HUSSON LEDGER

NOVEMBER, 1958 | HUSSON COLLEGE, BANGOR, MAINE | VOLUME 34, NO. 1

WELCOME, FRESHMEN!

President's Column

Welcome, freshmen! What a happy sound. It signifies the new season, a new addition to the Husson "family." It's a beautiful season in which Nature dresses up for all of us, and this year has been the most colorful of all.

I hope that by now you feel at home and have the "feel" of the spirit as well as of the classrooms, the short jaunts between bells, the sandwich shop, the student store, and the friendly members of the faculty, and the other physical things of our campus on the hill.

There is no glamour in study. The hours devoted to this task add up to "work," nothing else, nothing but. To most of us this is a most unattractive word. It leaves us cold. But each of us, in our hearts, knows that to avoid work is to be guilty of a personal shortcoming and a lack of character.

In our hearts we know that we are making investment of time, money, and energy for the opportunity to work and to improve ourselves. We have come to Husson to work. It's that simple. Also simple is the fact that those who will not work will fail. So my first friendly word to the freshmen is an encouragement to put their best foot forward and to dedicate themselves to their college careers. Whatever it asks of you, you respond with respect and deference, and with true humility.

To the upperclassmen, I extend a warm "hello again." It's always a pleasure to see their familiar faces again, and to realize that they are up another rung on the ladder that they have been climbing since they, too, were freshmen. May every success attend your efforts.

Reception For President and Mrs. Husson

President Chesley H. Husson officially welcomed the Husson College freshmen at Commerce Hall on Thursday evening, September 25, from 8:00 to 9:30 p. m.

The students were introduced to the faculty, and then were escorted by upperclassmen to meet other Husson freshmen.

The hostesses and hosts for the affair were as follows: Nancy Gray, Dark Harbor; Janice Day, New Sharon; Elaine Roundy, Fairfield; Rosalie Green, Dover-Foxcroft; Beverly Kane, Surry; Nancy Wells, New Vineyard; Robert Sherman, Unity; Robert Therriault, Presque Isle; George Albert, Millinocket; Gary Rioux, Bangor; Arthur Everett, Bangor; Robert Cimbollek, of Bangor; and Charlotte Turner, Eddington.

The hall was appropriately decorated with ivy cones, small bouquets, and soft lights. Mr. Hugh Jameson played incidental music during the evening. Light refreshments were enjoyed by the guests.

In the receiving line were President and Mrs. Husson, Miss Clara Swan, Miss Mildred Bradford, Mr. Millard Foss, Miss Thelma Watson, Miss Priscilla Clark, Mr. Delmont Merrill, Miss Patricia Robbins, Mr. John Tyler, Mr. Fred Nolde, Mr. Albert Spain, Mr. James Wright, Miss Janet Kinney, Mr. Edmund Lebrun, Mr. Richard Norton, and Mr. Edward Carroll.

FRESHMAN WEEK

On September 9, early in the morning, a group of immaculately attired young men and women arrived in the Gym of Husson College. Some men wore shirts and ties; others handsome ivy-league sport shirts and jackets. The girls were dressed in their best skirts and blouses and college jackets and the proverbial white "bucks." These two hundred Frosh had arrived to make their places at the College of their choice!

The administrative staff and faculty of Husson were ready to cope with the two most wearing days—registration. The Frosh completed the paper work required, paid for Frosh pix, picked up Veterans' Study Hall cards and proceeded to Dickerman Hall (the Annex) to pass in all required papers for approval. The new College Bookstore is located in Hart Hall. Miss Clark and company were ready to pass out books and take the "old green stuff" from the Frosh.

Deflated in the purse, elated over the prospects of a new college life, the Frosh found their lockers, reported for a battery of tests and put forth their best but bewildered front.

New homes, new jobs, new ideas, and a new life faced them all. The Frosh waded in and took it all in their stride.

On Thursday evening of the week a Square Dance was held in the College Gym. A large percentage of the class of 1962 came and fun was had by all. Mr. and Mrs. Bennett of the YMCA staff taught different routines. Social Director, Miss Paricia Robbins, was in charge of the affair.

Friday, classes started. Frosh forgot Class Cards, got into wrong classes and into the wrong buildings. Upperclassmen helped them out and the classes of 59-60 and 61 enjoyed the miseries of the new class, remembering their Freshman days.

By Wednesday of the following week, the entire student body had settled down to school routine and the faculty found seats enough for all after several classes swapped rooms.

On September 20, the Frosh reported for Frosh pictures—the "mug shot" variety.

Hart Hall, the new addition, has three beautiful classrooms and a teachers' room, on the top floor. There is one large classroom on the ground floor, devoted mostly to Veterans' Study Halls. Each student registered for study halls has his own table and chair.

The new bookstore is a pleasant addition. Mrs. McDonald holds forth from 12 to 3 daily and the Husson family enjoys the modern set-up.

The Frosh by departments are listed below. The Administration faculty, and upper-classmen extend a most cordial welcome to you. We hope you have a happy and most profitable year at your new home—The "Friendly School Upon The Hill."

In the Business Administration Department the following students are enrolled: John Abbott, Bangor; Harry Austin, Jr., Bangor; Ralph Berg, Brownville; Samuel Brackett, Brownville Jct.; Charles Coffin, East Millinocket; Bernard Conner, Sangerville; Ellen Cooper, Camden; Michael Crawford, Brewer; Erlon Crocket, Springfield; Glen Cyr, Grand Isle; Vincent Davis, Jr., Farmington; Edward Drew, Bangor; James Ferguson, Rumford; James Floyd, Brewer; Richard Geroux, Od Town; Robert Goodwin, Belfast; Kendall Gordon, Sullivan; Croll Grady, Belfast; Earl Grava, Bangor; Linwood Hachey, Orono; John Hardesty, Orono, Ralph Harvey, Guilford; Robert Huntley, Eastport; Richard Jordan, Millinocket; Gerald Kane, Ellsworth; Donald King, Stillwater; Cary Landry, Millinocket; Robert Leach, Rockland; Carl Libby, Bangor; George Maxsimic, Bangor; Henry McBride, Bangor; Norman Morse, Belfast; Arlen Neal, Howland; Donald Paul, Derby; Daniel Perry, Belfast; Joseph Perry, East Hampden; Richard Peters, Waterville; Kenneth Ponkola, Monson; Edward Reynolds, Bangor; Gerald Rogers, Bangor; Peter Rush, Sherman Station; George Searway, Bangor; Kenneth Smith, Dover-Foxcroft; Allan

PRESIDENT'S COLUMN

Continued from page 1

The administration is proud to add Hart Hall to its services for all of you. I feel that you enjoy it and are happy in your surroundings. All three buildings are modern, clean, and attractive, and we feel that you appreciate the efforts made to provide such pleasant "housing," for your daily living and working hours.

If any of you have failed by this time to join at least one student organization, may I urge you to look about you and find one in which you feel you would enjoy the program and the company. It looks good in the record, and the benefits often are beyond price. Consider this well, because employers look for those who have worked with others and who know how to get along with their classmates and fellowmen. They place such a high value on this qualification that I find myself handicapped when recommending a graduate who contented himself with classes only. Don't pass through college, *live* through it.

Much of my time at this season of the year is spent in travel. By the time the first issue of the Ledger is in your hands, I will have attended the convention of the New England Business College Association in North Conway, New Hampshire, and the annual conference of the Business Education Research Associates in Washington, D. C. I have dedicated myself to such participation to insure Husson College a position in the van, to keep it a leader in its field of endeavor. To stand still is to fall back, and these associations with the leading schools, the contact with leading educators serve to keep me informed of what's going on and what's being done the country over. In November, I will attend the convention of the National Association and Council of Business Schools in St. Louis, Missouri, where I will sit with the Accrediting Commission. That, with a few speaking assignments, will keep me on the road before the snow falls. Then I can relax a bit and maybe store up a bit of venison or drop a duck or two out of the blue. Professor Foss took me on my first duck-hunting trip and showed me how it was done. I pause to announce that brother Foss is a dead-shot, and when that keen eye of his looks down the barrel of a gun, the ducks in range really get discouraged. Our male instructors are all outdoor men, and this I consider good and wholesome.

I'm looking forward to Chaplain Dartnell's appearance before a full assembly at Thanksgiving time. I enjoy his messages and place a high value on the influence he exerts over Husson students. Be sure not to miss this feature of the early school year.

Please bear in mind that as long as you are a student at Husson, my office is not off limits. It is not sacred or hallowed space. I welcome your visits for other than academic reasons, and thus urge you to keep the knob on the door polished by using it often.

I have few requests to make of you, very few indeed. One would be to do your best to keep the building clean. YOU look after YOUR coffee cups, paper, bottles, etc. Visitors appear often and are impressed with cleanliness. Our buildings are cleaned daily, so a fresh start can be made by you each day. Accept this responsibility. Keep doors closed, turn off unneeded lights, effect economics that will keep your tuition down. Study hard, set your sights on the Dean's List. Be ladies and gentlemen. Let your college breeding show through. That's it. I ask no more than this. Are you willin'? Thank you one and all.

Cordially,

"Chief" Husson

President Husson, faced with increased enrollments and problems, has organized a Faculty Council to investigate and recommend to him the disposition of many facets of the school administrative program.

Members appointed by President Husson were the "old guard" who have been connected with Husson College and have seen the program of study grow from twenty-five courses to one hundred and fifty courses offered per semester. There is a total of one hundred and four years of service to Husson College for the eight members of the Council. Miss Swan, Executive Director, was appointed Chairman of the group. SPEED TYPING

How does someone learn to type 140 words per minute with effortless ease and amazing accuracy?

Franklin H. Dye, renowned speed typing expert and business educator, showed how it can be done Thursday, September 18, at Bangor High School at 8:15 o'clock in the morning, at Husson College from 9 to 12 o'clock, and at Brewer High School from 1 to 2 o'clock. A teachers' workshop was held at Husson College from 9 to 11 o'clock.

During his exhibitions, he types a series of high speed tests on his electric typewriter. Even more important, he demonstrates correct techniques for both electric as well as manual typing. He covers basic techniques such as posture, key stroking, concentration, rhythm, speed and accuracy building, electric typing controls, application of typing skills to specific jobs, and routine machine care all in the language students understand.

Mr. Dye, who appears under the auspices of the McBee Corporation, plays the dual role of demonstrator-teacher with equal ease for he has a varied background of professional and business experience.

He holds the degrees of Master of Education and Bachelor of Science from Boston University. Besides typing, he has taught other business education courses at Medford High School in Massachusetts, Honolulu Business College in Hawaii, Colby Junior College in New Hampshire, as well as at his Alma Mater. His business career includes experience as a legal secretary and as an insurance claims adjustor.

Mr. Dye learned to type at the age of 12 in his native Honolulu. How far he has come from that learner's stage is obvious as one watches his fingers literally fly over the keyboard. What he has learned about typing in the intervening years is the benefit his audience shares.

WITH THE FACULTY

President Husson wishes to present the only new member of his family to his former members—the Alumni. Mr. Edward Carroll of Minneapolis, Minnesota, is an addition to Professor Donahue's Accounting Department. He is a graduate of St. Cloud and is working for his Master's Degree at the University of Minnesota. He is conducting classes in Frosh Accounting. Carroll is married to a Portland girl and they have one daughter, Debbie, a year old. Mr. Carroll is a big boy, former football star. It is rumored that he beats Merrill and Spain at the table!

Sympathy is extended to Mr. Curran who lost his Dad suddenly this summer, and to Mr. Donahue, whose mother died recently after a long illness.

The department heads are in the process of fixing up their new office, formerly the bookstore. Mr. Curran seems to be head carpenter. Professors Curran, Foss, and Donahue will occupy one-half of the divided room. Professors Bradford, Miller, and Watson will share the other sections. Elaine Roundy, class of 1960, is secretary to the men and Rosalie Green, class of 1961, works for the ladies. Modern typing tables and new typewriters have been installed in the new office for the secretaries.

On October 6 and 7, Professor Miller, Dean of Women, attended an Educational conference in Swampscott, Massachusetts. She was also appointed to serve on a three-man committee to choose a nine-man committee to arrange a program of Higher Education for the College faculties for the next Maine Teachers Convention in 1959-60.

October 24, President Elliott's inauguration was held at the University of Maine. President Husson chose Professor Bradford to represent him in the inaugural parade and at the dinner in Elliott's honor. Accompanying Miss Bradford was Miss Swan. She was selected by American International College to be its representative for President Hines. AIC is Miss Swan's alma mater.

* * *

Miss Janet Kinney, a member of the Husson College faculty, is conducting a follow-up study of Husson graduates as a partial requirement for her Master's Degree at Boston University.

The title of Miss Kinney's thesis is, "A Follow-up Study of the Business Education Graduates of Husson College from 1946-1958 with Implications for Curriculum Revision." The purpose of this survey is to determine whether or not Husson graduates are adequately prepared for the teaching profession. This survey will also suggest improvements for any revisions necessary in the present curriculum.

Any graduate who has not received a copy of the questionnaire and the letter of transmittal is requested to notify Miss Kinney at Husson College.

Those who have not returned their questionnaire are asked to do so as soon as possible so that we will receive a 100 per cent return from the graduates.

If your questionnaire has been misplaced, another questionnaire will be forwarded to you upon request.

MRS. GRACE STEWART

Pi Rho Zeta Sorority lost one of its best friends and honorary members in the death of Mrs. Stewart, known to us all as, "Gracie." Mrs. Stewart gave much to the Sorority program at Husson College.

In addition, Mrs. Stewart has served the men and women of Husson College since 1928 when Mr. Husson first came to Bangor as principal. In fact, last year she had a group of boys whom she looked after until Easter when illness forced her to retire from active work.

All of the Husson Alumni who knew and met "Gracie" will be saddened to know of her death in July.

She graduated from Anson Academy in 1955, and is now a senior in the Accounting Department here at Husson. In June she will be the first full-time female accounting student to have completed the degree program. Nancy has been the only girl in her classes during her junior and senior years, which proves her determination.

While at Husson, Miss Wells has been active in the Student Council as store manager her third and fourth years. She played on the girls' basketball team her freshman and sophomore years, and served as head scorer her junior year. She is also President of the Epsilon Tau Epsilon Chapter of Pi Rho Zeta International Sorority. Nancy not only rates high among her sorority sisters, but also among all of us here at Husson.

OPEN HOUSE

You Can't Lose For Winning

If you think you are beaten, you are;
If you think that you dare not, you don't;
If you like to win, but you think you can't,
It's almost certain you won't.

If you think you'll lose, you've lost;
For out in the world you'll find
Success begins with a fellow's will—
It's all in the state of mind.

If you think you are outclassed, you are;
You've got to think high to rise;
You've got to be sure of yourself before
You can ever win the prize.

Life's battles don't always go
To the stronger or faster man;
But soon or late the man who wins
Is the man who thinks he can.

CHIEFTAIN

The Chieftain Staff met on October 23 and elected as their Editor-in-Chief, Robert Sherman of Unity. Elaine Roundy of Fairfield, will serve as Assistant Editor.

The Chieftain Staff has begun its work in forming the 1958-59 yearbook. The members WELCOME any interested students who wish to take an active part in working on this most interesting, but important task. Remember, it represents YOUR college and YOU want it to be the best.

Those of you who are not as yet in an organization, here is your opportunity! Any others, of course, are just as welcome.

Come and join and be a part of the Chieftain!

MU SIGMA CHI

Hello again from Mu Sigma Chi!

September 16, we opened another busy season. At this time plans were made for some of the many festivities of the year.

At our favorite spot, the Brewer Rod and Gun Club, we had a corn boil the nineteenth of September.

At a social meeting October 7, we entertained perspective candidates for membership in our organization.

Lo and behold, what was all the commotion on the campus Friday, October 17? Sure enough the new members of Mu Sigma Chi were going through the first steps of initiation. Sunday October 19th they were formally initiated.

Keep watching, we'll have more news for you in the next *Ledger* issue.

STUDENT LOAN

The Student Council has a loan fund which is available to any eligible student who has the need up to $150. This is a very worthwhile project of the Council, and to increase the sum of the loans, solicitation will take plan in the near future for the Student Loan Committee. Alumni of Husson will be approached. Because the Council is a tax free organization, the donations received will also be tax exempt.

Anyone interested may contact Robert Theriault, of Husson. The Council will appreciate any donations for this extremely beneficial work, as it may mean the only possible way that some needy student to finish his college career.

STUDENT COUNCIL

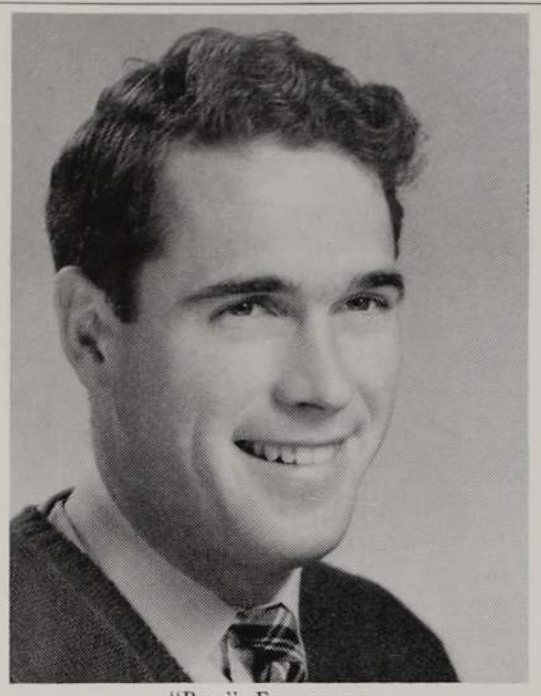

The Student Council held election of officers on Monday, October 13, at 7:00 p. m. at Commerce Hall, Husson College, under the direction of Past-President, Carol G. Rioux.

The newly elected officers were President, Miles Elsemore; Vice-President, Peter Briggs; Secretary, Janice Day; and Historian, Tonya Joseph.

Mr. Elsemore, son of Mrs. Estelle DeWolfe of St. Stephen, N. B., and Mr. LeRoy Elsemore of Bangor, is a Senior in the Department of Business Administration. New Sharon High School and is a Junior in the Department of Business Education. She has been very active in the Student Council, Epsilon Tau Epsilon Chapter of Pi Rho Zeta International Sorority, Student Education Association, Women's Athletic Association, and basketball.

Miss Joseph, daughter of Mr. and Mrs. Elias Joseph of Farmington Falls, is a graduate of Farmington High School. She is enrolled as a Freshman in the Medical Secretarial Course here at Husson. While in high school, she was active in basketball, softball, hockey, dramatics, and Laurel Board. We are happy to welcome her to Husson College and the Student Council.

After election of officers, refreshments were served under the direction of Miss Nancy Wells, Store Manager.

The Council is planning to get together baskets to help several needy families at Christmas.

GLEE CLUB

The Glee Club has had a fine start, but it needs more support from the student body. So far, we have twenty-one members; four boys and seventeen girls. We need more members, both boys and girls, to make this organization successful.

Under the direction of Mr. William Cupp, we are now preparing a program for the Thanksgiving Assembly. With a selection of fine music and more voices, this musical program could be spectacular.

The members of the Glee Club are: Joan Arnold, Ruth Bachelder, Marie Black, Judith Brannen, Alice Brommels, Joyce Clements, Earl Grava, Rosalie Green, Gloria Hjulstrom, John Lawrence, Earl Libby, Marlene Parent, Jacqueline Perrow, Sheila Schoppee, Patricia Swalina, Charlotte Taylor, Michael Therriault, Nora Turbide, Judith Viola, Cynthia Walton, and Sandra Wark.

Won't you consider joining us in the fun we have getting together to make music? You do not have to be a musician to sing and enjoy yourself.

ALUMNI NEWS

Dear Miss Bradford:

I finally arrived in D.C. and am very pleased with the over-all situation, although I can't say much about my work. I will say it is exciting and I learn many new things each day. C.I.A. is a wonderful organization to work for and I hope more girls from Husson will come down. If you know of anyone that is interested, you might give them my address and I would do my best to tell them a little about D.C. and C.I.A.

I am now staying at a woman's hotel and find it very reasonable and close to the shopping district. I will probably find an apartment sooner or later but right now I am satisfied here.

The woman who gives the typing test at C.I.A. reminds me of you—your manner and your method of teaching. Everyone wants to be of help and makes you feel right at home.

The only real expensive thing down here is the theatre. It ranges from $1.50 to $1.85, but the theatres are beautiful. I guess you pay for the surroundings more than for the movie itself!

Most of the girls here have had some type of college (business) training, and I find that I can keep up with them and in typing, can pass most of them. I lost some speed this summer, but am slowly getting it back. Brief forms are the things to *know*!!

By the way, "thanks" for all your help in getting me here. I'm really glad I came.

Sincerely,
Mildred Young

Dear Miss Swan:

This will be a very short and hurried note for today. As always it is hot here, and rained for about 30 minutes this morning. But Miss Swan, what a lovely place for a tan and beach all the time. You should see the tans Steve and I have—now that the burn has gone. Over here it seems that the sun is much hotter than it ever was in Maine.

I have heard from the High School and I am accepted for the position I applied for there. The reason this vacancy opened was that they had to use one of the Commercial Teachers to fill in a spot in the Physical Education Department—he asked me if I were at all familiar with this type of work—so that left a blank spot in the Commercial Department. You will probably say that I am crazy when you learn that I'm not sure just what subjects I'm to have, but I do so want to try my hand at teaching. I am quite sure that I will be teaching Typing I and General Business. There is a possibility that I may have General Math, and Steve almost died when I told him that—he said he was going to move out if I had that. I told the Principal that I was hesitant about the Math part, but he assured me I could do it. Wish I had his confidence. Anyhow, I get $3276 a year. I realize that is not much compared with what the others are getting, but I want to teach so badly.

I was called into Mr. Novak's office Friday (My Boss), and he asked me if I were ready to try to see how the Shorthand was. This was for the Steno job that I was to work into this month. I then had to tell him that I had had an interview for a teaching job and had not heard from them as of yet. He was very nice about it. But they are trying to talk me into staying. The job starts out at $325 and works up to $375, but I say no. At least for the time being. The Steno that is here now plans to be in Limestone by the end of the month. Her husband is an engineer for the Govt.

They have been interviewing girls here for the Steno job for the last three days. I wish that you could see some of them. One of the girls came out from taking dictation and wrote all the words in longhand before trying to type it up. Another one typed about 10 words a minute and you should have seen the spelling of all of them. One of them was supposed to be a court recorder—but I don't see how she ever got by.

I am looking forward to getting the Yearbook. Janice is supposed to get some of you to sign it. I hope that it's out by now.

How is everyone in Bangor? Have you had the course with Dr. Harms about Guam yet? I'd like to see those slides myself.

I guess that I had better stop for now—or take a chance of getting caught. (We didn't learn this in Husson!) Say hello to everyone for us.

Sincerely,
Darthea and Steve (Atkinson)

Dear Mr. Donahue:

The time passes by so rapidly that I've neglected to write you and let you know where I'm located and what I'm doing.

If you remember I had an offer from Providence-Barrington Bible College, which I turned down. About six weeks after graduation they contacted me again with a new and much better offer which I accepted.

Now I'm full time controller of the school, with four girls working for me in the finance office. Besides this I'm teaching three hours of beginning Accounting.

The faculty and staff here at Providence numbers well over a hundred, even though the student body is about the same as Husson's. The reason for this is because we have so many auxiliary enterprises, such as dormitories, and food services, plus we have two full campuses to maintain.

I'm certainly getting a lot of experience in Fund Accounting. Wish we had taken up that chapter on school accounting.

There is one course I would like to suggest to help future Husson students. That is a course in how to dictate to one's secretary. The first time I called my secretary into my office for dictation I was a little "shakey" as to how to begin, but made out o.k. after the first time.

I have a lot of counselling to do along financial lines this year to the students and to their parents, so we are using the "Tuition Plan," for the first time this year. I believe this would be a good idea for Husson. It is certainly going to give us a lift. We have the student sign a contract with Tuition Plan, Inc. of New York and Tuition Plan forwards us the money, and the student pays Tuition Plan, Inc. It sounds rather complicated, but is quite simple.

I'll certainly be happy to hear from you and find out how Husson is making out in their expansion program, etc. We also have a $1,615,000 expansion program which is to be completed in September of 1960.

Sincerely,
Alden Stuart

September 24, 1958
Dear Miss Swan and Miss Bradford:

I have been wanting to write sooner, but for some strange reason have just neglected to. I keep reading about the events at school and assume that everything is well on its way for another year. The time goes so fast. It doesn't seem possible that I have just about completed one month of teaching.

As for my job, I am completely satisfied with everything about it. I'm within view of the ocean at school and at home which I love, and the community and school is one of the nicest I have ever had the privilege of being a part of.

I just finished correcting papers and making lesson plans for my classes tomorrow. "I do believe you" that a teacher's evening is not his own. I am teaching two classes of Typing I, one of Shorthand I and II, one of Typing II and Math. I may not be the best mathematician, but believe me, I had to improve! I told Mr. Foss I would never teach it, but he made a correct forecast, that I probably would have to "on my first job."

It is getting late and I find myself rambling so will see you and the faculty at Convention.

Always,
Bob

Don Vachon, Veteran

The Husson basketball team has begun its season with practices at the Brewer Gym. This year the team is defending a triple crown. The Indians won the Northeast College Conference, the N. C. C. Tournament, and the Small College Championship in 1958. Coach Merrill is giving the boys a good work out with new drills, plays and scrimmages every afternoon.

Their first game will be with the Maine Maritime at the Brewer Gym, November 19 at 7:30 P. M. We hope to see all the new freshmen as well as the upper classmen at the game. Playing basketball is not the only thing to winning a game. The boys need some backing, so let's all be there to help them on

Jim McKay, Frosh

their way to winning the championship this season.

It may interest the new freshmen to know some of the statistics of the 1957-58 Champs.

The Indians were the winners of the Northeast College Conference for the third straight year with a record of 9 wins and 1 loss. In the N.C.C. finals Husson defeated Aroostook State Teachers College 72-63. This was the first Husson game that had ever been televised. They defeated Nasson College 90-72 to win the Small College State Crown. Husson now holds a four year league record of 31 wins and only 4 losses. With such a record as this, don't you think they deserve a little backing?

Coach Merrill has five veterans returning to his squad this season: Dick Moore, a senior hailing from Milo, has contributed much to the team in the past three years. Wayne Smith also comes from Milo. Wayne entered Husson at the half of last year and helped the Husson team considerably. Don Vachon, another veteran from Brewer, is small but his speed is as important to the team as the tall boys' height. Don is fast and knows just how and when to duck between an opponents legs. Dave Kelly, another small boy from Bangor, is also an asset to Coach Merrill's team. Wayne Haskell, from Hermon, a tall center has contributed greatly with his rebounding ability.

We are looking forward to a great season from our boys. We know that they can do it with their fine coach and their abilities to perform. We're all rooting for you, boys!!!

The following boys have survived cuts to date:

Guards: *Don Vachon, Brewer; *Dave Kelly, Bangor; Gerry Kane, Ellsworth; Thaxter Trafton, Bath; Joe Paul, Milo.

Centers: *Dick Moore, Milo; Jim McKay, Bar Harbor; *Wayne Smith, Milo; *Wayne Haskell, Hermon.

Forwards: Jack Scott, Ellsworth, Jerry Wright, Orono; Ed Reynolds, John Bapst; Bob MacDonald, Millinocket; Julian White, Bangor.

*Veterans.

J. V. BASKETBALL

The Husson College Junior Varsity team that met with Coach Nolde October 20th will be facing the largest and most difficult schedule in the history of the team. Fifteen games have been scheduled and there is a possibility of three more contests being added to the schedule as this article goes to press.

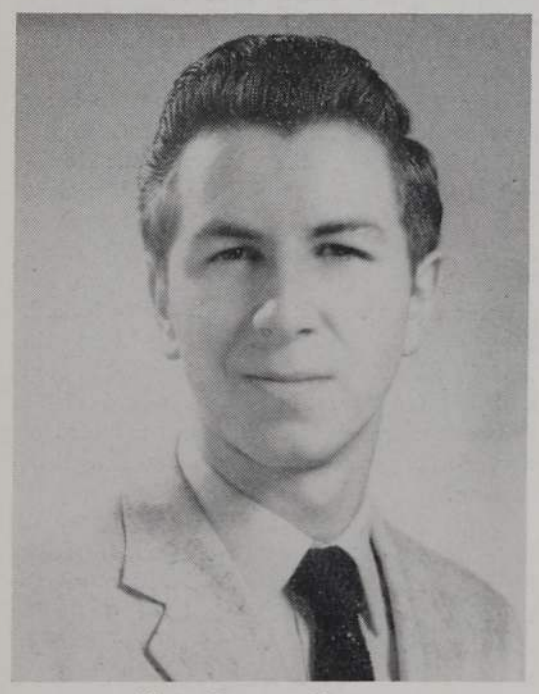

Following on the heels of a victorious 1957-58 season in which the Junior Indians won nine in twelve starts, the 1958-59 team will attempt to better that record. To assist in this endeavor five Husson lettermen have reported for practice with the team. This group includes John Dill, Hampden; Ron Geagan, John Bapst; Tom Graves, John Bapst; John

This is the fourth season of regular competition for the junior varsity team at Husson and the third year under the direction of Fred Nolde. Mr. Nolde, instructor in the Department of Business Administration in addition to his coaching duties, was Athletic Director and varsity basketball coach at the Friends' Select School in Philadelphia, Pa. before coming to Husson. Coach Nolde has never had a losing season as basketball coach and anticipates another typical Husson winning season for this year's JV squad.

In the last four years the junior Indians have moved up from playing high school junior varsity squads to competing against teams that used to be varsity opponents. It is hoped that the future will see the Husson JV's playing many of the leading high school and prep school teams, as well as other college JV squads in Maine and the rest of New England.

GIRLS' BASKETBALL

The 1958-59 basketball season for girls has opened with a bang. The day after the first practice, all girls out for basketball were standing straight and walking only when they had to. Coach Kinney had to be real careful not to stoop down to her briefcase as she wouldn't have been able to get up again.

Husson College will present the "New Look" in basketball under the able direction of Miss Janet Kinney. Between 25 and 30 girls were out for the first few practices. Sixteen girls have survived the cut.

Old faces on the court will be those of Nancy Hamilton, a Sophomore in Education, Rachel Mitchell, a second-year "Med Sec," Jean Murphy (minus her twin), a second-year Med Sec, and Beverly Govone, a third-year student in Education.

Nancy Hamilton, Veteran

New faces are: an outstanding star from Hampden Academy, Amy Oxley, the third of her family to attend Husson; Mavis Churchill, a Frosh in Education from Washburn; Gloria Linscott of Lee Academy, one of the teams losing only one game to Husson in 1957; Roxanna Stiles from Millinocket, the gal with the low dribble; Beverly Burrill from Winterport, a tall gal with a long reach; Joan Arnold of Stephens High in Rumford; Alyce Brommels, our world traveler, and of Bangor; Sandra Bryce, John Bapst High School; Marguerite Cyr of Mount Desert; Diane Hodgkins, Farmington; and Judy Smith of Rockland. This Farmington gal is a real good prospect, so the grapevine goes.

The co-eds will play a 14-game schedule, and are determined to win. They will meet two Canadian teams this year, University of New Brunswick, and Mount Allison. The Canadian game is different and the teams have agreed—all Canadian rules in Canada and all State-side rules in U. S.

The team, squad, and coach will be properly managed by Joyce Clement of Winterport, Helen Colby, of Spruce Head, scorer and Beverly Meservey of Appleton, and Janice Day, timer, of New Sharon.

The Ledger Staff wishes the girls much success and promise loyal support. Come out and support these girls and they will win for you!
