron Noel from the Student Senate, was present at this meeting. He encouraged the Freshman class to go to the Senate Meetings. Ron would like ideas from the freshman class about the Candle Light Dinner and the Halloween Party.

What was stressed the most during the meeting was "class spirit". Bill Berner, a freshman, spoke out and said that the freshmen did not have spirit because too many people are afraid to speak out and say what they want to say.

Many activities were mentioned from individuals at the meeting on what we could do throughout the year.

A Freshman Class Committee was then formed. There are 16 students on this committee, consisting of: Bill Berner, Ray Prezlack, Robert Doxle, Jill Holden, Jean Paradise, Sue Skinner, Mark Brewer, Norm Prevost, Jim Vollkommer, Lee Surridge, James Brewer, Becky Bickford, Pam Warner, Lyn Dickey, Jill Porter, and Alison Grey.

The Freshman Class advisor, Mr. Weymouth, showed up at the end of the meeting. He gave examples and discussed events with Mike which take place during the year and what we could do to have a good freshman class.

The meeting was adjourned at 7:00.

Secretary
Peggy Pelletier

FROM THE PRESIDENTS PAD

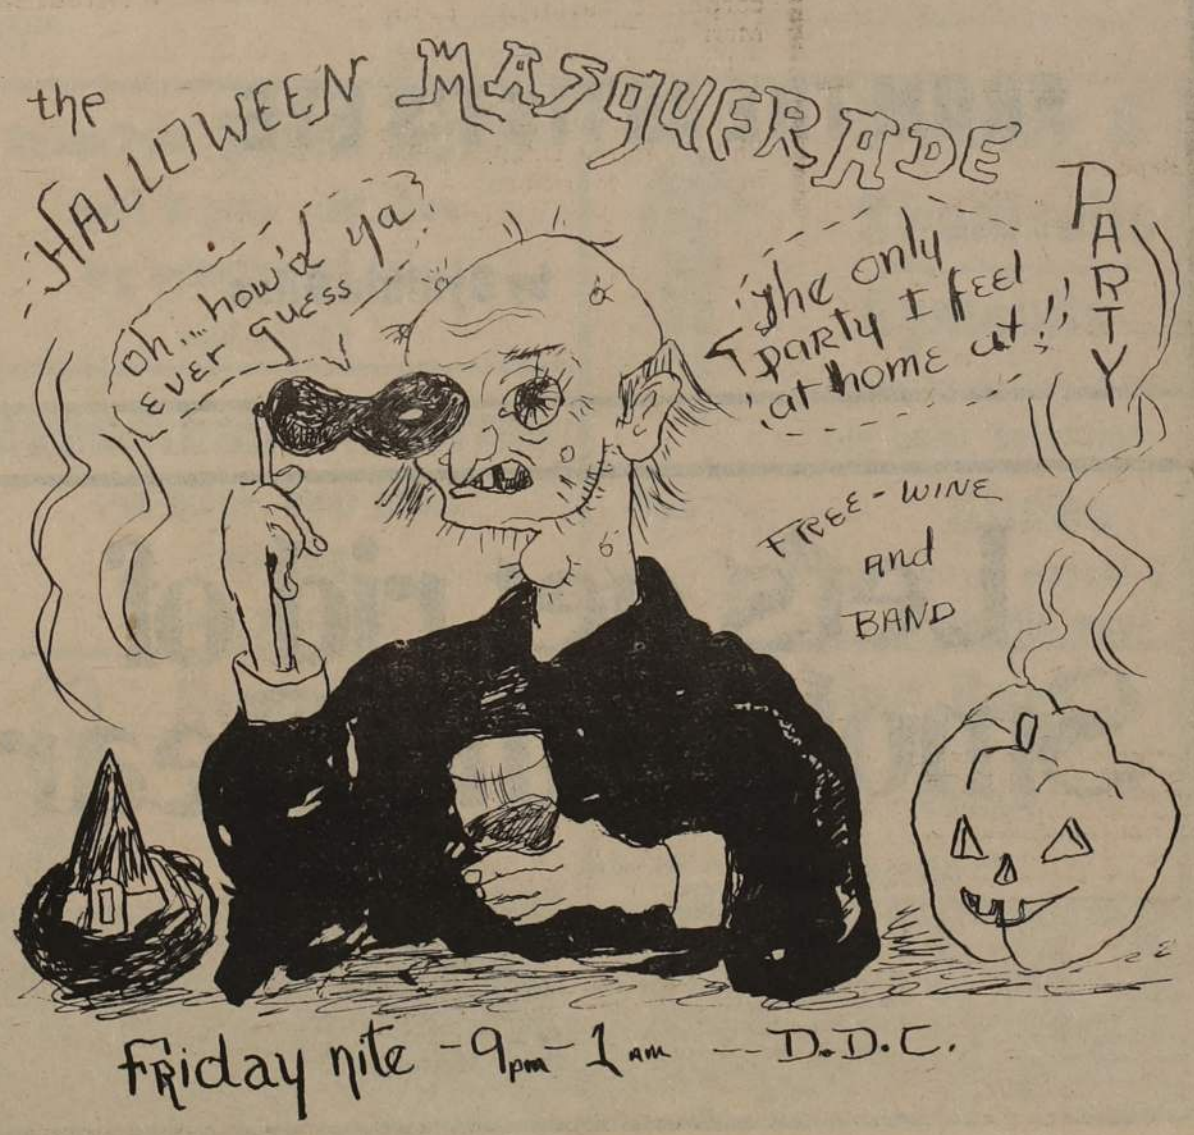

Last Friday we had our Fall Meeting of the Board of Trustees of Husson College at which meeting the Board reviewed the operating results for the first quarter, namely the period beginning July 1st and ending September 30th, 1975. This review focused on comparing actual results (revenues and expenditures) with those estimated in the preparation of the budget. The comparison was a favorable one in that most of the figures were well on target with the totals showing positive margins.

However, there are certain areas which will continue to require our constant vigilance. The cost of heating is one of them. With the price of fuel ever increasing, unnecessary heat losses can be an added expenditure that could draw funds from other areas. We in the administration are working to develop every means to save on fuel and yet at the same time to provide all the warmth we need for comfort and health.

It is in such an area not only where you can help us but also where your cooperation is essential. Now that the cold weather is again upon us, outside doors must be tightly closed and windows not left open. If you see any leaks due to faulty operation of doors or broken windows, bring them to our attention and **action will be taken**.

Another area of potential savings is in the use of electricity. With the shorter days of winter here to stay awhile, our light bills will necessarily increase, but we can all cooperate to keep them under control. The answer is a simple one: do not leave lights burning in an empty room. It just takes a little thoughtfulness at the time of leaving.

Again, if we all continue to work together, there is no problem on campus which we cannot solve. The foregoing statement is a challenging one to make, but ours is a challenging job.

OUTING CLUB

The members of the Outing Club ventured to Benedicta, Maine last weekend. We planned to go hiking on Mount Katahdin, but when we got up on Saturday (the morning after), we found that it was snowing. We ended up in Lincoln, Maine so we could try our hand at bowling and pool. The whole weekend was an experience that everyone agreed that you'd have to be there to actually believe it. A good time was had by all!!!

The Outing Club is planning a three day weekend trip on The Bluenose Ferry to Nova Scotia. This will take place second semester.

Why not come to our meetings and get acquainted with us? Our meetings are held every Wednesday, 6 p.m. in room f-142.

Special thanks go to Sandra Pratt for allowing The Outing Club to use her parent's camp.

TOO TO MANY EXAMS!

On October 7th the Greek Council submitted a Memo to Dr. Charles Sullivan regarding exam scheduling. The letter was also distributed to the members of the Academic Committee. The letter was discussed and some sort of agreement was made at this meeting. The following letters are the initial memo and its reply.

Memo to: Dr. Charles Sullivan
From: Husson College Greek Council
Date: October 7, 1975
Subject: Exam Scheduling

In the past few weeks there have been some problems concerning exam scheduling as far as the students point of view. Just recently and in the past there have been three or more exams given on the same day. Ex: On Oct. 1, exams were given by the Accounting department, Science department, and the Math department, with the Accounting department giving two. It seems that there should be a way in which the departments themselves should be able to coordinate an exam schedule so that there are not more than two exams given on the same day.

We, as you, are concerned with the academic performance of the students here at Husson College, and we cannot see how something like this can be in the best interest of the individual students' performance.

The Council realizes that you as Academic Vice-President cannot force the implementation of a policy of this nature onto the professors of this college, but it would be greatly appreciated if you would relay the feelings of this representative body to the department heads, and get their feelings on this problem and how it might be solved. Thank you for your time and interest in this matter.

Philip Harriman
President Greek Council

Brad Meehan
Vice-Pres. Greek Council

Jeffrey Vermette
Sec. Greek Council

Mike Prive
Treas. Greek Council

To: Phillip Harriman, Brad Meehan, Jeffrey Vermette and Mike Prive
From: Dr. Charles M. Sullivan, Academic Dean
Subject: Exam Scheduling
Date: October 21, 1975

I presented your memo of October 7, 1975, to the members of the Academic Committee on Tuesday, October 14.

The reason that some students have multiple exam days is because the students elect schedules with five courses meeting on Monday, Wednesday, and Friday. Since it is difficult — if not impossible — to coordinate nonadministratively scheduled exams, multiple examination days result.

The following suggestions were offered to ameliorate the situation:

1. The Registrar should schedule more classes on Tuesday and Thursday next semester thereby reducing the possibility of multiple exam days.

2. All faculty should be requested by department heads to hand out tentative exam schedules at the beginning of each semester for each course that they are teaching.

(Cont. Pg. 5)

FROM THE ARTIST'S EYE

by Cynthia Giles

Let's get rid of Smokey the Bear

He'd love to go back and be a normal old bear again.

And if anyone deserves retirement, Smokey does.

Since he's been wagging fingers, the number of forest fires in America has been cut in half.

But millions of acres of trees still burned down last year.

And 90% of the fires were started by the same people who have been hearing "Only you can prevent forest fires" for 26 years.

We've got to get rid of all those deaf yahoos before we think about putting Smokey out to peaceful pastures.

OUTLANDISH!

George Carlin
An evening with Wally Londo featuring Bill Slaszo

Carlin's fifth album is a typical Carlin album with his usual outlandish topics. Noted is the fact that his mother has already approved a half-dozen of these LP raps for public broadcast without fear of judicial recriminations: "New News," "Mental Hotfoots," "Baseball-Football," "Religious Lift," "Radio Dial," and "Y' Ever." The remaining 8 selections will separate the men from the boys with a variety of comic impertinences: Intercontinental Flight Paranoia ("High on the Plane"), adolescent nostalgia ("Teenage Masturbation"), gastrointestinal indelicacies ("Bodily Functions") Monikers ("For Names' Sake"), the color gap ("Flesh Colored Band-Aids"), and God's will ("Religious Lift"), to name a few. At the end of 1975, as Carlin again finds himself embroiled in the controversy of radio censorship - this album's emergence is critically important. If you like Carlin's crude approach on the satire of life this album is meant for you.

NOT DEAD YET

Life isn't dead yet.

Life Magazine . . . which was published between 1936 and 1972 . . . has come out with a spellbinding photographic cavalcade of Hollywood, its stars and its movies. Reviewers say it's destined to repose on hundreds of thousands of America's living room coffee tables.

Among the outstanding journalistic photographers represented are Philippe Halsman, Peter Stackpole, Bob Landry, John Florea, Don Ornitz and perhaps the most distinguished of them all, Alfred Eisenstaedt(Ighs'-ehn-stedt).

The 304-page picture book titled "Life Goes to the Movies" is a procession of all the stars worthy of the title, plus starlets, heavies, weirdos and the rest of the Hollywood cast from D.W. Griffith to Raquel Welch.

All of the 772 photographs appeared in Life during its 36-year lifespan.

David Scherman, who began at Life as a glorified office boy and who served as a senior editor at its demise, produced the spectacular tome. He says he's the only person who worked for Life from the time of its inception until it ceased publicatin.

Scherman and the revered Eisenstaedt . . . not unlike a pair of Life pallbearers . . . traveled west recently to hustle the book in Hollywood where it has found a warm reception.

"Life Goes to the Movies" is costly . . . $19.95. But there was an advance printing of 100,000 copies with 200,000 more in the works.

Of Life's 1,864 editions, movie people appeared on 250 covers. Leading the parade was Elizabeth Taylor with 11. Inside the covers Taylor's likeness appears no fewer than 37 times, followed by Spencer Tracy with 28 pictures.

Scherman thinks the most famous photograph in the book is one of Judy Garland and Mickey Rooney taken in 1963 when Judy was reviving her career in a musical television series.

The haunting, world-weary visages of the two former child stars will forever remain an indictment of exploitation of children in show biz.

EXAMS

(Continued from Pg. 4

3. Each student will be responsible for checking his exam schedules for possible triple or quadruple exam days and reporting the same to his major department head for early resolution.

4. Whenever administrative resolution is impossible, the student should present the problem to the individual teachers involved for resolution.

Hennessey appointed chairperson

Pamela Hennessey has recently been appointed State Basketball Chairperson for the Maine Association of Physical Education and Intercollegiate Athletics for Women (MPEIAW). This newly formed committee is designed to direct competition of all women's basketball at the college level in Maine.

Miss Hennessey has been with Husson for seven years. In that time she has taught health and physical education; directed women's athletics, aquatics, and intramural programs; and coached varsity softball and basketball. Several basketball clinics have been conducted by Miss Hennessey, and she has participated in numerous athletic committees. She is now Director of Women's Athletics and head coach for the women's basketball team at Husson.

Miss Hennessey has attained her Bachelor's, Master's, and Certificate of Advanced Study degrees in physical education from the University of Maine at Orono. Also Miss Hennessey is presently chairperson of the Eastern Maine Board of Women's Basketball Coaches and Officials.

In terms of sponsorship, basketball is the biggest sport under the establishment of the MPEIAW Association. With her considerable amount of background in basketball, Miss Hennessey should be an asset to the MPEIAW Association.

by Lori Hale

TRAFFIC COMMISSION

(Continued From Pg. 1)

Parking behind the D.D.C. is reserved for employees of the Dining Commons with Faculty-Staff stickers ONLY.

Other rules and regulations set by the Commission are listed in the Husson College Student Handbook 1975-76. It is urged that each operator of a motor vehicle get a copy, so you can check these rules and see the fines for breaking these rules and regulations.

We realize that the fines are stiff and a towing charge even a larger amount to pay but if you park in the designated areas you'll have nothing to fear.

Remember ignorance is no excuse! All Regulations go into effect Nov. 10, 1975.

The Traffic Commission

Amendment to Section III A(19)

"Accumulation of over $30.00 in fines, other than for "no registration", obtained within a twelve month period (whether paid or not) may result in automatic suspension of the operator's privilege of operating or parking of a motor vehicle on campus for 90 days, and, therefore, become liable for automatic tow. A letter acknowledging such a suspension, or further violations after the suspension is effected, will be sent to the appropriate Dean or Supervisor of the person involved as well as the person, him- or herself.

GREEK NEWS

ΔΣΔ

Hello everyone from the Sisters of Delta! Hope everyone is into pledging as we are. This year's pledges are Jennifer Lawrence, Gloria Chapman, Jo-Ellen Lancaster, Linda Marquis, Lisa Noyes, Michelle Wood, and Linda Mathews. They are small in number, but they are a rowdy group. Right girls?!?

The lounge is finally being touched up. It is in its final stages now. Wednesday we got our bar and we've been painting the walls. It looks really great!

We are all quite proud of Sister Hedy for being nominated to Who's Who.

Hedy, you seem to be having the giggles lately. How come? Welcome back, Brother Luke! Hope you enjoyed your visit! Peanut Gallery retains their title in the football games. Spades . . . well, who knows! Karen, Karen, quite contrary, how does your garden grow?

Good luck to all fellow Greeks with their Pledge classes. We hope everyone makes it.

Until next week . . . Smile and be happy!!

The Sisters of
Delta Sigma Delta

Pledging is now in full swing. We would like to introduce the 1975 Kappa Lambda Pledge class. They are Cathy Allen, Janet Allen, Janet Berard, Vicki Boyd, Beth Cianchette, Karen Cianchette, Cathy Counts, Judy Cox, Debbie Darcy, Sharon Fuller, Michelle Gendron, Lynn Grinnell, April Hanington, Loanne Ladd, Debbie Louvat, Bev McDougold, Sue McLennan, Nikki Molloy, Bev Oulette, Jill Porter, Stella Ryant, Debbie Shea, Pam Simpson, and Dianne Wentworth. It's a long hard climb girls, but keep your chins up, it's worth it.

Congratulations to the Braves on two more victories this past week. We hope you play as well during the finals as you did all year.

A little reminder to everyone not to forget the Student Senate Hallowe'en party this Friday night. It's always more fun when everyone takes part.

Until next week: "What we obtain too cheap we esteem too lightly; it is dearness that gives everything its value."

ΚΛ

The Brothers would like to wish all of the students leaving this Harvard of the North on the upcoming weekend the best of times while they are home.

In our second intramural soccer game, the brothers played hard and beat TEP by a score of 6-0. Goals were scored by brothers Dana Motta, Bob Stevenson and Jeff Corey. Kappa now plays the undefeated Driftwood team on Tuesday.

On the Husson soccer scene, the team won both of the games they played this past week. Husson beat Unity 10-0 and Thomas 7-0. Both games were away and now the team comes home to finish out their season with games against Machias and Thomas. Good luck now and in the playoffs.

Pledging started this past week. Our program is starting out with 21 pledges. We wish those and the rest of the pledges of the fraternities and sororities on campus the best of luck in the upcoming events.

Due to the fact that many brothers left Maine via I-95 last weekend there isn't much news left to write. "So until next time," as the old Husson saying goes, "Keep your head high and your suitcase packed."

P.S. Hacker — "Kevin, I'm not through with you yet!"

ΚΔΦ

TKE wishes all the students striving to become Greeks the best of luck. It's that time of year again. The men going through new member training this semester are: Scott Turesky, Andover, Mass.; Scott Spohrer, Newburgh, Me.; Chip Laite, Camden, Me.; Glendon Fyfe, Montreal, Canada; Paul Freeman, Warwick, R.I.; Paul Kenney, Brooks, Me.; Alan Miller, Boothbay, Me.; Mark Brewer, Boothbay Harbor, Me.; Bob Allen, Bangor, Me.; Tom Philbrick, Orono, Me.; Tony Decondo, Ringwood, N.J.; Raymond Prezlock, Somerset, N.J.; Dan Dolloff, Damariscotta, Mr.; Lenard Duffy, Bangor, Me; and Ron Noel, Salem, Mass.

Congratulations, Husson Braves on your 8-0 victory over Thomas — great game. TKE picked up two victories this past week in intramural soccer. After a favorable protest on our first game with MEX, we came back to a penalty and Pete Richard cinched us the tie breaker. In our game against PHI 8-4 the scoring came from Ken (Don't hit me there) Johnson and Phil Harriman each with two goals.

The Order of Diana held their interview night Tuesday — Good luck to all those girls who attended. Frater Harry Fraser came up for a visit this weekend with his new bride Linda. Good to see you Harry.

For the second big week in a row separation was not possible between Ken Johnson and the TKE Troll.

TKE

ΜΣΧ

Welcome to pledging! The next 5 weeks should be very entertaining. Our pledge crew this year consists of a few Ta-Ber-Nacs; Guildo Cyr, Bob Babin, Pete Sirios, and Dean Saucier, an Irish derelict, Tim McMahon, a county boy, Terry Weeks, soldier boy, Terry Gilbert and last but not least the "Hen" Scott Henderson.

Indoor soccer found us up on the losing end with TKE 2-1 in overtime. I suppose there's always next year.

This weekend some of the gang decided to venture into no man's land, Lewiston, Maine. It was mostly a sightseeing trip to such-sites as Pete's, Disco, Berts, the Blue Goose and other fine monuments.

A pat on the back goes to the soccer team on the slight trouncing given to Thomas 8-0. Let's hang tough in the playoffs and go all the way this year.

That just about wraps it up at the Heartbreak "Hotel" for this week.

ETE

Hello again from 9th level Carlisle.

It's that time of year again for all Greeks, and ETE would like to wish the best of luck to all you pledges. Don't worry, time flies when you're having a good time. And I'm sure all you pledges will be having a good time.

The World Series culminated as a big disappointment for a lot as on the floor with Cincinnati "walking" away with the game. There were a few, however, Boof and Miller, that tilted a few brews for the Reds down the lounge at Dana Wilson's Disco night.

A lot of the other Husson inmates got loose this weekend, leaving the rest of us to party amongst ourselves. Despite the small number, we managed to have a good time — quieter, but good. As a result, a lot of rooms got a taste of home decorating. First constructive weekend we had in a long time.

Halloween is Friday and we hope to see a good turnout of ghosts and goblins at the free bee in the Dining Commons. Word has it there'll be a supply of wine and ginger ale for a change of pace. That'll give you pledges the chance to look out for your big brothers or sisters by supplying some potent mixers, and we don't mean cheese! See you there. Have fun and remember "all things shall come to pass."

The Sisters of ETE

BIKE - CENTENNIAL 1976

Be a leader of our nation's Bicentennial celebration. Bikecentennial is seeking 1400 leaders to run the inaugural tours in 1976 of the first Trans-America Bicycle Trail. Leaders will receive food, lodging, and normal tour services as well as a small daily expense allowance, all part of an adventure of a lifetime.

Over 50 courses will be offered at four major training centers in Oregon, Colorado, the MidWest and the Mid-Atlantic regions. The seven-day sessions include classroom and field instruction in bicycling technique, safety, repair, group dynamics, touring and special bike and camping skills and first aid. In addition to the training centers, courses will be held at Pt. Reyes, N. California; Missoula, Montana; and in New England from April 10 through 16, 1976. Cost, including food, lodging, instruction, books and materials, is $75.00.

BIKECENTENNIAL, a non-profit, charitable organization, is sponsoring the tours varying in length from 12 to 82 days, covering up to 4,500 miles of America's most historic and scenic regions. The establishment of the Trail marks the beginning of a long term commitment by Bikecentennial to develop a network of long distance bicycle trails criss-crossing the U.S.

SPORTS PROFILE

BILL MUNLEY BY Al Levitz

This week sports profile features the goalie of the Husson Braves, Bill Munley. Munley, a sophomore from Trenton, New Jersey, is a good example of what hard work and dedication will do.

Last year Bill came to Husson and was the third string goalie and whenever he went into the ballgame he really looked unsure of himself and out of place. But Bill stayed with it and worked hard all year and it paid off for both Bill and the team. In the middle of the season, the first string goalie, John Silvera, was injured and Bill took over, and looked good. And as the games went by, Bill got better and better and finally was handed the first string job.

This year Bill has looked like an All-American goalie. Whenever he is on the field he is always the leader, always talking to his teammates, giving instructions, cheering them on, and thanking them for all the help he receives.

This year, Bill has not been called on to make many saves, but when he has to, he makes them all. This year in 14 games, Bill has 5 shutouts and 3 more if you count the games in which he came out without giving up a score. His goals against average for the year is .5.

So as long as Bill stays healthy and remains here for his next two years, the picture for Husson as far as goalie goes is a pleasant one.

Husson Romps By Thomas 7 - 0

On Thursday of last week, the Braves traveled to Waterville, to take on the Terriers of Thomas College and came away with their 5th shut-out and their 13th win of the season, by the score of 7-0.

In a game that was dominated by the Husson offense, the Braves' first score came on a pretty play, when freshman Mike Fulcher kicked the ball away from the Thomas goalie and set up Gabe DeCastor. From that point on it was all Husson, as they got other scores from Harry DeCastro, Mike Fulcher, Ted Green, and 2 more from Gabe.

In a game such as this one, the Husson defense was not called on that much, but when they were, they were there and did the job. Goalie Bill Monley was called on to make only one real tough save on a break, stood ground until the last possible second and then went out and kicked the ball away for a real big save. Another person who played one of his best games as a Brave, was freshman Tim Potvin, who was all over the field stopping any possible scoring attack. Tim played a great game but had a lot of help from his friends, the other defensive players on the Husson team.

The only sore spot in the game came in the second half when a fight between players from Thomas and a Husson player broke out. It's a real shame when a real good game is forgotten because of a fight that takes place on the field.

By the time this paper comes out the Braves will have played the University of Maine-Machias and the possibility that the N.C.C. South division will already have been clinched is a real one. The Braves end their regular season on Saturday, Nov. 1, when they meet Thomas here for a return match. It should be exciting and then it's on to the playoffs for the Braves. Good Luck!
