

Husson College

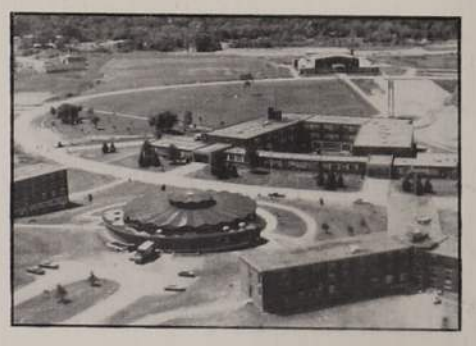

STUDENT HANDBOOK
1980-1981

Husson College

BANGOR, MAINE 04401

Dear Students:

The onset of each new academic year ushers forth in each of us a variety of thoughts and feelings, all in anticipation of experiences to come. It is the sincere wish of all members of Husson's faculty, staff, and administration that this academic year will be an exciting, challenging, and meaningful one for you.

This handbook is provided to you as a guide to information and services you will need in the upcoming weeks and months. It provides the broad guidelines of several departments and includes descriptions of many organizations and opportunities which exist on campus and afford you the chance to actively participate in the Husson community.

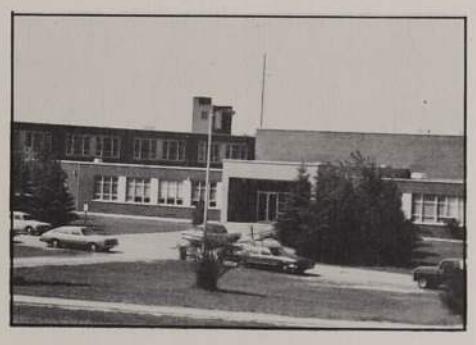

The college seeks to involve its students in a variety of decision-making processes in an attempt to address issues and ideas which are of concern to students. Students should grasp onto these opportunities and permit the college to consider and understand their feelings and ideas. More importantly, each student should seek out new ways of participating in the college so that this institution will grow and respond to the ever-changing needs of its students. Active cooperation amongst students, faculty, staff and administration can assure that the Husson College community will reflect at least a small essence of each of its members. A new year is beginning; take advantage of every opportunity to make it everything you want it to be.

Welcome to Husson College!

Terri M. Hutchinson
Director, Office of Student Life

COURSE SCHEDULE ADJUSTMENT

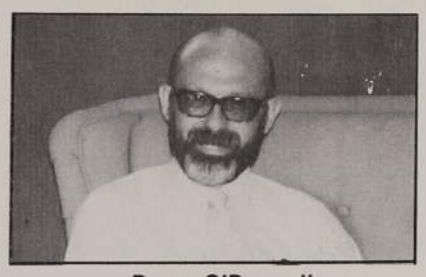

People You Are Most Likely To Meet While At Husson.

Bruce O'Donnell,
Dean for Student Affairs.

Eleanor Horner, Special Services.

Bob Caswell,
Financial Aid & Scholarships.

Terri Hutchinson, Director,
Office of Student Life.

Mike Williamson,
President, Student Government.
Terri Small,
Vice President, Student Government.

Student Government

Dear Fellow Students:

We would like to welcome everyone to Husson College and hope the coming year will be a successful and enjoyable one for all.

The Student Government is composed of the Executive Board, Senate and several working committees. One of the responsibilities of the Executive Board is to act as a liaison between students and administration.

The Senate consists of a Senator and an Alternate elected from each floor of the residence halls and from the commuter population at the beginning of the academic year. Each Senator represents the students at announced meetings and reports information back to the residents and commuters. Communication between you and your representative is vital in making sure your voice is heard. Everyone is welcome to attend these Senate meetings.

If you are interested in a particular area other than the Senate, you may apply to become a member of a working committee. These committees concentrate their efforts in areas that require more attention than the Senate can directly provide. Each committee has a chairperson who reports directly to the Senate. Any information regarding membership can be obtained in the Student Government Office.

We encourage all students to drop in to ask questions, or to discuss any improvements you as an individual may think would enrich our lives here at Husson.

Michael Williamson

MIKE WILLIAMSON, President

Terri L Small

TERRI L. SMALL, Vice President
Husson College Student Government

Del Merrill, President,
Husson College.

Donna Townsend, Registrar's Office.

Caroline Banasiak,
Career Counseling.

Bob Lunny, Assistant Director,
Office of Student Life.

GENERAL INFORMATION

This handbook is provided to you as a guide to information and services you will need in the upcoming weeks and months. It provides the broad guidelines of several departments and includes descriptions of many organizations and opportunities which exist on campus and afford you the chance to actively participate in the Husson community.

Directory Information

It is the responsibility of each student to ensure that his/her current local address and telephone number are accurately listed in the Student Directory. Anyone who is planning to change his/her address or telephone number can change the directory listing by contacting the Office of Student Life. Directory information is used for internal college purposes only.

Residency Requirement

All students, except those who are married, 23 years of age or older or are living with close relatives within an approximate commuting distance of 30 miles are required to live on-campus. Students who meet one of these criteria and wish to live off-campus must obtain authorization from the Office of Student Life prior to actually moving. (See: Room Reservation/Damage Deposit, Off-campus Requests). A student must maintain a minimum nine (9) credit hours per semester when residing in the residence halls.

Soliciting, Sales Permits, Raffles, etc.

Any person or group who wishes to conduct a raffle, or solicit sales, political support, opinions, etc. anywhere on campus must receive authorization from the Director of Student Life prior to initiating any activity on campus. All activity shall be confined to public areas; door-to-door soliciting in the residence halls is prohibited. Anyone who is soliciting, etc., must have an authorization card in his/her possession and produce it if asked for identification.

Bonfires/Outdoor Activities

Any group or organization seeking to sponsor a bonfire or a special outdoor activity must obtain prior permission from the Office of Student Life. Requests should be submitted seven days in advance, and fire permits must be obtained for bonfires before permission for the activity will be granted.

Special Activities and Social Events

Throughout the year, occasions arise when students would like to sponsor a special event or social activity. These occasions should be enjoyable for all, but should not disrupt the normal activities of this students who do not wish to participate. Therefore, the college expects that the following guidelines will be observed when planning special events or parties:

1) The activity will be restricted to a specific area (i.e., lounge, room, D.D.C., etc.).

2) Music/Noise should be confined to the area of the activity.

3) One (1) guest may be invited by each member of the sponsoring organization.

4) Hours: Special events or parties will terminate by 11:00 p.m. Sunday through Thursday and by 1:00 a.m. on Friday and Saturday.

5) An activity request form must be completed by representatives of the sponsoring organization and submitted to the Office of Student Life 24 hours prior to the start of the activity.

6) Any damage resulting from the activity will be charged to the individual causing the damage or to the sponsoring group.

7) All participants will abide by other applicable college regulations.

8) Generally, all student activites are open only to members of the Husson community and an invited guest. Individuals or groups wishing to invite the public to activities must obtain prior authorization from the Office of Student Life.

Excessive damages or disturbances to other people resulting from the special activities may cause the sponsoring group to lose the privilege of sponsoring another activity for the remainder of the academic year.

STUDENT SERVICES

Husson Health Program

The health needs of Husson students are currently met through an on-campus clinic and an excellent student health insurance policy. The clinic, located in Carlisle Hall, is staffed by a full-time registered nurse five days a week and a physician who visits the clinic on a daily basis. The health insurance policy is a comprehensive policy which is mandatory for resident students (waiver possible with proof of other current health insurance) and optional for commuters. Students are encouraged to become familiar with our health program and to consult the nurse for any health-related matters.

THANKSGIVING VACATION

Athletics

Husson College recognizes the educational and personal value of athletic competition and activity. The Newman Gymnasium is an excellent modern facility for year-round activity. It contains an Olympic-sized swimming pool with balcony seating for 400, multipurpose gymnasium, exercise room, weight-lifting room, steam room, racquetball court, rifle range, whirlpool bath, and ample locker rooms. Spacious adjacent fields are used for baseball, soccer, softball and intramurals.

The varsity sports program includes NCAA and NAIA men's competition in basketball, soccer, and baseball. Women's varsity athletics include MAIA competition in volleyball, basketball, and softball. Co-educational golf is also a varsity sport. All regularly scheduled events are free to Husson students.

An excellent intramural program offers women's intramural archery, tennis, volleyball, softball, badminton, swimming, golf, table tennis, and gymnastics. Men's intramurals include football, volleyball, basketball, floor hockey, softball, racquetball, water basketball, badminton, bowling, track, archery, table tennis, golf, and riflery.

Mail

All students (residents and commuters) are assigned a mailbox in the mail room on the ground floor of Peabody Hall. You can pick up your mailbox assignment in the mail room. Your mailing address is:

Your Name
Husson College
Bangor, ME 04401

Counseling

A full-time counselor offers a variety of counseling services to students. These services include individual and group counseling, academic advising, relaxation training, and seminars on topics of special interest to students. Students are encouraged to make confidential appointments in the Special Services Office (F123).

Resident students may also turn to their Resident Assistant or Resident Director to discuss personal concerns.

Career Counseling Office

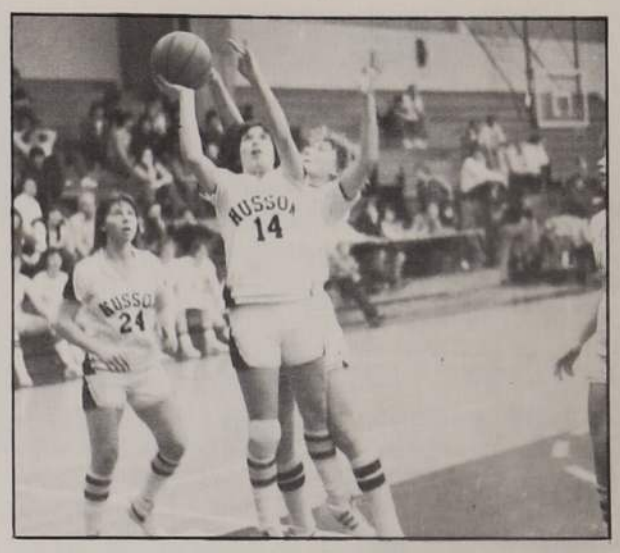

The Office of Career Counseling specializes in helping the student develop his/her career objectives. It is never too early to begin discussing careers; all students are encouraged to visit this office early. Services of this office include:

1. Personal career counseling.
2. A career reference library.
3. Seminars in employment interviewing and job acquisition.
4. Establishment of individual student files for use in placement services.
5. Maintenance of full and part-time employment information.
6. Coordination of on-campus interviews with more than forty national, state, or local firms, as well as agencies of U.S. and State Government and schools.

Cooperative Education

Cooperative Education is the integration of classroom theory with practical work experience in a business or institution which relates to a student's career interests or academic program. Through the program, most students are placed in training positions in the public and private sectors of the business community and are enrolled for academic credit with Husson College.

Although new in its present form to Husson College and to Maine, Cooperative Education has had over seventy years of proven service. Some 30,000 different employers in business, industry, and government are now participating in cooperative education programs. It is estimated that

there are now more than 250,000 college students enrolled in Cooperative Education courses.

A student may complete three, six, or nine credit hours in a given academic semester or summer sessions and may be employed full or part-time. The success and expansion of the Co-op program depends on the interest and support of Husson College students through enrollment in Cooperative Education courses.

Employment Training Center

The Employment Training Center will begin its second year of operation during the 1980-81 academic year and will be located in Bell Hall. The Center is a Job Corps Project designed for Maine youth ages 16-22, most of whom have dropped out of high school and now wish to continue study for a GED (high school equivalency diploma) and then pursue other education. The participants are full members of our college community except that most are not taking college-level courses.

Graduate School

Husson College offers a program of graduate study in business which leads to a Master's Degree. The Program Office is located in Room F174, Peabody Hall. Undergraduates interested in pursuing an advanced degree are welcome to stop in and discuss their plans with Dean O'Gorman.

International Center for Language Studies

The International Center for Language Studies (ICLS) offers intensive courses in English as a second language for students from all over the world. The doors are also open to all other students at Husson who wish to participate in ICLS social and educational activities.

In addition, foreign students join with American students in the International Club to gain cultural enrichment and exchange ideas, customs, and traditions. The club sponsors a number of international programs for its members and the rest of the student body.

Student Life Office

The Office of Student Life is charged with providing a variety of activities and services which enhance and extend a student's educational experience at Husson College. Housing, student activities, student organizations, counseling, discipline, student government and security are areas which frequently effect students' lives and are the major functions and concerns of the Office of Student Life.

Students are encouraged to visit the Office of Student Life and discuss any ideas or concerns they have with a staff member. This office exists to meet the needs and interests of students and subsequently relies upon the input and participation of every student to successfully fill those needs.

Special Services for Supplemental Education (SS/SE)

Special Services for Supplemental Education at Husson College (SS/SE) is a program designed to help students better manage basic courses and to promote a healthy adjustment to college life. The department provides a counseling service, as well as tutorial specialists who give individualized help in reading, writing, accounting, math, and study skills. The program also offers after-hour tutorial help from twenty-five Peer Tutor/Counselors in major course areas. The tutors, who are supervised by SS/SE and Husson faculty, are upperclassmen chosen for their ability to relate to other students. SS/SE actively promotes an atmosphere of success and willingly diagnoses students' strengths to provide the best possible individual program for competency and achievement. Students are urged to drop by the SS/SE Workroom (F104) to explore the possibility of gaining stronger learning skills.

Lockers for Books

All commuting students and a limited number of resident students are entitled to a locker on the ground floor of Peabody Hall. Locker assignments are made in the bookstore.

Dining Commons

Meals are served three times daily during the week and twice (brunch and supper) on weekends. Dining hall hours will be posted. The Dining Commons will be closed to Husson students during all scheduled vacations and holidays.

Commuting students and guests may purchase meals individually at the Dining Commons, Wig-Wam, or Arrowhead Lounge.

Dishes, glassware, silverware, etc. are not to be removed from the Dining Commons. Food preparation is not permitted in the residence halls. Perishable foods are not to be stored in student rooms, except in authorized refrigerators.

Other food items should be kept in closed containers to avoid attraction of insects and to prevent contamination.

Sick trays are offered only for those students who are too sick to attend the meal during meal hours. Your Resident Assistant or Resident Director will write you a sick tray request form; your friend can pick up your sick tray at the Dining Commons. Using this privilege for any purpose other than being sick is considered misuse of the meal plan and is against college regulations.

COURSE SCHEDULE ADJUSTMENT

Motor Vehicle Registration

All Husson College students are allowed to have motor vehicles on campus, provided they observe the college's motor vehicle rules and register such vehicles with the campus Security Office.

Vehicles on college property are operated at the owner's risk. Husson College assumes no responsibility for loss or damage to any vehicles or personal property on campus. To be permitted on campus, vehicles must be operable and must be legal to operate according to state and local laws. Vehicles cannot be loaned to anyone considered ineligible to operate a vehicle either by the state or by the college. If a vehicle is loaned, both the owner and the operator may be accountable for any violations.

Copies of the specific motor vehicle regulations may be obtained from the campus Security Office. It is the responsibility of any individual who operates a vehicle on campus to be familiar with the regulations and abide by them.

THE RESIDENCE HALLS

The residence halls at Husson College are more than just a place to eat and sleep; they provide opportunities for students to become a part of a community and to create and encounter a variety of educational, social, cultural and recreational experiences.

While living in the residence halls, students will be exposed to lifestyles, beliefs, attitudes and values possibly much different from their own. Each individual will be challenged to question, to ask, to confront and to be confronted, on the vital issues that make growing and learning so exciting in college. This challenge will not always be easy. Students will be learning to accept the people around them—people whose values will not always be understood and about which there may be disagreement.

Responsibility for meeting these challenges, resolving them and maintaining a comfortable living environment is placed squarely upon each individual student. Subsequently, an individual's decision to live on-campus demands tolerance, compassion, cooperation and, above all, a respect for the rights of others. Residence hall living is exciting; a great deal can be obtained from the experience.

Residence Hall Staff

A Resident Director (R.D.) and several Resident Assistants (R.A.s) are available in each residence hall to help students and to assure that all aspects of residence hall life run smoothly, fairly and effectively. These staff members have been carefully selected and trained to serve as counselors, advisors and referral sources to the students living in their buildings.

The R.D.s and R.A.s work for the Office of Student Life and thereby also serve as a liaison between the college and the students. These staff members are in the residence halls for the students; get to know them and let them help!

Housing and Dining Contract

All students living in the residence halls must sign a Residence and Dining Contract and agree to abide by its terms. Contracts are available in the Office of Student Life, and all students should familiarize themselves with this contract. Violations of the terms of the contract can result in its cancellation, whereby the effected student would be required to move off campus.

Room Reservation/Damage Deposit

A $50 Room Damage/Reservation Deposit charge is made when a student first enters the residence hall system. The account must be kept with a $50 balance at all times while in residence. The full balance, less any common area or individual damage charges, will be refunded after the student graduates, withdraws, or receives special permission to move off-campus. It is nonrefundable for those students who withdraw from residence after August 1 for the fall semester or after December 15, for the spring semester.

Damages

Students are responsible for maintaining their rooms and its furnishings in good condition. Students will be held financially responsible for any damages to their rooms unless direct responsibility is attributed to another individual or cause.

Individuals causing damages to a public area will also be held financially responsible and will be billed accordingly. In cases of malicious or repeated damage, disciplinary action will be initiated.

Room Assignments and Changes

The college reserves the right to make or change room assignments, but will make every effort to accommodate the preferences of individual students. Returning students sign up for rooms each spring for the following fall; entering students are mailed housing materials during the summer.

The Resident Director must be notifed of any room change and approve it before any move actually takes place.

Occasionally, students may experience roommate conflicts; the R.A.s and R.D.s are available for assistance in the resolution of any conflict. If a problem cannot be resolved, room changes are possible.

Single Rooms

Single rooms are not generally offered as a regular lifestyle option. However, as occupancy levels in the residence halls permit, single rooms may become available. If a student does reside in a single room, a $150/semester additional charge will be added to his/her room and board charge.

Room Keys

Each student is issued a key when he/she checks into the residence hall. The student is responsible for that key and may not transfer it to another resident or have copies made. The key must be returned to the Resident Director whenever a student moves out of an assigned room.

Lost keys should be reported to the Resident Director immediately. For the safety and security of the residents, a lock core change will be made and the student will be charged for that change. Residents will also be billed for a lock core change when a key is not returned to the Resident Director when they move out of a room.

Off-Campus Requests

Students who are married, 23 years of age, or living with a close relative within an approximate 30-mile commuting distance may petition the Office of Student Life for permission to live off-campus. These requests are acted upon by the Assistant Director of Student Life. A review board comprised of college officials acts as an appeal board for these decisions and also occasionally hears requests which merit special consideration. Off-campus request forms can be obtained in the Office of Student Life. (See Room Reservation/Damage Deposit.)

Check-Out Procedures

Whenever a student moves out of a residence hall room, he/she must check out with the Resident Director or a Resident Assistant. This check-out procedure assures that a student and a staff member jointly check the vacated room so that inappropriate damage charges are not assessed to the student. Students are responsible for assuring that all appropriate college furniture is in his/her room at check-out time. All lofts, paneling, carpeting, etc. must be removed from student rooms prior to check-out. Room keys and security cards must also be returned at check-out in order to avoid a charge for their replacement.

Quiet Hours

Each residence hall floor establishes quiet hours at the onset of each semester. These are established to assure that certain times exist each day when students can comfortably study in their rooms.

Twenty-four (24)-hour quiet hours are in effect during final exam periods to assure that all students have ample time to prepare for their exams.

The sound of a stereo or other amplified sound should not be directed out an open window at any time.

Quiet Floors

Quiet floors are a lifestyle option available for those students who wish to live on a floor which has more extensive quiet hours than a traditional residence hall floor. An individual who needs or desires quiet when studying or who is easily bothered by noise or interruption might consider living on a Quiet Floor. The men's Quiet Floors are Level 2 Carlisle and Level 6 Hart; the women's Quiet Floor is level 6 Carlisle.

Lounges and Public Areas

Furniture and equipment placed in study lounges, TV lounges, the Carlisle basement lounge, the Arrowhead or any other public facility should remain in these areas. Activities can be scheduled in these areas; however, there are some limitations on the types of functions which can be scheduled in each area.

Storage

Limited storage space for suitcases, trunks, etc. is available in the basement of Carlisle Hall. Contact the Carlisle Resident Director for access to the storage room.

Room Inspections

Inspections of all residence hall rooms will be conducted periodically as the need arises. Routine inspections are held to determine maintenance, security and safety needs and are for the welfare of the resident population. Twenty-four (24) hours prior notice will be given for routine inspections and will be attended by one of the following people: the Dean for Student Affairs, the Director or Assistant Director of Student Life or the Resident Director. Any of these college officials may authorize room inspections without 24-hour prior notice in case of emergency.

Pets

For health and sanitary reasons, pets are not allowed in the residence halls.

Vacation Housing

The college's residence halls are officially closed for all vacation periods. Students who need to remain on campus during these periods must contact the Office of Student Life for special permission at least five (5) days prior to the start of the vacation period. Students remaining on campus during vacation periods will be charged on a weekly basis for room and board.

Telephones, Washing Machines, Vending Machines

Every residence hall floor has a pay telephone available to residents. Improper use of these telephones is prohibited by law; violators are subject to prosecution. Inoperative phones should be reported to the phone company or the Office of Student Life.

Washing machines and dryers are available in the basement of Carlisle Hall. Vending machines are located in the lobbies of Hart and Carlisle Halls. Inoperative machines should be reported to the Office of Student Life.

Refunds for coins lost in laundry or vending machines may also be obtained from the Office of Student Life.

Cleaning and Maintenance

Custodial service is provided by the college to clean all public areas in the residence halls (stairwells, hallways, bathrooms, study lounges). Students are responsible for clean-up in these areas after any special student-sponsored activities (parties, etc.). Student rooms should be kept clean by the occupants.

The college will perform all maintenance repairs within a reasonable amount of time. Any student who has a maintenance request for the residence halls should contact his/her Resident Assistant, Resident Director or the Office of Student Life.

Overnight Guests

A resident student may entertain an overnight guest for a maximum of two consecutive nights. Students should notify their Resident Assistant when a guest will be staying overnight. Guest rooms are not available, and lounges should not be used to accommodate overnight guests.

Linen Service

The college provides optional linen service through a contracted agency. Each student receives two clean sheets, one pillow case and three bath towels per week. Charges for lost or damaged items will be payable directly to the contracted agency.

Inquiries or questions should be directed to: New Franklin Laundry, 125 Fern Street, Bangor, Maine 04401.

Residence Hall Alterations

Installation of equipment, painting, or alterations of any sort in the residence halls must be approved by the Office of Student Life before any work is initiated. All proposals must be made in writing. Failure to obtain prior authorization can result in the responsible individual(s) being billed for damages.

Any structural or cosmetic changes students make to the residence hall facilities become college property. The college retains the right to implement decisions regarding the usage of these areas.

Equipment Restrictions

The electrical circuitry in residence hall rooms is designed for low wattage equipment, such as lamps, clocks, radios, etc. These circuits are not designed for high wattage coil equipment, such as hot plates, immersion heaters, soldering irons, electric heaters, toasters, etc. These and similar types of high wattage equipment must not be used in student rooms.

The use of candles, incense, etc. is prohibitied in the residence halls.

One refrigerator is permitted in each student room, providing that it meets the following restrictions:

1) It is Underwriters Laboratory (U.L.) approved.

2) It draws no more than 1.5 amps.

3) It is properly grounded.

4) It is not in excess of three (3) cubic feet.

Exceptions for the use of large refrigerators in lounge areas must be obtained from the Office of Student Life.

For structural and safety reasons, waterbeds are not permitted in the residence halls.

Fire Safety & Protection

Students should pay particular attention to fire safety and prevention in the residence halls. In order to prevent potential hazards, electrical circuits should not be overloaded. The use of extension cords should be limited, and cords should not be frayed or worn. Materials of any sort should not be hung near light fixtures or smoke/heat detectors. Doorways and exitways should be free of obstructions at all times in order to expedite a quick exit in the case of an emergency. The use of candles, incense, etc. is prohibited in the residence halls.

In case of fire:

1) Secure appropriate clothing, shoes and a towel.

2) Leave the room with lights on and blinds open. Close door.

3) Leave the building as quickly as possible, using designated exit routes. Do not run. Evacuation plans are posted on each residence hall floor; each student should be familiar with the plan.

4) No one may re-enter an evacuated building without the authorization of Fire Department personnel.

Routine fire drills will be conducted at various times throughout the year.

STUDENT PUBLICATIONS

Pow Wow

The Pow Wow is an informational sheet published by students in cooperation with the Office of Student Life. It includes a weekly calendar of events.

Spectator

The Spectator is the college's weekly newspaper, published by students who are interested in journalism and the business aspects of newspaper management. Staff positions are open to all interested students.

Chieftain

The Chieftain, the college yearbook, is published annually by an editorial staff. Membership is open to students interested in journalism, photography, and business management.

WHSN

WHSN is the college-owned radio station which provides students with management and broadcasting opportunities. WHSN operates year-round on a 24-hour/day basis. Presently, plans are being made to increase the power from 10 watts to 150 watts. A new academic program at the college will also be offering courses to students who have media and broadcasting interests.

WHSN is located at 89.3 Mhz on the FM dial and offers album-oriented Rock Music, a favorite on the campus. WHSN offers positions for Manager, Assistant Manager, Program Director, Music Director and Sports Director, as well as a good number of Disc Jockey openings. It is a good way to break into the broadcasting industry and gain much needed experience.

STUDENT ORGANIZATIONS

The Key is to Get Involved!

A variety of organizations exist on the Husson campus which are run by and for students and which provide numerous opportunities for service, cultural, recreational, religious and social affiliations. All of these organizations afford students the opportunity to actively participate in the Husson community, and several provide students with a direct voice in the issues and decision-making process which effect daily student life.

Student Government

The Student Government is one of the largest and most active organizations on the Husson Campus. Its officers and members are elected by the student body as its representatives and are thereby presented with the opportunity to provide direct input into the resolution of many campus issues. The college administration grants the Senate the right under certain conditions to transact business on behalf of the student body; the student government president is a member of the board of trustees.

Active student support of their government insures a strong and effective representation of student concerns. Actual participation in the senate or on its committees provides invaluable leadership experience which will prove to be a tremendous asset in future encounters with people and their organizations.

Social Committee

The Social Committee is funded by the Student Government and arranges many of the social activities on campus including dances, discos, movies, coffeehouses, etc. Students who would like to have input into the planning of these activities should contact the Social Committee Chairman in the Student Government Office.

The Cultural Committee

The Cultural Committee is funded through the Student Government and is responsible for sponsoring a variety of events throughout the year which feature theatrical performances, dance ensembles, speakers, artists, etc. Students who would like to participate in planning these events should contact the Student Government Office.

The Outing Club

The Outing Club sponsors a variety of recreational activities which include ski trips, tours, rock climbing, hiking, canoeing, etc. Funding is available through the Student Government for sponsoring activities and occasionally for the purchase of equipment. Some recreational and sporting equipment is also available for sign-out use in Newman Gym.

The Husson Players

The Husson Players is the college's theatrical group and stages minor productions from time-to-time throughout the school year. All productions are free to Husson students, and all interested students are invited to join the Players. While experience is helpful, it is not essential. A call for new members and plans for the coming year are a part of the activities at the start of each school year.

Band and Chorus

Husson College now has an Instrumental Program. Included in the Instrumental Program are a Wind Ensemble and Jazz Ensemble. All students with an instrumental background are invited to join the band.

The Jazz Ensemble tours the state at least once each year.

Circle K Club

The Circle K Club at Husson is part of the New England District Circle K and Circle K International. Sponsored by the Bangor Kiwanis Club, Circle K is a service organization for college men and women, providing students with an opportunity to gain insight into the civic community.

The Presidential Guides

The Presidential Guides are responsible for familiarizing visitors, interested members of the community and prospective students with the Husson Campus. These guides are a prestigious group of upperclassmen who are selected upon the basis of campus involvement, scholarship and a genuine interest in serving the college.

Student Education Association

Husson was the first senior college of business in the country to establish a chapter of the Student Education Association. The Louise B. Miller Chapter of the SEA is open to all students who are enrolled in Business Education. The basic purpose of the chapter is to foster interest and enthusiasm for better business education on the local, state and national levels. Membership in the local SEA chapter also provides membership in the Maine Teachers Association and the National Education Association.

Accounting Society

The Accounting Society was established in 1966 to unite accounting majors and to provide them with practical knowledge of the accounting profession. Among its activites are a Volunteer Income Tax Assistance Program, begun in 1971, for needy families in the greater Bangor area. Membership in the society is open to all Accounting majors.

The Way, Campus Outreach

The Way, Campus Outreach is a campus fellowship with the purpose of furthering the Gospel of Jesus Christ.

International Club

Husson's foreign students from all over the world join with American students in the International Club to gain cultural enrichment and exchange ideas, customs and traditions. The club sponsors programs of an international flavor for its members and for the student body.

Greek Organizations

The Greek community plays a very active role on the Husson campus and is composed of a variety of separate organizations. **The Greek Council** is composed of the officers of each sorority and fraternity on campus and works to promote the common interests of Greeks on campus. The council also serves as a liaison between the college and the rest of the Greek community.

Mu Sigma Chi is a business society for men which stresses academic achievement. This organization sponsors a variety of civic and campus activities including a popular Christmas Ball. **Epsilon Tau Epsilon,** a sister sorority of MEX, is the second oldest Greek organization on campus and stresses business achievement and business service. **Delta Sigma Delta,** a sorority for women is also a sister sorority of MEX and stresses similar goals.

Lambda Chapter, **Kappa Delta Phi,** is a national educational fraternity whose membership is open to men enrolled in a Husson degree program. **Kappa Lambda** is a national affiliated sorority of Kappa Delta Phi. This sorority which originated in 1971 through the efforts and dreams of very dedicated women, won the Scholastic Award and Social Service Award during the 1978-79 academic year.

Tau Kappa Epsilon, a national social fraternity, is open to men who can meet its requirements of scholarship and character. **Tau Epsilon Phi**, a national service fraternity, is the newest of Husson's fraternities and is open to all men who wish to socialize in an atmosphere of cooperative social service.

Phi Theta Pi, Lambda Mu Chapter, is an honorary international commerce fraternity whose membership is open to men with a cumulative point average of 2.5 or above.

The Order of Diana and TEP Little Sisters, are women's organizations linked to campus fraternities.

All rush and pledge activities of the Greek community are governed by the **Husson College Rush and Pledge Guidelines;** copies of these guidelines are available in the Office of Student Life.

ACADEMIC INFORMATION

Course Requirements

At the first meeting of each course, the instructor should announce the requirements of the course, including such matters as the number, time and duration of examinations, the frequency of quizzes, term papers, assignments, etc. and the extent to which each will enter into the determination of the course grade.

Semester Hour Defined and Student Course Load

A semester hour, the unit in which courses are measured, is defined as one hour per week of lecture, or not less than two hours per week of laboratory work throughout a semester. A Husson student normally is required to enroll for fifteen credit hours of course work. Exceptions may include the following conditions:

1) A student on probation will be required to carry a reduced load of twelve credit hours, exclusive of physical education;

2) Special permission to carry a reduced number of hours may be granted by the Academic Dean for adequate reason;

3) A conditionally accepted student will be required to carry a reduced load.

Change of Academic Program

A change in a program of study must be approved by the Head(s) of the Department(s) involved. All program changes become effective at the beginning of the following semester.

Course Changes and Course Withdrawals

During the first week of classes in the semester, students are given the opportunity to adjust their course schedules by adding or dropping courses. Written consent must be obtained from their faculty advisor and from the Head of the Department in which they are enrolled. Students who drop courses should realize that their completion of graduation requirements may be delayed, that their class status may be affected, and that their eligibility for financial assistance may be changed. Students withdrawing from a course following the add/drop period will receive either a WP or WF grade.

Leave-of-Absence from the Campus

A written leave-of-absence request submitted to the Registrar's Office will allow the student to bypass the more lengthy college admissions process and return to school.

Reports and Transcripts

A semester report of grades is mailed about three weeks after the semester ends to each student at his permanent home address. Upon leaving the college, each student is entitled to a transcript of his academic record without charge; a fee is charged for each additional copy.

No academic report, transcript of degree is issued to or for a student whose financial account with the college is not in good standing.

Audit Courses

Students who wish to audit a course (enroll for noncredit) must follow the usual registration procedures and will be charged according to the regular tuition schedule.

Grading System

The system of evaluating a student's achievement at Husson is by letter grade, with grade point values based upon an earned three-hour credit unit as follows:

	(GPA)*	(QP)*	
A	4.0	12.0	95-100
A-	3.7	11.1	90- 94
B+	3.3	9.9	87- 89
B	3.0	9.0	83- 86
B-	2.7	8.1	80- 82
C+	2.3	6.9	77- 79
C	2.0	6.0	73- 76
C-	1.7	5.1	70- 72
D+	1.3	3.9	67- 69
D	1.0	3.0	63- 66
D-	0.7	2.1	60- 62
F		0	Below 60
P			Passed

NG No Grade Submitted
WP Withdrew Passing
WF Withdrew Failing
X Credit Denied because of Excessive Absences
WA Administrative Withdrawal
I Incomplete
Q Audit, No Credit Earned
L Student enrolled but never attended Course, no Withdrawal on file.

*GPA: Grade Point Average
*QP: Quality Points

16	17	18	19	20	21	22
23 / 30	24 / 31	25	26	27	28	29

(A) Course Grade

A course passed with a C or better grade cannot be repeated for a higher grade. In exceptional circumstances students may be given an I (Incomplete) grade. Criteria for granting Incompletes include illness or accident, death or critical illness in the family, emotional disturbance requiring special guidance, and technical difficulties. Incompletes must be concluded and earned grades recorded by mid-semester of the semester following the assignment of the Incomplete.

(B) Quality Points

Quality points are obtained by multiplying the course grade by the semester hours of credits that the course carries. The quality point average is determined by dividing the total quality points earned by the total semester hours of course work taken.

Example:

Course Grade	Semester Hours x Quality Points =		
B	3.0	3	9.0
C	2.0	3	6.0
B	3.0	3	9.0
D	1.0	3	3.0
C	2.0	1	2.0
F	0.0	3	0.0
		16	29.0

QP Average (29.0 ÷ 16) = 1.8

Academic Warning, Probation and Dismissal

Students who do not achieve the minimum cumulative grade-point average listed below will receive warnings or be placed on probation as indicated:

On the completion of 15 credit hours
1.5 grade-point average warning

On the completion of 30 credit hours
1.7 grade-point average probation

On the completion of 45 credit hours
1.9 grade-point average warning

On the completion of 60 credit hours
2.0 grade-point average probation

For all subsequent semesters a 2.0 cumulative point average must be maintained to avoid possible dismissal.

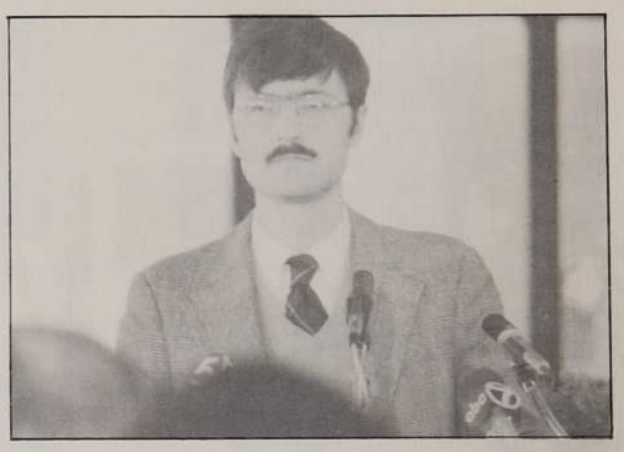

Freshmen who do not achieve a 1.0 grade-point average for the first semester of attendance usually will be academically dismissed. However, they may be offered the option to forfeit their entire first semester of course work and retain their enrollment for a second semester if there is a high probability that they can improve their academic performance. Students selecting this option must return to school for the following semester.

Transfer students must attain a minimum point average of at least 1.7 on the completion of 15 credit hours or receive academic warning. On the completion of 30 credit hours they must have attained a 2.0 cumulative point average or be placed on probation.

Academic warnings alert students that their achievement is below the standard required for normal progress toward graduation. As a result, reduction in student credit-hour course loads may be imposed, as well as restrictions on extracurricular activities. Grade deficiences should be removed during the subsequent semester or during Summer Sessions whenever possible.

Academic probation signifies that students are in serious academic jeopardy. Students on probation must remove grade deficiencies during the subsequent semester or during Summer Sessions. Failure to do so may result in academic dismissal from the college. Students on probation are required to carry a reduced class load and will be restricted on extracurricular activities.

Required courses failed twice prior to attaining the Junior status for baccalaureate degree students or in the first year for associate degree students may result in the student being academically dismissed.

Policy on Denial of Course Credit Due to Excessive Absences

Undergraduate Program

Students are expected to attend all classes for which they are registered. No students may absent themselves from a class as a matter of "RIGHT." Students may be denied course credit and class attendance for their absences.

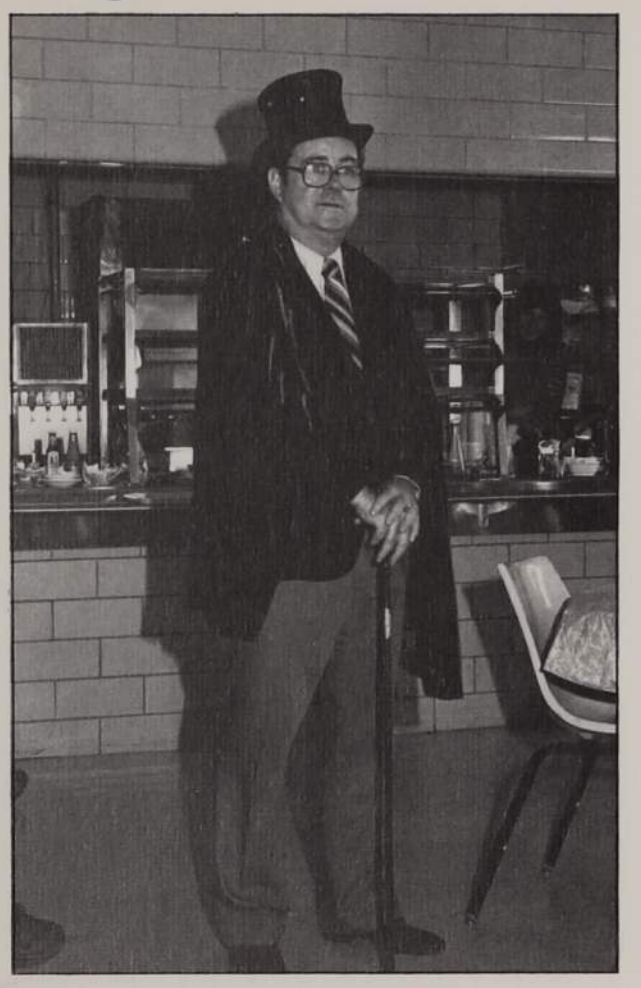

1. If a student exceeds the permissible number of classes absences, 25 percent of scheduled class time, the faculty member submits the "Recommendation for Denial of Course Credit Due to Excessive Absences" form to the Academic Dean.

2. The Dean notifies the student that unless there were serious extenuating circumstances necessitating the absences course credit will be denied.

3. If serious extenuating circumstances do exist, the student may appeal to the Dean to retain course credit.

4. If the Dean feels the student should retain credit, he will ask the Department or Division Head responsible for the course in question to review the case with the particular faculty member.

Students are allowed a specified number of class absences in order that they may be covered in case of emergency or illness. Class absences should not be used indiscriminately.

Academic Difficulties

A student in academic difficulty in a course should consult with the course instructor for suggestions and advice. The student is expected to attend any extra-help sessions and should, in addition, confer with his Faculty Advisor.

Honors

Regular students carrying a full course load of 15 semester hours are placed on the Dean's List if an average grade of 3.4 or better is maintained for the semester.

Husson College makes several awards annually in recognition of the accomplishments of members of the graduating class. Gold honor cords are worn by all graduates who have achieved a cumulative grade-point average of 3.4 or better. Special awards are also given students in recognition of achievement in specific academic areas. Husson watch awards are given to outstanding men and women of the graduating class in both the Bachelor of Science and Associate in Science degrees.

Graduation honors are as follows:

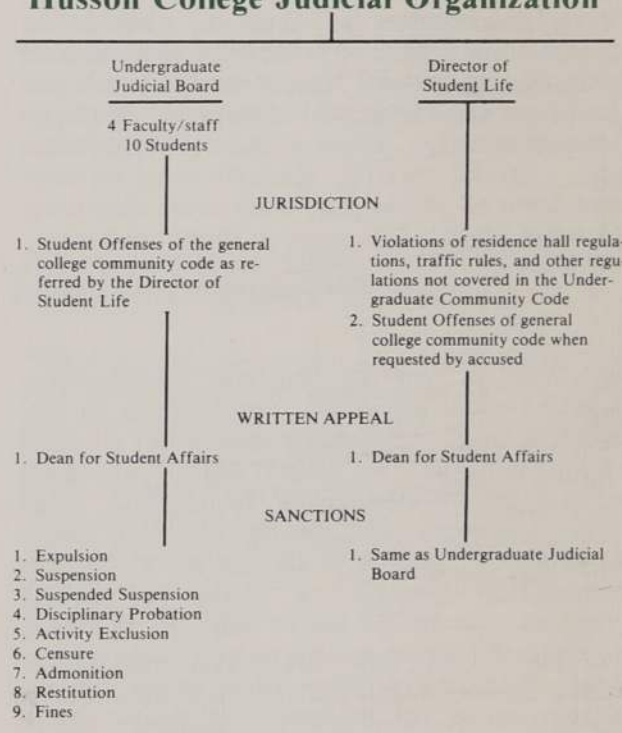

Highest Distinction	3.8-4.0 grade-point average
High Distinction	3.6-3.79 grade-point average
Distinction	3.4-3.59 grade-point average

HUSSON COLLEGE JUDICIAL SYSTEM

The Husson College Judicial System represents an effort by the Husson Community to form a behavioral framework within which students are expected to live while members of the college. It is a joint endeavor of the Faculty, Administration, and Student Body. Efforts have been made to ensure that this system affords students all the due process rights one would expect in a fair discipline system as recommended by the **Joint Statement on Rights and Freedoms of Students** fostered by the American Association of University Professors and the **Model Code for Student Rights** as published by the American Bar Association.

Students are expected to be familiar with the Husson College Community Code and the judicial system used to enforce it. A more detailed explanation of the judicial system is available in the Office of Student Life. Husson College is your campus community. Help make your living experience in it an enjoyable learning adventure.

Husson College Judicial Organization

Husson College Undergraduate Community Code

Students should be familiar with the following regulations and policies of the college. Violations of these regulations are matters which are subject to adjudication before the Undergraduate Judicial Board. A complete explanation of the judicial process used at the college is available in the Office of Student Life.

Policy on Theft

Theft within a campus community cannot be tolerated. By the nature of a campus, the community depends upon the principles and good will of individuals to be free from the worry of theft. Opportunities for a thief are more numerous on a campus than in other segments of society. Accordingly, a thief is a serious threat to the well-being and mutual trust among individuals in a college society. Theft is defined to be the unauthorized appropriation of any article clearly not the property of the appropriator(s).

Policy on Assault and/or Battery

The safety from harm of every individual in a college society is a necessity. Assault is defined as an attempt, or willful offer to attempt, to do hurt to another, without the actual doing of the hurt threatened, as by lifting a fist or cane in a threatening manner, or verbally making such attempts an intent. Battery is defined as the beating of another. It includes every willful, angry, and violent or negligent touching of another's person or clothes, or anything attached to his person or held by him.

Policy on Fire Safety Regulations/Arson

Tampering with fire extinguishers, fire alarm systems, blocking fire doors, hallways or exitways or tampering with exit door hardware is punishable under the laws of the State of Maine. Setting fire of any sort constitutes arson, which is a felony and also punishable under the laws of the State. Any individual who violates State Codes or policies of the college regarding fire safety faces possible college fines, eviction from the residence halls (if applicable) or college, as well as full prosecution under the law.

Maximum fines for tampering with fire safety equipment are:

Fire Extinguishers	$ 50
Smoke Detectors	$ 50
Heat Detectors	$ 50
Stand Pipes	$ 50
Exit Lights	$ 50
Emergency Lights	$ 50
Alarm Horns	$100
Pull Stations	$100
Exit Door Hardware	$100

A $25 fine is applicable to any individual who does not leave a building during an alarm.

Policy on Academic Plagiarism or Cheating

At the heart of an academic community is the need for academic integrity. Individual academic development necessitates a serious approach to learning and an honest appraisal of one's performance to determine one's most effective and efficient scholarly effort. There must be an accurate evaluation of past efforts to ensure successful future study. Purposeful fraudulent representation in scholarship not only is harmful to the individual involved, but detrimental to the efforts and well-being of an academic community. Academic dishonesty is defined as any willful attempt to submit or represent scholarship which is not the honest effort of oneself. Incidents of plagiarism and cheating will be adjudicated by individual members of the faculty using sanctions such as course failure or reduced course grades.

Policy on Fraud

Responsibility for one's own actions is a cornerstone principle in the sound structure of a learning, living society, and a necessity in the development of personal character. Furnishing false information to the college with intent to deceive is a personal abrogation of such responsibility which is contrary to the well-being of the college community. Such fraud includes, but is not limited to, the forging, alteration, or misuse of college property including library material, private property on the campus, auto decals, identification cards, or other personal identification requested by a college official.

Policy on Vandalism

Vandals, a Germanic people, overran Gaul, Spain, Africa, and many of the Mediterranean societies in the fourth and fifth centuries. They made a point of defacing and destroying things of beauty or of value to the people they invaded. Hence, the willful or ignorant destruction, damage, or defacement of property belonging to others has been defined as "vandalism" ever since. Accordingly, anyone acting in the spirit or conduct of, or like that of, the Vandals is a detriment to the college community; their behavior will not be tolerated. This policy covers not only college-owned property, but that of others as well.

Policy on Unauthorized Entry

There are many reasons why certain areas of the college are at times "off limits" to many personnel. These include safety, security, and organization, to name a few. Persons entering college spaces plainly marked as such, or locked and not their own rooms, without the expressed permission of a college official duly authorized to do so shall be guilty of- unauthorized entry. College spaces include, but are not limited to, classrooms, residence hall rooms, office spaces, maintenance spaces, dining commons, gym, student government spaces, library, etc.

Policy on Disorderly Conduct

Disorderly conduct is that conduct offensive to good morals or public decency, safety, peace or order. Such conduct includes, but is not limited to, public drunkenness, unruly or turbulent actions, lewd and obscene acts or gestures, or repeated violations of other regulations of the college (traffic rules, residence hall regulations, etc.). It is recognized that as society develops, the definition of what is considered good for public peace, morals, etc. may also evolve. Accordingly, the decision as to what constitutes obscenity, lewdness, unruliness, etc., will be open to constant interpretation by the college and the Undergraduate Judicial Board. Such decisions will not be attempts to limit individual rights except where those acts are unfavorable to the well-being and character of the Husson community.

Policy and Rules on Drugs

Husson College prohibits its members to possess, use, or distribute illegal drugs, including opiates, barbiturates, amphetamines, marijuana, and hallucinogens, except for legally authorized medical purposes and scientific research. Both Federal and Maine Laws forbid unauthorized possession and distribution of drugs of the classes specified. In addition, the presence and use of many of these drugs within the college community are contrary to the intellectual and educational purposes for which the college exists.

The college recognizes that ignorance or innocence concerning such drugs threatens the safety of members of its community. It therefore seeks to provide as much information as it can concerning the consequences of harmful drugs. The college recognizes also that the illicit use of drugs may reflect emotional problems and is prepared to assist its members involved in their use through counseling. Nevertheless, the college considers a violation of the drug prohibition a serious matter and reserves the right to take action appropriate to the circumstances of each case.

Action taken by the college in all cases of drug violation will be guided by a concern for the emotional and physical welfare of the person involved and for the maintenance of a suitable educational environment for all members of the college.

Rules governing violations are as follows:

1. Alleged violations of the policy stated in the first paragraph above will be adjudicated by the Director of Student Life, or in the case of nonstudents, by comparable authorities and their appointed delegates. It is expected that authorities will exercise professional judgment in referring indicated cases to college health and counseling services, in keeping with the second and third paragraphs of this policy statement.

2. The two grounds which may constitute occasion for the assessment of penalties are:
   a. Conviction of a member of the college on a drug charge by a court of law.
   b. A finding by the appropriate college tribunal, in conformity with the principle of due process, of sufficient evidence that a member of the college has violated the drug policy.

3. The maximum penalty to be imposed within the college upon a student for possession or use of marijuana shall be suspension; for the possession or use of other illegal drugs, or the distribution of any illegal drug, the maximum penalty of the college is expulsion. Other members of the college shall be liable to appropriate comparable penalties.

Policy on the Possession and Use of Alcoholic Beverages

In the State of Maine it it unlawful for persons under twenty (20) years of age to purchase, possess or use alcoholic beverages. It is also a violation of Maine State Law for anyone to provide alcohol to individuals who do not meet the minimum age requirements. The college supports all State laws and further prohibits the consumption of alcoholic beverages in any on-campus areas other than in residence hall rooms or in designated areas where registered private functions are held in accordance with college regulations.

Regulations Regarding Firearms, Ammunition, and Explosives

The college strictly prohibits the possession of firearms, explosives, and weapons on the college campus. Students are not permitted to bring to the campus or store on the campus any weapon, including any gun, rifle, pistol, explosive, switchblade knife, or dagger.

Policy and Regulations Concerning the Privacy of Students' Rooms

Students who reside in college dormitories are assured the privacy of their rooms and freedom from the admission into or search of their rooms by any unauthorized persons; however, the college is obligated to maintain reasonable surveillance of the residential areas to promote an environment consistent with aims of an academic community. To foster these conditions, the following regulations are in effect:

1. Housing management and custodial personnel may enter assigned rooms at reasonable hours on days designated by bulletin board notices for the purpose of carrying out their assigned tasks and functions. Other personnel may enter assigned rooms when accompanied by proper authorization from the appropriate administrative official. This notification, when feasible, shall be posted on the residence hall bulletin board stating what dates rooms will be entered. Maintenance personnel may enter assigned rooms at reasonable hours for the purpose of carrying out their assigned tasks and functions. Employees in the above categories may report on the condition of college facilities and equipment, but are

forbidden to report on the personal contents of rooms except as related to damage to rooms or furnishings, or to the overall health and safety of the residence hall population. All personnel in the above category shall have written notice stating those items reported as a result of such inspection. Upon receipt of this notice the occupant is requested to contact the Office of Student Life within seventy-two (72) hours to discuss the reported damage. (The written notices must, as well, advise the occupant that subsequent investigation or repair related to this damage may henceforth occur at any time during the normal work week.)

(Note: General rule or enforcement procedures will not be founded on information relating to the personal contents of rooms from personnel mentioned unless such contents are specifically prohibited by college regulations.)

2. No person, with the exception of those listed in section 1 above, shall enter assigned bedrooms in the residence halls except under the following conditions:

a. Consent of the occupant(s); or
b. Presentation of a properly drawn legal search warrant; or
c. Presentation of a written authorization* from the President, Dean for Student Affairs, or Director of Student Life or persons publicly designated to act as their representatives; or
d. Emergency situations of immediate threat to preservation of the building and the safety of occupant(s) and/or the residential population.

3. Reports made as a result of inspections related to physical facilities and/or furnishings will be handled by the Office of Student Life in accordance with the existing residental regulations.

4. Written authorization from the President, Dean for Student Affairs, or Director of Student Life must specify the reasons for believing such a search is necessary, the objects sought, and the area to be searched. An effort must be made to conduct the search in the presence of the student.

5. The request for a search, if approved by the designated authorities, shall be kept in records with the authorization until the time of the student's graduation and shall be available to the student for examination. These records will be kept completely separate from the student's permanent record. Should the search figure in any trial proceeding within the college, the authorization shall be attached to the trial record; if no action is taken following an authorized search, notation of this fact shall be filed with the authorization.

6. In the absence of a legally drawn search warrant, no general searches shall be conducted by college personnel, except with the possession of the written authorization of these abovementioned persons, stating the reasons for the search.

(*In cases of emergency, the physical presence of the President, Dean for Student Affairs or Director or Assistant Director of Student Life, Resident Director, or Security Officer who verbally authorizes an entry, shall be considered the equivalent to a written authorization. Proper written records must still be kept with Paragraph 5.)

Policy on Use of Segregated Facilities

It shall be college practice not to disciminate in any way on the basis of sex, race, creed, or national origin. This covers official activities sponsored, financed, and controlled by college personnel and campus organizations, whether these activites are held on or off-campus. If they are held off-campus, they must not utilize facilities where discrimination is practiced. Naturally, the college will not attempt to dictate to individual students, faculty members or private groups how they should conduct their personal affairs.

The above policy applies to all social functions sponsored by undergraduate campus organizations. The failure of student groups to comply with this policy may result in suspension of their ocial privileges. Repeated offenses by campus organizations or fraternities could result in the revocation of their charters or the dissolution of the living group.

Other Regulations

There are other college rules and regulations separately promulgated. Residence hall regulations and the traffic rules are examples of such not published within the Undergraduate Community Code. The Code does, however, provide the framework within which violations of such rules and regulations may be handled. In addition, no statement, or lack of, in this Code affects the responsibility of every person to respect Local, State, or Federal Ordinances, Regulations or Laws.

Assignment of Sanctions Individual Offenses

1. No sanction or other disciplinary action shall be imposed upon a student by or in the name of the college except in accordance with the Judicial Code.

2. Expulsion or suspension from the college or any lesser sanction may result from the commission of any of the following offenses:

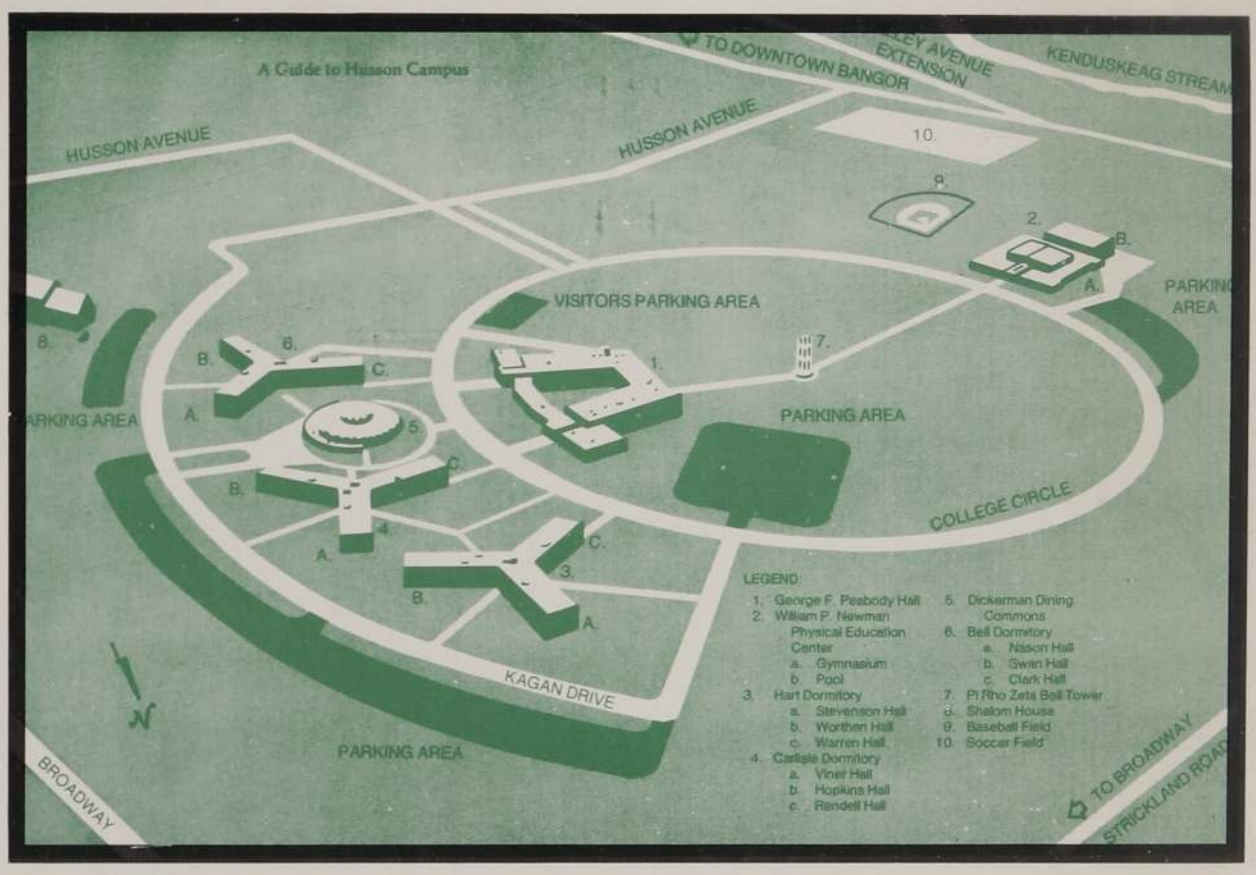

a. Academic dishonesty.
b. Theft.
c. Assault and battery.
d. Vandalism.
e. Fraud.
f. Lewd or indecent conduct which interferes with the goals of the college, or is detrimental to the welfare of the college community.
g. Illegal use of Drugs.
h. Unauthorized entry.
i. Violation of Fire Safety Regulations/Arson.
j. Two or more (or the repetition of) offenses listed in Section 3 below.

3. Disciplinary probation or any lesser sanction may result from the commission of any of the following offenses:

a. Disorderly conduct, including that resulting from drunkenness, not considered lewd or indecent.
b. Violations of residence hall regulations.
c. Repeated violations of traffic rules.
d. Gambling.
e. Unauthorized or illegal use of alcohol.
f. Failure to abide by the lawful order of a college official acting within the realm of his authority.

Group Offenses

Living organizations, societies, clubs and similar organized groups are responsible for compliance with college regulations. Upon satisfactory proof that the group has encouraged, or did not take reasonable steps as a group, to prevent violations of college regulations, the group may be subjected to permanent or temporary suspension of charter, social probation, denial of use of college facilities, or other like sanctions.
