Bangor, Maine **April 23, 1996**

Jessica Sullivan Honored at the Student Employee of the Year Banquet

by Kelly Taylor

The Northeast Association of Student Employment Administrators sponsor the Student of the Year contest every year. In order for a student employee to be eligible they must work a minimum of three months full-time or six months part-time.

There were seven students nominated from Husson for the award. Shannon Pike, Bob Botembe, Deanna White, Michele Bailey, Melissa Chasse, Rachel Kelly, and the winner, Jessica Sullivan.

The students were nominated by their employer who admitted a nomination form. The form consisted of two main parts. The first was a list of five specific criteria each student had to meet consisting of Reliability, Quality of Work, Initiative, Disposition, and Contribution to their employer. There was a space provided for the nominator to comment on each criteria. The second part was a sheet of paper used to describe the uniqueness of the contribution, as well as additional comments in support. The form was then read by three non-bias professionals at Husson who gave points for each student which determined the winner.

Jessica Sullivan, a junior, who is majoring in the nursing program came out on top. Jessica works in the Copy Center during the school year and in the Business Office over the summer.

There was an award banquet held on April 10, 1996 in the Faculty Dining Room to present the nominees with certificates and Jessica with a certificate, plaque, and a $25 Savings Bond. When asked how she felt about receiving the award she replied, "I'm very honored. It's nice to be recognized by your employer for what you do. It is the ultimate honor." Her nomination was entered into the state level competiton but she did not receive that award. Jessica plans on working at the same job next year.

The Spectator would like to congratulate all of the nominees, especially the Student Employee of the Year for Husson College, Jessica Sullivan.

Student Government Held Elections for 1996-97 School Year

The Student Government held its annual elections on Monday, April 15 and April 16. The voting took place in the Campus Center as well as Dickerman Dining Commons. All students were allowed to vote and the results are as follows: **President**- Kathy Fradette, **Vice President**- Matt Roy, **Resident President**- Tim Crowe, **Commuter President**- Ed Sleeper, and **Teacher of the Year**- Dr. Kilroy.

There are two remaining positions on the Executive Board, they are Treasurer and Secretary. These two positions are to be appointed by the Student Government Board. For anyone interested in Student Government, elections for Student Government Senators will be held in the fall. There are eight resident senators as well as eight commuter students.

Chief Week 1996

In a tradition, almost as long standing as Presidents Day, Husson College celebrated its annual Chief Week from April 17-21. The week long event was kicked off on Wednesday with water bottles being distributed, compliments of the Student Government. Wednesday night at 7 p.m. Barry Drake gave a multi-media presentation about the music of the 1960's. The presentation included interesting facts, pictures and music. The evening's activities concluded with a Scavenger Hunt. Among the items to be found were an acorn, a popsicle stick and a troll doll. T-shirts were given out to all those who participated in the activities or were in attendance during the week long events.

The Pasta Tower Competition was held Wednesday and Thursday. Teams of six people worked together to create a structure, made out of pasta, that could be self standing for atleast three minutes. The teams were supplied with pasta, hot/cold water, an official time keeper and a place to build their tower. The only equipment that you were allowed to use was two hair dryers and towels. All teams were allowed to work for two hours.

On Thursday night, two comedians performed in Kominsky Auditorium. The headliner for the event was Paul Nardizzi. Opening up for Nardizzi was Rowe, a comedian from the Biddeford area. There were quite a few people in attendance, and Kominsky Auditorium was packed.

On Friday night, the lip sync was held in the Campus Center. Although only a few people participated in the contest, a good time was had by all those in attendance. First place went to Shawn Savage, Jacob Hoovey, and Todd Gosselin performing Bon Jovi's "You Give Love a Bad Name." Second place went to James McEwen who performed Michael Jackson's "Billie Jean." Third place went to Jason Morton and Chris Agri who performed "Loser" by Beck.

Delta Sigma Delta's Annual Blue Hawaiian was held in the Campus Center following the Lip Sync. Dana Wilson provided the music for the event. It was a very well attended event.

Chief Week wrapped up on Saturday April 20. The annual bar-b-que in between the dorms was held, and there was frisbee playing in the court yard. It was such a nice day out on Saturday that a few people even pulled their couches out of their rooms and organized them around the court yard.

The final event of Chief Week was held in the Dickerman Dining Commons, it was a rendition of MTV's hit show "Singled Out". Several students participated in this event as well as having the event co-hosted by Ed Sleeper and Misty Coolidge. The couples that got paired together were awarded a gift certificate to an area restaurant as well as to the movies.

Chief for a Day was awarded to the Pi Rho Zeta team who were dressed as their favorite cartoon characters from Charlie Brown. They will be reigning as Chief for a Day sometime in the upcoming week. The new chiefs are proposing several ideas and are just awaiting approval from the dean.

Student Government would like to thank all those who participated in this years Chief Week, as well as encourage students to get involved in upcoming activities!

Student Life

Letter to the Editor

Dear Editor,

I am writing in response to your April 1 article about student problems with the School of Business computer labs.

I want to thank you for your complete and balanced coverage of a very complex matter. We have, indeed, had difficulties with the labs this year, and it has been very frustrating for all concerned. Mr. Bob Goodwin, the Lab Coordinator, Mr. Reggie Lizzotte, the Director of Data Processing, and Dr. Julian Haynes, the Assistant to the Chief Academic Officer, have all put in many hours in their efforts to understand the causes of the problems. The course instructors, especially Dr. Janet Kinney, whose 8 a.m. class has encountered the most frequent delays, have gone to great lengths to ensure that student opportunity to learn is protected in every way possible.

We believe that we are close to a permanent solution. There seems to be more than one kind of problem involved, and this has complicated the situation. We are committed to ensuring student access to the labs, and will keep working until all the problems are solved.

We believe all students will be able to complete their course work before the end of the semester. If necessary, we will add class sessions to ensure that all material is covered. In addition, should any student feel that he/she has not been able to cover the material in the course, Dr. Kinney has agreed to award a grade of Incomplete and allow the student to re-take the course in either summer or fall without additional cost.

Computers are wonderful when they work, and incredibly frustrating when they don't. Unfortunately, we've had more than our share of the frustrating times this year. I truly appreciate the many people, students and staff alike, who have joined together with good will and a sincere desire to do what is best for everyone.
Sincerely,

Jessica R. Jenner, PhD
Dean, School of Business

Letter to the Editor

Dear Editor,

I am writing this letter to the editor in order to address a very touchy issue that has recently arisen here on the Husson campus. The issue that I am talking about is the lawsuit that Dr. Kilroy has filed against Husson College. I must say that I am extremely angry about this issue and I firmly believe that many other students and faculty members feel the same way, but they are reluctant to speak out. After reading the article in the Bangor Daily News on April 16 I was irritated even more by comments from students and Dr. Kilroy himself. I feel that Dr. Kilroy is wrong and so do many other students that I have talked to. Don't get the wrong impression, I'm not saying that Husson should not upgrade the handicapped accessibility on campus, but Dr. Kilroy is pursuing his goal in a very unprofessional manner.

Would it not have made more sense if Dr. Kilroy had directly talked to Husson administrators first before filing a lawsuit? The fact that Dr. Kilroy did not talk to his employer before taking legal action leads me to believe that Dr. Kilroy's true motive behind the lawsuit is personal gain and not so much the upgrading of our handicapped facilities. If Dr. Kilroy truly cared about the Husson community then he would only sue for upgraded handicapped facilities and not the compensatory and punitive damages that he is suing for. The only people that will be hurt by this lawsuit are the students because if Dr. Kilroy wins his legal battle then our tuition is sure to skyrocket. Dr. Kilroy must be aware of the ramifications to the student body and he obviously does not care. If he did care, he would not be filing such a huge lawsuit. Husson is a very reasonable school and I am sure that if Dr. Kilroy approached our administrators face to face than his requests for handicapped access would be granted within a reasonable amount of time. In my eyes Dr. Kilroy's lawsuit is absurd because I have seen continued upgrading of handicapped facilities since I have been here. Each year Husson makes an effort to make more areas handicapped accessible and what Dr. Kilroy must understand is that everything cannot be done at once. Husson is a small school and can only afford to upgrade gradually each year because funds are limited, and given enough time I am sure Husson will eventually be in full compliance with the ADA law of 1990. When Dr. Kilroy took his position here at Husson I am sure he was fully aware of what areas were and were not handicapped accessible, and if he was not satisfied then why did he even take the position. Dr. Kilroy's comment about not being able to access the DDC is totally absurd, because the walkway to the DDC is fully handicapped accessible, and I feel that he is really only looking for undue sympathy with this ridiculous comment. If the DDC is so inaccessible for Dr. Kilroy, then why do I see him eating there so often with his children? The more that I read about this lawsuit shows me and many other students that Dr. Kilroy's true motive is only personal gain. Husson is known for a tradition of excellence with regard to its faculty members and unfortunately Dr. Kilroy is breaking that tradition because of his lack of professional ethics.

Sincerely,
An Angry Student

Health Fair Comes to Husson

Spring is in the air, and so are preparations for the Husson College Health fair! The seniors in the community health class with the guidance of their instructors Mimi Padgett and Karen Rich are putting on a health fair for the Husson community.

The Husson College community was surveyed in areas of age brackett, sex, primary language, place of residence, health habits and areas of interest/need. Perhaps you found yourself filling out one of these surveys. From the surveys the students compiled the data which revealed the health needs and interests of the Husson College community. Thus, the following areas will be offered for information/screenings at the fair.

Alternative Medicine/Stress Reduction
*music therapy
*tai-chi demonstration
*meditation
*foot massage
*H2O relaxation -- hot tub will be on premises
*herbal therapy
Cancer Prevention
Breast/testicular cancer prevention. Screening education.
Diabetes
blood sugar testing
education/information
Exercise
*running video of the cable Health Show
*exercise video on display
*exercise equipment on hand -- stair stepper and treadmill
*appropriate footware on display
*packets on exercise tips and other inform pertaining to fitness available
*low fat snacks available
raffling off free memberships to local Gyms Golds Gym - Educated Muscle - Womens Fitness Studio
*nordic track demonstration
Heart Disease
cholesterol screenings
blood pressure screenings
video playing
education/information regarding diet, obesity, hypertension, and other risk factors

There will be face painting, various prizes raffled off, free screenings, and valuable information offered at this health fair.

On behalf of the community health students and their instructors, we look forward to seeing you there, as the individual "booths" selected for the fair were based on the health needs and interests of you the Husson Community that were communicated to us through the surveys distributed. We are happy to serve our community through what will be a fun and educating event for all participants.

Editors Note

Letters to the editor are printed as they are submitted. The views expressed may not be that of The Spectator or its Staff.

Your Connection to the Stars.....

by Jaime Maynard

Aquarius (January 20 - February 18) You are feeling excited that spring and the end of another school year is just around the corner. Don't slack off, your hard work will pay off in the summer. Your lucky numbers are 1 and 6. Your lucky day is Thursday. A famous person who shares your sign is Barbara Tuckman.

Pisces (February 19 - March 20) You feel no one understands you lately. Don't worry someone will come around soon that you will be able to relate to. Keep your hopes up, things will turn around soon. Your lucky numbers are 2 and 5. Your lucky day is Saturday. A famous person who shares your sign is George Washington.

Aries (March 21 - April 19) Your love life is going down the tubes. You and your mate are fighting all the time. Don't break up, talk things out and you'll see, everything will work out. Your lucky numbers are 6 and 9. Your lucky day is Monday. A famous person who shares your sign is Elton John.

Taurus (April 20 - May 20) Slow down and smell the roses. You're rushing too much and missing the important fun things in life. Take things one day at a time and relax. Your body will thank you. Your lucky day is Tuesday. Your lucky numbers are 2 and 4. A famous person who shares your sign is Barbara Streisand.

Gemini (May 21 - June 20) There is a special person that you have been keeping your eyes on but, you've been too shy to say anything. Well break out of your shell and talk to that person. Maybe that person is just to shy to say anything themselves. Your lucky day is Wednesday. Your lucky numbers are 3 and 7. A famous person who shares your sign is Paul McCartney.

Cancer (June 21 - July 22) A sudden break up makes you feel lonely and not knowing what to do next. Take some time off and hang out with friends and family. Your lucky day is Thursday. Your lucky numbers are 3 and 4. A famous person who shares your sign is E.B. White.

Leo (July 23 - August 22) You feel that you need some time to yourself so you push the people you love the most away from you. Be careful they might not be there when you are finished being selfish. Your lucky day is Sunday. Your lucky numbers are 6 and 7. A famous person who shares your sign is Mick Jagger.

Virgo (August 23 - September 22) Your parents are on your back about a summer job and your grades. Don't flip out and say anything that you will regret. Things will work out at the end. Your lucky day is Friday. Your lucky numbers are 1 and 5. A famous person who shares your sign is Yassir Arafat.

Libra (September 23 - October 22) This would be the best time for you to make a career move. Maybe a summer job can turn to something permanent that coincides with your education. Your lucky day is Wednesday. Your lucky numbers are 2 and 7. A famous person who shares your sign is Ray Charles.

Scorpio (October 23 - November 21) Save your money for a rainy day. You'll never know when you'll need it. It might be just around the corner. Your lucky day is Tuesday. Your lucky numbers are 4 and 10. A famous person who shares your sign is Emily Post.

Sagittarius (November 22 - December 21) Your personality is exploding this spring. You're a social butterfly. This is a good sign that you are going to have a great fun-filled summer. Your lucky day is Thursday. Your lucky numbers are 7 and 8. A famous person who shares your sign is Sammy Davis Jr.

Capricorn (December 22 - January 19) You're keeping your mouth shut right now about a terrible secret. Remember that it might come back to haunt you so maybe you should spill it now and get it out in the open. Your lucky day is Monday. Your lucky numbers are 5 and 9. A famous person who shares your sign is Joan of Arc.

Dickerman Dining Commons Bob Sedgwick Helps Coordinate AIDS Walk

Bangor's Cascade Park will be the local site of the 7th Annual Maine AIDS Walk (Walk of Hope) a 4.8 kilometer (4 mile) donation walk to raise funds for the State's AIDS service organizations. Registration starts at 12 noon, the walk begins at 1 P.M. Sunday, May 5, 1996, rain or shine.

The Maine AIDS Walk is sponsored by the Maine AIDS Alliance, a statewide coalition of fifteen AIDS organizations. The Eastern Maine AIDS Network is hosting the walk in Bangor.

Other area walks will take place throughout the state on the same day. Organizers hope the walk will raise awareness as well as funding. Maine has had over 590 documented cases of AIDS, but the State Bureau of Health estimates that as many as 2,500 Mainers could be living with HIV, the virus that causes AIDS.

The four mile treck begins at Bangor's Cascade Park. The Guest Speaker will be Congressman John Baldacci. Special appearances and performances will be made by Shy Boy, the Carousel Cloggers and the Ground Round's Bingo the Clown. Refreshments and entertainment will greet the walkers on their return.

For further information contact the Eastern Maine AIDS Network at 990-3626 or call Bob Sedgwick, the Walk Volunteer Co-Coordinator at the Dickerman Dining Commons at 941-7075.

Telephone Poll Response...

This weeks telephone response question is on the "quiet hours" in the dorms. Do you feel that quiet hours should be switched from thier current times, and if so to what? The current time for quiet hours is Sunday through Thursday 9 p.m. to 9 a.m. and Friday and Saturday 1 a.m. to 10 a.m.. Please phone in your response at 941-7016.

Chaplain's Corner

by Reverand Robert T. Carlson

Thanks for your suggestions in response to my last article. I received 9 requests for a Sunday afternoon Chapel service once or twice a month. We will be planning that for the fall since school is so close to completion for this academic year.

I also want to let you know that I have had some conversation with the folks from Campus Crusade for Christ (which is active on the UMO Campus). We are looking at ways of offering this ministry here on the Husson Campus as well. I will keep you informed as we plan.

This issue's topic is "Preparing for Finals." As we come to the close of the semester students have as a priority the need to prepare for the final exams and the writing of final papers. Why? So they can earn a grade and bring closure to the semester.

Life presents us with the same opportunities. We come to events that are rights of passage such as becoming a teenager, graduating from grammar school, graduating from high school and college, getting married, having a family, and ultimately preparing for death. At each of these stages we are asked to prepare for the finals that will determine whether or not we move on to the next.

How you prepare depends not solely on the acquisition of a body of knowledge. It depends on how you view the event in relation to your spiritual life. What do these events mean? How have they helped you grow as a person.

As you prepare for finals I would ask you to think about those larger questions. Even a failing grade can bring a positive experience. Good luck! Remember however, that luck is 5% chance and 95% work.

Greek Life

Delta Sigma Delta

Holding Alumni Banquet

Hello everyone!

We hope everyone had a good Easter.

The sisters will be very busy during these last few weeks of school. Our annual Blue Hawaiian was held on Friday, April 19 in the Student Center from 9-12 P.M. We hope everyone had a good time. We held our annual alumni banquet on Saturday, April 20.

We have also been busy doing social services at the Bangor Auditorium painting faces and working at the blood drive. We had a car wash on Saturday, April 13 and will be doing other fundraising events.

We invite everyone to come up to the floor and hang out. If anyone is interested in moving up to 5th level Carlisle or have any questions our doors are always open.

The Sisters of
Delta Sigma Delta

Kappa Delta Phi

Hosts National Convention

Hello All!

The brothers of Kappa Delta Phi would like to inform every one that our National Convention which happened the weekend of the 12, 13, 14, was a great success. For all of you that have not yet had the chance to see what we are all about it was a great opportunity to see what we are all about, there was approximately 500 or so of us. It was a great experience for us to meet brothers and sisters from our other chapters. There was a whole world of personalities and styles that showed up.

Congratulations goes out to MEX and TEP for their excellent showing of sportsmanship in Greek Games, keep up the good spirit guys! Thanks also goes out to all the judges that were able to make it to Greek Games, hope you had as good a time as we did.

Congratulations goes out to all of the new Brothers and Sisters that have pledged this Spring. It's a choice you will never regret!

We hope everyone has a good and productive second semester, we hope everyone does well on their finals. Let's hope spring will arrive soon, April is no time for snow!

The Brothers would like to remind everyone about the new LaCrosse team being formed at Husson, they will be having home games so let's see some support and come out and watch the excitement, anyone interested in playing or participating in LaCrosse can contact Richie Hachey at 941-7802.

Remember everyone is welcome on our floor, come down meet the brothers, socialize, and have a good time!!

The Brothers of
Kappa Delta Phi

Mu Sigma Chi

Preparing for End of the Year Activities

The brothers of Mu Sigma Chi would like to extend an offer to anyone interested in living on the floor next year to see any brother ASAP. Rooms are filing up fast, don't be shut out. It's almost the end of the semester and the brothers will be very busy with fundraisers, our alumni awards banquet, and our annual homecoming. Things should be interesting as the school year comes to a close. We wish everybody luck with their upcoming events, and remember to keep up with your studies. There is always brothers on the floor so stop up and say hi.

The Brothers of
Mu Sigma Chi

Greek Governing Board

Greeks pull together to help community during Greek Week

The Greek Governing Board would like to take this time to catch everyone up to date on the activities that we did during our annual greek week. On Sunday, the week began with an all fraternity/ sorority softball game. Although the weather was pretty cold, everyone seemed to have a good time.

On Monday, the greeks sponsored a blood drive in the Arrowhead, the event was very well attended. Some of the rest of the weeks activities consisted of a food drive in which all the food raised was donated to the Shaw House. On Friday, the GGB sponsored the Ray Boston's Anytime Summertime beach party. The party was very well attended and all those in attendance appeared to have a wonderful time. On Saturday, the groups gathered together to do a bottle and can drive. The groups raised over a hundred dollars and all the money raised was donated to the Bangor Homeless Shelter.

The week long activities ended with the Annual Greek Games. During greek games, members of all the fraternities and sororities competed in events to decide who would be the 1996 Greek Games Champions. Some of the games consisted of the ballon toss and the egg toss as well as volleyball and basketball.

This year Kappa Lambda were the winners of the greek games for the sororities and there was a tie between Tau Kappa Epsilon and Kappa Delta Phi for the fraternities. Special recognition was awarded to Tau Epsilon Phi and Mu Sigma Chi for their outstanding sportsmanship throughout the entire games.

At the end of this school year the greek community will be saying goodbye to its Advisor, Gene Hamm. Gene has been the advisor to the Greek Governing Board for 5 years and will be sorely missed next year.

The Greek Governing Board would also like to thank each of the individual organizations for their outstanding amounts of community service throughout this past school year. In particular, organizations have worked closely with the Special Olympics, March of Dimes, American Cancer Society as well as local organizations such as the Shaw House and the Greater Bangor Shelter.

Kappa Lambda

Helping out Shaw House

Hello everyone. We have been busy the past few weeks getting ready for our convention which was held here April 12-14.

We've also had some fun activities we've taken part in. We played softball and did a food drive for the Shaw House during Greek Week. And we got first place for Greek Games. It was a lot of work but a lot of fun too.

We will be having two car washes coming up. They are on April 21 and 28 from 10-3 at the State St. Christy's.

We currently have 15 active Sisters:

Crystal Burgess	Kari Cookson
Tomi Cookson	Misty Coolidge
Tonia Dupler	Heather Lessard
Bonnie Marquis	Shannon Pike
Cheryl Reynolds	Heather Rivers
Jessica Smith	Hanna Sullivan
Emily Viotty	Katrina Whitt

Leigh-Anna Stanley

The end of the semester is a happy time for everyone, but also a sad time due to our sisters graduating. We have 5 graduating this year, Kari, Bonnie, Heather, Katrina and Hanna, Congratulations! We'll miss you. Congratulations to our brothers too, Andy, Roger and Toshi.

The Sisters of
Kappa Lambda

Tau Kappa Epsilon

Clearing up Misconceptions about Greeks

Hello everyone. Only a few more weeks of school left, thank god. We've been extremely busy trying to put our 21st annual Red Carnation Banquet together. Also room sign ups are coming up as well. Anyone is more than welcome to live on 9th level Hart. It's not as loud as you think it is. We do study. Our GPA's were above the all male average last semester. Also, by living on the floor, it doesn't mean you have to pledge. These are just two of the perceptions that people feel about our floor.

In the past few weeks the Greek community has heard a lot of what administration thinks we do. Obviously they aren't looking very hard to find out the truth's. Here are a few quick facts to inform those who read the Spectator.

-Our GPA is always higher than the all male average
-We have done almost 1,000 hours of community service for various charities
-We have been recognized not only by our national but by the state of Maine for our work with Maine Special Olympics
-We have had one brother in the past four years not graduate or continue his degree somewhere else

We hope this clears up some of the misconceptions that administration has about us. Maybe someday we will not have to defend ourselves as to what we do. Greeks are always perceived a certain way but no one takes the time to find out the truth. We may have good times on the weekends but no more than other student here at Husson College.

The Brothers of Tau Kappa Epsilon

Student Life

Student Counseling Services: A Big Asset on Campus

by Steph Freeman

Many students at Husson College are not aware that there student counseling services available on campus. Jack Slomback and Gail Hall are counselors for any undergraduate students, full or part time, that go to school here.

Before Gail Hall came to Husson in November of 1995, she was both a college professor and a psychotherapist. Hall got her PhD in sociology from Harvard and she has been in the mental health field for 17 years. In the past Hall has worked in state mental hospitals, community health centers and as of now she has a private practice. Hall is a LCPC -licensed clinical professional counselor, and works at Husson part-time as a mental health counselor.

Jack Slomback was a full time member of the faculty here at Husson, teaching Economics for 27 years. He went back to school and earned his masters degree in counseling. Slomback is a LPC (licensed professional counselor) and a LADC (licensed alcohol and drug counselor).

When asked what are their roles on campus as counselors Gail Hall replied, "I'd like to emphasize confidentiality. We provide confidentiality to individuals, couples or groups who have personal social or academic problems. I see working on problems as an opportunity for growth and development." Jack Slomback also stated, "We want the college community to know that we are here - trained, experienced, and available."

April is National Counseling Month, so students should take advantage of the help that is being offered. Next year Hall and Slomback hope to sponsor a film series that will show box-office films dealing with alcohol abuse. Some examples include - Leaving Las Vegas, When a Man Loves a Woman and Rush. If you have any problems that you need to talk about do not hesitate to call Gail Hall at 7981 or Jack Slomback at 7745 or visit their office in room 233 in Peabody Hall.

Lecturer Barry Drake Speaks About the Music of the 1960's

by Lisa Augello

On Thursday, April 11 Lecturer Barry Drake came to Husson and spoke to students about the music of the 1960's as part of the Chief Week events. His presentation not only included information about the artists but pictures, interesting facts and music from those memorable artists. The best thing about it was that the speaker, Drake did not just tell the audience facts that he looked up in a book, he had actually met some of these famous musicians and played with them in the streets of San Francisco. The musicians included, varied from the European music of the Beatles to the beach blanket music of the Beach Boys to the folk music of Simon and Garfunkel to the rock music of Jimi Hendrix and Bob Dylan. What was even more interesting was how Drake incorporated the music in with the politics of the time, including the Vietnam War, the Hippie Movement and the assasination of John and Bobby Kennedy. The multi-media presentation which was put on by Barry Drake, who has been named Lecturer of the Year and Best Lecturer, was a great look back into the music and politics of the 1960's.

UMaine Portland Centre to Exhibit Lewis Paintings

Orono, Maine -- The University of Maine's surroundings appear frequently in a 16-painting exhibition by Michael H. Lewis, UMaine professor of art, opening Saturday, April 20, at the University's Portland Centre on Congress Street. A public reception to meet the artist is scheduled for 5 to 7 p.m. Friday, May 3.

All the works in the exhibit, which closes Friday, May 31, are in turpentine wash on 100-percent rag board. They include: "A Dream Like Lightning (Orono, Maine)," "Tone Poem #9 (Morning Mist, Orono, Maine)," Fields Around the University #21 (May and Sparky)," "Sunrise Over the Stillwater (Orono, Maine)," "Premonition," "Rhythms" and "A Ghost, a Judgment, or a Guardian Angel #9."

"I am interested in 'real' time and space (the empirical world, the world of logic) and 'mythic' time and space (the world of intuition, mysticism and spirit)," Lewis writes in his artist statement for the exhibition. "I am also interested in the blurring and questioning of those distinctions. Probably our sense of what is 'real' is much too limited."

Lewis, a Brooklyn, N.Y., native, came to UMaine as an instructor in 1966. Besides teaching painting and drawing, he has served as chair of the Department of Art for two terms and as acting associate dean of the College of Arts and Sciences. He received the Alumni Association Distinguished Faculty Award in 1979 and the New England Foundation for the Arts/National Endowment for the Arts drawing fellowship in 1990-91.

He exhibits his paintings regularly at Uptown Gallery in New York City and the Steven Scott Gallery in Baltimore. His work is included in the collections of the Fogg Art Museum, Harvard University; the Albertina Museum, Vienna, Austria; the Portland Museum of Art; Colby College Museum of Art; and the University of Maine Museum of Art, among others. His work also has been acquired for such corporate collections as London Fog Corp., Central Maine Power Corp., People's Heritage Bank and Union Mutual Insurance Co.

Lewis' next solo exhibition will be at the University of Missouri, St. Louis, in September.

Further information about the exhibition is available by calling the Portland Centre at 828-2327.

Missing Purse

My name is Anna Whitted. I live in 200 Hart Hall, my purse was stolen from this college by one of you individuals. If anyone knows anything please contact me. My purse is brown with a black trim wallet purse. The purse contained $250 in cash along with my driver's licence, credit cards social security card, and phone and address book etc. I know I won't get my money back but could I please get my purse.

Although we all know that during these last few weeks of school we should be cracking the books and studying for final exams, here is something for you just in case that is not exactly what you had in mind this weekend. The following may be of some help to you.

Listed below are the Top 10 weekend box-office hits as the staff of the Spectator see them.

1. **Primal Fear**
2. **James and the Giant Peach**
3. **The Birdcage**
4. **Fear**
5. **A Thin Line Between Love and Hate**
6. **Sargent Bilko**
7. **Executive Decision**
8. **Flirting with Disaster**

Attention Underclassmen

Now is the time to start thinking about workstudy jobs for the 96-97 school year. With seniors graduating there will be positions open all around campus.

Accounting Society Holds Meeting to Vote for New Officers

There will be an Accounting Society meeting on April 25 at 4:30 P.M. The meeting will be to vote for officers for the 1996-97 school year. The positions available include: President, Vice-president, Treasurer and Secretary. We will also be discussing the end of the year party and an end of the year service project. Pizza and soda will be served. Hope to see you there!

Recycle Your Old Eyeglasses!

How many pairs of old or unusable eyeglasses do you have collecting dust? You know, you kept them as back up in case you lost your primary pair "...at least I'll have something until I can get my other ones fixed." Well, now you've got three pairs and you NEVER use the old ones....so here's your chance to get rid of them without feeling guilty.

Lion's Club International collects used eyeglasses during the month of May to distribute to those in need throughout the world.

Bring your old glasses to Paul Husson - Room 212, Bell Hall - or place them in the container in the Husson Campus Center. They will be turned over to the Bangor Lion's Club. Give someone the gift of good vision!

Husson Sports

Husson Baseball Split Double Header with Bowdoin College

Roy Peary leads the Offensive Attack

By Steph Freeman

The Husson Baseball Team traveled to Bowdoin College in Brunswick on Saturday, April 13 for a double header. Husson pounded out 15 hits in a 15-4 victory in the first game, only to have the Polar Bears bounce back with a 10-5 win in the second game.

In the first game Sophomore Roy Peary ripped a three run triple in the seventh and had two singles to lead the Braves attack. Senior Andy Boure had a double and two singles while Sandy McCuaig and Jeff Fogg both singled and doubled. Senior pitcher Mark Hreben had six strike outs and picked up his fourth win of the year for the Braves.

Hreben attributed the win to the flawless defense and the extremely high-powered offense of the Braves.

In the second game a Bowdoin player hit a two-run homer in the sixth inning to put the game away for the Polar Bears. Peary lead Husson in the second game with a homerun, a triple, and three RBI's, while McCuaig had a single and a triple. When asked how he thought the team played, Junior J.J. Novak replied,"Despite the loss in the second game, I think we played well. It makes it hard on Sibley but for not pitching in a while, he did well. We hit the ball hard but they didn't seem to fall in the gaps. Being that this is the first time we've played in over two weeks, I think we played well."

The Husson Men's Baseball team faced long-time rival St. Joseph's College on Friday, April 19.

Senior Mark Hreben started on the mound for Husson while Jeff Fogg was behind the plate. The Braves and Monks were tied 2-2 until the sixth inning as St. Joe's struck for six runs. The Husson men started to make a comeback but it was just too late as St. Joe's beat Husson 12-8. Justin Shaw and Matt Alaimo each had two hits for the Braves.

The loss dropped Husson's record to 8-11. The Braves have a chance to redeem themselves as they face the Monks for a doubleheader on Saturday, April 27 at home.

Husson Sports Trivia

In the April 1, 1996 issue of the Spectator the question was asked, "During what time period did John Kolasinski play on the Husson Braves Baseball team?" The answer to this question was during the years of 1984 and 1985. Congratulations to all those who knew the correct response!

Pomerleau Back on the Mound After Shoulder Injury

Braves Drop two to UMF

By Steph Freeman

The Husson Women's Softball team traveled to UMF Monday, April 15 for a double-header. Due to a pulled tendon in her knee Senior first baseman Sandy Jack was not able to participate in the games which meant Senior leftfielder Michelle Cogan stepped up into the position. Junior Amanda Pomerleau made her first appearance on the mound after being out for a month with a pulled muscle in her arm.

Pomerleau pitched a strong first inning but a misunderstood call by the umpires cost the Braves three runs. The Husson women struggled at bat, not being able to get runners on base for the first two innings. The Braves went on a small hitting rally in the fourth inning but still could only score one run. The UMF Beavers overpowered the Braves for an 8-1 defeat in the first game. When asked how she felt about the loss Pomerleau replied, "The call in the first inning was a turning point and set the tone for the rest of the game. It also gave Farmington confidence and brought our team spirit down." Tracy Lamontagne, Jess Moore, and Lisa Keene all had singles for Husson.

Sophomore Cara Mercer pitched for Husson in the second game while Amy Coppola was behind the plate and Pomerleau shifted to left field. The Braves were held to 1 run until the fourth inning as they rallied over UMF 6-5.

The teams went back and forth each scoring 3 more runs to go into the bottom of the sixth inning with the Braves winning 9-8. UMF scored two more runs and then held the Braves scoreless in the top of the seventh to give UMF the win 10-9. Husson was led by Jen Russ' three singles. Lamontagne singled twice, while Emily Burrill, Amanda Pomerleau and Michelle Cogan each tripled.

Husson Softball edged out by Bowdoin College

by Steph Freeman

In Brunswick Friday, April 5, the Bowdoin Polar Bears beat the Husson Lady Braves in two tight knit games- 4-2 and 6-5. Due to a pulled muscle in Junior Amanda Pomerleau's arm, Sophomore Cara Mercer was forced to pitch both games of the double header. Mercer made a great effort in both games but the Polar Bears still over-powered the Braves.

Game one saw Bowdoin break away from a 2-2 tie by scoring two runs in the bottom of the sixth inning. The Husson offense struggled with Senior Captain Sandy Jack leading the attack with a double. When asked how the team played as a whole, Senior Emily Burrill replied,"Even though the win-loss column doesn't show it, we have played well as a team. We have to be more aggressive at the plate and keep our intensity throughout all seven innings of the game." In game two, Bowdoin broke out with a five run second inning. The Braves fought their way back into the ball game losing 6-5 going into the seventh inning. The Husson women went on a rally, scoring three runs and had runners on first and third with only one out. At this point the umpires called the game due to darkness. Since Bowdoin was the home team, they had the advantage of being last up to bat. Huson was up to bat when the game was called, which meant the umpires had to refer back to the previous inning which gave the Polar Bears the victory, 6-5. This was a disappointing loss for the Braves because they felt if the game was continued Husson would have come out on top. Burril lead the Braves with two RBI's on two singles and a double.

When asked what he thought of the close game, Coach Ackley replied,"I was very pleased with the rallies in the 5th, 6th, and 7th innings after being down early but it's very difficult to accept the loss after we had gone ahead in the game and then had it taken away in a technicality."

Good-Bye

by Michael McCaffrey

Your heart is heavy and you know it's time.
Leaving is the hardest thing to do.
No longer shall you read between the lines
Eviction is the only thing for you.
To many games for to many years
It's time for it all to end.
A little laughter but alot of tears
A slight difference between foe and friend.
A lingering want for how it was
And an addiction for the physical touch.
No explanation for what she does
But her actions have a killing clutch.
So leave it all behind and bid farewell
And escape the yearning temptation.
No longer will she in shotgun dwell
But instead be left waving from the station.

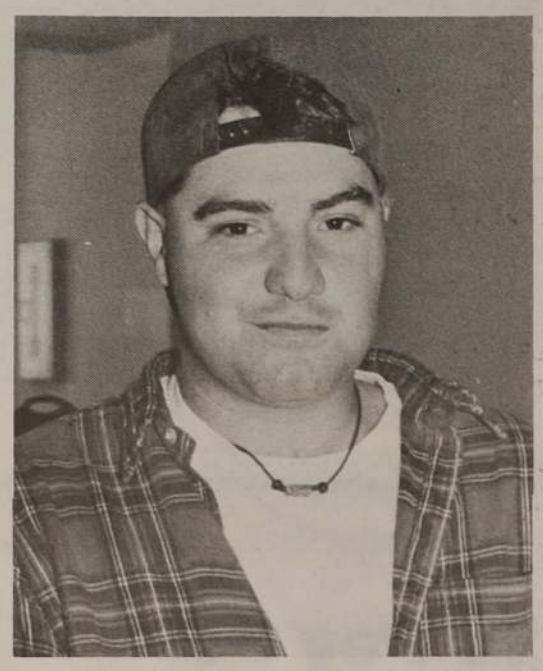

About the Author...

Mike McCaffery, a freshman from Glassboro, New Jersey, is a Marketing Major as well as a member of the Husson College Mens Basketball Team.

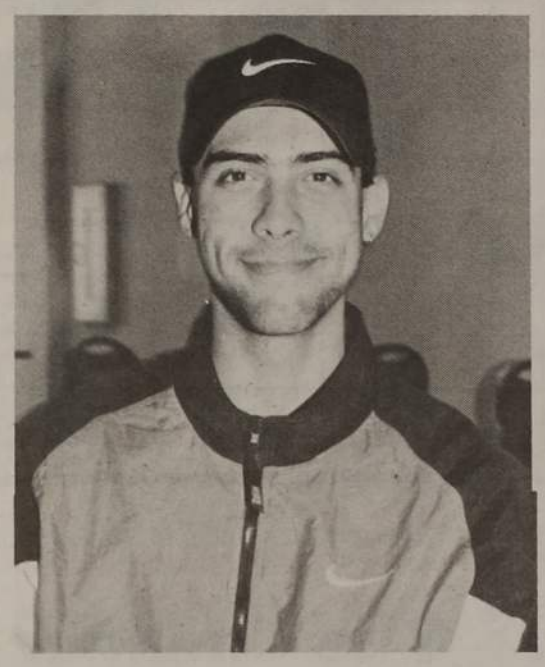

Husson Opinions

Brent (B.M.O.C.) Brown
"Bob Dole, because good things happen to good people."

Andy Boure
"Clinton, because Hillary is doing a good job running the country."

Matt Alaimo
"Ross Perot, because he can solve the national deficit."

Alea Goins
"Charles Barkley, because he said he's not a role model, and no president has been a model citizen, so Sir Charles would be perfect."

POLL QUESTION:

"Who do you think should win the Presidential election? Why?"

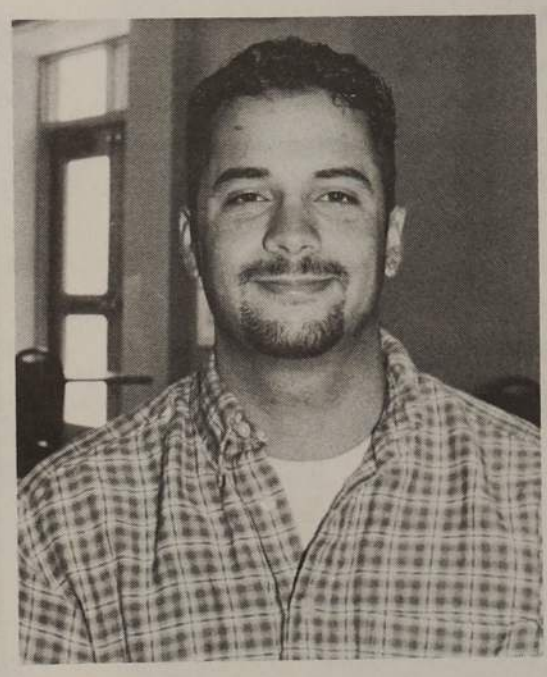

by Brandy Allen

Kimly Hong
"I don't pay much attention because it's just a popularity contest. I don't believe the winner will do what they are supposed to anyway."

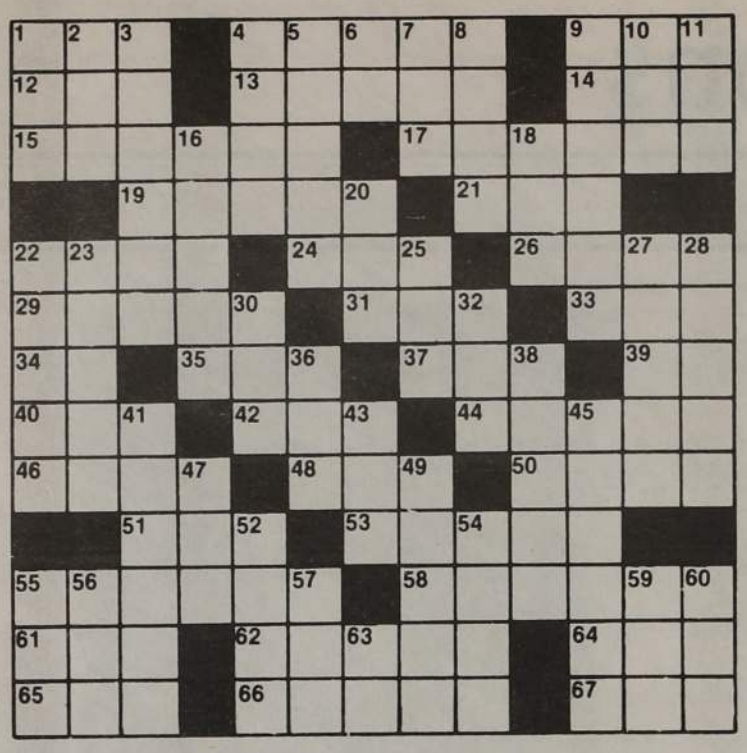

Jennifer Fenderson
"A honest person because nobody in politics is honest anymore."

Paul Napoleoni
"Clinton, because he plans his work and works his plan."

Toni Tibbetts
"I want a woman president because a man hasn't been able to do the job."

The Cheaper Way To Pay For

MAINE EDUCATION SUPERLOAN℠

Federal Stafford & PLUS Student Loans for

1% LESS

Getting a college education isn't easy. Neither is paying for it. But if you're one of thousands of Maine students and parents who have to borrow money for college, a SUPERLOAN™ from Maine Education Services can save you money.

You get the same federally-guaranteed Stafford and PLUS loans available anywhere else...but we pay 1% of the interest for you. That means real savings when you pay back your loan...hundreds, even thousands, of dollars.

That's why SUPERLOAN™ has become the most popular student loan program in Maine. In just two years, we've saved Maine students and their families more than $6,000,000!

MAINE EDUCATION SUPERLOAN℠

Same loans. Lower rates. Why pay more?

Any Maine college student is eligible, whether you go to school here in Maine or anywhere else. Out-of-state residents who go to school in Maine can get a SUPERLOAN™, too.

For more information, call
1-800-922-6352
or visit one of our participating lenders.
