HUSSON COLLEGE

THE SPECTATOR

Bangor, Maine November 2, 1995

Husson Soccer in Disappointing Loss to UMF

The mens soccer team's season came to an abrupt end on Friday, October 27. The Husson Braves faced conference rivals University of Maine Farmington. The Braves, who went into the game 12-4 were ranked no. 4 while UMF was ranked at no. 1.

This was not the first time the Braves and the Beavers have played this year. Earlier in regular season play the Braves lost to the Beavers 1-0. The Braves came into the game hungry for a win as they had lost to UMF for the past two years in post-season action.

This game was to be no different as the Beavers came out determined to put Husson away early. The Braves did manage to keep the game close during the first half, only allowing one goal. In the second half however, the Beavers came out hungry and created a 4-0 lead. With time running out the Braves finally connected off an Adam Heaslewood assist to Kevin Burton to make the final score 4-1. Braves goal tender Ben Masterson made seven saves on eleven shots. The Braves ended their season with a 12-5 record.

Adam Heaslewood was named the Conference Player of the Year as he led the Braves with 15 goals and 24 assists. Heaslewood was also named to the All-Conference team as well as being named offensive player of the week in earlier season play. Heaslewood is a junior in the Husson Sports Management program, and has been a tri-captain for the past two years. Heaslewood has one more year of eligibility, and you can look forward to him leading the team next season.

Several Husson players wait in anticipation as Adam Heaslewood heads a ball in recent game play.

Also being named to the All-Conference Team were Tri-Captains Craig Stuber and Guy Guy Mpeye. Stuber, known to the team as Mouse, controlled the defense for the Braves. Over Stuber's four seasons with the Braves he has always played the position of marking back. Coach Ellisen feels that Stuber is the finest marking back in the conference. To illustrate this, Coach Ellisen brought up the example of BC, a player from Maine Maritime Academy. BC scored 101 goals in his career, but never 1 goal against Husson while Stuber was playing.

Guy Guy Mpeye, named to the All-Conference Team, finished the season with 14 goals and 6 assists. Mpeye has always been one of the leading scorers for the Braves, excluding last season when he filled in at net. On Mpeye's ability to score goals, Coach Ellisen commented that he is a very good goal scorer because defending teams find him so unpredictable. He has so much natural talent with a soccer ball that when he dribbles with the ball he has several options he can choose from. Opposing teams find it very hard to predict whether he is going to shoot the ball, pass it, or volley it.

Although the team will have some key losses to graduation, expect great things from next year's squad.

Walking on Air Fall Fantasia Comes to Husson

On Friday, November 10, from 4 p.m. to 10 p.m. in the Newman Gymnasium, Student Government will be sponsoring their first ever Walking on Air Fall Fantasia. Fall Fantasia will be their representation of a carnival on the Husson grounds. Some of the many activities they will be having are a 50 foot by 30 foot by 26 foot Air Ball game, a 40 foot by 18 foot by 14 foot Velcro Olympics, a Four-in-One, and the Sports Arena. There will also be a beer tent, food booths, and some of your standard carnival events. This event should appeal not only to Husson students, but to our students, staff and faculty that have children. The first two hours of the event will be geared toward the kids, with the evening hours reserved for the Husson students.

Air Ball is played on a giant 3 foot high air mattress completely surrounded by netting. The game is a unique combination of volleyball and racquetball, because the ball can be played off the ceiling and walls. Also each play creates movement of the air mattress causing everyone to become part of the game. Everyone is encourage to participate in this event. No athletic ability is required to play and all the games are just for fun.

Just one of the many events that will be at Walking on Air Fall Fantasia.

Velcro Olympics is played on a giant 35-foot Olympic assault course, two people wearing velcro suits complete against each other while constantly tearing themselves away from various obstacles that lie in their patch.

Four-in-one is air twister, air bounce, air joust and air boxing. An hilarious combination of competitions designed to test your skills. The sports arena replaces the old style speed pitch. This time using an inflatable unit and a radar gun. You can test your speed to find out how slow or fast you are. Try it using a baseball, football, or soccer ball.

Student Government would encourage anyone interested in participating in this event to contact either Karen Clough or Kent Quiet. There is still space available if your organization would like to set up a carnival booth. The Student Government hopes to make this into the best event of the fall semester.

Student Life

Husson College Observes Alcohol Awareness Week

For the past few weeks alcohol has been on the minds of many Husson students, but not for the reason you think. Husson's annual "Alcohol Awareness Week" was held October 16-19. The purpose of Alcohol Awareness Week was to inform students of the many choices they have in regard to using alcohol. For example, if you're going to drink, do not drive. This was graphically illustrated with the wrecked car that was placed at the entrance to campus. The week featured several different activities to show students that you can have fun without being under the influence of alcohol. These activities included a kick-off bar-b-que, a foul shooting contest, a scavenger hunt, a lunch break, a comedy night, and a lip sync contest.

Tiffan Ballou takes a shot during last week's Pool Tournament.

The kick-off ceremony and barbeque was on Monday, October 16. The barbeque was held on the patio in the Campus Center. While many students, staff, and faculty enjoyed the free lunch they heard short speeches encouraging students to get involved with the activities that Alcohol Awareness Week had to offer. These speakers included Julie Green, Student Activities Coordinator, John Rubino, Dean of Student Affairs and Kim Files, chairperson of the committee. Later that evening the Athletic department sponsored a foul shooting contest in Newman Gymnasium.

On Tuesday, October 17, the Student Government Office sponsored a scavenger hunt in the Campus Center that started at 7 p.m. There were many items on the list of things to find. Some of those items were: a frog, Canadian money, a receipt from the bookstore, and chopsticks.

On Wednesday, October 18 the Cultural Committee held a Lunch Break featuring a bluegrass band called Fresh Tracks. Tuesday evening was comedy night, sponsored by the Student Activities Office. Comedians George Ham and Bob Marley performed to a large crowd in the Campus Center.

Amy Dawalga performs as the crazy scientist in the Monster Mash during the Lip Sync.

The last day of Alcohol Awareness was Thursday, October 19. The Greek Governing Board sponsored a Lip Sync contest in the Student Center at 7 p.m. There were a great number of students who participated in the contest. A wide variety of songs from the movie Grease to TLC to everyone's favorite Halloween song The Monster Mash were performed. The Lip Sync contest was the most popular event during the week. There was a great turn-out and everyone enjoyed themselves, including the MC's and the judges.

This years Alcohol Awareness Week was a great way to show students that it is possible to have fun without drinking. The purpose of the week was not to shame or come down on those who wish to drink, but to open your mind to the choices you have before your start to drink.

Rape Awareness Week To Be Held November 6-10

The week of November 6-10 will be Rape Awareness Week. The week's events will be chaired by Linda Harris, the Director of Student Health Services. The week begins with a ribbon cutting ceremony in the Campus Center at noon. Following the ceremony will be a demonstration of Rape Aggression Defense with Bob Norman. Tuesday's Faith Forum, will focus on the topic of Rape-an Act of Violence. The meeting will be in the College Chapel at 12:30 p.m. The *Accused* will be playing Tuesday at 7 p.m. in the Arrowhead, followed by a discussion led by Janeen Teal. On Wednesday at noon the Cultural Committee will hold a Lunch Break Series featuring Maria Baeza, who will discuss ways of dealing with stress. There will be a march that will take place on Thursday beginning at 12:15 p.m. in the Campus Center and ending in the DDC. There will be a short presentation and lunch will be provided. The film *Someone You Know* will be shown in Kominsky at 1:30 p.m. on Friday. Afternoon, Janeen Teal will discuss the topic of acquaintance rape. There will be a banner contest held during the week. For more information you can contact Linda Harris in the Student Health Center in room 101 Carlisle, or call her at 941-7625

Job Fair At Sugarloaf/USA

If you are looking for a winter seasonal position, come to our Job Fair and be interviewed.

Saturday November 4th, from 10 a.m. to 2 p.m. at the Sugarloaf Base Lodge.

Open position lists, applications and benefit lists available.

Great working opportunity at Maine's #1 ski resort and great benefits, - where else can you work at one mountain and ski five others free?

Student Life

"I'm Glad He's Dead"

by Leonard Lamoreau

...is the sentiment shared by two of the sisters in "One O'clock from the House," the fall production from the Husson Players. Miriam (Lindsay Farris) is having a rough couple of days. Her father has just died (one of her only high points) and she has a letter from her father saying she gets all of the inheritance. She also has to deal with all of her sisters. Margaret (Teresa Bickford) is more money-hungry than Miriam and also glad her father is dead. Maureen (Angel Turgeon) is the only sister that seems to show any genuine emotion about the loss of her dad and really doesn't care about money even though she's constantly broke and pregnant. And Mavis (Lynn Scribner), well... Mavis hasn't been seen by either of the two money-hungry sisters for 15 years because she's been in psychiatric hospital. Mavis is brought unexpectedly to Miriam's home by good-hearted cousin Tudor (Richard Carlson) to stay for the funeral. Miriam has to put up with the corpse, Mavis, and Tudor's unexpected visits. But its all worth it for all the money coming to her as stated in the letter, right? What if Margaret and Maureen have a letter that says the exact same thing except about themselves? Add with that the finding of a true Will that says the sister who takes care of Mavis will get the inheritance and you've got an uproariously funny comedy! Come see the show on November 16 and 17 at 8 p.m. in Kominsky Auditorium and a special matinee on Saturday the 18th at One O'clock.

The New Lacrosse Team Off to a Great Start

This is the first year for Lacrosse at Husson, but already there is an immense turnout of 29 men that wish to participate. Richie Hachey, who began the lacroose program, is also going to be a player/coach for the team.

The teams season has not officially started but many people have showed their knowledge and skill of the game while practing outside the dorms. Preseason predictions would make Kurt Beiermeister, Reese Patterson, Joey Melanson, and Ed Sleeper player's to watch" for". They will be coming into the season with some previos experience with the game. Newcomer to the sport, Dave Small, will be manning the nets..

When asked what his biggest goal for the season will be Hachey replied, "To get people interested in the sport and to have a lot of fun." Hachey added "Lacrose is the fastest sport on two feet." Fans will not get bored watching.

Husson is in the process of jointly hosting with the UMO program a social fundraiser at the Oronokia in Orono. An exact date has not been planned but the band Petting Zoo has been booked.

Student Government News...

During Alcohol Awareness Week student government was responsible for the scavenger hunt in the Campus Center. The turnout was very good and cash prizes were awarded to the winners.

Student Government will be holding their next Resident/Commuter senate meeting on Wednesday, November 1 at noon in room 310. We will be voting on the budget. All those groups who rely on student government funds should be hearing from us as to the amount of money you will be receiving.

The social committee will be having free pizza available in the lobby of the dorms on Friday, November 3 at 9 p.m. This is a nice chance to grab a late night snack, while saving your pocket a few pennies. The free pizza goes fast so come early.

We would like to remind all of you that November 8, is the benefit supper for Arian Haghkerdar. As one of the sponsors of this event we encourage all of you to attend. Remember that the amount of money donated depends on the number of students who eat in the DDC that night. Students on a meal plan can eat for free, but the school will be donating the price of your meal to Project Arian on your behalf.

Student Government will be sponsoring the Walking on Air Fall Fantasia on Friday, November 10 in the gym from 4-10 p.m. This is a brand new event and we're sure everyone will really enjoy it.

The next bowling night is November 16 from 9-12 at Heritage Bowling Lanes. This will be the third bowling night of the year. All Students may attend, just remember to bring your student ID's.

Yesterday, the Student Government sponspored a Haunted House in the Gymnasium. We would like to thank all those who attended the Haunted House as well as those who helped with the enormous amount of work it took to put this whole thing together. A special thank you goes out to Ed Sleeper who again this year coordinated the event.

If you have any ideas for events that you would like to see on campus let a senator or member of the executive board know. Student Government is here to serve the student body. If their is a certain issue you would like to have addressed, let us be your voice to the administration.

The Chaplains Corner

by Rev. Robert T. Carlson

That seems to be an appropriate name for an article from your Chaplain, in as much as the new Chapel occupies a special place in the corner of the Campus Center. Many have commented on the silent, yet powerful, visual message the Chapel provides for the Husson community. It is a message of warmth and caring from the lighted stained glass windows and peace from the subdued Chapel space. The Chapel, hopefully, emits a quiet greeting to enter for reflection and meditation.

I would like to use this, "The Chaplain's Corner" to connect with the Husson community in each issue of the Spectator about matters spiritual. Now don't go to sleep on me! Often when people hear clergy waxing eloquent about matters "spiritual" they are quite frankly "bored to the brink of death." In those cases it is most often the clergy who conclude that their ponderings are "eloquent". I remember asking my wife one Saturday evening after delivering my Sunday sermon to her for practice, "How many great preachers do you think there are today?" She responded, "One less than you think there is!" My point is that I will neither pretend nor purport to be eloquent. However, I will promise to be brief and candid with my reflections about our life together. In each edition I will attempt to address an issue that impacts our spirituality (individually and/or collectively).

Let me begin this first article by taking on the myth of "rugged individualism" or "do your own thing" as the frame of reference for living a successful and fulfilling life. I categorize this perspective as a "myth" because we delude ourselves if we think and operate from the premise that we can do what we want, when we want and how we want without considering: (1)its impact on other's and (2)the isolation we create within ourselves.

The problems inherent in such a stance are enormously powerful and potentially devastating. Such a posture creates isolation, arrogance and abuse. In American history we have countless examples of the rugged individual who sets out to achieve and does because of sheer will. We have made idols of such persons or given them hero status.

However, I would like to suggest that upon closer examination, the truly creative and dynamic contributors to life are those who identify their connection with a community. More importantly, they are those who are able to articulate their responsibility to and within that community.

As a member of the Husson community each of us has a responsibility to one another and the larger community. A person's individuality is not diminished in community but rather enhanced. "Doing your thing" with the recognition that it is a part of the whole embraces and strengthens others as they do their thing. Religious traditions affirm the spiritual importance of being a part(ner) in the community. This recognizes the importance of the individual (a part) and the responsibility for action with and toward others (a partner) in the enterprise of being human.

Greek Life

Delta Sigma Delta Looking Forward to Parents Weekend

Hello everyone! We hope everyone has survived the first half of the semester! We wish everyone good luck with the remainder of it! The sisters have been quite busy with social services. We participated in the 24 hour relay sponsored by Mu Sigma Chi. We sponsored a food drive which turned out to be quite a success. We are now looking forward to Parents Weekend on November 4. That should be a fun time.

We'd like to congratulate our brothers of Mu Sigma Chi on a fantastic and successful relay. We had a blast and look forward to next year's.

Finally, we'd like to thank the girls who came to our Information Night. We had a good turnout. To all those who couldn't attend, you are more than welcome to stop up on 5th level Carlisle. Our doors are always open.

The Sisters of
Delta Sigma Delta

Attention all Greek Organizations. Articles for the next Spectator are due no later than Tuesday, November 7, 1995. The next issue will be coming out on November 14, 1995.

Tau Kappa Epsilon Helps out Brothers at UMaine

The month of October has been a hectic one for the brothers of TKE. The weekend of October 13, 14, and 15 was retreat. It is a time for the brothers to get away from campus life. We traveled all the way to Danforth, ME, which is located near Canada, for this past retreat. Also, the weekend before Halloween we will be helping out Beta Upsilon chapter at the University of Maine at Orono with there annual Haunted House. Anyone who wants to come to the Haunted House, it will be Sunday, October 29, from 6:00 p.m. to around 10:00 p.m.

Monday Night Football was a lot of fun. We had buffalo wings and sandwiches for the Patriots win over Buffalo. The next game will be sometime in November. We will be serving chili and cornbread for that night.

In closing, we would like to invite anyone who wants to play football with us during the week sometime. TKE plans on playing a little tackle football in front of Carlisle and Hart. If we get enough people to play we will go down to where everyone is supposed to play intramural football. The field hasn't been used for intramurals so why don't we use it.

Again, to find out more about TKE, feel free to come up to the floor anytime!!

The Brothers of
Tau Kappa Epsilon

Kappa Lambda Holding 50/50 Raffle

Hello Everyone!!

Well our candy is here and the selling has begun! We have an assortment, inclduing Reeses Peanut Butter Cups, Kit Kat's, Krackel, Hershey's with almond, Skittles @ $1 each with a $1 coupon off Subway and we also have plain and peanut M&M's for 50 cents. We will be selling them around the dorms and in the Wigwam Monday's 10 a.m.-1 p.m. or see any Kappa Sister.

On Saturday the 28th we will be participating in Brewer Rec's Annual Halloween Party and we are having a 50/50 raffle which will be drawn on November 2.

Have a safe and Happy Halloween!

The Sisters of
Kappa Lambda

Mu Sigma Chi Raises $1500 for Children's Dream Factory

The Brothers of Mu Sigma Chi would like to thank everyone who took part in our First annual 24-hour relay. We would also like to thank the D.D.C. for donating coffee and koolaid. We would also like to thank security for letting everyone walk inside when the weather turned to a heavy downpour. We as a group raised around $1500 for the Children's Dream Factory of Maine. Everyone that took part in this relay should feel good. In other news, this weekend we helped an Alumni brother chop and pile wood out in Newport. We all had fun doing this because it is great helping out our brothers and we learn a lot about our past. We have been doing work to fix up our floor and it is looking better all the time. If you want to see the improvement, come up and take a look, we always welcome visitors. Finally, we would like to thank everyone again for helping with our relay.

The Brothers of
Mu Sigma Chi

All Husson students who are interested in pledging a Greek Organization must meet the following guidelines. You must have accumulated 12 credit hours at Husson College and must have a cumulative GPA of 2.0. For all interested transfer students, you must have at least 12 credits transfered into Husson with a minimum GPA of 2.0. NESB students follow a different set of guidelines.

Kappa Delta Phi to Attend Annual Meeting at NH College

The Brothers of Kappa Delta Phi would like to once again thank our Alumni Association for their generous donation of a T.V. and VCR for our lounge. We have been taking full advantage of the recent addition of cable in the dorms. Everyone is invited to come down for one of our many movie nights that are planned for the remainder of the semester.

We are currently looking forward to our annual Presidents and Treasurers Meeting (PT) that will be held on November 10-12. The meeting will be held in Manchester, NH with all the active Kappa Delta Phi chapters invited. This annual PT meeting is an excellent opportunity for Brothers to meet with other brothers from across New England.

Currently we are working to aid the Charity Basketball Game in whatever way they need. The game will be played between the Husson College Braves Womens Basketball Team and the Bangor Police Department. It will be held Sunday, November 5 at 7:00 p.m. in the Newman Gymnasium. Admission to the game will be $4 for adults and $2 for students. The game will be very special to the womens basketball program as it will dedicated to the memory of Coach Edward Gott, as well as having the proceeds donated equally to Project Arian and The American Cancer Society.

Kappa Delta Phi's annual blotter will also be distributed within the next couple of weeks. On the blotter are the lists of several local businesses as well as some money saving coupons. A reminder to the student body, the sisters of Kappa Lambda are still selling candy, if you are interested see any sister.

The Brothers of
Kappa Delta Phi

The Brothers of Kappa Delta Phi: Matt Roy, Pete Luciano, Andy Rhoades, Advisor Karl McGaw, Roger Moreau, Josh Scroggins, Toshi, Jason Brewer, Fred Murphy, Chris Sargent, Glen Picard and Mike Bilodeau

Student Life

Your Connection to the Stars....

by Jen Bladen

Aquarius (January 20 - February 18) - You are very tolerant of others, even if that means helping someone who you don't get along with. Your sensitivity of others leaves you with many friends. Be sure that you don't let this over power you. You are not very cautious about who you choose to be friends with. This could lead to people taking advantage of you.

Pisces (February 19 - March 20) - You are a listener. Others can often and easily unload their problems on you. You have the personality that many of us wish we had. You are always willing to give without being prejudice. The problem with this is that you often take on too much and forget about your own personal wants and needs. When was the last time you asked for help on a project or a task that was too big for you to handle? Maybe it's time to do so.

Aries (March 21 - April 20) - People born under this sign are usually strong and enthusiastic. You are not easily discouraged by temporary set-backs. You like to get things done so that there is plenty of time for fun. One of the drawbacks to this is that you tend to not be tactful in communicating with others. The next time you have a lot of stress, take time to sit down and relax. A lot more can get accomplished this way.

Taurus (April 21 - May 20) - If you are born under the sign of a bull you tend to have what it takes to get things done. A Taurus person usually will stick to something until it is complete. By having this positive characteristic, it can lead you to promising careers in business. You do, however, have a downside to your sign. At times you are overly stubborn. When you are correct with an answer you will stand your ground. The result of this is that you don't work well as a team member.

Gemini (May 21 - June 20) - The sign of Gemini is a twin. You enjoy finding and making very close intimate friends. When you find these close personal friends you have many things in common and enjoy doing many things with these people. You let your mind make more decisions than your emotions. You have a talent to cover your tracks. When at a social gathering, talking about a subject you are not knowledgeable in, you are able to speak well enough to impress the people around you.

Cancer (June 21 - July 20) - A person born under this sign is usually a loving and very sympathetic person. You never go out of your way to hurt the feelings of another person. You almost never fool around about how you feel. You mean what you say in times of pressure. A negative side to your sign can be that it may be hard for you to face life. You don't always finish what you have started which makes you seem irresponsible to those around you.

Leo (July 21 - August 21) - Leo's make good leaders. You seem to be very organized and make great administrators. You have a big heart and tend to be generous with your love. This can be a positive characteristic when it comes to having a job that involves team work, but the negative aspect to having a big heart is trusting too many people, and falling in love many times. Having a strong personality gives you the ability to bounce back quickly.

Virgo (August 22 - September 22) - If you are born under the sign of Virgo you are generally a very busy person. You like to be the person behind the scenes organizing and arranging things. You are very practical and not afraid of hard work. A negative side to your sign is that you can be too critical. At times you think your way is the only way. You have a tendency to keep your feelings all bottled up inside.

Libra (September 23 - October 22) - Libra tends to be very "in tune" with reality. You know the difference between right and wrong. Your own personal ethics are on the top of your list. You aren't afraid to be different when it comes to choosing to go with the flow or choosing the right thing. You do tend to be a little eager when it comes to developing harmony in a relationship. You also like to live in a fantasy world which may cause you to make believe in your relationships. Be careful doing this, it could cost you your relationship.

Scorpio (October 23 - November 22) - A Scorpio generally knows what they want out of life. You tend to be a determined person who isn't afraid to go get what you want. You don't like to tell people or commit to something you can't finish. Your word is very important to you and falling back on it is a terrible crime. Scorpions sometimes come on too strong and appear very arrogant to people who don't know him/her. You seem to be a very vengeful person when someone wrongs you.

Sagittarius (November 23 - December 20) - A Sagittarius' outlook on life is open. You are not a person who judges a book by it's cover. People who work or attend classes with you often admire you because of your honesty and great sense of humor. You love to take risks, but seldom learn from the mistakes you've made. You are an outspoken person, but at times put your foot in your mouth because of your openness. You may even hurt people without realizing it. Sometimes it's best to say nothing.

Capricorn (December 21 - January 19) - A Capricorn is a person who is patient, honest and hard working. You're not afraid to look a problem in the eye. You tend to be successful in business and finance. You like to save your money for special occasions. However, when that special occasion comes you may go overboard in your spending. Capricorn's tend to be greedy. You can have everything in the world but still want more. At times you think you know what's best for the people around you. Thus, you have few close friends.

Letters to Lynn

For answers to everyday problems, write to Letters to Lynn. Your letters and Lynn's solutions to the problems will be printed in the next issue.

Jeff Emro Elected New Commuter President

The first Commuter meeting was held October 20, at noon in room 322. New commuter President Jeff Emro conducted the meeting. There were approximately 30 commuters who attended the meeting. Many issues were brought to the attention of President Emro. Students expressed concerns about the parking problem, the need for more lighting on campus, and other issues of concern to commuter students. In order for us to better understand the needs of commuter students, we hope that more commuters will take the time to attend these meetings.

The next meeting will be held on November 8 at noon in room 322. Bag lunch and soda will be provided. If you can't attend the meetings, but would like your feelings known, stop by the Student Government Office adjacent to the campus center and let us know how you feel.

Remember, as commuters sometimes we get caught up with our daily lives and don't take the time to be aware of the services that are available to us on the campus. There are many opportunities to become involved with service groups, or social groups. There are many activities that are designed to be accessible to the commuter population, such as the Cultural Committee Lunch Break Series, and the movie series. Don't forget about the gym and the excellent facilities available there. There is an aerobics class, a self-defense class, a pool, weight room and many other facilities available for use by all students.

Ski and Snowboard Teaching Positions Available

We're on line, in depth, and planning for the 21st Century! With new Boundary to Boundary skiing and boarding, the opening of the Peak Performance Center, and as always, a firm commitment to service, this is the time to be part of the Sugarloaf team.

Join us November 10-12 for our Instructors Academy.

Certification preferred, but we will entertain all serious inquiries.

Husson Sports

Men's Basketball Team Looking to Make it a Three-peat

The Husson College Braves begin the 95-96 season as the two-time defending Maine Athletic Conference Champions. Over the past year the mens basketball program has undergone some serious changes. The losses of Xavier Joyner, Obadiah Johnson, and Jimmy Watkins to graduation was one major change. Also the Braves will be led by new head coach Warren Caruso. Caruso, who last year served as interim head coach, has taken over the program for the now retired Bruce MacGregor.

Although this will be only Caruso's 2nd year as a head coach, Caruso does have 12 years experience with the Husson Mens Program. Caruso has been able to learn from the ten years of working with the 1994 NAIA Administator of the Year, Bruce MacGregor. Caruso and MacGregor have made Husson College one of the most successful NAIA programs in the country. The Braves have compiled a record of 179-54 and have made five trips to the national tournament over the last seven years.

Leading the way for this year's Braves are returning starter Bryan Jefferson, an Honorable Mention All-American, and Second Team All-Conference member last season. Bryan needs just 29 assists to break Scott Nance's all time assists mark at Husson.

Another returning starter is last year's second leading scorer Rick Sinclair. Rick was also a Second Team All-Conference member last season. Other returnees from 1994-95 Conference Champs are senior center Fran McAneany and junior forward Brian Alley. Along with being key contributors to last year's title and this year's captains, Fran and Brian will provide key leadership. Also returning is Tony Tobin for his junior season. Tony is last season's leader in three point shooting and free throw percentage and should fill the role of scorer perfectly. Rounding out the returnees are Jeremy Durost and Larry Locke both looking for increased roles this season.

Joining the veterans from last year's team will be one of the top recruiting classes in recent history. Leading the way for the recruits will be Chris Funk of Caribou. The 6'5" Funk comes to Husson as a two-time selection to the first team all-state team and should make an immediate impact on the program with his ability to score, rebound, and pass. Also starting their first season at Husson will be 6'7" center Michael Dyt from Victoria, Australia. "Mick" will bring quickness to the center position and will cause match-up problems for other teams. Mike McCaffrey will be another freshman that will be asked to contribute. Mike, who brings a great jump shot and unlimited range to the team, Sean Foye a 6'4" guard from Marshwood High School and Brad Durost a 6'1" guard will add depth to the back court, and Jeff Grubke a 6'9" center will add size up front.

Also joining the Husson team is one transfer. Chris Cameron came to Husson from Dean Junior College in Massachusetts. Chris is a 5'10" point guard who was a two-sport star in high school at Orono and lead his Junior College conference in assists, last season.

The Braves are optimistic about this season as they try to "Three-Peat" as Conference Champs.

Charity Basketball Game to Benefit American Cancer Society and Project Arian

by Steph Freeman

The Husson Women's Basketball Team is planning a charity basketball game against the Bangor Police Department on Sunday November 5 in the Newman Gymnasium. The game will be to benefit both the American Cancer Society and Project Arian. This game is also dedicated to the Memory of Coach Edward Gott who passed away last year. Both teams have been preparing anxiously for the game. The teams would appreciate a lot of support and hope to have a big turnout. Tickets for the game are $4 for adults and $2 for students, so bring your whole family and support a good cause.

Volleyball Team Finishes Second in Tournament

by Steph Freeman

The Husson Women's Volleyball team finished second in a tournament at UMaine Machias last Saturday. The women have improved immensely throughout the season. In the first match Husson played Unity College. They played tough but the Braves lost in 2 games. The second match was against competitive UMaine Machias. The Braves also lost in two games but with scores of 15-10 and 15-8. This was the most any of the teams had scored against UMM all day. The tournament continued and in the third match of the day Husson played Thomas. The Braves worked together and beat Thomas in two games. At the end of the day the scores were tallied and Husson won the opportunity to play UMM for a chance to place first in the tournament. The women played hard but UMM was too strong and beat the Braves. When asked what he thought of the team's performance Coach Bob Ackley replied, "Today we played the best we've played all season and at the end we came together as a team and earned 2nd place in the tournament."

Unfortunately the volleyball season is over but the women feel that they learned the skills of the game and improved a lot from the beginning of season. Next year the women hope to improve even more and continue to be more competitive.

Women's Soccer Finishes Successful Season

The Husson Women's Soccer team finished the season strong with a win over Thomas College on Tuesday. Throughout the season the Braves have worked on tough defense and strong ball handling skills. In Tuesday's game the women utilized all the skills they have practiced. In the first half Husson was strong but the Thomas defense held the team to no goals. The half ended in a scoreless tie. The Braves came out in the second half with more intensity. They concentrated more on controlling and passing the ball and taking good shots on goal. Husson continued to pressure the Thomas defense and with 24 minutes into the second half Angie Vaillancourt scored an unassisted goal for the Braves. For the remaining sixteen minutes Husson defense was strong and didn't give Thomas another chance to score a goal. Husson's winning Goalie Sherri Sanna had six saves for the game. This win improved the teams record to 6-9-1, an improvement from last year's 2-12. Even though their record is an immense improvement the Braves did not make it to the playoffs. The team feels this was a very successful year and hope that next year will be even better.

The Husson Women's Soccer team looks forward to a strong and successful year next season. The Braves will be returning ten players to their line up and are planning to work even harder to improve their play.

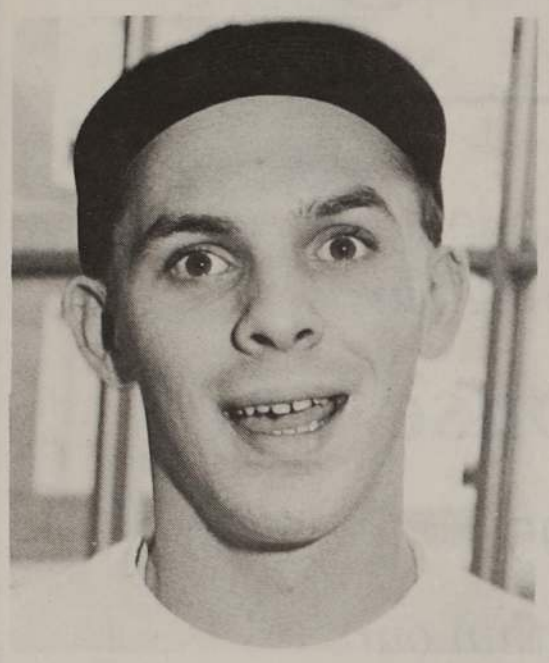

Golf Team Finishes a Successful 1995 Fall Season

The Husson Golf Team started slowly this year, but finished strong with a 17 and 2 record for the last three tournaments. October 16 was the final day of the Fall Golf Season for the Husson Braves. The team concluded the season with an outstanding win at the University of Southern Maine Tournament. Coach MacGregor was pleased with the strong finish they exhibited. He was very pleased with the team's over all record of 34 wins and 19 losses. Coach attributed the team's success to their increased competitive spirit over the season.

Key members of the team were Captain Jay Durfee, Most Valuable Player Sean Goggins, Most Improved Player MacLean Poulin, Coach's Award Winner Mark Sheldon, Joel Scott, John Novak, Chad Pellitier, Rick Sinclair, and Todd Brown.

The team concluded their fall schedule with a team scramble tournament at Hermon Meadows Golf Club and a cookout at the home of Coach MacGregor. They will stay busy this winter with conditioning, indoor golf play and fundraising. The team looks forward to a spring trip to Naples, Florida and the Regional Golf Tournament in New York next April.

Husson Opinions

Tim Crowe

"A pigmie-shrew because I eat 15 times my weight."

Emily Viotty

"A Rotweilor, because if you rub me the wrong way I will attack (Silent but deadly)."

Ryan Cyr

"An antilope because I run like one, out of control."

Cara Mercer

"A cat, because I'm sneaky, quiet and you never know when I'm going to pounce."

POLL QUESTION:

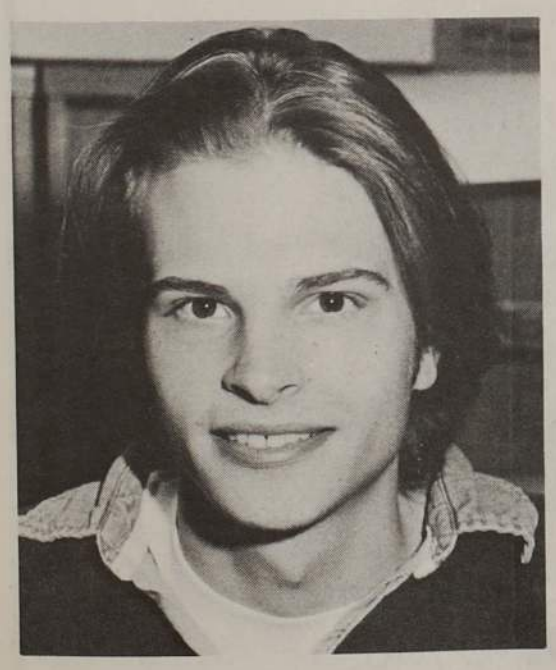

What animal best represents you and why?

by Brandy Allen

Stephanie Osborne

"A tiger, because I'm a wild cat."

Chris Cilwa

"A Phish, because I drink like one."

Jen Moore

"A shark because I have no fear, and I will eat you if I have to."

Susan Schwam

"A lion, 'I am woman hear me roar'."
