# MISSION

Husson University inspires and prepares students for professional careers in current and emerging fields within the context of an education informed by the sciences and humanities.

We achieve this career preparation by supporting and emphasizing

- Outstanding teaching.
- Scholarly contributions to one's discipline or field of expertise.
- An undergraduate and graduate curriculum that is challenging, relevant, and promotes critical thinking skills, self-confidence and strong communication skills.
- Commitment to ethical behavior and social responsibility through involvement in the world by faculty and students, administrators and staff, board members, and involved citizenship as a University.
- Lifelong learning to prepare students professionally and personally for the challenges of a constantly changing world.
- A diverse cultural and global perspective achieved through student development and experiential learning opportunities that reinforces our commitment to a strong academic community.
- Careful management and stewardship of University resources.

# HISTORY

Founded in 1898 as Shaw Business College and School of Penmanship, Husson now has schools of Pharmacy, Science and Humanities, and the New England School of Communications as well as a College of Health and Education, and a College of Business.

Boasting over 1300 students, the College of Business remains the heart of Husson University. Degrees include accounting, business administration, business and professional studies, computer information systems, software development, criminal justice, paralegal studies, hospitality management, with graduate degrees in business administration and criminal justice administration.

Also, founded in Bangor in 1892 as the Bangor General Hospital School of Nursing, the College of Health and Education - and its strong base of alumni and traditions - became part of Husson in 1983 as the School of Health. Since then, the College has expanded to offer a bachelor of nursing, graduate nursing, and masters and doctoral programs in occupational and physical therapy, respectively. Husson has built its School of Education presence with undergraduate degrees in elementary, secondary and physical education, alternative certification in teacher education, and graduate degrees in school counseling, human relations, clinical mental health counseling, and education.

Founded in 2007, the School of Pharmacy educates students in pharmacy practice and pedagogy. The graduates will receive their Doctor of Pharmacy degrees, enabling them to sit for the national boards and become licensed pharmacists in Maine and throughout the country.

Within the School of Science and Humanities, behavioral science courses have evolved into academic degrees in biology, chemistry, psychology, English, and healthcare studies. The School also

provides academic support to all other majors and degrees at Husson University, and serves as the liberal arts foundation of the University.

In 2014, the New England School of Communications became a self-standing school within Husson University offering degrees in communications technology, mass communications and entertainment production.

## DEGREE-GRANTING AUTHORITY

Husson University is incorporated as a nonprofit, independent institution of higher education by the State of Maine. The Maine Legislature first enacted degree-granting authority for Husson in specific Bachelor of Science programs in 1953 followed by other specific degrees and the unrestricted authority to award the Associate of Science (1992), Bachelor of Science (1992), Master of Science (1993), and Honorary Doctorate (1969) degrees. In 2004, the Maine State Board of Education granted Husson the authority to award the Doctor of Physical Therapy. In 2007, the Maine State Board of Education granted Husson the authority to award the Doctor of Pharmacy.

## ACADEMIC DISTINCTIONS

Based on a 4.0 grading scale, Husson University recognizes the following associate and baccalaureate academic distinctions at graduation:

| | |
|---|---|
| Cum Laude | 3.40 - 3.59 |
| Magna Cum Laude | 3.60 - 3.79 |
| Summa Cum Laude | 3.80 - 4.00 |

The Valedictorian is the baccalaureate graduate with the highest grade-point average. The Salutatorian is the baccalaureate graduate with the second highest grade-point average. The eligibility requirements for Valedictorian or Salutatorian include completing 90 credit hours at Husson University, enrolling as a full-time student, completing the degree in five years and other eligibility clarifications as set forth in the University Catalog.

## ACADEMIC REGALIA

The tradition of academic regalia dates to the formation of the first European universities in the ninth century. At that time, scholarship was conducted at religious centers, and the dress of the scholar was also that of a religious cleric. Long gowns and hoods had the functional purpose of providing warmth in unheated libraries and cells. The use of the raiment continued unofficially until Oxford and Cambridge Universities permanently adopted the clerical vestments as ceremonial academic costume. This tradition spread to American colleges and universities in the late nineteenth century, when a code was set that defined the cut and style of American gowns and prescribed colors to represent the various divisions of learning. For example, golden-yellow, symbolizing the wealth of knowledge gained from scientific research, was assigned to the sciences. In accordance with tradition, Husson regalia includes a long black gown and a mortarboard with a golden-yellow tassel. Husson Master's and Doctoral graduates wear hoods referring to their division of learning: drab representing business, peacock blue for criminal justice, gold for clinical mental health counseling and human relations, apricot for nursing and nursing education, ink for occupational therapy, olive for pharmacy, teal for physical therapy, and light blue

representing school counseling. A golden-yellow cord draped across the shoulders of associate and baccalaureate-level students represents their academic honors.

# HONORARY DEGREES

One Hundred and Seventeenth Commencement

Honorary degrees have been granted by colleges and universities since colonial times. These degrees are not awarded for academic achievements but rather they are awarded to honor or recognize the achievements of outstanding citizens.

Honorary degrees highlight the accomplishments of individuals in the arts, public life, education, scholarship, business, health and the sciences. The first honorary degrees date back to 1662, when Harvard College granted its first honorary degree fifty years after its founding. Since 1969, Husson has recognized prominent citizens for their contributions to the community, the State of Maine, the nation, and the world.

By virtue of the authority vested in its members, the Board of Trustees is pleased to confer the following honorary degrees upon the occasion of Husson University's One Hundred and Seventeenth Commencement.

## SENATOR ANGUS S. KING, JR.

**Senator Angus S. King, Jr.** has served as an attorney in Skowhegan and Brunswick and as the chief counsel to the U.S. Senate Subcommittee on Alcoholism and Narcotics. In 1994, he was elected Maine's 72nd Governor and was re-elected in 1998 by one of the largest margins in the state's history. On January 3, 2013, Angus S. King, Jr. was sworn in as Maine's first independent United States Senator.

## FREDERIC M. NEWMAN

**Frederic M. Newman** is the grandson of William Newman, for whom the Newman Gymnasium is named. He has been a member of the Husson University Board of Visitors since 2014. For 11 years, Fred worked for Schlumberger Well Services. He was an independent business owner for the next 35 years. He holds 44 patents and has authored over 15 papers dealing with various technical issues in the oil industry.

## WILLIAM B. READ, JR.

**William B. Read, Jr.** is an associate professor in Husson University's College of Business and our longest serving professor. Bill has been the editor-in-chief of the *Business Law Review Journal* since 1968 and has overseen the publication of its 48 volumes. In addition to teaching thousands of students during his 50-year tenure, Bill is honored by having a scholarship awarded annually in his name.
