Husson Dining Services one of "The Best in the Business"

Husson College's Dining Services have been receiving a lot of media coverage the last couple of weeks. They were covered by the major news networks. In Monday's edition of the Bangor Daily News there was a story about them. All of this coverage comes as a result of a lot of hard work by both the administration and staff of the Dining Commons.

The Husson College Dining Services was recognized by the National Association of College and University Food Services (NACUFS) as one of "the best in the business." They were chosen as one of five colleges along with Kansas State University, Rochester Institute of Technology, Ashland University, and the University of Pennsylvania. Husson was chosen because of the success it has had in making the college a part of the local community.

Mike San Antonio, the Director of Dining Services at Husson, was very proud to be recognized as one of "the best in the business." He also said, "this recognition is a reflection of a commitment to quality on the part of the institution. This achievement shows that even a small private college in the backwaters of New England can make a significant contribution."

Dean of Student Affairs, John Rubino said "The Dining Services has served the college community in ways that transcend the traditional role of food service on campus." A Husson College press release said, "Being a small college, the dining service personnel have the opportunity to develop a relationship with students and staff. Members of the dining services staff serve as student mentors and as advisors for student organizations. In 1993, the department took over management of all the college's athletic concessions which gives the staff the opportunity to interact with the college community and local community members as well."

NACUFS focused its attention on the efforts of the Dining Service beyond the student population. Reaching out to the local community, they also provide services for a variety of events on campus, ranging from buffet breakfasts for the college's Business Breakfast speaker series, to the special salmon luncheon prepared this fall for the visiting delegation from the Amori prefecture in Japan. They also provide meals once a week for residents at River House, a senior housing facility in Old Town.

For the past few years, the Dining Service has given local high school students the chance to work with them and learn the food service business as part of a special educational program. That same experience extends to college students as well, including students from Eastern Maine Technical College.

The Dining Service is working on ideas for numerous new programs. One that looks very promising and will be going into effect soon is donating leftover food to Manna Inc. Manna Inc. runs a soup kitchen to feed the homeless and the poor. It is programs like this that make this Husson College Dining Service one of "the best in the business."

Faith Forum Comes to Husson

Husson College will be sponsoring a new discussion series entitled Spirituality, Religion, and Me. The series will be presented by Reverand Robert Carlson, Husson Chaplin, and minister of the East Orrington Congregational Church. The series is non denominational and will be in an informal setting. The first scheduled series "The Quest...Who am I? Why am I here?, and Where am I going?" will be Tuesday, February 7, in 305 Peabody Hall from 2:30-4 p.m. The rest of the sessions will follow every Tuesday for the remainder of the semester. If this time is not convienent for you and you would like to attend the class please contact Reverand Bob. The series is a continuing series, but each individual session can stand on its own so people will benefit from any number of the sessions they attend.

This is Reverand Bob's first year at Husson, and everyone is exicted about him joining the staff. He is here to try to raise issues and start discussions about the spiritual side of life, and what role that plays in all of our lives. This discussion series is just the first step toward helping all of us better understand ourselves, and better understand the world around us. His office is located in the Student Activities Office in Peabody Hall, room 132. Reverand Bob will be available for appointments, and has office hours on campus every Friday Afternoon. He would like everyone to know that he is available anytime and everyone should feel comfortable to stop by or call at 941-7128 anytime.

Husson College Smoke Free?

by Rob Ranquist

Students came back to Husson college this semester to a totally smoke-free environment. This new policy has caused a lot of controversy and made a lot of students very unhappy. There are a lot of mixed emotions on the new policy between students and the staff. Some staff members who don't smoke still don't agree with the policy and even students who don't smoke are putting up a big fuss.

The new smoking policy simply states that there is to be absolutely no smoking in the dorms. Not even in the students own "home environment", their dorm rooms. Obviously those students who smoke feel their rights are being violated and are very unhappy about it. A lot of students are even ignoring it and still smoking right in their rooms. They are not going to give up without a fight and that's very clear.

The big surprise is the reaction coming from students who don't smoke, and that of some staff members. One student who used to smoke but quit said, "It's wrong. Even though I don't smoke anymore, I used to. I know what it's like, and I know how I would feel." Even a lot of students who don't smoke and never have feel the same way. The majority of the RA's don't even agree with the new policy and some of them even refuse it as long as students stay in their rooms with the cigarettes.

There are also some of the non-smokers who support the new policy. One non-smoker said, "I used to live next door to a smoker and I hated waking up to the smell of cigarette smoke. It would drift into my room and it was very sickening." Linda Jenkins, Director of Health Services, says from a health standpoint that she supports the new policy very much. The second hand smoke is just as bad or worse than the initial smoke and she feels that those people who are sensitive to smoke or have asthma should not have to be subjected to it. She also feels that with the new policy in effect maybe it will encourage some of the smokers to quit.

With all of these different feelings for the new policy, it's hard to say how long it will be around. All we do know is that it's here now, and in effect. How well it's working and how much people are following it are two totally different questions.

Husson Women Tied for First Place

The Husson Womens Basketball team played the University of Maine at Farmington at the Newman Gymnasium last Tuesday night in an incredible battle for first place. Led by their head coach "Kissy" Walker the women made an impressive display and became tied for first place with St. Josephs College.

Husson came out strong with a quick 6-0 run. Everything went their way the first half, and the women had a solid 48-33 lead at halftime. However, UMF came out strong in the second half. The UMF women in the first five minutes went on a 13-3 run. With only 5:30 left on the clock Husson only led 62-60. They quickly got their heads together however and started playing like the team that started the game. By going on a big run they finished off UMF 82-69, and improved their record to a very impressive 15-4.

All of the women played a great game and made valuable contributions. Stacy Hafford was the high scorer for Husson with 22 points. Tara Leavitt also contributed with 17 points and an outstanding 12 rebounds.

Head coach Kissy Walker says that a lot of her teams success is based on the fact that all of the players have really stepped their game up this year. Last year they were a young team with no seniors, so all of the women returning are coming back with a lot of experience.

The Braves have played in a number of tournaments and a number of the players have been named to different All- Tourney teams. Among these players are Stacy Hafford, Tracy Parker, Tara Leavitt, Steph Shaw, and Sue Ann Allen. This is a team with a lot of depth, and that makes for a successful team.

Another big change for this team is that in the past the Braves have been a second half team, and against some of the bigger and tougher teams this is not a good situation. As they showed against UMF they can do just as well in the first half, and they are even more devastating then.

Xavier Joyner firing one for three points. In Tuesday nights action Joyner added 15 points to their winning score including three back-to-back three pointers.

Jefferson leads Husson Braves to victory against UMF

First year coach Warren Caruso led the Husson Mens Basketball Team against their conference rivals, University of Maine at Farmington. The men made an impressive display with great teamwork and many spectacular fast breaks. The combination of these gave them a very impressive victory.

The Husson men jumped out to a quick 12-2 lead in the first three minutes. After six minutes the score had been quickly evened up. Not letting the pressure threaten them, Husson again went on an impressive spree. They led the game 53-36 at half-time.

Husson kept the second half just as exciting. They rolled on with numerous fast breaks. One included a solo dunk by Brian Alley, and another dunk by Jimmy Watkins when Tony Tobin left the ball hanging in front of the rim for him. These great plays and many more led the Husson men to a 102-78 win.

After the game, first year coach Warren Caruso stated his happiness with the team and with Bryan Jefferson who is averaging 13 points a game and had 25 in this match up. Also, Tony Tobin had 13 points, Xavier Joyner had 15 points, Rick Sinclair had 16 points, and Obadiah Johnson had nine rebounds.

The men improved their record to 15-6, however they are not yet ranked in any polls. Hopefully however in this weeks polls they will be ranked, having previously defeated two top ranked teams.

Coach Caruso says the reason for the team getting off to a slow start was because they are a very young team, however now they are starting to come together. He says the transition of a new coach wasn't bad at all and in fact went very smoothly.

Coach Caruso also stated that this was going to be a strong team to contend with next year. "Everyone is real healthy and playing really well. We also have some positive outlook on recruits, and we have a very solid nucleus coming back."

Bryan Jefferson going up strong to the hoop during previous game action against St. Thomas Aquinas. In Tuesday's game Jefferson had an impressive 25 points making him the lead scorer.

Cracker Jacks

By Nancy Heigh

He was just an old wino. Once you have seen a few of them you can tell by a glance, even a quick glance through a dirty, car window as you read a road map, if a person is a wino or not. He was.

He was wearing a suit jacket and slacks matched only in that they were both thread bare and to large for his slight frame. Partially visible from under his slacks was a pair of scuffed, but possibly at one time, brown shoes. This entire outfit looked as if they were the gift of some benevolent society more concerned with a persons next life than his present one. He was coming from the store with the "ABC-Off" sign in the window, in that peculiar staggering rocking shuffle a man going nowhere uses to get himself there.

But that surest of all signs was the brown paper sack with the top rolled up and clutched tightly by his fingers and hugged close to his chest by his forearm. The fingers and the arm would both have to be broken before he gave up that sack and its contents.

Then anticipation became to much for him and he slowly unclenched his fingers and opened the sack. Fumblingly, he opened the bottle; now he was ready for that first long awaited drink. But he didn't raise the bottle that was in the sack to his mouth.

Slowly with arthritic fingers he took something from the sack and ate it. His face filled with the delight every young child has when they eat the same thing.

Applications for Presidential Guides are now available!

Applications for students who would like to become presidential guides may be picked up in the Admissions Office. There are several openings in the organization to be filled.

Some of the duties of the Presidential guides are to give tours to visitors and prospective students, answer questions related to college life, academics, etc., express your positive experience while you have been at Husson College, and attend Admissions functions for recruiting students.

There are several advantages to being a Presidential Guide. It looks good on your resume and it gives you experience in meeting and working with the public.

If you are interested in becoming a guide, stop by the Admissions Office and pick up an application.

Husson Players Performs "Best Half Foot Forward"

On Wednesday December 7, 1994 at 7 p.m. in Kominsky Auditorium the Husson Players put on a one act play by Peter Tolan called Best Half Food Forward. There was a great turnout. A good number of faculty, staff, and students filled Kominsky Auditorium. The cast consisted of Richard Carlson as Dave, Jeremy Noessel as Peter, Michael Roy as Patrick, and Leonard Lamoreau as Martin. The play was very humorous and everyone had a good time. The Husson Players would like to thank Dean Rubino, Mike San Antonio, and Julie Green for her advice, help and support. Also we would like to thank the New England School of Broadcasting for providing the lighting and we would like to thank our advisor Shelby Monroe. The play was about four men in their late twenties who go on a week long vacation to a cabin located in the wilds of New Hampshire. The play shows the four men, who are going a little stir crazy, at the end of their vacation. The play shows the men discussing their insecurites, their friendship and their lives culminating in an outrageous act of competition. In February the Husson Players are putting on a play entitled "Stay Carl Stay" which will also be a humorous play. Thank you to everyone who turned out for the Players first performance. We look forward to seeing you at our next production.

TAU KAPPA EPSILON

The Brothers would like to welcome back all Husson Faculty, Staff, and Students. We hope your vacations and holidays were all you hoped for.

The Brothers of TKE were actually quite busy over their winter vacations. Last minute preparations and arrangements for the Fraternity's Annual Downeast Big Brother/Big Sister TKE Tourney had to be made. However, the loss of time during our vacations will have truly been worth it on January 28. This day of "fun" basketball for area underpriviledged children has become a major event for the kids and the fraternity.

Once again welcome back; have a great semester and don't forget to stop by the TKE floor.

The Brothers of
TAU KAPPA EPSILON

EPSILON TAU EPSILON

Welcome back! We hope everyone had a restful break. We are returning to our hectic routines. We have been busy doing fundraisers and community service. We are planning to do more community service at Ross Manner nursing home twice a week.

Thank you to all who attended our RUSH, and good luck to all of the Spring pledges!

Mu Sigma Chi

Hey, how's it going guys. Hope everyone had a great vacation and are all just chipper to be back at Husson! The brothers of Mu Sigma Chi would like to extend a thank you to those who attended our RUSH. Here's a list of active brothers that would be free to answer any questions or concerns you might have about our RUSH.

Matt Gilbert	Bill Rumery
Chris Agri	Yukihisa Matsumoto
Charles Pierce	Jason Morton
James Durfee	Darren Hanselpacker
Jeff Fabiano	Nathan Fenders

For those who weren't able to attend the RUSH Tuesday night, feel free to come up to the floor any time they want to speak with any active brother. Thanks again to everyone who attended.

Sincerely, The Brothers of

DELTA SIGMA DELTA

Delta would like to welcome everyone back to a new semester. Our Christmas bizarre was a great success. We would like to thank everyone for their support. On Thursday, January 19th, we hosted a pizza/movie night in our lounge. Our formal RUSH was Tuesday, January 24th Kominsky. We had a great turnout; thank you to all who attended. For information on any of our upcoming events, please see any DELTA Sister. We hope everyone has a great semester and a great 1995!

KAPPA LAMBDA

Welcome back!! First of all we would like to congratulate Richard Collenburg of Bangor who won the Oil Raffle we did before break.

The Sisters of Kappa have been busy since we returned from Christmas vacation. We did an on-campus bottle drive and it was a great success. We would like to say thanks to everyone for their support.

Soon we will be beginning a 50/50 raffle and we are still selling T-shirts for $10 each. See any Sister for details. We are also doing a Teddy Bear Drive. The donated teddy bears will be given to Maine State Troopers who will use them to aid and comfort children accident victims. If you have a teddy bear you would like to donate please drop it off to any Kappa Sister or on the Kappa floor.

On Thursday, January 26, we held our Formal RUSH in Kominsky Auditorium. We had an excellent turnout and we would like to thank everyone who attended and we hope everyone enjoyed themselves, we sure did. It was great to meet and talk with all of you and have your support and interest. Below is a list of the active Sisters of Kappa Lambda:

Stephanie Boutin	Joanne Jaquish
Kari Cookson	Bonnie Marquis
Tomi Cookson	Heather Rivers
Misty Coolidge	Kim Smith
Nicole Durkee	Hanna Sullivan
Candi French	Emily Viotty

Kappa Delta Phi to help with SnowBall Softball

The Brothers of Kappa Delta Phi will once again be aiding the March of Dimes in running Snowball Softball February 4&5. Snowball Softball is a chariatable event where businesses and organizations from the Bangor Community gather together to have some fun while donating money to a good cause.

The Kappa Brothers will be setting up, and picking up the fields as well as recording the scores of the tournament games. Some of the tournament games will be held on Union street while the rest of the games will be played on the college grounds.

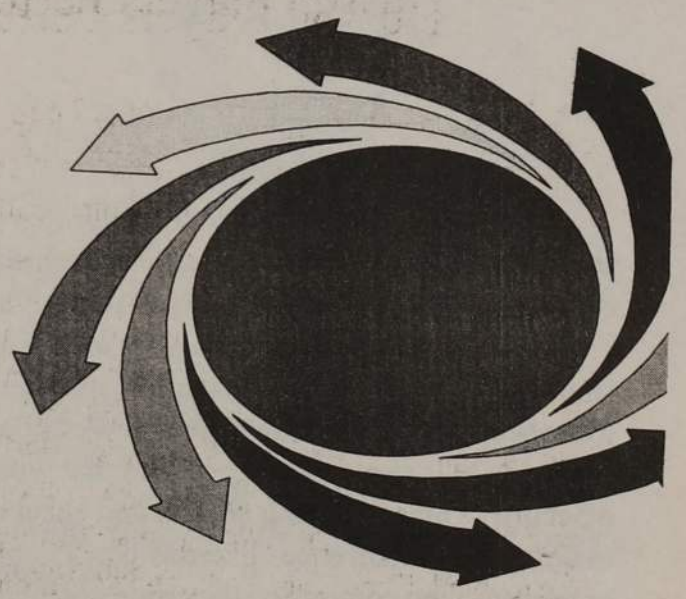

In addition to Snowball Softball the Brothers have had their hands full working with other community service projects. We are currently selling beach balls. The balls sell for $10 a piece, but have a chance to win $1000. The way it works is when you buy a beach ball, you write your name on the ball; the balls are all set free in a river near Mt. Ahbram, and the first ball to pass a predesignated finish line wins. 100% of the proceeds will be donated to charity. Beach Balls can be purchased from any Kappa Brother.

We would like to thank all those who attended our Rush and our Super Bowl Party. We hope you enjoyed yourselves, and we were helpful in answering some of the questions you may have. If you have any additional questions about greek life or pledging contact any of the active brothers.

Mike Bilodeau	Dean Bowden
Jason Brewer	Peter Luciano
Roger Moreau	Fred Murphy
Jake Ouellette	Andy Rhoades
Eric Rhoades	Jim Robertson
Matt Roy	Josh Scroggins

Toshi Yoshimura

We are also selling raffle tickets for a 100 gallons of free heating oil. The oil can be purchased at a place of your convience and Kappa will pick up the check. Tickets are on sell now and will be sold until the middle of February. You can purchase tickets from any brother, or at the table we will be having in the Wigwam.

The Trouble in the Laundry Room

by Lisa Augello

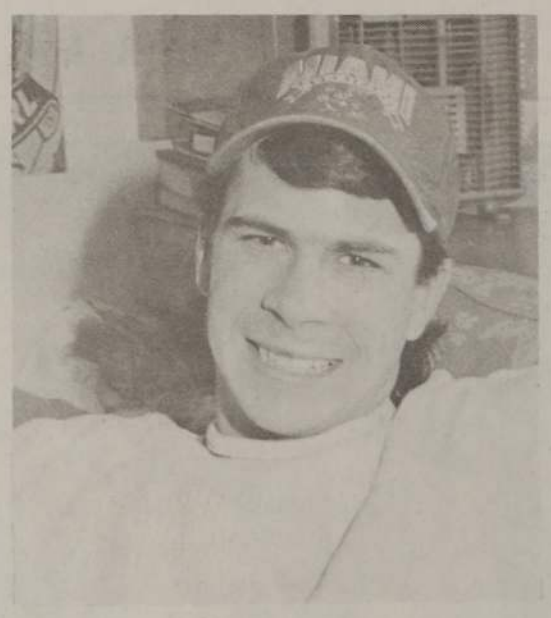

A memo was passed out earlier this week from Dean Rubino concerning the incidents that occurred at the end of last semester dealing with the stealing of laundry from the machines located in the basement of Carlisle Hall. I can' t believe that someone would stoop as low as to steal another person's clothes out of the dryer. That is absolutely ridiculous.

We must ask ourselves, why are we attending Husson College? The reason for most people is that we are here to better ourselves. We are college students and we need to behave like mature adults, who will soon be entering the real world. We as college students should already know that we need to respect other people's property. We should not have to sit in the laundry room and "guard" our clothes. If occurrences like this keep happening we are going to lose our privileges, and that would be extremely unfair to the students who have not done anything wrong. I feel that maybe we should have a Security Guard walking around and checking the laundry room or they should create a work-study job having someone constantly in the laundry room making sure occurrences like this don't happen again. What was the outcome of this crime? First, three people were robbed of their clothes, the person or persons who committed the crime got away with it and lastly it may hurt all of the Residents at Husson who may lose their laundry privileges altogether or may have to deal with strict limitations on those privileges. We need to work together to make sure something horrible like this does not happen again. If you see someone attempting to steal clothes - SPEAK UP, tell them to respect the people that they go to school with. Maybe it will sink in and situations like this will not occur again. If we all take part I know this problem can be solved and we all will be better off!

Drive. Intensity. Those aren't words you're likely to see in many course requirements. Then again, Army ROTC is unlike any other elective. It's hands-on excitement. ROTC will challenge you mentally and physically through intense leadership training. Training that builds character, self-confidence and decision-making skills. Again, words other courses seldom use.
