HUSSON FOOTBALL COACHES 2010

Niles Nelson *8th Season*

Head Football Coach

Offensive Coordinator

Email: nelsonn@husson.edu

Phone: 207-941-7025

Head Coach Niles Nelson joined the staff at Husson as the Defensive Coordinator in 2002. He was named Head Coach and Offensive Coordinator in July 2009.

Coach Nelson was born and raised in Winchester, MA. He attended the University of Maine at Orono (UMO) and studied Chemical Engineering for two and a half years, but then changed his major to education so that he would be able to pursue a career in coaching. While at UMaine, he played all four years under Harold Westerman. He was elected captain his senior year and also won several other academic and football awards, including being chosen All-Maine and All-Yankee Conference. Although he was never the biggest player on the field, he never lacked enthusiasm and played with great athletic instinct and attitude.

Coach Nelson earned a PhD from Florida State University and served as a Graduate Assistant. After leaving Florida State, he taught at Austin Peay and Charlotte Meeklenburg School.

Coach Nelson has a diverse and successful coaching background. He began his coaching career, after graduating from UMaine, as an assistant at his old high school in Winchester, MA. His first head coaching job was in Millis, MA, where he took a team that was 1-8 to 18-1 over his last two years at the school, and won a state championship.

Coach Nelson took over the football program at Orono High School in 1974. He had three straight undefeated seasons and won state championships in each of those years. After Orono High School, he accepted a position at the University of Rhode Island (URI) and served as the Offensive Coordinator. Over the three years at URI, the Rams won two Yankee Conference Titles, and advanced to the 1-AA National Semi-Finals. Coach Nelson also spent three years at Nichols College in Dudly, MA, serving one year as Offensive Coordinator and two years as Defensive Coordinator.

Coach Nelson retired in 2000 and moved to South Carolina. He still had a love for football so he accepted a part-time position at The Citadel in Charleston, SC, for one year and then went to Methodist College in Fayetteville, NC, as a full-time Offensive Line Coach before starting at Husson.

Coach Nelson also teaches in the School of Education along with his coaching duties.

Coach Nelson and his wife, Ronnie, who met while attending UMaine, have four children, Lorilyn, Randy, Kelly, and Kyle. They currently reside in Bangor, ME.

The President

As a Division III institution, Husson's programs represent the best in collegiate athletics – teamwork, competitive spirit, integrity, discipline and fun! The importance of the integration of athletics and academics in our students' lives is evident in our approach to athletics. For all of us at Husson, developing that true competitive experience while delivering a top quality academic experience is critical to creating an integrated student experience.

Husson University student athletes rise to the occasion in the classroom and on the playing fields. They welcome the challenges of a rigorous academic curriculum and a competitive schedule with their team. We are proud of their efforts and the efforts of their coaches and the athletics staff. We are confident that the 2010-2011 season will bring more victories and more pride to our University.

Bob Clark
President

HUSSON
UNIVERSITY

The Provost

The academic programs at Husson University are designed to prepare students for fulfilling professional careers. Each major has been carefully designed to include a strong foundation of general education coursework combined with professional courses that connect theory to practice. Husson prioritizes quality classroom instruction and personal student attention from professors and advisors. The fact that several Husson coaches teach courses in our professional programs also demonstrates the integration and balance between academics and athletics all students can experience at Husson University. We are proud of our expanded academic services and our new career center which provide students with the critical support needed to excel academically and explore professional opportunities.

At Husson, our students are encouraged to engage in all aspects of the college experience. We believe our athletic teams provide all students with valuable lessons related to leadership, teamwork, organization and self-discipline. These opportunities serve to enliven student participation in the Husson community and classroom.

HUSSON ATHLETIC DIRECTOR

Photo by Bangor Daily News

The Athletic Director

As we embark on a new academic and athletic year, there could not be a more exciting time for Husson University. I have been here for just four months, and two as Director of Athletics, but have found a very warm and engaging campus and academic environment, outstanding coaches, and highly competitive teams. Our goal for the athletic department is to take all of that to the next level and for our student-athletes to be better students and more competitive on the playing field. We are determined as a group to establish a standard both academically and athletically to which Husson, our alumni, and the greater Bangor community can continue to be proud.

I am honored to begin my first year as Husson's Director of Athletics and look forward to working with a talented and motivated staff, and a wonderful group of student-athletes. I speak for the entire athletic department when I say that we are excited and determined to achieve our goals.

Bob Reasso
Director of Athletics

Reasso joined Husson on May 1. Prior to Husson, he served as the Head Men's Soccer Coach at Rutgers University, achieving 13 NCAA Tournament appearances, three Final Four Tournaments, and six conference titles, with a 351-183-71 record. He was ranked 8th among active Division I soccer coaches in total wins and in 1990 was named National Coach of the Year. Reasso coached 19 All-Americans and had over 50 players go on to play professionally in Europe and in the United States. Early in his career, Reasso was also the Executive Director of the Touchdown Club, Assistant Director of the Scarlet R Club, and Assistant Director of Marketing and Promotions. Also, he coached the New Jersey Special Olympics Soccer Team in two world games.
