

HUSSON COLLEGE

STUDENT HANDBOOK 1978-1979

HUSSON COLLEGE

BANGOR, MAINE 04401
Student Life Office

To All Students:

WELCOME TO HUSSON COLLEGE!

The beginning of every academic year is usually a time of excitement, anticipation, and optimism. It is a good opportunity for students to sit back and evaluate where you've been and where you're going. At this time, every student should compose a set of personal goals to shoot for during the upcoming year. Certainly, a healthy set of goals should include a well-balanced mix of both academic and social goals.

Of course, the pursuit of scholastic excellence and academic achievement should be your primary purpose for attending Husson College and you should never lose sight of this priority. I urge you to set stringent but realistic academic achievement goals for yourself and consistantly strive towards them throughout the year. Constantly challenge yourself and muster all the ability you know you have plus some added capabilities you don't even know about yet. Any less an effort would be cheating yourself.

On the other hand, an increasing number of students have been recognizing the importance of personal "social goals". Not to be confused with attending parties, these goals are attained by broadening our personal horizons and challenging our personal maturity. I urge you to set personal goals that don't follow the crowd but that are true to yourself. Broaden your sphere of interactions in new and different ways. If you're a commuter, try to make some contacts in the residence halls; if you're a resident, make some new friends from another floor or from another country. A large part of the college experience is to become involved in the many and varied extracurricular activities and organizations. Your college years are an excellent opportunity to develop your personal growth. Any less an effort would be cheating yourself.

We here at Husson College, from the President to the faculty and staff, are dedicated to helping you achieve your personal academic and social goals. Good luck for a successful and meaningful college experience.

Robert C. Rothhouse

ROBERT C. ROTHHOUSE
Director of Student Life

STUDENT GOVERNMENT OFFICE

Dear Student:

I'd like to take this opportunity to welcome all the new students to Husson College and upper classmen back to Husson. We, the Student Government and Student Life personnel, hope you had a restful summer.

For most of you college will be a new venture with good experiences and long lasting relationships. To help you get started, the student body and administrative personnel have activities planned throughout the year to keep you occupied. I hope you will take part in these activities in which your personal opinion and new ideas are always welcome.

College life for some students might be hard getting adjusted to and that's where we come in. Student Government is composed of students who have been through the same experience and would like to help solve your problems and misunderstandings. We are open-minded students who understand your comments and are capable of explaining them to the appropriate administrator. We also have an open door, welcoming suggestions for new programs or just to talk to someone. Please come see us because Husson College will be to you only what you make of it.

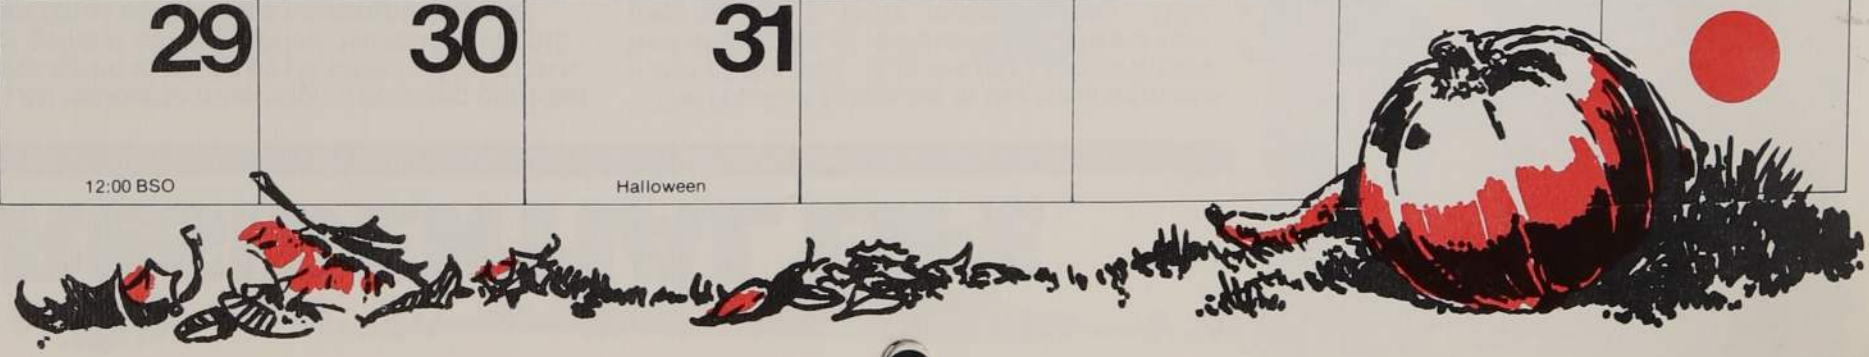

Sincerely,

Jim Martin
Greg Clement

JIM MARTIN, President
GREG CLEMENT, Vice-President
Husson College Student Government

RESIDENTIAL LIFE

All residents must sign a housing contract and agree to abide by its terms. As a matter of general college policy, Husson students are required to reside on campus unless married and living with spouse in the local area within reasonable commuting distance; or living with parents, a relative, or guardian within reasonable commuting distance. Anyone who feels his or her circumstances, including those previously mentioned, should allow for off-campus living must request permission using appropriate application forms available through the Student Life Office. This must be done by August 1 for the fall semester and by December 15 for the spring semester. Once approved to move off campus, students must petition to move back on campus.

$50 Room Damage/Reservation Deposit

This charge is made when a student first enters the residence hall system. The account must be kept with a $50.00 balance at all times while in residence. The full balance, less any common area or individual damage charges, will be refunded after the student graduates, withdraws, or receives permission to move off-campus. It is non-refundable for those students who request permission to move off-campus or withdraw after August 1 for the fall semester or after December 15, for the spring semester.

What's An RA? RD?

Your Resident Assistant (RA) and Resident Director (RD) are working for you to make your residential experience as comfortable, pleasant, and secure as possible. Each residence hall is supervised by a live-in Resident Director who is usually a graduate student. Every floor is staffed by an undergraduate Resident Assistant.

The Resident Director is the chief administrator of the hall. It is the RD's job to insure that all phases of residence hall life are running smoothly, fairly, and effectively. This is a good person for you to get to know.

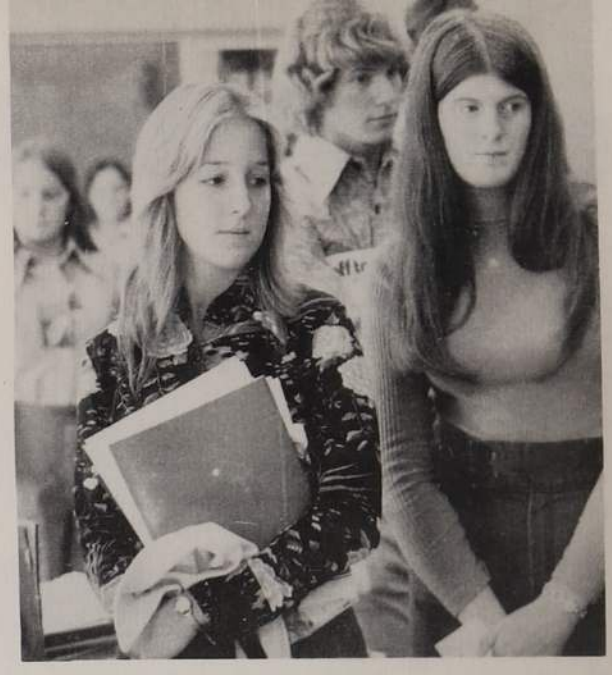

The Resident Assistant is a Husson upperclassman who is selected on the basis of peer leadership. This person lives on the floor with you and is charged with developing a harmonious sense of community among floor members. The RA has multiple roles but his/her primary role is to be a friend of the floor residents and to help them in any way. The RA is a good person to talk with when you're feeling down or when you're feeling good. The RA is also a good resource person, disciplinarian, and activities organizer. This is the person to see regarding any problem of residence hall life be it keys, room check sheets, maintenance needs, etc. The Resident Assistant is a good friend to have.

The RA and the RD work for the office of Student Life and have full authority in their roles. You owe the residence hall staff your cooperation and assistance in helping them do their jobs.

Rights and Responsibilities

All resident Husson students possess certain rights and responsibilities. Every student has the right to sleep and study undisturbed and to lead his life the way he wants, so long as he does not tread on the rights of others. Students must also accept the personal responsibility to respect the rights of others.

This philosophy of residence hall life places the burden of maintaining a proper living environment squarely on the individual residents rather than on an administrator,

resident assistant, or resident director. Living in the residence hall demands of every resident a good measure of tolerance, compassion, cooperation, and above all a respect for the rights of others. While "living in" you will be exposed to life styles, beliefs, attitudes, and values possibly much different from your own. Through interaction with fellow students, you will be challenged to question, to ask, to confront, and to be confronted on the vital issues and feelings that make personal development so exciting in college. This challenge will not always be easy. You will be learning to accept the people around you; people whose values you will not always understand, and many times will not be in agreement with.

The general rule of thumb procedure to follow if you have a disagreement with any student is to firstly tactfully confront that student with your problem (loud noise, etc.). If this is not effective, contact the Resident Assistant and the Resident Director, in that order, to settle the problem.

Students who exhibit a consistant pattern of disrespect for the rights of others are subject to disciplinary procedures and may be removed from the residence halls.

November'78

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY

26	27	28	29	30 7:00 (MB) at UMPI		

Room Assignments

The college reserves the right to make or change room assignments but students can make room or roommate preference requests. All room assignments are made on the presumption of double occupancy. Single rooms, if available, will be assigned from a waiting list on the basis of class rank. Students who wish to enter their names on the waiting list may do so at the Student Life Office. Medical requests will receive a priority consideration with a detailed physician's statement.

Students may submit room or roommate requests in May for the fall semester. Whenever possible, these requests will be honored.

Not getting along with your roommate? Thinking of changing rooms or floors? Your first step should be to talk it over with your Resident Assistant. No one is allowed to change rooms until and unless approved by the Resident Director.

Room Keys

Each student is issued a key when he checks into the residence hall. Each student is responsible for that key and should not transfer the key to another resident or make a copy of the key at any time. The key must be turned in to the Resident Director or Resident Assistant when the student leaves residence.

Lost keys should be immediately reported to the Maintenance Office. For the security and safety of the residents, the student will be billed for a lock core change.

Storage

Limited storage space for suitcases, trunks, etc. is available in the basement of Carlisle Hall. Contact the Carlisle custodian for storage.

Telephones, Washing Machines, Vending Machines

Every residence hall floor has a pay telephone. Friends and relatives can call in on this number.

Washing machines and dryers are available in the basement of Carlisle Hall. Inoperative machines should be reported to the Student Life Office.

Vending machines are located in the lobbies of Hart and Carlisle Halls. Lost coins can be refunded from the Student Life Office.

Cleaning and Maintenance

Custodial service will clean the stairways, hallway and bathroom on every weekday but will not be available on weekends. Students are asked not to take this service for granted as the custodians are human beings also.

Students' rooms should be kept reasonably clean and neat by the occupants. Cleaning equipment is available through the custodian, resident director, or resident assistant.

The college will provide all maintenance repairs within a reasonable amount of time. Damages beyond normal wear and tear will be charged to the occupants. Maintenance requests should be channeled through the Resident Assistant or Resident Director.

Common area damage charges (hallway, windows, bathrooms) that cannot be attributed to an individual will be assessed equally to all members of the floor. Students are encouraged to report those who are responsible for damage to the Resident Assistant or Resident Director.

Lounges

Six lounges are provided in the residence halls for all resident students:

The Arrowhead Lounge is located in the basement of Hart Hall. A snack bar featuring sandwiches, hamburgers, fries, pizza, and ice cream is available for those late night munchies. A wide assortment of games and occasional live music or disco is also a feature of this lounge.

The Carlisle Game Room has ping pong tables and couches for study or conversation. This is a good lounge to use if you're planning a birthday party for a friend or other party.

Two study lounges are available for quiet study: level 6 Carlisle and level 6 Hart.

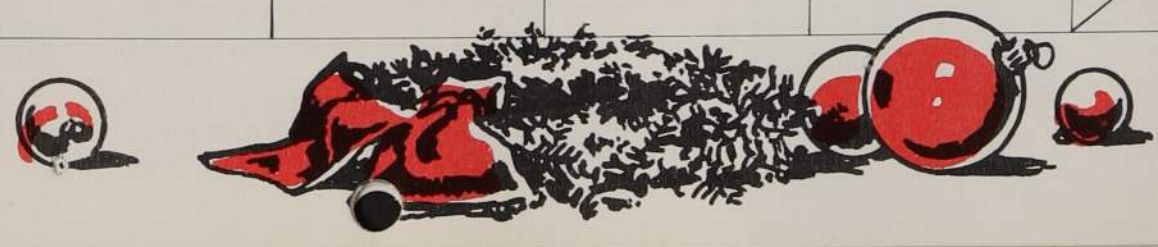

Two television lounges are available for TV viewing or quiet conversation: level 4 Carlisle and level 4 Hart.

Overnight Guests

A resident student may entertain an overnight guest for a maximum of two successive nights. Students should notify their Resident Assistant when a guest will be staying over. Guest rooms are not available and lounges should not be used to accommodate overnight guests.

December'78

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
					1 "The Searchers"	2 7:00 Paul Bunyan Tournament

17 Reading Day	18 Final Exams Begin	19	20	21 Final Exams End	22	23
24	25 CHRISTMAS	26	27	28	29	30 31

Alcohol/Drug Policy

Alcoholic beverages may be consumed by students of legal age (20) only in the confines of the lounges or individual rooms. Drinking in other areas of the college, underage drinking, or the possession of illegal drugs are not permitted at any time and may result in disciplinary action.

Sale of alcohol to an underage student or sale of an illegal drug is a most serious violation of the laws of both the State of Maine and Husson College and will result in automatic suspension.

Irresponsible drinking or drug abuse in our society is most commonly a misguided effort to be accepted by others or to escape from reality. Students should come to recognize such abuses for what they really are. Students who are experiencing difficulty with alcohol or drugs or students who would just like to talk with someone about these issues are strongly encouraged to seek out the college counselor.

Linen Service

The College provides optional linen through a contracted service. Each resident student receives two clean sheets, one pillow case, and two bath towels per week. When a resident departs or vacates a room, all linen must be returned before clearance can be granted. Charges for lost or damaged items will be payable to the College Linen Service (Associated Linen Service, Inc., P.O. Box 510, Utica, New York 13503).

Residence Inspections

Inspections of all residence hall rooms will be conducted periodically as the need arises. Routine inspections are held to determine maintenance, security and safety needs and are for the welfare of the resident population. 24-hour prior notice will be given for routine inspections and will be attended by one of the following people: the Dean of Student Affairs, the Director or Assistant Director of Student Life, or the Resident Director. Any of these college officials may authorize room inspections without 24-hour prior notice in the case of emergency, theft, or violation of college regulations.

Are The Residence Halls Noisy?

After 9:00 p.m. on Sunday through Thursday, noise shall be limited to the confines of individual rooms. Students should keep in mind that someone's right to study or to sleep comes before someone else's right to make noise. Twenty-four hour quiet hours will be in effect during final examination week.

The sound of a stereo or other amplified sound should not be directed out an open window to entertain people outside.

What should I do if someone's noise is bothering me? The first step is the most direct, the personal way: go directly to the person and ask him to quiet down. If this is not effective, the Resident Assistant or the Resident Director will determine the reasonable level of noise according to his assessment of the situation. Three warnings from a Resident Assistant or Resident Director may result in removal from the residence hall or other disciplinary sanction.

Quiet Floors

Designated "Quiet Floors" are available for those residents who prefer extensive quiet hours. Only those students who agree to abide by the posted quiet hours will be assigned to these floors. Study lounges are located on these floors.

Can I Have A Pet In My Room?

For health and sanitary reasons, pets of anykind are not allowed in the residence halls.

Firearms

For the safety and well-being of all residents, firearms, explosives, or any kind of fire crackers are prohibited from the residence halls. Firearms may be safely stored at the Maintenance Office.

Appliances

Electrical appliances with open coils, immersion heaters, stoves, soldering irons, and high wattage units are not allowed in the residence hall. Room circuits are not designed for high wattage.

Refrigerators are permitted provided they meet the following specifications:

1. Not in excess of 3 cubic feet
2. Approved by U.L. (Underwriters Laboratory)
3. Not to exceed 1.5 amps
4. Connected to grounded outlet
5. No more than one unit per room
6. Must be inspected by the Maintenance Dept.
7. Exceptions in size may be granted, upon requests, to organizations occupying lounges.

January'79

28	29	30 6:30 (WB) at UMF	31			

What To Do When The Fire Alarm Sounds

Announced or unannounced fire drills may be held at some time during the semester. These are necessary for your protection.

When the alarm sounds, secure appropriate clothing and leave the room with: shades up, lights on, door closed. Leave the building immediately without running. Every floor has stairways on both ends. No one should re-enter the building unless the alarm stops sounding or unless the Resident Director or Resident Assistant on duty determines the alarm is false and re-opens the building.

Causing a false fire alarm is a very serious violation of the laws of the State of Maine as well as the Husson College housing agreement. Such actions endanger the lives of Husson College personnel as well as those of persons in the surrounding community. Individuals found to be tampering with fire fighting equipment and systems will be prosecuted to the fullest extent of the law.

Check-Out Procedures

The residence halls are closed during the Thanksgiving, Christmas, midyear, and spring vacations. Students who need special arrangements should contact the Student Life Office at least two weeks prior to a vacation period.

Rooms must be vacated within twenty-four hours following your last final examination of each semester. When leaving permanently or at the end of the spring semester, students must return their keys to the Resident Director and have their rooms checked out and cleared by the Resident Assistant or Resident Director. Completion of the Room Condition Report ensures that the student will not be billed for damage he is not responsible for.

WHAT ABOUT MAIL?

All students (residents and commuters) are assigned a mailbox in the mail room on the ground floor of Peabody Hall. You can pick up your mailbox assignment in the mail room. Your mailing address is:

Your Name
Husson College
Bangor, ME 04401

FOOD! GLORIOUS FOOD!

Meals are served three times daily during the week and twice (brunch and supper) on weekends. Dining hall hours will be posted. The Dining Commons will be closed to Husson students during all scheduled vacations and holidays.

Commuting students and guests may purchase meals individually at the Dining Commons, WigWam, or Arrowhead Lounge.

Dishes, glassware, silverware, etc. are not to be removed from the Dining Commons. Food preparation is not permitted in the residence halls. Perishable foods are not to be stored in student rooms, except in authorized refrigerators. Other food items should be kept in closed containers to avoid attraction of insects and to prevent contamination.

Sick trays are offered only for those students who are too sick to attend the meal during meal hours. Your Resident Assistant or Resident Director will write you a sick tray request form; your friend can pick up your sick tray at the Dining Commons. Using this sick tray at the Dining Commons. Using this privilege for any purpose other than being sick is considered misuse of the meal plan and is against college regulations.

STUDENT GOVERNMENT

All Husson students are required to pay a student activity fee ($75). These monies go directly to the Husson Student Government, an organization completely controlled and elected by students. Student government is an integral part of student life and all students are encouraged to participate and support its efforts. Student government cannot work without the wide participation of all students. Additionally, involvement with student government can provide an invaluable personal growth and leadership experience that will add to your working knowledge of organizations and people.

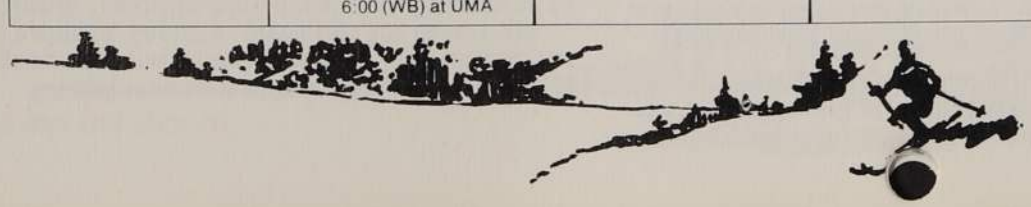

The Social Committee is funded by student government and provides many of the social activities on campus. The Social Committee sponsors dances, discos, movies, coffeehouse singers, etc. The social life on campus is what involved students make it.

The Recreation Committee is funded by student government and is charged with promoting various recreational activities.

Involvement with student government is not only a valuable personal growth experience but also a way to better the quality of student life. At Husson, student government is strong and effective and is always looking for new people to get involved. Stop by the student government office located within the Student Life Office for more information.

SHALOM HOUSE

A newly renovated farm house on campus grounds, the Shalom House is available for students, faculty, and staff for meetings, dinner, or quiet conversation. Examples of Shalom House activities are: dialogues between administrators, faculty, and students, student organization meetings, minicourses, floor dinners, and Shalom Council's Halloween party. Facilities include a large, comfortable living room, kitchen area, and "rock" room. The Shalom House is nondenominational in character and is open to all students at designated times. As an escape from the environment of the classroom and residence hall, students are encouraged to visit the Shalom House.

ATHLETICS

Husson College recognizes the educational and personal value of athletic competition and activity. The Newman Gymnasium is a modern excellent facility for year-round activity. It contains an Olympic sized swimming pool with balcony seating for 400, multipurpose gymnasium, exercise room, weight lifting room, steam room, paddleball court, rifle range, whirlpool bath, and ample locker rooms. Spacious adjacent fields are used for baseball and soccer.

The varsity sports program includes NCAA and NAIA men's competition in basketball, soccer, baseball, and golf. Women compete in intercollegiate basketball and softball. All regularly scheduled events are free to Husson students; all students are encouraged to come out and support the "Braves".

An excellent intramural program offers women's intramural archery, tennis, volleyball, softball, badminton, swimming, golf, ping pong, and gymnastics. Men's intramurals include football, volleyball, basketball, water polo, softball, handball, swimming, badminton, bowling, track, archery, ping pong, golf, and riflery. Intramurals are an excellent vehicle to develop a sense of community on a floor or within a group of friends.

Women's volleyball practice is open to all every Monday and Wednesday evening; men's practices are Tuesday and Thursday evenings.

Gym and Pool Schedule For Open Recreation

MONDAY-FRIDAY:

11:00 a.m.	-	2:00 p.m.
7:00 p.m.	-	9:00 p.m.

WEEKENDS:

1:00 p.m.	- 5:00 p.m.	-	Saturday
1:00 p.m.	- 5:00 p.m.	-	Sunday
7:00 p.m.	- 9:00 p.m.	-	Sunday

CAN I GET A LOCKER FOR MY BOOKS?

All commuting students and a limited number of resident students are entitled to a locker on the ground floor of Peabody Hall. Locker assignments are made in the book store.

STUDENT LIFE OFFICE

The Office of Student Life is designed to promote the well-being of the student population and to upgrade the general quality of student life. Housing, campus security, vehicle registration, student activites, student publications, student organizations, campus judicial system, student government, and counseling are the major functions of this office. Most improrantly, it represents the major avenue of liaison between students and the various other college offices. The Student Life Office is an advocate and ombudsman for student concerns.

Students are encouraged to visit the Student Life Office concerning any aspect of student life. There you can meet and talk with a student life official or a student government representative.

COUNSELING

One full-time counselor and three part-time counselors make available a variety of counseling services to the student. Qualified individuals assist with academic, alcohol/drug abuse, social, religious, family, sexual, personal, and career needs. Counseling sessions are kept strictly confidential by the counselor. Whether a student is undergoing a serious problem or just would like someone to talk with about a minor concern, the student is encouraged to visit the Counseling office. Counseling appointments are made in Mrs. Horner's Office, F 123.

Resident students may also turn to their Resident Assistant or Resident Director to discuss personal concerns.

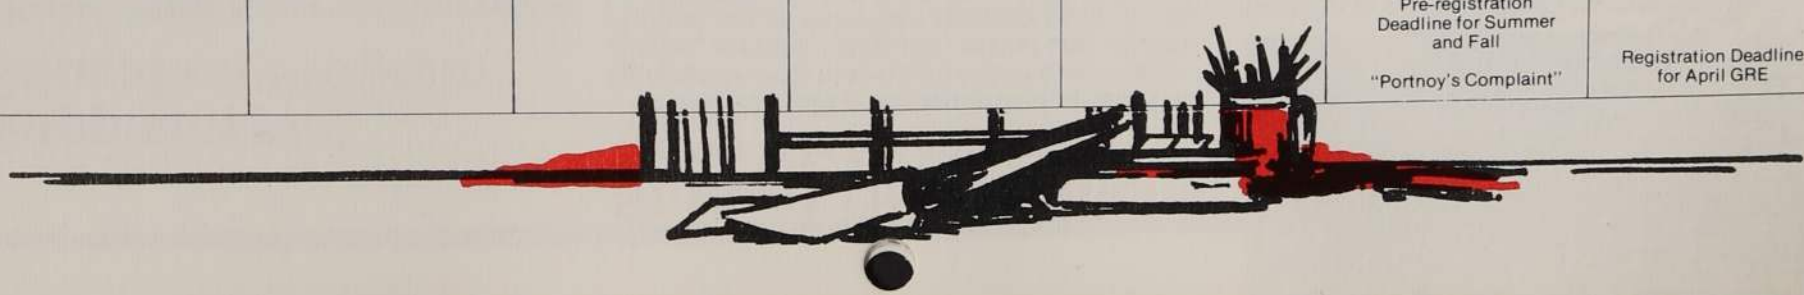

CAREER COUNSELING OFFICE

The office of Career Counseling specializes in helping the student develop his/her career objectives. It is never too early to begin discussing careers so all students are encouraged to visit this office early. Services of this office include:

1. Personal career counseling
2. A career reference library
3. Seminars in employment interviewing and job securement
4. Establishment of individual student files for use in placement services
5. Maintenance of full and part-time employment information
6. Coordination of on-campus interviews with more than forty national, state, or local firms as well as agencies of U.S. and State Government and schools.

Supplemental Education Program

Husson College is committed to providing as many opportunities as possible for the promotion of college success. The Supplemental Education Program (SEP) is one of these efforts. The program attempts to provide counseling and tutorial services to any student who needs and wants such services. The SEP Center is designed to recognize that, while students enter with varying levels of competencies, there are specific levels that are needed for successful employment and integration into society. Specifically, the SEP staff of specialists evaluates a diagnosis of present skill levels in various areas, such as, reading, writing, mathematics, and study habits. After needs are determined, an individualized program of tutoring and constant counseling is developed by the student. It is the objective of this program to help the College meet the challenge of providing equal opportunity for people to participate in business careers. Students are urged to drop by the SEP workroom (F104) and explore the possibility of gaining supplemental learning skills.

Husson Health Program

Husson College maintains an on campus health infirmary staffed by a registered nurse for approximately 40 hours per week. Times are posted on the infirmary door in Carlisle Hall. To supplement student health care the College offers a low cost health insurance plan on a waiver basis for residents, or optional basis for commuters. Students are encouraged to become familiar with our health programs and to consult the nurse in any matter of physical health. A doctor is on campus part-time every weekday.

Student Organizations:
The Key Is To Get Involved!

There are more than two dozen student organizations on the Husson Campus — academic, service, religious, social and others. Annual social activities sponsored by these groups include the Christmas Ball, Winter Carnival Weekend and "Chief-for-a-Day" Week.

The **Student Senate**, composed of elected delegates, endeavors to promote student education and welfare and to create mutual understanding among the student body, the faculty, and the administration. The College administration grants the Senate the right, under certain conditions, to enact and enforce regulations to transact business and to represent the student body.

Students also serve as representatives in the President's Cabinet and on the College's Arts, Curriculum, Discipline, Absenteeism, Career Planning, Food, and Academic Committees as well as the Board of Trustees.

The **Presidential Guides**, a prestigious group of upperclassmen, are interviewed and selected upon the basis of campus involvement, academics, and a genuine interest in serving the College. The guides present Husson to the local community, visitors, and prospective students. They work closely with the Office of the President and the Admissions Office and meet at regularly scheduled dinners to exchange their ideas with these offices and other college administrators and faculty.

Community services, both on and off campus, and social activities are fostered by Husson fraternities and sororities, **Pi Rho Zeta** International, a business society for both men and women, sponsors three chapters at the college: **Mu Sigma Chi Fraternity** for men, and **Epsilon Tau Epsilon** Sorority and **Delta Sigma Delta** Sorority for women.

Lambda Chapter, **Kappa Delta Phi**, is a national educational fraternity whose membership is open to men in a degree program. Kappa Delta Phi national affiliate Sorority, **Kappa Lambda**, is open to all women enrolled at Husson College. **Phi Theat Pi**, Lambda Mu Chapter, is an honorary international commerce fraternity whose membership is open to men with cumulative point average of 2.5 or better.

Tau Kappa Epsilon, a national social fraternity, is open to men who can meet its requirements of scholarship and character.

Tau Epsilon Phi, a national service fraternity, is the newest of Husson fraternities and is open to all men who wish to socialize in an atmosphere of cooperative social service.

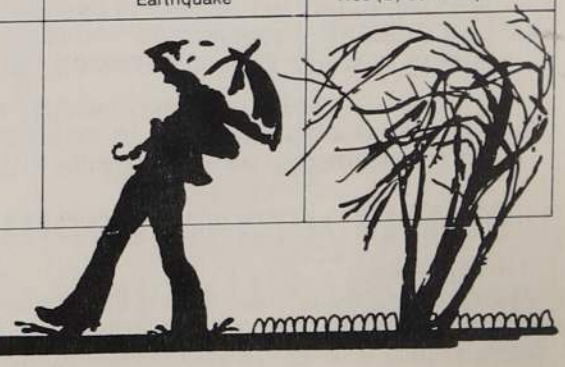

The **Greek Council** is an organization composed of officers of each fraternity and sorority on campus. The Council works to promote the common interest of the Greeks and the interests of the College through cooperation among themselves and with the College.

Husson was the first senior college of business in the country to establish a chapter of the **Student Education Association**. The Louise B. Miller Chapter of the SEA is open to all students who are enrolled in Business Education. The basic purpose of the chapter is to foster interest and enthusiasm for better business education on the local, state and national levels. Membership in the local SEA chapter also provides membership in the Maine Teachers Association and the National Education Association.

The **Circle K Club** at Husson is part of the New England District Circle K and Circle K International. Sponsored by the Bangor Kiwanis Club, Circle K is a service organization for college men and women, providing students with an opportunity to grain insight into the civic community.

The **Order of Diana** and **TEP Little Sisters** are women's organizations linked to campus fraternities.

The Husson Players, the College's theatrical group, stages major productions on campus and frequently goes on the road presenting its plays to colleges, organizations and community groups throughout the state. The Husson Players Experimental Theatre Workshop presents an evening of varied short drama. All productions are free to Husson students. Anyone interested in an aspect of play production may join the Players. Membership is open to all Husson Students.

Formed in 1967, the Husson Chapter of the **Future Secretaries Association** is sponsored by the Dirigo Chapter of the National Secretaries Association. Its aim is to bring to the student a better understanding of business through association and with experienced secretaries. All students enrolled in the Department of Secretarial Science who are of good character, integrity and scholarship are eligible for membership.

The Marketing Club, composed of marketing majors and other interested students, meets regularly to hear guest speakers from the business community and to participate in discussions and other programs.

The Management Club, composed primarily of students majoring in finance, production and personnel management, schedules regular meetings. Programs are geared to the members' academic and professional interests.

The **Accounting Society** was established in 1966 to unite accounting majors and to provide them with practical knowledge of the accounting profession. Among its activities are a Volunteer Income Tax Assistance program, begun in 1971, for indigent families in the greater Bangor Area. Membership in the society is open to all accounting majors.

Husson's foreign students from all over the world join with American students in the **International Club** to gain cultural enrichment and exchange ideas, customs and traditions. The club sponsors programs of an international flavor for its members and for the student body.

The Way, Campus Outreach is a campus fellowship with the purpose of furthering the Gospel of Jesus Christ.

Membership in the **Veterans Club** is open to all veterans enrolled at the College. Periodic meetings feature speakers and programs which are of special interest to veterans.

The Shalom Council is a group of Husson students which promotes harmony and tolerance among the entire campus community.

Student Publications

The **Pow-Wow** is an informational sheet published by students in cooperation with the Office of Student Life.

The **Spectator** is the College's weekly newspaper, published by students who are interested in journalism and in the business aspects of running a newspaper. Staff positions are open to all interested students.

The **Chieftain**, the College yearbook, is published annually by an editorial staff. Membership is open to students interested in journalism, photography, and business management.

WHSN, a low-power campus radio station, owned and operated by the Husson student body, offers experience to students in all phases of radio broadcast operation. The station was established in 1971 to entertain and inform the Husson Community.

Motor Vehicle Information

All Husson College students are allowed to have motor vehicles on campus, provided they observe the College's motor vehicle rules and register such vehicles with the College.

Vehicles on College property are operated at the owner's risk. Husson College assumes no responsibility for loss or damage to any vehicle or personal property on campus. To be permitted on campus, vehicles must be operable and must be legal to operate according to State and Local laws. Vehicles cannot be loaned to anyone considered ineligible to operate a vehicle either by the State or by the College. If a vehicle is loaned, both the owner and the operator may be accountable for any violations.

Academic Information

1. Course Requirements

At the first meeting of each course the instructor should announce the requirements of the course, including such matters as the number, time and duration of examinations, the frequency of quizzes, term papers, assignments, etc. and the extent to which each will enter into the determination of the course grade.

2. Grading

(a) General

The student is required to earn a passing grade of at least 1.0 (D) in each course which is a component of his degree program. In addition, the student is required to meet a quality point average which calls for a higher level of achievement.

(b) Course Grade

Student academic performance is officially recorded on a semester basis in grades and quality points. Passing grades for a course are recorded on a numeric scale ranging from 4.0 (A) to 1.0(D) and earn quality points. Failures are recorded as F and earn no quality points. No grades are given over the telephone.

(c) Grade System

The system of evaluating a student's performance by letter grade, with grade point values is as follows:

4.0	A	95-100
3.7	A-	90- 94
3.3	B+	87- 89
3.0	B	83- 86
2.7	B-	80- 82
2.3	C+	77- 79
2.0	C	73- 76
1.7	C-	70- 72
1.3	D+	67- 69
1.0	D	63- 66
0.7	D-	60- 62
F	F	60- 62
NG	No Grade	Below 60

WP	Withdrew Passing
WF	Withdrew Failing
W	Withdrew without Penalty
X	Failure becuase of Excessive Absences
WA	Administrative Withdrawal
I	Incomplete

Other Designations:

I	Incomplete
W	Withdrawal before midterm
WP	Withdrawal after the midterm with failing grade at date of withdrawal
X	Credit denied because of excessive absences or withdrawal without notice from any course
NR	Instructor has not submitted grade
Q	Audit, no credit earned

"I" (incomplete) is a temporary grade given when course requirements, which may still be made up, have not been completed at the end of the course. Criteria for granting incompletes include illness or accident resulting in confinement at a time when making up lost work is impracticable, death or critical illness in the family, acute (not chronic) emotional disturbance requiring special guidance, and technical difficulties, such as, research projects requiring outside source material. It is the responsibility of the student promptly to make arrangements with the instructor to clear the deficiency. All incomplete grades must be changed by the midterm of the semester following the semester or summer session in which the "I" was received. An "I" is not included in the computation of the student's semester or cumulative average. When an "I" is later converted to another grade, the quality-point average is adjusted accordingly.

"NR" is the administrative grade used by the Registrar when an instructor fails to submit a grade for a student. The "NR" reference is changed to another grade whenever one is officially received from the instructor. An "NR" grade is not included in the computation of the student's semester or cumulative average.

(d) Quality Points

Quality points are obtained by multiplying the course grade by the semester hours of credits that the course carries. The quality point average is determined by dividing the total quality points earned by the total semester hours of course work taken.

Example:

Course Grade	Semester Hours x Quality Points =		
B	3.0	3	9.0
C	2.0	3	6.0
B	3.0	3	9.0
D	1.0	3	3.0
C	2.0	1	2.0
F	0.0	3	0.0
		16	29.0

Q.P. Average (29.0 ÷ 16) = 1.8

HAVE A NICE SUMMER!

June'79

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
					1	2
3	4	5	6	7	8	9
10	11	12	13	14	15	16
17	18	19	20	21	22	23
24	25	26	27	28	29	30

3. Reports and Transcripts

A semester report of grades is mailed about three weeks after the semester ends to each student at his permanent home address. Upon leaving the College, each student is entitled to a transcript of his academic record without charge; a fee is charged for each additional copy.

No academic report, transcript of degree is issued to or for a student whose financial account with the College is not in good standing.

4. Course Withdrawal

A notice of intention to withdraw from a course must be submitted to the Registrar in writing on the day of withdrawal. Withdrawal without notice from any course will result in the recording of an "X" (failure due to excessive absence) grade.

A student can withdraw from a course during the Change of Course (Add and Drop) period which extends three full days. A student withdrawing from a course during this period will not have the course listed on his official record.

Students withdrawing from a course after the Change of Course period and prior to the midpoint of the semester will receive a grade of "W" if the student has duly notified the Registrar.

5. Course Repetition

A course may be repeated for credit in order to clear an "F", "X" or "WF" grade and to replace a "W" or "WP" grade. A course being repeated must be repeated in its entirety. No course may be repeated for credit more than once.

In determining whether a quality-point requirement has been met, quality points earned on repetition are substituted for those originally earned.

6. Audit Courses

Students who wish to audit a course (enroll for noncredit) must follow the usual registration procedures and will be charged according to the regular tuition schedule.

7. Academic Difficulties

A student in academic difficulty in a course should consult with the course instr] ctor for suggestions and advice. The student is expected to attend any extra-help sessions and should, in addition, confer with his Faculty Advisor.

Academic Policy Changes

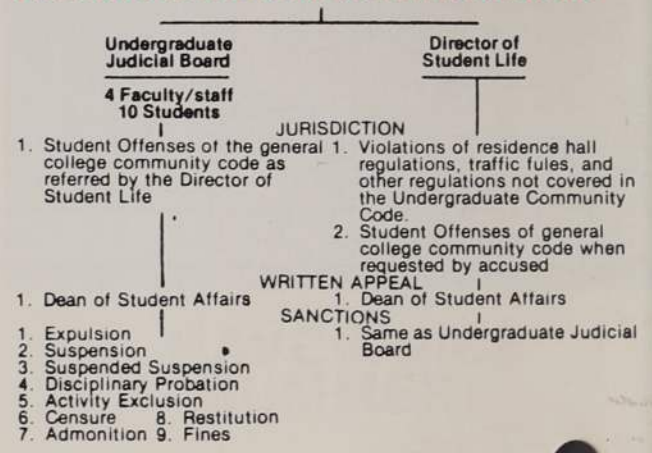

1. A student who is cut out of all the classes for which he has been registered during a given semester shall be academically dismissed, effective immediately.
2. A student who has been readmitted after academic dismissal and is subsequently academically dismissed shall not be readmitted.
3. No student (freshman, transfer, or readmitted) may pledge a Greek organization during the first semester of enrollment at Husson College (summer sessions are not considered "semesters").
4. At no time may a student pledge such organizations if conditionally admitted and if he has not been removed from conditions of that acceptance after the first semester of enrollment (SEP attendance, QPR restriction, etc.)
5. A grade of **WA** may be instituted allowing the Academic Dean to execute an administrative withdrawal for a student who with good cause has exceeded 25 percent of the total number of class meetings in one semester.
6. When a student exceeds the number of allowable cuts and if the student can justify each of his cuts, he may appeal for reinstatement.
7. Once a student has been reinstated, the student is not allowed any **further** cuts or any further reinstatement. If a student can justify the additional cut, the student may receive a **WA**. In no case may a student be reinstated again. A student who cannot justify the additional cuts receives an XF.

Husson College Judicial System

The Husson College Judicial System represents an effort by the Husson Community to form a behavioral framework within which students are expected to live while members of the College. It has been a joint endeavor of the Faculty, Administration, and Student Body. Efforts have been made to ensure that this system affords to students all the due process rights one would expect in a fair discipline system as recommended by the **Joint Statement on Rights and Freedoms of Students** fostered by the American Association of University Professors and the **Model Code for Student Rights** as published by the American Bar Association.

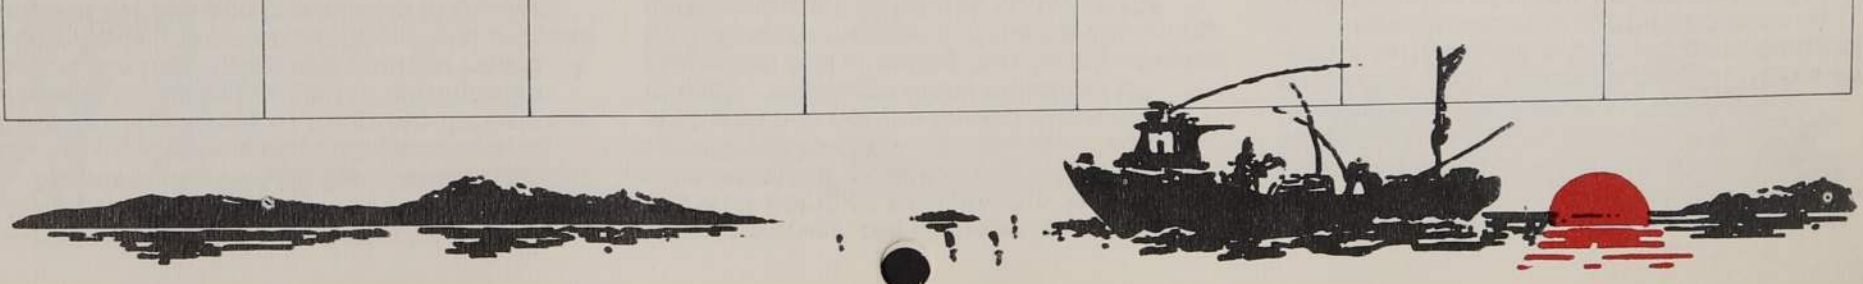

Students are expected to be familiar with the Undergraeuate Community Code and the judicial system used to enforce it. A more detailed explanation of the judicial system is available in the office of Student Services. Husson College is your campus community. Help make your living experience in it an enjoyable learning adventure.

HUSSON COLLEGE JUDICIAL ORGANIZATION

29	30	31				

HUSSON COLLEGE UNDERGRADUATE COMMUNITY CODE

Students should be familiar with the following regulations and policies of the College. Violations of these regulations are matters which are subject to adjudication before the Undergraduate Judicial Board. A complete explanation of the judicial process used at the College is available in Student Services.

Policy on Theft

Theft within a campus community cannot be tolerated. By the nature of a campus, the community depends upon the principles and good will of individuals to be free from the worry of theft. Opportunities for a thief are more numerous on a campus than in other segments of society. Accordingly, a thief is a serious threat to the well-being and mutual trust among individuals in a college society. Theft is defined to be the unauthorized appropriation of any article clearly not the property of the appropriator(s).

Policy on Assault and/or Battery

The safety from harm of every individual in a college society is a necessity. Assault is defined as an attempt, or willful offer to attempt, to do hurt to another, without the actual doing of the hurt threatened, as by lifting a fist or cane in a threatening manner, or verbally making such attempts an intent. Battery is defined as the beating of another. Itincludes every willful, angry, and violent or negligent touching of another's person or clothes, or anything attached to his person or held by him.

Policy on Academic Plagerism or Cheating

At the heart of an academic community is the need for academic integrity. Individual academic development necessitates a serious approach to learning and an honest appraisal of one's performance to determine one's most effective and efficient scholarly effort. There must be an accurate evaluation of past efforts to ensure successful future study. Purposeful fraudulent representation in scholarship not only is harmful to the individual involved, but detrimental to the efforts and well-being of an academic community. Academic dishonesty is defined as any willful attempt to submit or represent scholarship which is not the honest effort of oneself. Although many incidents of plagerism and cheating may be adjudicated by individual members of the faculty using sanctions such as course failure or the assignment of extra work, these actions do not prohibit a charge of academic dishonesty from also being brought to the Scholastic Discipline Committee if warranted. That Committee is under the Jurisdiction of the Academic Dean who will refer such charges to it for adjudication.

Policy on Fraud

Responsibility for one's own actions is a cornerstone principle in the sound structure of a learning, living society, and a necessity in the development of personal character. Furnishing false information to the College with intent to deceive is a personal abrogation of such responsibility which is contrary to the well-being of a college community. Such fraud includes, but is not limited to, the forging, alteration, or misuse of College property including library material, private property on the campus, auto decals, identification cards, or other personal identification requested by a College official.

Policy on Vandalism

Vandals, a Germanic people, overran Gaul, Spain, Africa, and many of the Mediterranean societies in the fourth and fifth centuries. They made a point of defacing and destroying things of beauty or of value to the people they invaded. Hence, the willful or ignorant destruction, damage, or defacement of property belonging to others has been defined as "vandalism" ever since. Accordingly, anyone acting in the spirit or conduct of, or like that of, the Vandals is a detriment to the College community. This policy covers not only College-owned property, but that of others as well.

Policy on Unauthorized Entry

There are many reasons why certain areas of the College are at times "off limits" to many personnel. These include safety, security, and organization, to name a few. Persons entering College spaces plainly marked as such, or locked and not their own rooms, without the expressed permission of a College official duly authorized to do so shall be guilty of unauthorized entry. College official duly authorized to do so shall be guilty of unauthorized entry. College spaces include, but are not limited to, classrooms, residence hall rooms, the game room, office spaces, maintenance spaces, dining commons, gym, student government spaces, library, etc.

Policy on Disorderly Conduct

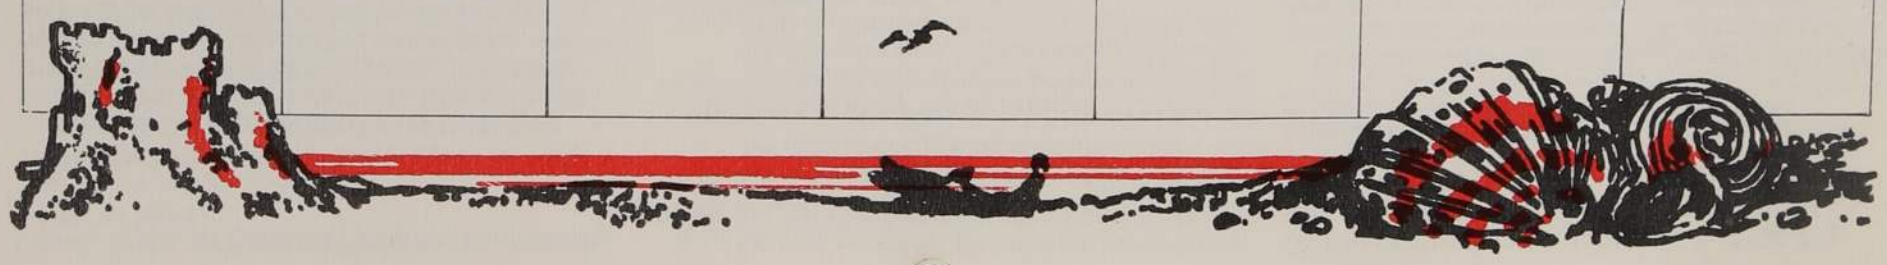

Disorderly conduct is that conduct offensive to good morals or public decency, safety, peace or order. Such conduct includes, but is not limited to, public drunkenness, unruly or turbulent actions, lewd and obscene acts or gestures, or repeated violations of other regulations of the College (traffic rules, residence hall regulations, etc.). It is recognized that as society develops, the definition of what is considered good for public peace, morals, etc. may also evolve. Accordingly, the decision as to what constitutes obscenity, lewdness, unruliness, etc., will be open to constant interpretation by the College and the Undergraduate Judicial Board. Such decisions will not be attempts to limit individual rights except where those acts are unfavorable to the well-being and character of the Husson community.

Other Regulations

There are other College rules and regulations separately promulgated. Residence hall regulations and the traffic rules are examples of such not published within the Undergraduate Community Code. The Code does, however, provide the framework within which violations of such rules and regulations may be handled. In addition, no statement, or lack of, in this Code affects the responsibility of every person to respect

August '79

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
			1	2	3	4
5	6	7	8	9	10	11
12	13	14	15	16	17	18
19	20	21	22	23	24	25
26	27	28	29	30	31	

Local, State, or Federal Ordinances, regulations, or laws.

Policy and Rules on Drugs

Husson College prohibits its members to possess, use, or distribute illegal drugs, including opiates, barbiturates, amphetamines, marijuana, and hallucinogens, except for legally authorized medical purposes and scientific research. Both Federal and Main Laws forbid unauthorized possession and distribution of drugs of the classes specified. In addition, the presence and use of many of these drugs within the College community are contrary to the intellectual and educational purposes for which the College exists.

The College recognizes that ignorance or innocence concerning such drugs threatens the safety of members of its community. It therefore seeks to provide as much information as it can concerning the consequences of harmful drugs. The College recognizes also that the illicit use of drugs may reflect emotional problems and is prepared to assist its members involved in their use through counseling. Nevertheless, the College considers a violation of the drug prohibition a serious matter and reserves the right to take action appropriate to the circumstances of each case.

Action taken by the College in all cases of drug violation will be guided by a concern for the emotional and physical welfare of the person involved and for the maintenance of a suitable educational environment for all members of the College.

Rules governing violations are as follows:

1. Alleged violations of the policy stated in the first paragraph above will be adjudicated by the Director of Student Life, or, in the case of nonstudents, by comparable authorities and their appointed delegates. It is expected that authorities will exercise professional judgment in referring indicated cases to College health and counseling services, in keeping with the second and third paragraphs of this policy statement.

2. The two grounds which may constitute occasion for the assessment of penalties are:

   a. Conviction of a member of the College on a drug charge by a court of law.

   b. A finding by the appropriate Colege tribunal, in conformity with the principle of due process, of sufficient evidence that a member of the College has violated the drug policy.

3. The maximum penalty to be imposed within the College upon a student for possession or use of marijuana shall be suspension; for the possession or use of other illegal drugs, or the distribution of any illegal drug, the maximum penalty of the College is expulsion. Other members of the College shall be liable to appropriate comparable penalties.

Policy on the Possession and Use of Alcoholic Beverages

In the State of Maine, it is unlawful for persons under twenty (20) years of age to purchase, possess, or use alcoholic beverages. The College neither condones the illegal purchase or use of such beverages by its students nor countenances the serving of them to persons under age. Moreover, it prohibits the consumption by the person or persons of these beverages on the College's grounds or in its nonresidential buildings, excepting the areas where registered private functions may be held in accordance with College Regulations. Within these limits, the College is prepared to leave to the individuals directly concerned the decision whether or not lawfully to possess or drink the beverages in question in the residential unit. The residence group remains responsible for the general tone of each area of residence, however, and may by majority vote to adopt dormitory regulations more limiting than the laws of the State.

Regulations Regarding Firearms, Ammunition, and Explosives

The College strictly prohibits the possession of firearms, explosives, and weapons on any College campus. Students are not permitted to bring to the campus or store on the campus any weapon, including any gun, rifle, pistol, explosive, switchblade knife, or dagger.

Policy and Regulations Concerning the Privacy of Students' Rooms

Students who reside in College dormitories are assured the privacy of their rooms and freedom from the admission into or search of their rooms by any unauthorized persons; however, the College is obligated to maintain reasonable surveillance of the residential areas to promote an environment consistent with the aims of an academic community. To foster these conditions the following regulations are now in effect:

1. Housing management and custodial personnel may enter assigned rooms at reasonable hours on days designated by bulletin board notices for the purpose of carrying out their assigned tasks and functions. Other personnel may enter assigned rooms when accompanied by proper authorization from the appropriate administrative official. This notification, when feasible, shall be posted on the residence hall bulletin board stating what dates rooms will be entered. Maintenance personnel may enter assigned rooms at reasonable hours for the purpose of carrying out their assigned tasks and functions. Employees in the above categories may report on the condition of College facilities and equipment, but are forbidden to report on the personal contents of rooms except as related to damage to rooms or furnishings, or to the overall health and safety of the residence hall population. All personnel in the above category shall have written notice stating those items reported as a result of such inspection. Upon receipt of this notice the occupant is requested to contact the Housing Office within seventy-two (72) hours to discuss the reported damage. (The written notices must as well advise the occupant that subsequent investigation or repair related to this damage may henceforth occur at any time during the normal work week.)

(Note: General rule or enforcement procedures will not be founded on information relating to the personal contents of rooms from personnel mentioned unless such contents are specifically prohibited by College regulations.)

2. No person, with the exception of those listed in Section 1 above, shall enter assigned bedrooms in the residence halls except under the following conditions:

   a. Consent of the occupant(s); or

   b. Presentation of a properly drawn legal search warrant; or

   c. Presentation of a written authorization* from the President, Vice-President, or Director of Student Life or persons publicly designated to act as their representatives; or

   d. Emergency situations of immediate threat to preservation of the building and the safety of occupant(s) and/or the residential population.

3. Reports made as a result of inspections related to physical facilities and/or furnishings will be handled by the Housing Office in accordance with the existing residential regulations.

4. Written authorization from the President, Vice-President, or Director of Student Life must specify the reasons for believing such a search is necessary, the objects sought, and the area to be searched. An effort must be made to conduct the search in the presence of the student.

5. The request for a search, if approved by the designated authorities, shall be kept in records with the authorization until the time of the student's graduation and shall be available to the student for examination. These records will be kept completely separate from the student's permanent record. Should the search figure in any trial proceeding within the College, the authorization shall be attached to the trial record; if no action is taken following an authorized search, notation of this fact shall be filed with the authorization.

6. In the absence of a legally drawn search warrant, no general searches shall be conducted by College personnel except with the possession of the written authorization of these above-mentioned persons, stating the reasons for the search or under circumstances deemed to be of extreme emergency by these persons or the officer in charge of maintenance.

(*The physical presence of the President, Vice-President, or Director of Student Life, Resident Director, or Security Officer who verbally authorizes an entry, shall be considered the equivalent to a written authorization by these persons. Proper written records must still be kept with Paragraph 5.)

Policy on Use of Segregated Facilities

It shall be College practice not to discriminate in any way on the basis of sex, race, creed, or national origin. This covers official activities sponsored, financed, and controlled by College personnel and campus organizations, whether these activities are held on or off-campus. If they are held off-campus, they must not utilize facilities where discrimiantion is practiced. Naturally, the College will not attempt to dictate to individual students, faculty members, or private groups how they should conduct their personal affairs.

The above policy applies to all social functions sponsored by undergraduate campus organizations. The failure of student groups to comply with this policy may result in suspension of their social privileges. Repeated offenses by campus organizations or fraternities could result in the revocation of their charters or fraternities could result in the revocation of their charters or the dissolution of the living group.

ASSIGNMENT OF SANCTIONS

Individual Offenses

1. No sanction or other disciplinary action shall be imposed upon a student by or in the name of the College except in accordance with the Judicial Code.

2. Expulsion or suspension from the College or any lesser sanction may result from the commission of any of the following offenses:

   a. Academic dishonesty (Via the Scholastic Discipline Committee)
   b. Theft
   c. Assault and battery
   d. Vandalism
   e. Fraud
   f. Lewd or indecent conduct which interferes with the goals of the College, or is detrimental to the welfare of the College community.
   g. Illegal use of drugs
   h. Unauthorized entry
   i. Two or more (or the repetition of) offenses listed in Section 3 below

3. Disciplainary probation or any lesser sanction may result from the commission of any of the following offenses:

   a. Disorderly conduct, including that resulting from drunkenness, not conconsidered lewd or indecent.
   b. Violations of residence hall regulations
   c. Repeated violations of traffic rules
   d. Gambling
   e. Unauthorized or illegal use of alcohol
   f. Failure to abide by a lawful order of a College official acting within the realm of his authority.

Group Offenses

Living organizations, societies, clubs and similar organized groups are responsible for compliance with College regulations. Upon satisfactory proof that the group has encouraged, or did not take reasonable steps as a group, to prevent violations of College regulations, the group may be subjected to permanent or temporary suspension of charter, social probation, denial of use of College facilities, or other like sanctions.
