## 1984

Class of 1984,

The quality of health care is directly related to the quality of individuals who make it up. Each of you is in fact "a success story," each "a doer," each "an achiever." Recognize your success, be proud of it, use it to improve the quality of health care; in so doing, you will meet the qualifications of a member of the profession of nursing.

Congratulations!

Helen L. Genco, RN, MSN
Director

# DEDICATION

We cannot collect all the moments of wonder, all the songs of joy, all the times of triumph that are a part of life. But we can clasp the ones that come to us close to our hearts where they will remain forever.

To my Parents, Jeffery, Extended Family and Close Friends,

During the last three years each of you have given me the love, support, encouragement and strength that I needed to achieve my goal of becoming a nurse. You've given of yourselves freely and asked only for my love in return. I love you all very much, and hope that at some point in the future I can give back just a portion of the help that you have given me in your own special ways. Thanks to each of you, for my dream is now a reality because you were there...I couldn't have made it on my own.

Believe in hope,

Believe in mankind.

It's where you're going that counts.

IT IS ONLY WITH THE HEART
THAT ONE CAN SEE RIGHTLY.

INVISIBLE TO THE EYE.

*WE TEACH BEST WHAT WE LEARN MOST.*
*WE ARE ALL DOERS, LEARNERS, AND TEACHERS.*

Let each become all that he was capable of being:
expand, if possible, to his full growth,
and show himself at length in his own shape and stature,
be these what they may.

Our BEST to you!

We enjoyed being a part of your lives.
