Preview for 2004-2005

Husson College enters its second year as a member of the North Atlantic Conference (NAC) seeking their first NAC title. The Eagles finished second in NAC play a year ago with an overall record of 16-11 and a record of 13-5 in conference. The Men's Basketball program has established a winning tradition over the last 36 years winning 73% of their games with an overall record of 747-265. The Eagles have made a habit out of winning conference championships, winning seven conference titles in the last 11 years ('94, '95, '97, '99, '00, '01 & '03). Husson's conference record over the last 11 years has been 124-23 (49-8 over the last four years), winning 84% of their games in conference.

Coach Caruso begins his 21st year on the Husson Campus and his 11th year as Head Coach. Coach Caruso has an overall record of 202-91 and the program has won six conference championships under his reign. Prior to being named Head Coach he mentored as an assistant under Bruce MacGregor for six years during which the program won four championships.

Last season was a "rebuilding year" for the Eagles whose roster consisted of only two seniors. The 2004-2005 Eagles have only three upperclassmen, but look for this version of the Eagles to live up to expectations and contend for a title.

Husson lost two pieces of the puzzle to graduation last year, seniors Dwayne Ailey (Howell, NJ) and Scott Cunningham (Glenburn, ME). Ailey was a member of the Second Team All-NAC a year ago. He led the team in scoring and assists with 16.2 points and 4.5 assists. Cunningham used his eligibility in the first semester, averaging 8.4 points in seven games. Cunningham has joined the Eagles coaching staff for the 2004-2005 season.

The Eagles return four starters from last season, including three upperclassmen: senior Jeff White (Etna, ME) and juniors Buddy Leavitt (Guilford, ME) and Phil White (Temple Hills, MD). Jeff White had a solid year last season, averaging 7.7 points and 4.2 rebounds per game, after transferring from the University of Southern Maine. He is a solid defender who does a lot of little things on the floor which don't always show up in the box score. Leavitt, a 6'6 forward, is a deadly long range shooter who averaged double figures in scoring last season with 13.2 points per game along with 6 rebounds. Look for Leavitt to find some balance in his game as he looks to give the Eagles a greater low post presence. 6'4 forward Phil White returns as the leading rebounder from last season with 7.3 per game along with 12.3 points per game. He provides the Eagles with good intensity due to his hard nose play inside.

The three upperclassmen will be a big presence on the floor and their guidance and leadership will be vital to the success of the program this season.

The Sophomore Class will play a big role in getting the Eagles back on track. 6'2 guard Billy Beauregard (Ware, MA) is a returning starter and the team's leading shooter from a year ago. Beauregard averaged 11.8 points while shooting 39.6% from the arch and 73.7% from the foul line. He recorded 10 3-pointers against Mount Ida in a game last season. Look for 6'4 forward Tyler Muzzy (Greenville, ME) to have a break out year. Muzzy sat out the first semester last season and broke his foot after being back only five games. In that five game stretch he averaged 12 points and 10 rebounds. Muzzy is a solid athlete who can play both inside and out. 6'1 guard Micah Grant (Winslow, ME) had a solid year last season averaging 5.7 points and 3 rebounds. Grant started six games in 2003-2004, but primarily came off the bench as the sixth man. Two other sophomores also look to contribute for the Eagles this season. 5'9 guard Brian Little (Ticonderoga, NY) and 6'6 center Joe Footer (Calais, ME) both transferred into the program last year. Little will battle for playing time at the point guard position, while Footer will look to help fill the void in the paint area.

Seven first-year players appear on the Eagles roster, led by 6'0 point guard Andy Frost (Brewer, ME). Frost was a Second Team All-Maine selection his senior year and was named to the McDonald's All-Star Team. 6'3 forward Nick Henry (Penobscot, ME) is a red-shirt freshman who sat out last season with a torn ACL. Henry guided George Stevens Academy to a Class C State Championship in 2003. 6'2 guard Sheraud Lee (Bridgeport, CT) comes to Husson from one of the top high school programs in Connecticut, Kolbe Cathedral High School. Lee guided Kolbe Cathedral to a Class S Connecticut State Championship in 2004. Devan Philbrick (Corinth, ME), a 6'3 forward, was a 1,000 point scorer at Highview Christian Academy. Rounding out the class of 2008 are 6'0 guard Jon Miller (Bridgeport, CT) and 5'11 guard Brian Clark (Bangor, ME).

Husson begins its second year in the NAC with an automatic birth to the NCAA III National Tournament on the line. The Eagles are in search of their eighth conference title in 12 years and the roster has the necessary personnel to make a run for a NAC title. Look for the team to come into form in late January when the young talent makes the adjustment to the college level and for the Eagles to do some damage in the NAC.

Coach Warren Caruso

Coach Caruso was born and raised in Bangor, Maine. He enjoys being a part of the community where he grew up, went to school, works and is raising his family with his wife Nicole. Coach Caruso and Nicole meet at Bangor High School where they both excelled in sports. Nicole was a part of the swim team that won three straight State Championships and was a member of the track team where she was part of an All American relay team. Coach Caruso excelled in cross country, track, and basketball. During his senior year he was named Athlete of the Year for his athletic accomplishments. Coach Caruso and Nicole were best friends in high school and started dating in 1983. They got married on September 29, 1990. Nicole works at the Eddington Post Office and part time at the restaurants. Nicole and Warren have two children, Nathan Richard Caruso born February 29, 1996 and Luke Ballard Caruso born March 23, 2001. Together they share a love for the Husson College Basketball program which they have been a part of for 21 years.

Coach Caruso came to Husson in 1984 and begins his 21st year on campus. He has seen the program from almost all angles; as a freshman he appeared in only 13 game but he worked his way through the system and as a senior he was named captain and averaged 14 points per game. While finishing school in 1989 head coach Bruce MacGregor invited Coach Caruso to join the staff, an opportunity he quickly accepted. Coach Caruso would spend six years as Coach MacGregor's assistant. During that time coach's responsibilities focused on recruiting, game preparation, and practices. The program made four trips to the NAIA National Tournament in those six years. The experience and knowledge gained while working under legendary Coach MacGregor (526 career wins) is extremely valuable today and helps make Coach Caruso's teams successful. Coach Caruso's love for the basketball program comes from his hard work as a player and assistant to help make the program successful. This hard work and love helped Coach Caruso to be named head coach in 1994.

Coach Caruso begins his 11th year as head coach with an overall record of 202-92. He has guided his teams to six trips to the NAIA National Tournament. There has been many big wins over the years, one came in 1999 when the Braves defeated Embry-Riddle University 89-75, Embry-Riddle went on to be NAIA National Champions. The most memorable win for Coach Caruso came in 1996 when Husson upset NCAA Div. 1 University of Maine 73-72. Everyone who was at the game will remember Chris Funk's 3-pointer through the net with 7 seconds left to give the Eagles the win.

A 1989 graduate of Husson, Caruso earned a B.S. Public Accounting. In 2003, Caruso finished his graduate work and earned a Master's of Science in Business. In addition to his work at Husson, Caruso has run a family business since 1981 and took over complete operations of Dana's Grill in 1988 from his father Richard. Dana's Grill is Bangor's oldest restaurant opening in 1938. Coach Caruso and Nicole opened a second location in Hampden in 1990. From 1997 to 2002 they opened a third location at 290 State Street in Bangor. The Hamdpen location still operates seasonally.

Coach Caruso believes in education, to date 28 out of 30 of his seniors have graduated. Coach also feels that knowledge is gained through life experiences. Each year the Eagles travel throughout the United States competing with some of the best NAIA and NCAA basketball programs in the country. Over the last 11 years the program has traveled to Florida (4 times), California, Idaho (4 times), Canada (3 times), Arizona (twice), Missouri (3 times) and all over the northeast regions. This year's trips include New York City and San Francisco for 2005-2006,

In addition to his coaching duties on campus, Coach is the Associate Athletic Director. He has been member of the National Association of Basketball Coaches since 1983. Coach Caruso is the former

president of the Maine Basketball Coaches and Writers Association, an organization that serves college basketball in the state of Maine. Coach is also the Co-director of the Northeast Basketball school, a summer camp for younger players and started up Husson Hoops; a series of fundamental clinics at Husson College for area youth.

Career -
Tyler had a frustrating start to his college career. He red-shirted during his first year at Husson and last year was ready to return to action after sitting out the first semester. During his first 5 games he averaged 12 points and 12 rebounds before breaking his foot. Now he is healthy and ready to have a break out season. Tyler is Greenville High School's all-time leading scorer and during his senior season he was named to the McDonald's All-Star Team and 3rd Team All-Maine. Tyler is the Eagles best athlete with the ability to score in a lot of different ways.

Coach Caruso's Comments:
"Tyler is a very gifted player who has the ability to beat teams in a lot of different ways. He is a great athlete with very good basketball skills. Look for Tyler to have a break out season and emerge as one of the best players in the conference."

Career -
Micah is coming off a good first year campaign at Husson. He played his role well and made a good adjustment to the college level. In high school, Micah led Winslow High School to a Class B State Championship. He was named a McDonald's All-Star and was a 3rd Team All-Maine selection. Micah brings a blue collar work ethic to the program and plays within himself doing all the little things that make the team better.

Coach Caruso's Comments:
"We were very pleased with Micah's progress last season and he worked very hard this summer to improve. Micah does a lot of little things that do not appear in the box score, but make a difference in winning close games. Look for Micah to become a leader in the program as his good judgment and strong will are traits which help the team play at a higher level."

Eagles' Graduates

At Husson College, the men's basketball program has had its fair share of success on the hardwood. A great deal of time and hard work has gone into those achievements, but our basketball achievements would never outweigh our accomplishments in the classroom. Over the last 31 years, 92% (88-99) of the student athletes who participated in their last year of playing or eligibility have graduated with degrees from Husson. Most of these men have gone to be business and community leaders.

Degrasse and Kenyon Awards

Each year two awards are given to male basketball players. These awards are very important to our program. They are the Nelson Degrasse Award and the Allan Kenyon Basketball Scholarship. The Nelson Degrasse Award is given to an individual for his athletic ability, courage and good sportsmanship. The award has been given since 1969, and as the award states, "its aim is to keep alive in the minds of those who follow, the immortal image of a great American. We, who remain, proudly present our everlasting tribute to those whose standards can equal those of Nelson Degrasse." Micah Grant becomes the first freshman to ever receive the award. During Micah first year with the program he earned the trust and respect from his team mates, opponents, and coaches. He had a solid year on the court and was a great influence on those around him off the court.

An annual award has been presented since 1978, to the male basketball player who best exemplifies former Assistant Coach Allan Kenyon's dedication and love for Husson College Basketball. The award was conceived in the emergency room at Eastern Maine Medical Center while Coach Kenyon's wife Linda and Coach MacGregor waited for word on an extremely sick Coach Kenyon. As Coach passed away that evening the scholarship grew rapidly from donations given by friends of the very popular Coach. Coach Kenyon coached during some of the most successful years for the Braves and his caring nature, sense of humor, and teaching ability left a mark on the program that will also be appreciated and remembered through this scholarship. Today the scholarship is just an award due to NCAA regulations. Jeff White was this year recipient of the Allan Kenyan Award. Jeff had a strong influence on the program in his first year after transferring in from U. Southern Maine. The foundation Jeff help lay in 2003 will result in greater success in the coming year.

Durost Team Award 2003

A new award was created in 2000 for the Men's Basketball Program. The award is The "Durost" Team Award. The award's name is given in honor of Brad Durost '99 and Jeremy Durost '97 who both spent four years in the program. Throughout the years, the success of the Eagles has always been about "team work," no two people have ever brought a better understanding of that philosophy to the Men's Basketball program then Brad and Jeremy. For this we forever honor their understanding of this philosophy with this award.

Jeremey and Brad are the epitome of "team player". Their constant positive attitude towards their teammates, the basketball program, and Husson College will never be forgotten by those who played with them. The impact their attitude made on all of those around them can not be measured by numbers but it did make each individual on the teams they played on better players. The Husson College Men's Basketball Program is forever better because of the six years Brad and Jeremy spent with the program. They are the standard that others after them will be measured by as "team players". They were always on the right page: "ALL TOGETHER ALL TOGETHER BETTER."

The 2003 Durost Team Award was given to Senior Scott Cunningham. Scott is one of the finest individuals to come through Husson College. Throughout his career he was a "team player" in every regard. He payed his dues and earned a starting position his senior year. But a error in his eligibility prevent him from playing the second semester. It was at this point the Scott's character shined. Through his great character and belief in God he finished what he had started, despite great personal disappointment he put the program first. Scott joined the coaching staff and was at practice everyday and never missed a team function despite not being able to put on a uniform. No one has every paid a greater sacrifice for the program as Scott had to pay last season and he did so with character, honor, and integrity.

Men's Basketball 2003 Trip to Phoenix, AZ

Over the past 10 years the Men's Basketball team has taken a trip to help with team chemistry. The trip also serves as a way to advance the student-athletes cultural understanding of other parts of the United States. Last season the Eagles traveled to Phoenix, AZ to take part in the Trip Sports Classic held at Grand Canyon University. They played Saint Johns University, MN and Monclair State, NJ; two very good NCAA III programs.

While in Arizona, the Eagles had an opportunity to see a Phoenix Suns game, travel to Sedona, and attend the Fiesta Bowl New Year's Eve Celebration. While at the Suns game, the players received a behind the scenes tour of the American West Arena. This was the program's second trip to Phoenix; the Eagles traveled to The Trip Sports Classic back in 1999.

The Eagles plan to travel to New York City in 2004-2005 to play Lehman College. While in NYC, the team will spend a day in the city and tour Ground Zero and Time Square. In the past Husson has traveled to Los Angeles, CA, Bosie, ID, Canton, OH, Daytona Beach, FL (3), and Orlando, FL (2).

Welcome to Governor's

A Most Unusual Restaurant

Back in 1960, the sliding window at a little ice cream take-out was slid open for the first time. Owned and operated by Leith & Donna Wadleigh, "Creemee's" came into existence. The original idea was to sell ice cream year round. But, as is the case with many "great" ideas in Maine, the reality of what effect winter would have came to roost on the Wadleigh's little stand with the first snow. So, for the first two years, "Creemee's" was open and serving terrific ice cream from Mother's Day until the end of October.

At the end of two years, a sit-down lunch counter was added and then, to ensure year-round employment, the Wadleigh's opened a full service restaurant with a dining room and waitresses. Of course, with all the changes taking place, Leith & Donna thought a new name would be in order. Now Leith could remember how to build the best hamburger in town, and recite the ingredients of his famous strawberry pie in his sleep, but remembering customers names was something else. All of the regulars were greeted with *"Hi ya Governor!"* Seeing as it was the customers who really made the restaurant what it was, Leith & Donna decided to name the new restaurant in honor of all those folks...thus, "Governor's" was born.

Over the past thirty years or so, "Governor's" has grown to four restaurants, all with the primary goal of providing good wholesome food in a family dining atmosphere at prices a family *could afford.*

Since the first "Governor's" opened, the Wadleighs have gone the extra step to insure their homemade pies, cakes, bread and rolls are the tastiest and freshest available (our bakers start each day at four in the morning), and making sure the "Daily Specials" truly are *special.* Thanks for making "Governor's" what it is today, and enjoy your meal!
