Coach's Message

A new millennium has come and our baseball team here at Husson College hopes to continue their success that we encountered during the decade of the '90s. A decade where the team qualified for post-season play each year. The only NAIA team in New England to accomplish this feat. A decade where many of our players were named to the All-Conference or Region Teams and most importantly where four received Academic All-American Honors. It was a time period where we traveled to Florida, Pennsylvania, New York, Delaware, California and even Japan to play in tournaments.

This edition of our team is eager to get on the field and play. The practice time of six weeks in a gym is long and tedious, but the sun of Florida makes it worth the time and effort. We need to, at this time, thank all of those who support us financially in raising funds for the spring trip. If it were not for them we would still be in the gym.

Our pitching staff has a touch of experience in James Zukowski, Jeremy Rocheford and Jeremy Nelson. All three of these players are capable of being consistent winners and have plenty of post-season experience. A second group of pitchers led by Corey Pion and Dave Dostie have a year of college baseball under their belt and seem ready to make an even bigger contribution this season. These five pitchers are backed up by a solid group of freshmen and sophomores who are very capable of contributing to a successful season.

Offensively and defensively, we must replace some quality players due to graduation and an injury. The positive answer to this so-called problem is that we still have proven college players in Barrett Williams, Aaron Largay, Chris Morris, Mike King, Chris Pickering, John McGlinn and Mike Worcester. Players who have shown that they can do the job with the bat as well as with the glove. Put this group together with the new faces to the program that we feel can make an impact and another successful season seems to be on the horizon.

PLAY BALL!

WINKIN, DR. JOHN 5

assistant coach

Coach Winkin is a legend in the world of college baseball. His experience and knowledge are second to no one. This will be his 46th year coaching baseball at the collegiate level. While at Colby College and the University of Maine, he attained an amazing record of 934-670. Dr. Winkin is also the Director of the Sports Leadership Institute here at Husson College. He serves on the Board of Directors of the American Baseball Coaches' Association and is a member of three Hall of Fames. This past January Dr. Winkin along with Jerry Kindall and the ABCA published "The Baseball Coaching Bible," a book that contains the knowledge of 27 baseball coaches, each providing a different aspect of the game of baseball.
