Chief Will Reign Friday

The Progressive Party

L to R Jim Weaver, Colette Suda, Tim McLaughlin, Rick Sylvain, and absent is Ron "Frenchie" Roy.

The Progressive Party offers the forthcoming class of 1974 new, fresh ideas backed by experience to make the ideas a reality. In your senior year at Husson, the most important part of the year is of course graduation. The Progressive Party members realize it is our most important year and we are willing to devote our time and energy in serving you. Jim Weaver, our candidate for president has been concerned with the college activities all three years he has been here. He is fresh with ideas for the class and not worn out by other commitments that take candidates away from a full effort that the job requires. Rick Silvain, our candidate for vice-president has had past experience in holding class office. Rick has done a good job in the past and with his

Class of 74 Party

The Action Party

L to R. Dick "Snake" Jackson, Angie Parker, Steve Ruel, Cathy Willis, and Ben Brandao.

The "Action Party" was conceived because we feel we can offer the Senior student of 1974 a well rounded party with all the students at heart.

Our campus activity includes a variety of areas which we feel is an asset in attempting to serve the whole senior class. Some of these current activities are: Intramural Dirctor, International Club, Marketing Club, Future Teachers of America, Shalom Council, ETE, Kappa Lambda, and Kappa Delta Phi. In previous years members of our party have been involved in variousclass offices and off campus projects resulting in four of them being named to Who's Who in American Colleges and Universities.

Our primary goal is to plan and schedule senior activities starting at the beginning of the senior year, with second semester. with second semester.

(cont. on pg. 3)

Chief Will Reign Friday

Chief Candidates

Art "Buddha" Jean, Greg Vermette

My name is Art "Buddha" Jean and I am running for Chief for a Day. I was born in Albuerquerque, New Mexico; and I am now 22 years old. I have been at Husson for 4 years majoring in Marketing.

My father is in the service, thus I have had the opportunity to see many parts of the world. I have put myself through college by good summer jobs and driving school bus during the school year.

I have enjoyed being an active student here at Husson, and I have tried my sincere best to help the students. To help the student I have been in many various organizations. My philosophy is, "If you are not satisfied with the way things are, get into the problems and try to

(cont. on pg. 3)

My name is Greg Vermette and I am a candidate for "Chief for a Day."

As the end of Chief Week draws near it is of utmost importance for all of us to decide for ourselves who we want to be Chief. It is not only a decision that will affect the candidates running, but, should also be considered as one that will be for the benefit of all the students and the college.

I believe very strongly that we should all have pride in our college and that the pride we do have should lead us to want to do something that will be beneficial to the school. Of course there are many different ways that a student can involve himself and do something for the school. One of the most

Editorial

Employment

Job prospects for students graduating from college this spring are better than at any time in the last four years. Husson is no exception.

According to a report released April 3 by the Carnegie Commission on Higher Education, the job market for college graduates in both 1972-1973 indicates that the poor job prospects facing college graduates in 1970 and 1971 were in large part associated with the economic recession of those years.

The report warns, however, that it is still difficult to find jobs for school teachers and college faculty members. The overall market for college graduates, therefore, is reported not to be as favorable as it was in the 1960's. Then graduates could pick and choose among a number of attractive job offers.

Clark Kerr, chairman of the Commission, explained that between now and 1980 all but 25 percent of the college-educated persons entering the labor market would fill positions in expanding occupations that already have high demands for college-educated personnel. Of the remaining 25 per cent, about half will find positions that have been or can be educationally upgraded—that is, positions that can make use of a college education. The other half, however, will need to accept positions that do not lend themselves to such upgrading.

The report revealed that the sharpest increases in the number of job offers this spring are beginning to reappear in certain specialties. According to a recent report of the College Placement Council, there has also been a decided improvement in the market for students with scientific specialties that are related to engineering.

In addition to the impact of economic recovery, the Commission report lists other factors underlying the improvement in prospects for college graduates. More of the current expansion in the national economy is related to health care—a field in which employment opportunities remain relatively plentiful. The output of college graduates is slowing down—and will increase by 50 percent or less in the current decade instead of by the 100 per cent experienced in the 1960's.

The situation may improve in the 1980's, says the report, as the rate of increase of college graduates slows down still more.

In its analysis of the prospects for college graduates in the immediate future, the Commission says:

*Prospects are bright for persons entering health care occupations and professions. The Commission warns against proposed reductions in federal funds for support of training in nursing and allied health professions, until shortages in those fields have disappeared.

*Prospects are also favorable in accounting and in salaried managerial positions, generally. However, in the past few years a master of business administration with several years of experience has had a decided advantage in the job market over one without experiences.

*Women will have fewer teaching opportunities than in the past, but more opportunities in health care. College-educated black women will be among the most favored prospective employes in all fields as employers seek to make adjustments to achieve greater representation of minorities in their payrolls.

The Commission recommends in its report that institutions of higher learning and governmental agencies concerned with educational policy refrain from taking panic measures because some graduates are unable to find fully suitable jobs. Specifically, the Commission urges that no efforts be made to restrict undergraduate opportunities to enroll in college or to receive student aid.

Husson has a reputation, and a lot to offer. The pickings are good, hope the luck is.

LETTERS

Got a Point

Dear Editor

The pen is mightier than the WORD. Some one read the article that I wrote about the lack of pencil sharpeners and must have felt sorry for me. A few weeks after the letter, I received in the mail, a brand new pencil sharpener. Who sent it is still a mystery to me.... the person left no name. It's a real nice sharpener too. It was postmarked Boston, so I figure that one of the subscribers or alumni sent it. I'd like to thank the Spectator, and the person who has an expensive sense of humor.

Richard Casamo

Editor's Note:

The Pen is mightier than the word, W. C. Fields — Oh yes.

Meat Boycott

Connecticut Congressman William R. Cotter has suggested that people save their supermarket receipts and send them to the White House to protest the sharp increase in food prices. Cotter also asked for a nationwide boycott of meat to begin April 1.

Cotter said that April Fool's Day was chosen to kickoff a meat boycott in order to demonstrate that people "will no longer be fooled by a price control program that simply does not work."

One woman said she would be glad to send her food receipts to President Nixon, but after a trip to the supermarket, she couldn't afford it.

D.D.C. vs McD.

Dear Editor

Everyone complains about the dull, tasteless food that is dished out at the DDC. I stayed here over vacation, and without someone to cook, I found eating out expensive. I never thought I'd say it because I enjoy eating, but, after ten days of McDonalds Hamburgers, and Kentucky Fried Pigeon, The DDC was a welcome sight.

P.S. To prove the honesty of people, while I was in the Spectator office typing this letter, someone stole my Finance book from the student lounge.

Editor's Note:

Honesty, that's old fashioned. To some people it never was fashionable.

Hart Dorm Note

To whom it may concern:

Hart Dormitory Council announces that the Hart Dormitory Council vice President, Stuart Stein, fourth level Hart, and the two TKE Representatives, Glen Hockley and Dan L'Heureux, ninth level Hart, have been removed from the Hart Dormitory Council offices that they had held. The reason for their removal is non attendance of the Hart Dormitory Council meetings.

submitted by the Council

Senior Class Meeting

There will be a senior class meeting Thursday morning in the Dining Commons at 10 a.m. Classes will be cancelled for one hour. The meeting concerns graduation.

NOTE

IMPORTANT!

There will be a forum of community representatives and interested people involved with the formation of better Husson Medical Services in Kominsky at 3 p.m. Monday, April 16, 1973. All interested people should attend. Everyone should be interested!!!!!

Activities Handbook

TO: All Student Organizations

FROM: Student Services

RE: Student Activities Handbook

The Student Affairs office is currently compiling information regarding each campus organization for a Student Activities Handbook.

We would appreciate receiving a one-or-two paragraph summary describing the goals and nature of each organization for inclusion in the Handbook. We would also like to be advised of any changes in officers, advisors, meeting times and dates, etc.

Thank you for your help.

POT SHOTS

Chief "Drunk" Week came in with a bank... literally... firecrackers from Hart dorm and other locations aimed in one direction... at the center of things-Carlisle.

One candidate had all his posters in other dorms and Peabody Hall. . .foolish. . .Ignorant!!! There is no excuse for ignorance... just people proving it.

The parade was different, people really got others into it.

Parties... well thats another story. There were a lot of people, lots of beer and a lot of ignorance... again... firecrackers at the dance... Chief Committee was going to shut that party down. . .the stupidity stopped and the beer kept flowing. Ignorant people with a big thirst stood by the keg. I stood 5 minutes and soon I heard the shit the servers had to put up with. They were like sponges... Chief Committee and other help had a lot of patience... I would have never done it... In fact, I didn't.

Radio station shut down over the weekend, UPI off... Oh Well, who gives a hell? The listeners or the producers??

Golf team is getting into the full swing of things... looking good!!! Posters they are holding up the wall instead of being put on it...

A lot of cliques have formed lately. Medical forum here next Monday, expect Apathy - probably get it.

Our Dean's on the prowl... Had a paid rent-a-cop hired for Carlisle dorm after the weekend parties... he was getting it on too... Drinking on the job... Good image... real pro. Wonder where they got him from? Hope they leave him there next time. We can drink our own beer.

Think everybody will be glad when the campaigning and paining and politicking and lolipicking is over with... everybody... all candidates and those engulped in the campaigns and surrounded by it. And those forced to listen to it all.

Hope we continue to have enthusiastic crowds at Chief Week events...

Resident Directors floor in Hart looked pretty last week, a lot of wipe in might!

Crazy B... who was she?

Bomb threat at Husson. They are going to blow it up and rebuild a better one...oh ya... Pessimestic me. I'm OTR... AFB... A-FUPH... the world needs me.

That Schmits beer is just like, it's beer is just like it's name implies...

Catch this...Class and senate elections are Wednesday... today. Senate candidates speak today... Do we have to listen to them again??? That's ill planning... realize Chief's committee working hard but that's... Well, no one is paying much attention to that election anyway.

Husson's mud day... Husson always has mud for a mud day...

Earth day happening... when it happens... a sight for sore eyes.

Dorm maintenance over the weekend. STOP. end of sentence... can't say anything good, can't say anything at all.

There's still snow in Maine...in the form of snowmen... that's what it looked like when I saw a bunch of cool guys sunbathing on Sunday... I think it froze their brain.

Are those classes during Chief Week? Somebody has got to keep us informed...

Somebody goofed on the parade for cancelling classes and scheduleing... Now who could that be?

Wonder how Dr. K. feels about giving up his chair for the Chief for a day? Shouldn't bother him too much... he takes longer breaks than a day!! He manages... or we do... or Husson does... to get along. Hope the new Chief does something radical when in office... Like do something in the interest of the students.

Glad Dr. K. cancelled his trip to Russia. Didn't think we had any Alumni over there... Couldn't very well be soliciting funds... perhaps a cooperative transfer program?

Still have that same old leak in Carlisle... A historical site now... tourist attraction.

Well, reach for the sky with your feet on the ground and your eyes in the back of your head, but don't think you're stable... You're just different... an individual!!!

(cont. fr. pg. 1)

Greg Vermette

important ways it is to vote. At least this way whether a person is outwardly inclined to work for the school or not he has a say in who will work for him.

I am prepared to work for the college and the students not only for one day or the remaining days of the current school year, but also for all of next year.

Since I have been at Husson many good things have happened to me. I have had a job here for three years, I have been in different organizations and I have been extremely fortunate in securing a job when I graduate in May of 1974.

For these reasons I feel compelled to spend my last year at Husson doing something that will help the students and the college.

In the past few months I have found that there are many students who are willing to help me next year in achieving those goals that I will set out to do. Some of these goals are: To get more active student involvement in the administration, to see that communications to the students is extensively broadened and to see that better relations are made between the community and the college.

I sincerely feel that we should begin thinking about reviving the morale and pride in Husson that there once was and that we should start to take more active part in what happens here. Husson is our school. It is our money that keeps the school going and our interest that keeps us here.

I am ready and willing to do all the things that i have stated and more in the coming year. It is only through your support that I will be able to do these things.

Tomorrow is an important day. It is the day that Chief for 1973 will be elected. I hope that every student will evaluate the issues carefully and that each decision will be for the benefit of Husson.

In closing I would like to wish Buddha luck in his campaign.

experience will be an invaluable officer of the class. Tim McLaughlin, our candidate for treasurer has held past office in our class and has done a good job. Tim is the type of honest and concerned person that we need to handle our treasury. He has your interest in mind always. Colette Suda is our candidate for secretary and she is fresh with ideas and more than able to represent and add the female opinion to all plans for the class. Ronald Roy (Frenchie) our candidate for Senate representative has also had experience in the Senate. As a Senator he has established a place in the Senate and this will be beneficial to the class to be well represented in the Senate.

The Progressive Party offers the class its fullest effort in having one of the best graduations at Husson College, at the least possible expense to the graduate and his family. We are able to devote the much needed time and energy the office needs without a lot of conflicting commitments that can so easily take up ones time. This is a full time job from spring to fall and the Progressive Party is willing to work that long for the class of 1974.

The Progressive Party has not forgotten the seniors of the two year program and we know it is just as important to you as it is to the four year students. Nor have we forgotten the commuters. We plan to use (the commuter) as a valuable resource when we need to make a decision on both on campus and off campus activities.

The Progressive Party will not make idle promises, we just promise to make every effort and use all the energy, knowledge, and resources we have to make a graduation that you will long remember. Make 1974 a year of progress. Vote the Progressive Party. Thank You.

Your senior year should be rememberd as the best year you ever had at Husson and it will be if you vote the "Action Party."

Art Jean

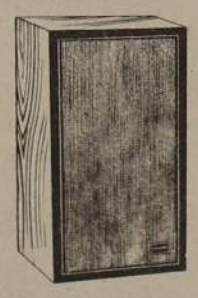

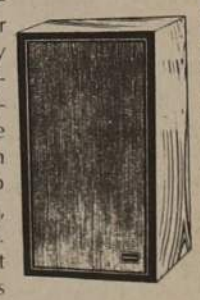

constructively change things. Thus, I have had many complaints and ideas pertaining to the way things were and are, so have participated.

I love Husson, even though I seem to be its biggest habitual complainer, and I want to see it survive. I want to see "Chief for a Day" survive, and all students participate in the activites, and most important have a good time.

I would also like to wish Greg Vermette the best of luck with his campaign.

In conclusion, I will appreciate your support for Chief and above all don't be apathetic, participate in "Chief for a Day", for your own sake.

Medical Forum

A Medical Forum will take place here at Husson in Kominsky Auditorium at 3:00 p.m. on Monday the 16 of April. Community Representatives and College representatives of local colleges are expected to be on hand for the affair which will explain in detail the new Medical Plan proposed for Husson. A question and answer period will follow the formal presentation by the Community Representatives organizing the forum.

Mrs. Barbara Miller, Husson R.N.; Dean Taylor and Joe Monaghan are the Husson Representatives interested in the formation of the proposal.

It is indicated that Husson's present Medical Plan is in somewhat of trouble and the new plan is expected to improve, and reconstruct a 100% better Husson system to include a much better equipped infirmary etc. . .

Anyone interested in the plan or anyone wishing to hear the plan explained is asked to please attend this very important meeting. Show the community Husson is interested in its own Health and Welfare. Be interested in yourself. Be There!!!

GREEK NEWS

Phi Theta Pi

The brothers of the PHI hope everyone had an enjoyable spring vacation and that everyone is glad to be back at dear old Husson.

The brothers of PHI would like to thank everyone who purchased raffle tickets on the 10 speed bike and the bottle of booze. While we are handing out thanks, the brothers of Kappa should be thanked for the handy blotters they gave to the students. Thank You Kappa Delta Phi!

This weeks Phi profile is on Brother Paul Roberts alias "RUNNER". Paul was born on a dark, dreary day in Lewiston, Maine on October 27, 1950. He graduated from Lewiston High School in 1969 and will graduate from Husson this May. Paul majors in Marketing and will join Ryder Systems Inc. upon graduation. Good Luck Brother Paul and we'll write you the results of the "Win a Date with Paul Roberts Contest".

Last Thursday, the Phi volleyball team won its second match of the season with a win over Kappa.

Until next week, "SMILE"

The Brothers of Phi

THE PHI PLACE: Brian - Tell us about it! You showed us enough after Outside Inn. Paul - Glad you liked the game. Marty - Glad to have you back!

Tau Kappa Epsilon

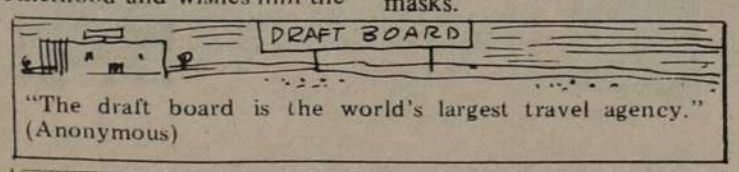

This article is dedicated to John "Moose" Josko another TKE graduating senior. Moose received an AAS degree in Business Management and Finance from Norwalk Community College. Moose entered Husson as a Junior in the Fall of 1971 and was initated into Tau Kappa Epsilon the same year. Moose became active in the beginning stages of WHSN radio. Moose was a disc jockey, then later became program director. Moose served as Sgt. of Arms for student senate during the school year of 1972-73. Later Moose was elected President of the Senior Class of 1973. Moose was Hegemon for Pledge Class of the Fall of 1972. After graduation Moose will be employed with William J. Josko and Sons Inc. Auctioneers. Next spring Moose will be married to Pat Couture, an alumnus of ETE. The Fraters of TKE like to thank Moose for all his help that he has given the Brotherhood and wishes him the best of luck in the future.

In intramural volleyball, TKE I now has a record of 3 and 1. TKE II is sporting an unblemished 4 and 0 record at this time. Last Wednesday, TKE II defeated MEX II.

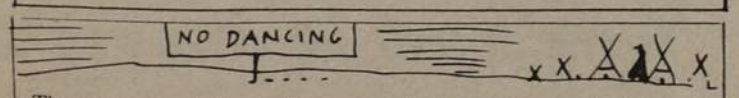

The Heimies are now 2 and 3 with a win from Lock II by forfeit, and an earend win from KAPPA IV. The Heimies lost to the NY clits, MEX I and KAPPA I. But all hope is not lost for our ever beloved Heimies.

In waterbasketball, TKE opened the season with a victory from the Draft Dodgers, 30 to 19. TKE picked up a forfeit from Phi and went on to beat F-Troop, 29-15. TKE's big gun this season has been Dan "Screwy" L'Heureux. Screwy dropped in 20 points against the Draft Dodgers and 15 more against F-Troop.

This past week, Tony "Stinkweed" Arico is wearing the TKE TROLL while the rest of the Fraters are wearing gas masks.

"The draft board is the world's largest travel agency." (Anonymous)

The coming of the white man disrupted the tribal life of American Indians. They weren't allowed to dance because it was feared that dancing would make them warlike.

MUD DAY

The action got underway and some people got egg in their face. That was the consequences of the egg throwing contest, which was won by Dan L'Heureux and Greg Vermette. Dana Motta won the Sack Race. The 3-legged race was captured by Dick Albert and Roger Auger of F-Troop. No one had the stamina to master the greased pole but many tried. Steve Ruel and Danny L'Heureux came the closest.

The tug of war was captured by a team, the majority of which was made up of F-Troopers, TKE, and independents. The climax of things was the Free for all. Gary Gekel, Bob Ghoal, and Sharon Tallecksen tied for the prize in that competition. John 'Moose' Josko took the pie eating contest in a stuffing. All in all it was different. A muddy, roudy, good time. You have got to have that once in a while.

Baseball Season Underway

Ball Team Opens Away at Nazzerene

Coach Merrill and Coach McGreagor with their squad will travel down to Eastern Nazzerene, Saturday to officially open the 1973 baseball season. Following the Eastern Nazzerene game the ball club will travel to St. Francis to clash for victory.

Returning form a Florida trip, the ball club is shaping up. The men are working out in the gym Thursday due to field conditions, yet they'll be traveling to Colby College to get a feel of the bat. Colby supplies the facilities of either an indoor or outdoor scrimmage.

The trip to Florida was quite successful. Though we lost three of five games, an idea of our personnel was put into position. We met against good competition such as C. W. Post College, Long Island University and Dennison College of Ohio.

There are many returning lettermen from last year's squad which will make up the nucleus of the team. Entering the ball club new this season. Rus Rand, Dave Raines, Jeff Gilbert, Jack Poyer, Tim Murphy, Renny Preble, John Lucas, Nick Civitillo, and Jim Harnisher will be filling the needed positions. Top men from last years squad consisting of John Gallant, Ed Dingo, Rick Kincaid, Don Thompson, Mike Bell, John Hopley, Buddy Wood, George Abbott and John O'Brien, will hopefully guide the team into some championship games.

Good luck to these men, hope the weather is good, and let's come back with a 2-0 favor.
