## CHAPPIE, WAYNE, BOB LEAD IN SCORING

The young Braves of Husson College are currently leading the Northeast College Conference—a feat unexpected by the loyal fans of the Braves, due to the team's inexperience in college playing and the fact that there are no lettermen on the squad.

Teamwork, attitude, hustle, and the willingness to improve have been major factors in the early successes of the Husson team. Any student who has not seen this fine team in action has missed some fine basketball. Enough cannot be said of the young men whose tireless efforts are carrying the Husson banner on to even greater heights in sportsmanship, school spirit, and respect by their opponents than Husson has ever experienced before.

## GREETINGS FROM FLORIDA

THE CHIEF

Greetings:

Frosty Florida has warmed up and the days reach 80° under blue skies. We walk the beach in swimming suits, picking up shells, and enjoying the healthful out-door life. Mother Nature seems repentant after destroying millions of dollars of citrus and vegetable crops and sends warmth and sunshine in bounteous quantity as if to atone for the harm created by her icy finger.

We left Bangor the day before the storm. It was pure luck. On the way down, which takes five days (2,000 miles) we heard the radio reports of Bangor's plight, and read of it on the front pages of all the papers. We couldn't help worrying, but knew that the people in Maine would rise to the challenge and dig out in a reasonable time. Anyway Bangor made history, and we almost wish that we could have seen the storm and to have experienced all that went with it. Silly? Perhaps. We prefer the vagaries of a Maine winter to the montony of perpetual sunny weather.

I was pleased to attend the Christmas assembly, and I pen my thanks formally for your gift. Husson students, year in and year out, have proved in countless instances that they are both thoughtful and generous. It is a way of life of which I'm proud indeed. Our Chaplain has mentioned it many times, and names it as one of the reasons for his full-time affiliation with the college. Be worthy of this compliment now and when school days are over. These attributes will serve you well, and the state, and the nation.

Someone said that a New Year's resolution is something that goes in one "year" and out the other. May I recommend one that will help you? It is to study first, complete the assignments, then play and relax. Do the first things first. You invest time and money in education. Both are wasted without an additional ingredient, *effort*. You must work at making your investment count. Make this resolution now to yourself. It may be trite to say it but "you'll be glad you did." So will I, and so will your parents and families.

How about joining the Glee Club? A school our size should have at least 50 voices in its chorus. You'll enjoy the experience and profit by it. Some think that singing is for "sissies," —that it's beneath their manly dignity to be part of such a group. That kind of thinking is provincial and out of date. Singing has enriched the lives of many men, and I see it at Lions, Rotary, Kiwanis, Knights of Columbus, Pythian and wherever men congregate. So think it over and if you can spare the time "get with it." I speak for the band, too. Let's keep our musical talents alive, and have a good time doing it.

Mr. Dartnell loves to sing. Alone, or with a group, he doesn't care. He enjoys the world of song. You can, too, regardless of the quality of your voice. Are you listenin'?

The second semester presents a new challenge. I hope that you will profit by the mistakes made during the first semester, and improve your grades as you move along. Make it easy for me and the staff to recommend you when the employer comes a-lookin'. Each day of school is a step nearer that interview which will start and shape your career.

I leave this thought with you:

If a task is once begun
Never leave it 'til it's done.
Be the labor great or small
Do it well, or not at all.

We will return in April, anxious to see "youall." That is, as Arthur Godfrey says—"be the good Lord willing."

Cordially,
Chief

---

## HERITAGE

Bangor is a historic city. Long ago it was named the Queen City of the East and the tales of its lumbering days make exciting reading. Great fortunes were made in the Maine lumber industry; and, when the woodsmen and loggers descended upon Bangor after the season's cutting, it became a boisterous boomtown. It was here that the history of Husson College had its modest inception in 1898.

It was founded as the Shaw Business College and retained that name until 1926. For 28 years it offered courses in shorthand, typewriting, spelling, English, and penmanship in an effort to prepare young men and women for office employment. The Shaw Chapter of the Husson College Alumni Association will attest to the fact that the training was sound and that the college made a worthy contribution to the growth of business and industry in the area.

In 1926 Mr. Howard W. Mann of Auburn acquired ownership of the institution, and it became the Bangor Maine School of Commerce, one of a chain of five similarly named schools located in Portland, Auburn, Augusta, and Presque Isle. The new faculty was headed by Chesley H. Husson, Sr. who entered a long career with the institution as principal and coach.

He immediately devoted his attention to liberalizing and lengthening the courses of study and to the establishment of an extra-curricular program. Short courses were abolished. Basketball, baseball, social programs including monthly dances and other activities, breathed new life into the growing college which numbered but 40 students at that time.

A teacher-training program of two years' duration was begun with the approval of the State Department of Education. This has grown in content and strength to the present time which finds the program now four years in length and qualifies the graduate for the baccalaureate degree in Business Education.

In 1933 Mr. Husson succeeded Mr. Mann as proprietor of the college and became the sole director of the policies that were to direct the destinies of the institution. The student body numbered 150 at that time; the faculty four. The quarters on Columbia Street were becoming crowded, and the new owner concerned himself with the problem of providing adequate classroom space for the rapidly growing student population. In 1940 the college moved into its new building on Park Street hill.

The student body numbered 300 the first year in its new home. At long last the college had a gymnasium-auditorium which provided facilities for athletics, assemblies, graduation exercises, dramatic club presentations, dances, and many other activities. It was inching forward to the time when it might wish to qualify as a collegiate institution of business.

It was felt that the college had an identity of its own that was submerged as a member of the five Maine Schools of Commerce, and in 1947 Mr. Husson, now president, asked the

(Continued on page 3)

# 1903-1963 — SIXTY YEARS' GROWTH

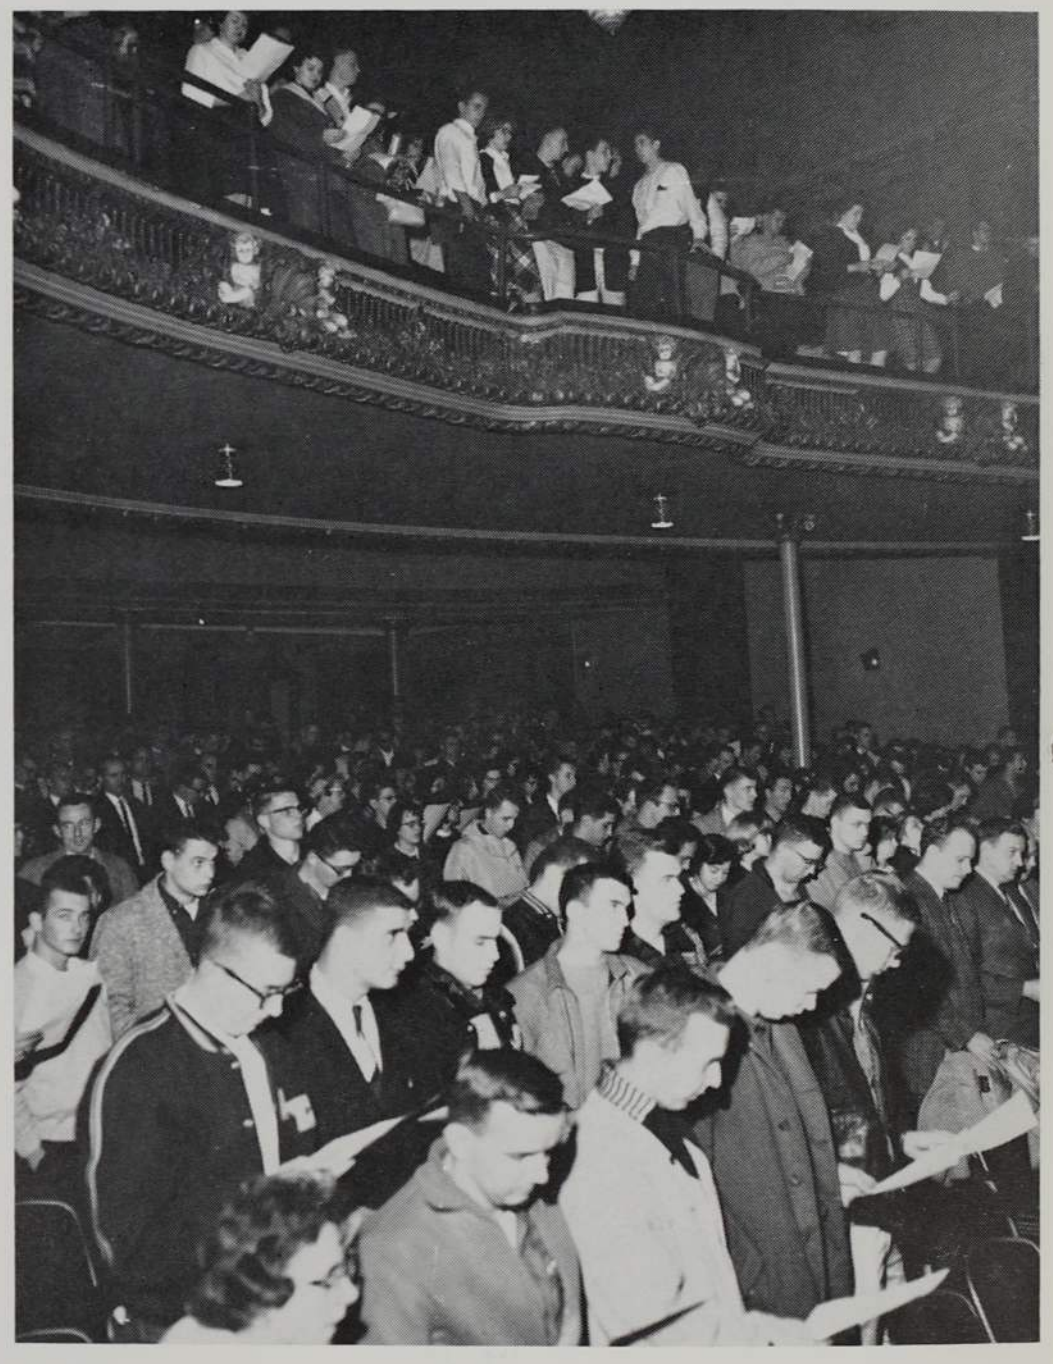

The Bijou theater has been the setting for the Husson College Thanksgiving and Christmas programs due to the increased enrollment. The programs were highlighted by band and glee club selections and addresses from President Husson and our college chaplain, Reverend Dartnell. The large attendance at the programs proved their success and we are all looking forward to participating in the Easter assembly.

One of the first Husson College alumni associations to be formulated is known as the Shaw Chapter and many of its members may be found in this picture of the class of 1903.

## SHAW BUSINESS COLLEGE — CLASS OF 1903

## ASSEMBLIES HELD IN THE BIJOU

## HERITAGE

(Continued from page 2)

student body to give the college a new and permanent name. By unanimous vote there emerged the name of Husson College and the separation from the chain of five schools completed.

The curriculum was undergoing many changes and was the constant concern of both administration and faculty. A number of three-year courses had appeared, including the one for the training of teachers. President Husson appeared before the 96th Legislature, State of Maine in 1953 in a successful effort to obtain a charter to confer degrees upon the four-year graduates of four different programs of study. They were the degrees of B. S. in Accounting. B. S. in Business Administration, B. S. in Business Education, and B. S. in Secretarial Science. In all these courses the liberal arts content, or subjects in general education, now constitute least 50 per cent of the total offerings.

In 1956 Dickerman Hall was built to help house the growing student body. Located on French Street, adjoining the present building, it provides six classrooms, student lounge, infirmary, library, and office. In 1958 the Thomas Rod Company building was purchased, completely renovated, and with this addition the college has space for three more classrooms, office space, and the Book Store.

History repeats itself. In four short years the enrollment of over 700 students taxed the facilities to the limit. The Penobscot Hotel, provides a dormitory for 200 men, and classroom space is rented from the church across the street.

The year 1962 finds the administration again concerned with the problems of expansion. It has purchased 50 acres of land for its new campus. It is searching for funds to build another new home that will house 1,000 students, a number that will be reached in 1964 according to the trends now measurable. The plans for the new buildings have been completed, and the new modern campus is attractive and functional in the blue-print stage. The administration and staff to the last man are dedicated to the project of making this dream come true during President Husson's tenure of office.

## ADMIRAL NEXT!

Dolores "R. C." Renaud is a new Lt. (j.g.). She entered the service in 1952 and has been stationed in Brainbridge, Maryland, U.S.N. Receiving Station, Brooklyn, New York; U. S. Naval Air Station, Brunswick, Maine; and at present is an Admin. Officer at the Bangor Reserve Training Center. She has earned the National Defense Service Medal and the Good Conduct Medal with one star.

Lt. Renaud attended Lewiston High School and Husson College. She was Business Manager of High School and College Yearbooks; Vice-president and President of Epsilon Tau Epsilon Chapter of Pi Rho Zeta International; Valedictorian and Outstanding Woman Graduate Husson College 1962.

Miss Renaud is an instructor of the Secretarial Science Department at Husson College. She is a member of the Maine Teachers' Association. New England Business Education Association and Epsilon Tau Epsilon Chapter of Pi Rho Zeta International. Congratulations Lt. (j.g.) and may you have many more promotions.

---

Have you any abnormal children in your class, a teacher was asked. Yes, two of them have good manners.

## SGT. LOGAN RECEIVES TOP SAC AWARD

SMSgt. Kenneth H. Logan has been awarded Strategic Air Command's highest educational achievement award. Sergeant Logan, first sergeant of Headquarters Squadron, 4038th Strategic Wing, at Dow, was presented the SAC Aerospace Education Medallion.

Col. Harry R. Burrell, wing commander, commended the sergeant as being the first in the wing to be honored with the medallion. In a letter to Sergeant Logan, Colonel Burrell stated that "The predominence of your college credits were attained during your off duty time while you were employed in responsible positions and raising a family. Your industry and tenacity are all the more noteworthy because of these conditions, and serve as a fine example for other personnel . . . I add my own personal congratulations to those of the commander, Eighth Air Force, for a difficult job well done."

The "job well done" referred to Sergeant Logan's obtaining a degree from Husson College in Bangor. He was the first Dow man to take advantage of the newly authorized short term temporary duty under Operation Bootstrap and complete his college degree. He graduated with a B. S. degree in business education and administration.

In pursuit of his degree, Sergeant Logan attended Centenary College, La., while stationed at Barksdale AFB, prior to starting classes at Husson. In addition, he has completed numerous correspondence courses through many other colleges and universities.

Even though he has obtained his degree, the sergeant doesn't plan to stop here. Future plans call for working towards a masters degree which will assist him in a teaching career upon retirement from the Air Force.

## WITH THE FACULTY

Husson College faculty visited far and wide over Christmas vacation. Miss Arnold flew to Illinois, Mr. Bertolotti got engaged; the Danas have a new baby daughter and Mrs. Sanford's daughter made the front page of the Bangor Daily News with Santa Claus.

All enjoyed the extra days due to the deep snow in the city—forty inches—some drifts 20 feet high. Mr. Husson, Jr. and family were almost buried. The Tylers were still snowbound on Ralph Street Wednesday after the storm. The typing teachers did not enjoy these extra days as the week lay-off is plenty but three too much for those who have to make a speed requirement.

Misses Clark and Watson snowshoed over to visit Bradford and Swan. It was a job since both were on one pair of snowshoes. Drifts were between six and ten feet deep in the dooryards. Five Husson stalwarts shoveled the driveways for these teachers. Clark, Watson, and Swan broke out a path wide enough for one car in order to get groceries for four families.

In Bangor one found a single track for cars. Snow was piled higher and deeper in front of Husson than ever before. It took a bulldozer and a truck to clear out the parking lot. Most people were warm and had electric power. Doug and Bob Vanwart were without either for days. Mrs. Lowe had problems with no power, too.

The faculty held a luncheon at Husson Hall with one hundred per cent attendance. Gifts and poems especially were enjoyed. Mr. Foley wrote his while he ate. It was directed to Rev. Dartnell and a masterpiece.

The faculty children were invited to a Christmas party with Santa, gifts and all. Most of them could attend. Gail's daughter, Cheryl, was fascinated by Santa. She was disappointed because he did not wait at her house Christmas morning. Bob and Gail have strict orders not to let him get away another year! Santa was real good to Miss Swan. She received a gift "From the Men in Her Life." They are the men faculty members. How about that? She received a beautiful envelope brief case, all engraved!

The students presented the "Chief" with new light-weight luggage. He travels by air a lot and it will see much use. The faculty gave the Hussons a $100 bill to purchase a coffee table with a glass top in which he will exhibit his shell collection.

The Hussons are in Florida, Address is: Val Halla, Bonita Springs, Florida. He would like to hear from you.

Mr. Lebrun is getting ready for a big semester. He will have four girls in Social Problems. Classes are full and many new faces have appeared on campus.

Mrs. Noyes will join the English Department to teach Speech and English. Miss R. Arlive Wroy of Brewer will replace Mr. McKenzie in the Library. Mrs. Marjorie Cummings Groy will be Miss Swan's secretary. Miss Betty Smith will be President Husson's secretary. Mrs. Gross is going home to wait the coming of an addition.

Miss Swett, Miss Renaud, and Mrs. Goodwin will be enrolled at Maine in Saturday classes.

Joey Lebrun was home from Michigan State University. He is on Dean's list!

# HUSSON'S EXCELLENT CHEERLEADERS

SAWYER - MARSDEN - HAVEY - DONAHER - WELCH - HERSEY - PELLETIER

The cheerleaders are very enthusiastic over the "turn-out" of students at the games this year. The team needs all the support possible, and the cheerleaders *cannot* support them alone. We need you there at all of the games, not only to watch the team play, but to cheer along with us when we are on the floor. The cheerleaders have added many new cheers since the basketball season opened. Husson really has school "spirit".

Husson has an outstanding team this year, and the boys are all doing their best at every game. Why not show this team that you are interested, by coming to the games, cheering for the team, and showing the other teams that Husson really has good school "spirit".

# JUDO AT THE Y.M.C.A.

Judo is the study of maximum body efficiency with minimum body effort. The first Judo team of Husson College was formed in September of 1962 and consisted of twenty-one members: Wayne Allen, Wayne Backus, David Bean, Robert Bernier, James Bradley, Carl Brown, Danny Bryant, Frank Dumond, Stu Flome, Bill Goddard, Jim Graham, Ernest Gray, Dennis Keegan, Steve Knox, Walter Leo, Gerald Morton, Joseph O'Reilly, Gary Perrigo, Charles Renski, Erwin Sprague, Joe Truskowski with Judy Otis as secretary. New members at the beginning of next semester will be: Carroll Strout, Lindham Lane, Frederick Trask.

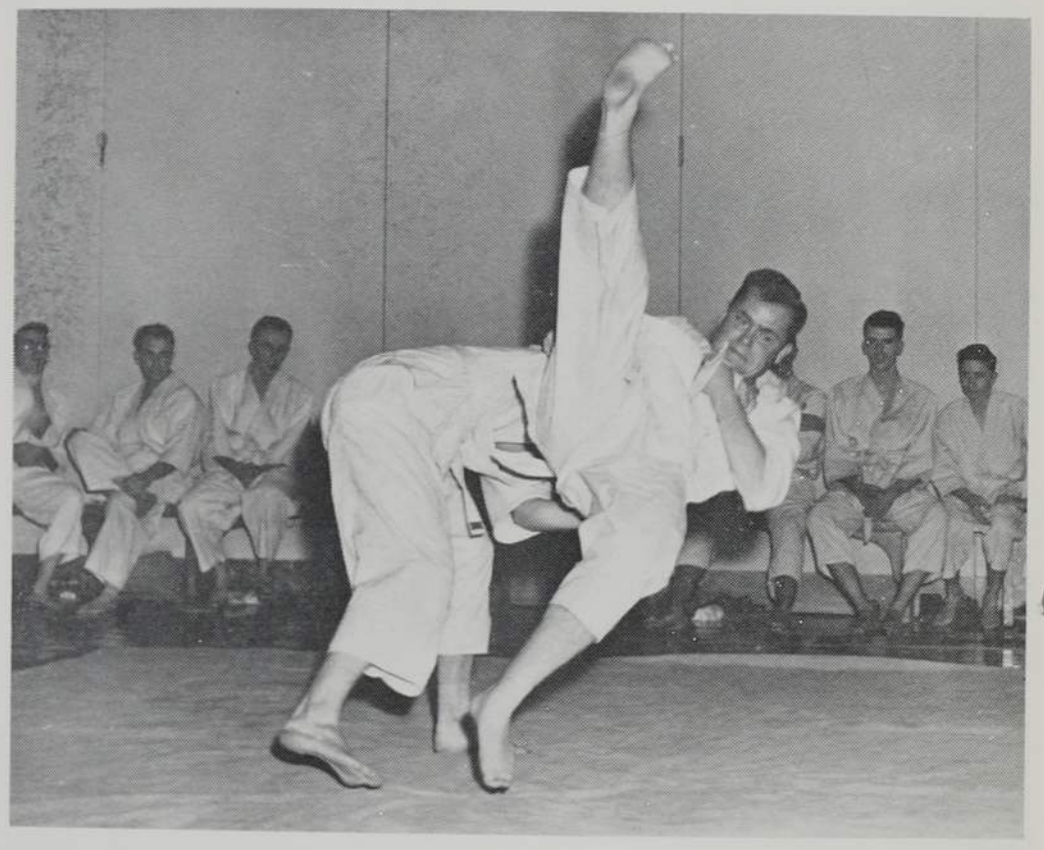

Joe O'Reilly has been our instructor—he has had two and one-half years of Judo. The Husson Judo team has held three demonstrations and one contest against the U. of M. The contest was truly an accomplishment considering our short training period as compared to an average training of a year and one-half for Maine.

It was unanimously decided at the last meeting to admit any new members interested in the sport of Judo.

Dear Mr. Husson:

This judo group is one of the finest, most purposeful physical education groups I have seen. They are a well-disciplined, responsible group of young men. It is a pleasure to have them around. Your school can be proud of them.

Highest personal regards,
Roland F. Chandler
General Secretary
YMCA

# SENIOR LIFE SAVING AWARD WINNERS

McKenney

Coston

Perrin

Shane

Morse

Bohan

Reynolds

CONGRATULATIONS
TO YOU
FOR THIS EFFORT

## GIRLS' SWIMMING

During the past ten weeks, the members of the Swimming Group have been given instructions every Monday evening in the proper techniques of developing good swimming habits. The girls were divided into three groups; namely, the beginners, the intermediates, and the advanced swimmers. All 29 girls advanced into the next swimming group. This is an all time high record for the girls' swimming group since it was started in 1960.

Seven members of the Swimming Group were awarded The American National Red Cross Certificates in Senior Life Saving and Water Safety. These certificates enable the recipients to accept positions as Senior Water Front Supervisors. The seven girls receiving the certificates were: Eleanor Bohan, Helen Coston, Nancy McKenney, Carolyn Morse, Carlene Perrin, Karen Reynolds, and Carol Shane.

All Senior Life Saving girls were required to know the following strokes: the crawl, the elementary back stroke, the side stroke, and the breast stroke. Two other major requirements were completion of 17 hours of swimming, a one-hour written examination, and a one-hour performance examination.

In the one-hour performance examination it was necessary to know the way in which to approach a drowning victim. The girls had to know the rear approach, front surface approach and the underwater approach. Once the girls determined the proper approach to use, it was then necessary for them to determine the correct method of carry to get the victim to safety. It was necessary for them to know 5 different carries: the chin pull, cross-chest, hair carry, head carry, and tired swimmer carry. Once the victim was taken to shallow water, it was necessary for the girls to use either the saddle carry or the firemen's carry to bring the victim to the water side. The last step was to apply artificial repiration if necessary.

## HUSSON BAND TOPS

The newly formed Husson College Band, under the direction of Paul Dinsmore, a junior at the college made its premier appearance at the Thanksgiving assembly. The band has also been a welcome addition at the home basketball games this season and performed for the student body again at the Christmas assembly.

At present there are 21 members of the band and any students who are interested in participating in this activity will be welcomed.

At a rehearsal in November the group elected Herbert Hopkins as president, Carol Wylie as Vice-President, and Linda Havey as Secretary-treasurer. A music night is planned to coincide with Husson's homecoming program this spring. It is also planned to make a suitable award each year to the student who contributes the most to the general welfare of the band.

### INTRAMURAL BASKETBALL

On Monday, January 14, the first meeting was called for all girls interested in participating in the Intramural Basketball Program.

Teams were organized, captains, and managers were chosen for each of the four teams.

All team members took part in the exercising program, dribbling, lay-up shots, and foul shooting.

The next session will be held on February 11 at which time each team will work out their plays. During the week of February 11, each team will meet individually with Miss Kinney to discuss the new rule changes in girls' basketball.

The program will be run on a rotation schedule whereby each of the four teams will play every other team. At the end of the program, play offs will take place to determine the "Champions".

The four teams and their chosen names are listed below:

*Team I—Varsity Eight*

Mary Jane Dunphy, Carlene Perrin, Lois Cross, Jackie Emerson, player-manager; Carole Worden, Helen Coston, Anita Lewis, Rebecca Blood, Captain; Ann Smith.

*Team II—Hot Shots*

Judy Currier, Sheila Fernald, Captain; Ruth Ann Seekins, player-manager; Mary Ann Page, Barbara Evans, Gerry Reardon, Bonnie Gellatly, Karen Marr.

*Team III—The Sharpshooters*

Shirley Hersey, Janet Drinkwater, Wanda Leavitt, Maureen Leach, Sharon Smith, Jackie Hunter, Captain; Sherry Hillier, Martha Farwell, Henrietta Couloumb, Carmen Lovell, player-manager.

*Team IV—Cool Cats*

Carol Shane, player-manager; Diana Hatch, Jeanne Pellitier, Phillipa Higgins, Captain; Judy Rideout, Beverly Cromwell, Joanne Edgecomb.

HAPPY MID-SEMESTER
VACATION
RETURN FEBRUARY 4

## INTRAMURAL CHAMPS

## IN HER P.J.'S!

## TEE-PEE TID-BITS

With the opening of Husson Hall well behind us and the freshman well seasoned in the ways of college life, the dorm is now activating its social calendar.

To start the season off, the dormitory elected a dorm council. One freshman and one upperclassman was elected from each floor. Those elected were: 1st floor—William Reed and John Boucher; 2nd floor— Paul Gervais and Chester Poole; 3rd floor—Donald Demmons and Richard Herrmann; 4th floor—Robert Brown and James Rigley.

The council's first function was a Christmas party for children, supported by the Salvation Army. Cartoons started the program off, then refreshments were served, and most exciting of all, was when "Santa" arrived! The big eyes and happy faces on the children made Santa hate to leave and continue his journey.

The council collected money and purchased toys and stockings of candy for each of the twenty children.

* * *

The next function by the council was a Victory Dance after the Husson-Ricker basketball game, Jan. 16th. This was also held at Husson Hall. The coffee shop was open for refreshments for all who joined the merriment. The "Jesters" volunteered to supply the music for the dance and was much appreciated.

Things to come in the near future: cribbage; checker and whist tournaments; interdormitory sporting events and more dances!

## MY WORK

Let me but do my work from day to day
In field or forest, at the desk or loom,
In roaring market place, or tranquil rooms;
Let me but find it in my heart to say,
When vagrant wishes beckon me astray—
"This is MY WORK, my blessing, not my doom,
Of all who live, I am the one by whom
This work can best be done in my own way."
Then shall I see it not too great or small,
To suit my spirit and to prove my powers;
Then shall I cheerfully greet the working hours,
And cheerful turn when the long shadows fall
At eventide, to play, and love, and rest,
Because I know for me, my work is best.

—Henry Van Dyke

## SANTA VISITS FACULTY CHILDREN

# ORGANIZATIONS ACTIVE

## DELTA SIGMA DELTA INITIATES

## BEFORE AND AFTER

## NEWMAN CLUB

On December 2, 1962, a group representing the Newman Club at Husson College went to Farmington State Teachers College to the Regional Meeting. The guest speaker was a former graduate of Husson College who spoke on the "Lay Apostolate." Following this a business meeting was held with Ed Nugent, regional director, presiding.

At the business meeting plans were made for the Newman Club Convention to be held at the University of Maine March 1, 2, and 3. It was decided that the theme of the convention would be "New Frontier in Newmanism." A tentative schedule was set up for the three-day convention consisting of Friday, registration, Benediction, and a jam session; Saturday, Mass, breakfast, general group meetings, followed by a banquet and dance in the evening; Sunday, Mass and a Communion breakfast. Guest speakers were discussed and the Maine club is to contact them. Members from our club will represent Husson at this convention.

## HYCO

The Husson Youth Christian Organization met for the first time on December 6, 1962 in Room 13. Rev. Dartnell spoke on the "Stories Behind the Carols." Approximately 20 Husson students attended the meeting. Refreshments and a social time were enjoyed by all after the meeting.

Husson Youth Christian Organization was organized for the purpose of a closer fellowship among the Protestant young people. Meetings are scheduled each month. Our next meeting will be in February. Watch the bulletin board for further notice.

We welcome all students to join this worthwhile organization.

---

The college freshman pestered his father insisting on a new car. On a visit his father pointed out the ancient vintage of the cars in the campus parking lot, but Dad the lad protested, those cars belong to the faculty.

## D. S. D.

On December 13, 1962, twenty-four, eager and excited girls flocked into Room 4 to learn more about Delta Sigma Delta Sorority. The Big Sisters were on hand to answer questions and to help Miss Jordan, the Sorority advisor with the pledging.

After many delays because of the weather, a hilarious informal initiation was held on Friday, January 11, 1963.

Spirits fell on Sunday, January 13, 1963 as the day dawned bleak, grey, and SNOWING!! But as 7 p.m. rolled around, the formal initiation still had not been canceled and nineteen girls, arrayed in beautiful gowns of various colors, were initiated in the traditional candlelight ceremony. New members are: Barbara Stromback, Nancy Kinney, Kathy Mitchell, Mary Richards, Carmen Lovell, Marilyn Morgan, Judy Rideout, Betty Young, Sandra Norwood, Mary Thompson, Dawn Spinney, MaryAnn Page, Maureen Leach, Linda Porter, Pamela Pendleton, Diana Hatch, Pat Theile, Brenda Sumner, Joann McLellan. Honorary members are Claudette Coulombe, and Mrs. Sadie Coulombe.

Taking part in the ceremony were, President, Henrietta Coulombe; Vice President, Nathalie Burnett; Recording Secretary, Ruthanne Seekins; Member-at-large, Judi Dobbins; Escorts, Marilyn Wilbur and Martha Farwell; and the Sorority Advisor, Madelyn Jordan.

Refreshments were served by Miss Nancy Hogan.

We are very proud to have these nineteen new members with us in Delta Sigma Delta Sorority, and we hope they will enjoy the trips, the outings, and the various other activities and events as much as we have in the past year.

---

## E. T. E.

The annual ETE Christmas Party was held at King's Daughter's Home this year. Mrs. Mary MacDonald was Santa and distributed the gifts. Honorary members from the Bangor area were present. Refreshments were served and a good time was had by all.

Epsilon Tau Epsilon Sorority has been very busy since the first day of school. It was unanimously decided to bring back the sorority show with a newer and more modern setting. This year's theme will be featuring talent galore from the Husson Student Body as well as outside help. Mr. William Cupp will direct the show with Miss Renaud right along side. Tickets may be purchased from either ETE or DSD girls. The performance night is March 6, 1963 at Husson College, so don't miss the show.

A Surprise Baby Shower was planned for Mrs. Florence (Nile) Bourgon. Beautiful gifts were brought to the last meeting and a shower cake and punch were at hand. We had only one problem—the guest of honor could not come. After sampling the cake and punch, three of the members delivered the gifts to Florence at her home. It proved one point to all concerned . . . don't plan anything for a surprise!

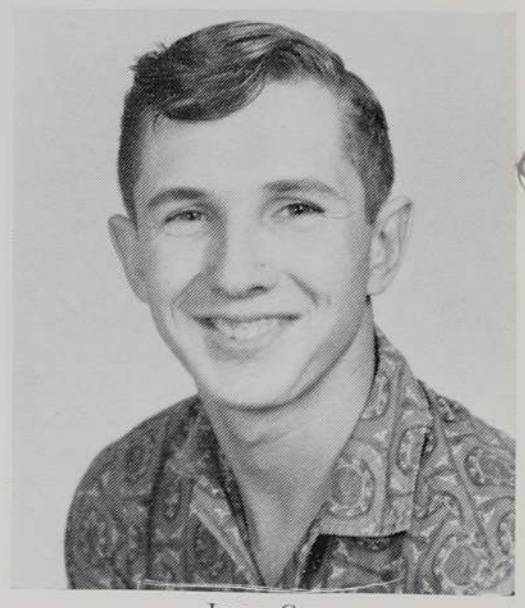

Long-range plans are being made for the Pi Rho Zeta Conclave to be held in Bangor. It goes without saying that we are all excited and look forward to this being one of our greatest undertakings.

On March 1, 1963, ETE joins DSD for our annual weekend, "Away from it all!" We will retreat to the mountain slopes of New Hampshire for fun. Approximately 40 Pi Rho Zeta members are plannig to attend so it should prove interesting. We only had to borrow one pair of crutches last year . . . maybe we'll improve!

## CIRCLE K CLUB

A pro tem election of officers was recently held by the Circle K Club of Husson College. This newly formed organization is similar to Kiwanis and provides a service program to the campus and community by developing good citizens and leaders of the future.

The officers are as follows: President—John Cyr, Caribou, Maine; Vice President—Tom Madsen, Portland, Maine; Secretary—Bob Sigler, Detroit, Michigan; Treasurer—Bob Bernier, Lewiston, Maine.

John Cyr

## STUDENT COUNCIL

The Council was pleased to put on a dance before the Thanksgiving Recess. All members worked hard and the Special Dance Committee consisting of Charles Guiggy, Chairman; Brenda Mahany, Diane Cleaves, Louise Coombs, Jim Bradley, Howard Davis, Dick Bernard, and Beverly Cromwell organized the work well.

The Project Committee saw to it that gifts were given to Mrs. Lowe, Mrs. Saba, and Mr. Tyler for Christmas; just a token of our appreciation for all that they have done for us.

At the last meeting, it was decided that Scholarships will be given. A $200.00 scholarship will be given to each department. The Scholarship committee will decide on the type of application. Applications will be made and accepted after semester break.

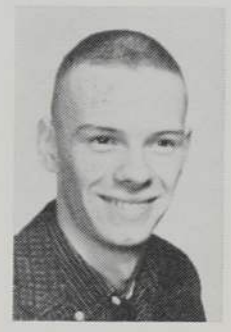

By June the Council hopes to have switched to Student Senate and to become nationally affiliated. It will be a big step forward for us.

## ROVING REPORTER

### THREE FROM FERNALD FAMILY ATTEND HUSSON—LAURENCE, DAVID, AND MARY CAROL FERNALD

Something that does not happen too often here at Husson is when three persons from the same family are all in school at once. In this coming semester, however, this will be taking place at Husson College. Laurence, David and Mary Carol Fernald will all be enrolled here at the same time.

Laurence Fernald is a junior enrolled in the Business Administration Department and is working for his B.S. degree which he will receive in 1964. Lonny, as most people call him, graduated from John Bapst High School in 1960. He works part-time after school and during the summer months for his father who is president of the Bangor Dental Corporation.

(Continued on page 7)

## ROVING REPORTER

(Continued from page 6)

David Fernald joined the Husson Family in February of last year. After graduating from John Bapst High School at St. Anselm's College in Manchester, New Hampshire where he majored in Chemistry. However, he transfered to Husson after his first semester and is now enrolled in the Business Administration Department working for his B. S. degree. Dave is a sophomore here at Husson. He spent last summer working at Scott's Oquaga Lake House in Deposit, New York. Both of the Fernald brothers are active members in the Newman Club and the Young Republicans Club.

Their younger sister, Mary Carol Fernald is enrolled in the one-year course in Business Administration and is scheduled to start classes here at Husson this coming semester. Mary Carol graduated from John Bapst High School in 1962. After graduation she became employed with the New England Telephone and Telegraph Company as a telephone operator. She is working there presently but will give up her job for furthering her education here at Husson College. We will all be looking forward to this feminine addition to our school.

## K. D. P.

New members of Kappa Delta Phi who have all passed their degrees and are new Brothers are as follows:

1. Jerry Clukey
2. Edward Libby
3. Harlan Green
4. David Salway
5. Robert Gross
6. Stanley Gott
7. Marty Vanwart
8. Gene Nardi
9. Carl Brown
10. Lewis Cahill
11. Ken Collins
12. John Sprague
13. Ronald St. Pierre
14. Paul Gervers
15. Bill Pelletier
16. Robert Graham
17. Wayne Campbell
18. Terry Weymouth
19. Anthony Pavoney

We are very pleased with our concessions at the basketball games, and we want to thank the student body very much for making this a successful project. The committee which is responsible for looking after the concessions is made up of

1. Richard Mallor (Chairman)
2. Robert Gross
3. Carl Brown
4. Phil Roy

It has been planned to have an intramural basketball team headed up by Robert Gross. Kappa Delta is planning a dance soon after finals so watch the bulletin board for details concerning it.

We are proud to say that one of our brothers, Dick Crandall, has been elected president of the Senior Class.

## M. E. X.

MEX is now preparing for its outstanding minstrel show. Preparations will begin in another week for the show and will probably be held in April. You can readily see that two months of preparation are planned for this minstrel. We sincerely hope that it will be as successful as last year's show, which drew nearly 1,000 persons to the City Hall.

Thus far the fraternity has run a raffle and sponsored the Christmas Ball. The raffle was a tremendous success; the TV was not won by a fraternity brother, as many persons suspected. The Christmas Ball was held at a beautifully decorated hall. A large sleigh was decorated as a center piece and a 25 foot tree was gaily laden with beautiful ornaments and tinsel. Approximately 120 couples attended this Christmas dance.

Within the next few days you will see the "new look" being proudly shown by the fraternity brothers of MEX. The fraternity has ordered a NEW fraternity jacket. The jackets will display the new Pi Rho Zeta crest, the letters of the fraternity on the reverse side of the jacket.

Do you have a talent, singing, dancing or playing a musical instrument? If you are interested in performing in the minstrel show and know of other persons who may be interested, why not contact one of the members of MEX fraternity. Fraternity members will be on the lookout for talent. Remember this, if you have a special talent and we become aware of your ability, expect us to tap you on the shoulder very soon.

Pete Predaris

## CAREER DAY

### PUBLIC ACCOUNTANT FIELD HUSSON CAREER DAY THEME

A "Career Emphasis Day" was held Friday at Husson College under the direction of James Wright, placement director. The purpose of the program was to develop interest among the students in the profession of public accounting.

Those participating in the program were Melvin Gardner, Portland; Malcolm Horton of Gray, Little, and Horton, Ellsworth; Israel Laegar, CPA, Bangor; Larry Parker of Chester Kearney CPA's, Presque Isle; and Raymond Nickerson, public accountant, Belfast.

Students assembled in Commerce Hall where the guests were introduced by William Donahue, director of the Department of Accounting. Then all enjoyed a "keynote" by Melvin Gardner, president of the Maine Society of Public Accountants. Gardner outlined the work of the public accountant, emphasizing the professional scope of the work and the changing demands that have been placed upon public accountants in recent decades. "The accountant provides the client, whether owner, manager, or controller, an opinion. The receiver regards this opinion of his financial health as highly as the patient regards his physician's opinion of his personal health. That is why the public accountant has a high ethical, moral, and spiritual responsibility."

Following the address, accounting majors along with interested business administration students, met in groups of 20 men and women for question and answer sessions with the leaders.

The guests joined Mr. Wright and Mr. Donahue at a luncheon sponsored by the college at Husson Hall. In addition to the program participants, luncheon guests included Clara L. Swan, academic dean; Priscilla Clark, treasurer; Chesley Husson, Jr., director of admissions; Louise B. Miller, dean of women; Millard Foss, dean of men; William Curran, director of the Department of Business Administration; Edmund LeBrun, associate professor of finance; John Tyler, assistant director of the Department of Accounting; Lucia Yu, David Robinson, and Reginald McKenney, all instructors in the Accounting Department.

## ACCOUNTANTS' NIGHT

A meeting of Husson College students majoring in Accounting was held Thursday night under the direction of William Donahue, Jr., Director of the Department of Accounting. The purpose of the program was to give an opportunity to students in the department of accounting to meet the faculty members and to meet other students who are pursuing degrees in the same field.

Those participating in the program were Chesley Husson, President, Husson College; Priscilla Clark, Treasurer; Clara L. Swan, Academic Dean; William Donahue, Jr., Director of Accounting; John Tyler, Assistant Director of the Department of Accounting; Lucia Yu, David Robinson, and Reginald McKenney, all instructors in the Accounting Department.

The students assembled in the Husson Auditorium where the faculty members were introduced by Leo Loiselle, General Chairman. The meeting was addressed by the guest speaker, Mr. Sturgis Butler, a February graduating senior. Mr. Butler chose for his topic, "What Husson College has to offer in the field of accounting, and what it has done for him." He emphasized the long hours required in study and of the many sunrises a student sees during his four years in accounting, but that the rewards were greater than the heartbreaks.

Following the address, the group was shown a film entitled, "A Day in the Life of a CPA," produced by the American Institute of Certified Public Accountants. This helped present to the students the rewards in their field of endeavor. The showing of the film was followed by an address by the President of the College. The evening was climaxed by a social hour at which coffee and doughnuts were served and the students had an opportunity to meet the faculty, and the other 175 students in the department of accounting.

Other committees were headed by: Fredric J. Astle, Richard Hawksley, Louis Abbotoni, Richard Crandall, Mrs. Florence Bourgon, and Gary Perry.

## PLACEMENT

Did You Know That . . .

. . . Ninety-eight percent of the Class of 1961 have been reported as excellent workers by their employers in a survey conducted by Placement?

. . . Richard Dykes, Accounting '58, has been named Executive Vice-President of Burnham and Morrill Company?

. . . John Lynch, Business Administration '63, will work for Ford and Ed Libby, Business Administration '63, for General Motors at exceptional starting pay?

. . . Employers of education graduates for the past five years are being surveyed?

. . . Internal Revenue Service hired three Husson graduates in 1962?

. . . Two Husson Alumni serve in the Peace Corps?

. . . Placement Office provides vocational information?

. . . Dick Parlee, Business Administration '60, was hired by Guilford Woolen Mills?

. . . Robert Hart, Accounting '61, has been promoted by Guilford Woolen Mills to head up the Cost Division of their Connecticut plant?

. . . Six accounting jobs for experienced men or women cannot be filled?

. . . Placement Office provides vocational counseling?

. . .There is a great deal of occupational information in the Library? (See Mrs. Merriman)

. . . The members of the Class of 1961 have been located . . .
