Preview for 2005-2006

The men's basketball program begins another season with high expectations, the program has averaged 21 wins a season for the past 37 seasons. It has been two years since the Eagles have played in a championship game, look for them to return to that level this season.

Last season, the Eagles went 19-8 including winning 15 straight during January and into February. Coach Caruso returns for this 12th year as head coach and his 23rd year on campus. During his 11 years as head coach he has complied a record of 221-100. Under Coach Caruso guidance the Eagles have won 6 conference championships including three straight in 1999, 2000, and 2001. The Eagles have 6 of the top 8 players back from last season including 4 starters.

Husson graduated senior Jeff White who was a two year starter. The Eagles also had two players transfer, Micah Grant (Gordon College) and Andy Frost (U. Souther Maine) as well as Joe Footer deciding not to play.

The Eagles have 85% of their offense back from a year ago including the leading scorer senior Buddy Leavitt (Guilford, ME). Leavitt led the Eagles in scoring and rebounding a year ago with 16.5 points and 7 rebounds a game, featuring a deadly outside shot and the ability to play inside. Leavitt was a 1st Team All-NAC selection a year ago. Phil White (Temple Hills, MD) is back for his senior campaign and is a three-year starter for the Eagles. White last season averaged 10 points and 5.7 rebounds per game. He is a tough defender and plays physical inside. To go along with these two senior the Eagles have two seasoned juniors with starting experience returning.

Junior Tyler Muzzy (Greenville, ME) was the Eagles second leading scorer last season with 16.2 points per game along with 6 rebounds. He was name 1st Team All-NAC last season and MVP of the Maine Event Tournament. Muzzy is one of the most dangerous players in New England capable of beating teams at both ends of the floor. Junior Jason Harvey (Bucksport, ME) returns for his first full season since his first year after transferring in the second semester last season. He spend a year at the University of Maine playing baseball. Harvey last season averaged 10 points and 3 assists in the second half of the year as shooting guard but will return to point guard spot this season to direct the offense.

Brian Little (Ticonderoga, NY) rounds out the junior class, he is a back up point guard which will add depth to the roster.

The sophomore class has two key components from last season. Nick Henry (Penobscot, ME) was the sixth man last season and will return to the role again this season. He is active forward always getting to the glass and making things happen. Henry averaged 2 points and 3 rebounds last season, look for those numbers to rise this season. Sheraud Lee (Bridgeport, CT) was a part time starter last season at the point guard posi-

tion, as a starter the Eagles were 8-0 last year. Last season he was the leading scorer off the bench with 6.6 points per game and chipping in 2 assists. He will move to shooting guard this season and will be look upon to make big shots from the outside. Devan Philbrick (Cornith, ME) was the teams most improved player last season having a solid first year. He is a physical inside player with good offense skills, as his defense progresses so will his minutes. Transfer Rajaee-UQDAH Jennings (New Haven, CT) rounds out the sophomore class. Jennings is an athletic inside player with the ability to finish around the basket.

This year recruiting class has some impact players and three should get playing time right from the start of the season. Scott Kissinger (East Islip, NY) leads the class. The 6'6" forward can play inside and has the ability to hit the 3. Kissinger is an all-county player from Long island and will play valuable minutes in the Eagle's success. Local product Jordan Heath (Bangor, ME) will also factor into the rotation to start the season. He is an intelligent player who always seems to be in the right position and has a deadly jump shot from behind the arch. Fabian Figueroa (Tappan, NY) is also a first year player which will get time to start the season. He will back up Harvey at point guard and is a physical guard with the ability to get to the hole. Rounding out the recruiting class is Joey Kane (Bradford, ME), Dan Berry (Turner, ME), and Rob Beauregard (Ware, MA). Kane is a hard working guard who can play both guard positions. He has a good shot and solid ball handling abilities. Berry is a blue collar type of athlete who can play the wing position. He has a solid shot and is a very good passer. Beauregard is an intelligent play who works hard everyday.

The Eagles have four players who have been with the program for four years (two seniors and two 4th year juniors) and are championship caliber team who should be fun to watch. It is a tough road to the NAC Championship game and the Eagles have their keen sight on the prize.

Coach Warren Caruso

Coach Caruso was born and raised in Bangor, Maine. He enjoys being a part of the community where he grew up, went to school, works and is raising his family with his wife Nicole. Coach Caruso and Nicole meet at Bangor High School where they both excelled in sports. Nicole was a part of the swim team that won three straight State Championships and was a member of the track team where she was part of an All American relay team. Coach Caruso excelled in cross country, track, and basketball. During his senior year he was named Athlete of the Year for his athletic accomplishments. Coach Caruso and Nicole were best friends in high school and started dating in 1983. They got married on September 29, 1990. Nicole works at the Eddington Post Office. Nicole and Warren have two children, Nathan Richard Caruso born February 29, 1996 and Luke Ballard Caruso born March 23, 2001. Together they share a love for the Husson College Basketball program which they have been a part of since 1984

Coach Caruso came to Husson in 1984 and begins his 22nd year on campus. He has seen the program from almost all angles; as a freshman he appeared in only 13 game but he worked his way through the system and as a senior he was named captain and averaged 14 points per game. While finishing school in 1989 head coach Bruce MacGregor invited Coach Caruso to join the staff, an opportunity he quickly accepted. Coach Caruso would spend six years as Coach MacGregor's assistant. During that time coach's responsibilities focused on recruiting, game preparation, and practices. The program made four trips to the NAIA National Tournament in those six years. The experience and knowledge gained while working under legendary Coach MacGregor (526 career wins) is extremely valuable today and helps make Coach Caruso's teams successful. Coach Caruso's love for the basketball program comes from his hard work as a player and assistant to help make the program successful. This hard work and love helped Coach Caruso to be named head coach in 1994.

Coach Caruso begins his 12th year as head coach with an overall record of 221-100. He has guided his teams to six trips to the NAIA National Tournament. There has been many big wins over the years, one came in 1999 when the Braves defeated Embry-Riddle University 89-75, Embry-Riddle went on to be NAIA National Champions. The most memorable win for Coach Caruso came in 1996 when Husson upset

NCAA Div. 1 University of Maine 73-72. Everyone who was at the game will remember Chris Funk's 3-pointer through the net with 7 seconds left to give the Eagles the win.

A 1989 graduate of Husson, Caruso earned a B.S. Public Accounting. In 2003, Caruso finished his graduate work and earned a Master's of Science in Business. In addition to his work at Husson, Caruso has run a family business since 1981 and took over complete operations of Dana's Grill in 1988 from his father Richard. Dana's Grill is Bangor's oldest restaurant opening in 1938. Coach Caruso and Nicole opened a second location in Hampden in 1990. From 1997 to 2002 they opened a third location at 290 State Street in Bangor. The Hamdpen location still operates seasonally.

Coach Caruso believes in education, to date 30 out of 32 of his seniors have graduated. Coach also feels that knowledge is gained through life experiences. Each year the Eagles travel throughout the United States competing with some of the best NAIA and NCAA basketball programs in the country. Over the last 11 years the program has traveled to Florida (4 times), California, Idaho (4 times), Canada

(3 times), Arizona (twice), Missouri (3 times) and all over the northeast regions. Last year's trip included New York City and San Francisco for 2005-2006,

In addition to his coaching duties on campus, Coach is the Associate Athletic Director, as Associate AD he is responsible for team travel arrangements, sports information and game management. He has been member of the National Association of Basketball Coaches since 1983. In 2005 he was appointed to the NABC National Congress to represent the NAC Conference. Coach Caruso is the former president of the Maine Basketball Coaches and Writers Association, an organization that serves college basketball in the state of Maine. Coach is also the Co-director of the Northeast Basketball school, a summer camp for younger players and started up Husson Hoops; a series of fundamental clinics at Husson College for area youth. He also operates Husson Team Camp as well as Husson All-Sports Camp.

Eagles' Graduates

At Husson College, the men's basketball program has had its fair share of success on the hardwood. A great deal of time and hard work has gone into those achievements, but our basketball achievements would never outweigh our accomplishments in the classroom. Over the last 31 years, 92% (88-99) of the student athletes who participated in their last year of playing or eligibility have graduated with degrees from Husson. Most of these men have gone to be business and community leaders.

Degrasse and Kenyon Awards

Each year two awards are given to male basketball players. These awards are very important to our program. They are the Nelson Degrasse Award and the Allan Kenyon Basketball Scholarship. The Nelson Degrasse Award is given to an individual for his athletic ability, courage and good sportsmanship. The award has been given since 1969, and as the award states, "its aim is to keep alive in the minds of those who follow, the immortal image of a great American. We, who remain, proudly present our everlasting tribute to those whose standards can equal those of Nelson Degrasse." Jason returned to the program after spending a year at U. Maine Orono playing baseball. Upon his return the Eagles were finished the season 17-3. Jason is a gifted student athlete, he combines great athletic abilities with character, which earns the utmost respect from all those he comes in contact with. Jason is a special individual that we are very happy to have a part of the program.

An annual award has been presented since 1978, to the male basketball player who best exemplifies former Assistant Coach Allan Kenyon's dedication and love for Husson College Basketball. The award was conceived in the emergency room at Eastern Maine Medical Center while Coach Kenyon's wife Linda and Coach MacGregor waited for word on an extremely sick Coach Kenyon. As Coach passed away that evening the scholarship grew rapidly from donations given by friends of the very popular Coach. Coach Kenyon coached during some of the most successful years for the Braves and his caring nature, sense of humor, and teaching ability left a mark on the program that will also be appreciated and remembered through this scholarship. Today the scholarship is just an award due to NCAA regulations. Buddy has matured over the past 2 seasons since transferring from the U. Maine Orono. He is an important part of the puzzle for the program to take the next step. Buddy is a great friend to his teammates and has developed an understanding of the program. Buddy's leadership will play a vital role in the programs successes in the future.

Durost Team Award 2005

A new award was created in 2000 for the Men's Basketball Program. The award is The "Durost" Team Award. The award's name is given in honor of Brad Durost '99 and Jeremy Durost '97 who both spent four years in the program. Throughout the years, the success of the Eagles has always been about "team work," no two people have ever brought a better understanding of that philosophy to the Men's Basketball program then Brad and Jeremy. For this we forever honor their understanding of this philosophy with this award.

Jeremey and Brad are the epitome of "team player". Their constant positive attitude towards their teammates, the basketball program, and Husson College will never be forgotten by those who played with them. The impact their attitude made on all of those around them can not be measured by numbers but it did make each individual on the teams they played on better players. The Husson College Men's Basketball Program is forever better because of the six years Brad and Jeremy spent with the program. They are the standard that others after them will be measured by as "team players". They were always on the right page: "ALL TOGETHER ALL TOGETHER BETTER."

The 2005 Durost Team Award was given to Nick Henry. Nick is a very special student athlete. He combines success on the basketball floor with even greater success in the classroom. Nick is a Public Accounting major and carries an overall GPA of 3.96. In his first season, he was the team's sixth man always providing a lift when he came off the bench with a big rebound or taking a charge. Nick spent his first year with the program rehabbing a torn ACL and never missed a practice or team function despite the fact that he could not dress. He is a tremendous individual with a complete understanding of how to be a part of a "team" and we are very happy to have his influence on the program.
